Achievements and Performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	The organisations main achievements this year have been: - All club members wheelchair rugby national governing body memberships paid for by the charity - Entered two teams into national league competition and covered hotel expenses for all players - Entered a team into a European tournament taking place June 2025 (Amsterdam) and covered flight and hotel expenses for the players - Purchased a bespoke rugby wheelchair for one player The above points have all contributed to the charities objectives and have allowed beneficiaries to take part in the sport of wheelchair rugby with decreased financial difficulty. Throughout the year the charity has accommodated two training session per week. The charity has taken part in two competitions operated by the national governing body of wheelchair rugby, allowing all beneficiaries the opportunity to compete in the sport that they practice. During the financial year, the charity also supported its members to participate in an international disability sports tournament held in the Netherlands. This activity directly aligns with our charitable objectives of promoting inclusion and participation in sport for people with disabilities. The expenditure covered tournament entry fees, accommodation, and travel costs for players and support staff. These costs were necessary to enable our members to compete at an appropriate level and further the charity's aims of improving physical and mental well-being through sport. Fundraising has been good this year, particularly improved by a large investment into the wheelchair rugby from the Mark Benevolent Fund whereby £50,000 has been awarded to each wheelchair rugby club pending an application. The beneficiaries of the club have maintained a healthy lifestyle due to their continued involvement with the sport and the charities work throughout the year.
