### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2024

#### 1. ACCOUNTING POLICIES

##### **Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

##### **Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably. The following specific policies are applied to particular categories of income:

Donations, including those raised through volunteer fundraising, are recognised when income has been received.

Student Contributions, relating to income received from students attending classes throughout the year, recognised when the class took place.

Event Tickets, organised with the venue to receive a share of the profits and recognise when the event took place.

##### **Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

##### **Taxation**

The charity is exempt from tax on its charitable activities.

##### **Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

##### **Financial Instruments**

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

##### **Debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

##### **Cash at bank and in hand**

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

##### **Creditors and provisions**

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

NOTES TO THE FINANCIAL STATEMENTS - continued  
FOR THE YEAR ENDED 30 SEPTEMBER 2024

1. ACCOUNTING POLICIES - continued

**Basic Financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

**Basic financial liabilities**

Basic financial liabilities, including creditors, and bank loans are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

**Preparation of the accounts on a going concern basis**

The company meets its day-to-day working capital requirements through its bank facilities. The current economic conditions continue to create uncertainty over the availability of bank finance for the foreseeable future. The company's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the company should be able to operate within the level of its current facilities. After making enquiries, the trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its financial statements.

2. TRUSTEES' REMUNERATION AND BENEFITS

There were no trustees' remuneration or other benefits for the year ended 30 September 2024 nor for the year ended 30 September 2023.

**Trustees' expenses**

There were no trustees' expenses paid for the year ended 30 September 2024 nor for the year ended 30 September 2023.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2024

#### 1. ACCOUNTING POLICIES

##### **Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

##### **Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably. The following specific policies are applied to particular categories of income:

Donations, including those raised through volunteer fundraising, are recognised when income has been received.

Student Contributions, relating to income received from students attending classes throughout the year, recognised when the class took place.

Event Tickets, organised with the venue to receive a share of the profits and recognise when the event took place.

##### **Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

##### **Taxation**

The charity is exempt from tax on its charitable activities.

##### **Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

##### **Financial Instruments**

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

##### **Debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

##### **Cash at bank and in hand**

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

##### **Creditors and provisions**

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

WEST GLAMORGAN YOUTH THEATRE COMPANY CIO

NOTES TO THE FINANCIAL STATEMENTS - continued  
FOR THE YEAR ENDED 30 SEPTEMBER 2024

1. ACCOUNTING POLICIES - continued

**Basic Financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

**Basic financial liabilities**

Basic financial liabilities, including creditors, and bank loans are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

**Preparation of the accounts on a going concern basis**

The company meets its day-to-day working capital requirements through its bank facilities. The current economic conditions continue to create uncertainty over the availability of bank finance for the foreseeable future. The company's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the company should be able to operate within the level of its current facilities. After making enquiries, the trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its financial statements.

2. TRUSTEES' REMUNERATION AND BENEFITS

There were no trustees' remuneration or other benefits for the year ended 30 September 2024 nor for the year ended 30 September 2023.

**Trustees' expenses**

There were no trustees' expenses paid for the year ended 30 September 2024 nor for the year ended 30 September 2023.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2023

1. ACCOUNTING POLICIES

**Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

**Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably. The following specific policies are applied to particular categories of income:

Donations, including those raised through volunteer fundraising, are recognised when income has been received.

Student Contributions, relating to income received from students attending classes throughout the year, recognised when the class took place.

Event Tickets, organised with the venue to receive a share of the profits and recognise when the event took place.

**Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

**Taxation**

The charity is exempt from tax on its charitable activities.

**Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

**Financial Instruments**

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

**Debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**Cash at bank and in hand**

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

**Creditors and provisions**

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

NOTES TO THE FINANCIAL STATEMENTS - continued  
FOR THE YEAR ENDED 30 SEPTEMBER 2023

1. ACCOUNTING POLICIES - continued

**Basic Financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

**Basic financial liabilities**

Basic financial liabilities, including creditors, and bank loans are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

### REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30 SEPTEMBER 2022

The trustees present their report with the financial statements of the charity for the year ended 30 September 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

#### **OBJECTIVES AND ACTIVITIES**

##### **Objectives and aims**

The objects of the CIO are to provide activities for the public benefit and in particular (without limitation) to provide quality training for young people in all areas of performing arts, and to offer a wide range of performance opportunities to its members in south Wales.

##### **Significant activities**

West Glamorgan Youth Theatre Company (wgytc) operates a programme of youth arts activity across the academic year. The activity broadly exists under 4 headings

- Residential Courses
- Weekly OUTREACH classes
- Masterclasses
- Audition Workshops

The trustees are pleased to present their annual report for the year ending 30 September 2022 which has been prepared in regard to the guidance issues by the Charities Commission on public benefit.

#### **ACHIEVEMENT AND PERFORMANCE**

##### **Charitable activities**

Since 1975 wgytc has staged a wide range of productions, in a range of styles and periods of theatrical work. The Company has complemented established works with a wide range of devised pieces, specially commissioned works and writing in the medium of Welsh. The following list of productions, covering the period 1 October 2021 - 30 September 2022 serves as an insight into the changing and developing diet of work undertaken by the Company:

In February 2022 a series of master classes were delivered from the Swansea Grand Theatre. The sessions were delivered by leading choreographers, directors and performers and were designed to help students explore the many facets of performing and production arts.

In April 2022 we launched the Easter course, a collaboration between wgytc, CYDC and Frantic Assembly.

On 13 August 2022 wgytc hosted summer charity concert at the Swansea Grand Theatre in partnership with Ukrainian refugee supporters and members of the community who have settled in the Swansea area. The evening was hosted by Stefan Rhodri.

In July 2022 wgytc launched the summer residential course, culminating in a production on The Glove Thief at Venue No.1 in Swansea. Feedback from the participants of the summer course was very good.

An OUTREACH programme began ran throughout the summer holidays in at Venue No.1, with the piece featuring in the Charity concert referenced above.

#### **FINANCIAL REVIEW**

##### **Financial position**

The organisation made an operational loss of just over £10,800 (2021: £7,900 loss). This was covered by a large donation received in the previous year. A decision was taken by the board to enable young people back into the arts after the pandemic through offering free courses. We ended the financial year with just over £27,400 (2021: £38,400) in the bank.

##### **Principal funding sources**

Principal sources of funds are from the following

- Donations
- Alumni Support
- Student Fees
- Ticket Sales

##### **Reserves policy**

There are currently £3,344 reserves held. However, we always ensure a minimum of £2k is held in the bank account for budgeted projects. There are no uncertainties or concerns about the charity going forward.
