

THE STOCKWELL/CLIFFE CHARITABLE TRUST

REPORT AND UNAUDITED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

Charity no: 1195153

The Stockwell/Cliffe Charitable Trust

Report of the Trustees For the year ended 31 December 2024

The trustees present their report and unaudited accounts for the year ended 31 December 2024. The accounts have been prepared in accordance with the accounting policies set out in the notes to the accounts and comply with the charity's governing document, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) effective January 2019.

Objectives and activities

The objects of the charity, as set out in the Trust Deed, include but are not limited to provide funding to charities for:

- The advancement of education.
- The relief of sickness and the advancement of health.
- The relief of those in need by reason of youth, age, ill health, disability, financial hardship, or other disadvantages.

The trustees meet these objectives through grant giving with priority given to those causes that are geographically close to the Charity's base in Buckinghamshire.

Causes may apply via the Charity's website www.stockwellcliffetrust.org.uk for grants of up to £5,000. The Charity does not usually accept requests for grants from the same organisation more than once every two years.

We support a few carefully selected local, regional, and national disability, education, and healthcare charities. We have been keen to establish some local partnerships with charities that fulfil our criteria. We are particularly looking to support smaller charities which have a high pence-in-the-pound ratio and so do not spend a lot of money on administration.

We like charities which promote health and wellbeing through advice and practical help. We particularly like charities which support people and carers with terminal and chronic health conditions.

Grants are made to charitable organisations and when awarding grants, the trustees give due regard to the Charity Commission guidance on public benefit.

Achievements and performance

Grants of between £1,000 and £5,000 were awarded to 68 charities. Total grants paid were £120,000.

A list of recipients can be seen on the website.

Financial Review

The financial position of the charity is set out on pages 4 and 5.

The charity's principal funding sources are income from donations and a managed investment portfolio.

The policy of the trustees is to hold £5,000 in cash reserves which they consider to be sufficient to meet any unforeseen events. The balance of net income is distributed by way of grants.

1 Statement of Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention, modified by the revaluation of investments, and in accordance with the Charities Act 2011 and the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

The charity constitutes a public benefit entity as defined by FRS102

Going Concern

The Trustees have reviewed the income and expenditure requirements for the charity and are satisfied that the funds and cash reserves are adequate to meet ongoing expenses for at least 12 months from the approval of these financial statements and therefore the Trustees believe that it is appropriate to prepare the financial statements on a going concern basis.

Income

Income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Investment income comprises of dividends and other distributions from investment portfolios and is recognised once notification has been received from investment managers.

Grants awarded are accounted for on receipt or when grant conditions have been met, whichever is earlier.

Donations are accounted for when the trustees can attribute a value to the donation and have reason to believe that the amounts are receivable.

Expenditure

Grants payable are recognised once approved for payment by the Trustees.

Other expenditure is recognised when a liability is incurred. Irrecoverable VAT is charged against the expenditure heading for which it was incurred

Investments

Investments are initially recognised at cost and subsequently carried at mid-market valuation. Realised and unrealised gains and losses are credited or debited to the Statement of Financial Activities in the year in which they arise. Portfolio cash held for reinvestment is included in the value of investments.

Funds

Unrestricted funds are available to the trustees to apply at their discretion within the stated objects of the charity.
