Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objectives of the Club are the promotion of community participation in healthy recreation for the benefit of the inhabitants of Bristol and South Gloucestershire, by the provision and maintenance of facilities and coaching for playing tennis for players of all ages and abilities.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The club provides a fully inclusive, affordable, tennis programme to the local community, regardless of age, gender, physical ability or personal circumstances. The Club has a responsibility to maintain the 4 outdoor all weather courts with floodlights. The Club has a management committee of volunteers, but professional coaches are sourced to provide an extensive coaching programme. The Club is affiliated to the LTA and by so doing maintains an audited standard of governance and compliance with safeguarding and welfare policies. The Club has tried to extend the playing opportunities to all ages and abilities, keeping charges affordable, with reduced prices for groups, and offering discounts to families, & over 50's. The local brain injured residents are offered a completely free course during the summer months. There is a trial membership offer to enable anyone to try before committing, and a Pay & Play system is available. The club supports the local university student tennis players by discounting the courts at certain times. There are holiday camps for juniors who benefit from some activities while their parents work.

Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	All trustees are volunteers and receive no remuneration or other benefits. The Trustees ensure that all decisions made are in line with the Charities Commission's public benefit guidance. The Club aims to promote and encourage the local community to get involved in tennis, by making decisions that reflect the objectives of the club. The main aim is to get as many people playing tennis as possible, at either a reduced rate cost or at a cost that is fair and competitive within the local area.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The Club has continued to run an active tennis programme throughout twelve months of the year. Both tennis and social events were held and were well attended by participants. The club committee has liaised with the coaching programme to target and improve provision to some groups, this has been productive in some areas but other areas require more work. Tennis players of a higher standard play competitive tennis both in internal club competition and local and county leagues. An area the Club has targeted for improvement was offering Juniors more opportunities to play competitively. A 'Junior Competition Lead' from the committee has started working with the coaches and parents to arrange a regular programme of junior matches, representing the Club at County level and in friendly matches with local clubs. The next step is to introduce more mature juniors into the adult social tennis sessions, and then into the adult teams. The tennis programme offers fun tennis to encourage those as young as 3 to enjoy bat and ball skills, with a very low cost. This is a great way to introduce the sport in a fun, relaxed environment. This approach continues to be popular for 5 years plus, but weather conditions limited pre-school ages during the autumn and spring. The club intends to improve the opportunity by booking an indoor sports or community hall for those weeks to protect our future preschool age group. Adult teams, both men and women entered in the county leagues, with all those wishing to take part being included. A third team was added to the women's entry to enable more members to participate, which has worked well. An extra men's team was also reinstated as the club has

		experienced an increase in male members. Veteran's teams enabled the older players to enjoy some competitive options. The Club wished to create member participation with internal competitions, ending the season with a finals day. This has worked successfully with a committee member taking responsibility for arranging and encouraging participation. A Club social event became the finals day and all members were invited to watch the men and women's singles trophies being competed for, along with the men's, women's, and mixed doubles finals. The day culminated with a presentation of the club trophies. Our adult beginners have lacked opportunity within the club. So this season we offered an extended trial membership period, with dedicated court time following the beginners coached session, for practising at no extra cost to the participants. This has enabled about half the group to build confidence and ability to then move to the adult sessions. Walking Tennis sessions. The club has offered this format to those who might be recovering from illness, injury or unable to feel confident to return to standard tennis. This varies in its numbers, but is always available to those who feel they require a slower pace. Overall, the club offers provision to the local community, of a fully inclusive, affordable, tennis programme.

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The Club ran an active tennis programme throughout twelve months of the year. There were both tennis and social events planned and well attended by participants. In previous years the club provided coaching via a number of self employed coaches. From 1st April 2023, it was agreed that the coaches provide their services directly to the players, and pay the club for the use of the courts. Tennis players of a higher standard play competitive tennis both in internal club competition and local and county leagues. An area the Club has targeted for improvement was by offering Juniors more opportunities to play competitively. However, the men dropped a team to consolidate their position of a small drop off in numbers. Veteran's teams enabled the older players to enjoy some competitive options. Another area the Club wished to improve was the internal competitions, with a finals day. Para 1.20	Whilst the CIO was incorporated on 21 st July 2021 the club continued to operate as an unincorporated body until the members voted to accept the constitution and to transfer the clubs activities to the CIO in April 2022. In the interim, the trustees focussed on developing the existing club's activities alongside the implementation of the transfer. The CIO wishes to retain the club's historic accounting period of 31 st March however, it did not carry out any activities in the period ended 31 st March 2022.

Financial Review

The target minimum operating reserve is equal to 6 months of the average recurring operating costs (excluding tennis activity costs). In addition, the club plans to build a new clubroom and a Build Project reserve of £40,000 is required to fund the projected shortfall between the project cost and funding. In line with recommendations from the LTA the club will hold a Sinking Fund for the maintenance, refurbishment and ultimate replacement of the courts and floodlights. Initially these reserves will be funded via the transfer of the reserves of the unincorporated club.
