

The Phage Foundation charity (1195451)

Trustees annual report 2025-2026

The charity has spent the last year trying to set up operations and processes. There has been no formal contact with donors or potential recipients of awards. There has been no income or expenditure. All activities have been on a voluntary basis, coordinated by the trustees. We do not hold any information that falls under GDPR, and we do not interact with minors or vulnerable adults (whether volunteers, staff, trustees, donors, or potential grant recipients).

I am the primary trustee, and as far as I know this is the extent of our operation this year.

March 3rd 2026

Dr Antonios Michailidis
