

Update on Charity Account: Yorkshire Pita Development UK (Charity No. 1195464)

Dear Charity Commission Officials,

I hope this message finds you well.

I am writing to provide you with a brief update regarding our charity, Yorkshire Pita Development UK, registered under Charity Number 1195464.

Our income is derived entirely from the monthly contributions of our members. These funds are primarily allocated to activities that promote social inclusion for the public benefit. We focus on supporting refugees and asylum seekers in Leeds and the surrounding areas who face social exclusion. Our work aims to address their needs and assist them in integrating into society.

Additionally, we allocate funds toward promoting cultural and educational initiatives. This includes teaching our children both our local languages and English, while ensuring their safeguarding is a top priority.

We remain committed to our mission of fostering social inclusion and cultural preservation, and we will continue to work diligently to achieve these goals.

Please let us know if you require further details or documentation regarding our activities and expenditures.
