Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

For the public benefit to relieve the needs of children, young people and adults who are suffering from cancer in particular by the provision of End of Treatment Bells to be placed in hospital wards that will act as a source of mental and emotional support during the course of the beneficiaries' treatment and stay in hospital.

To donate bells to treatment centres in the United kingdom for patients

who are undergoing treatment to ring during and after their treatments, or to celebrate milestones along the way. These include (but are not limited to) cancer treatment centres and special care baby units. We sponsor a bead for children enrolled on the Beads of Courage UK programme to receive when they ring one of our bells during and after treatment. All trustees are aware of and believe our activities fall within the guidance set here: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/588234/PB1_The_Public_Benefit/requiremnt.pdf	
---	--

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Although the activity has slowed down since we launched, we do still get enquiries, and we are still supplying bells to UK hospitals. In total we have distributed over 485 bells (up from just under 450 in the previous year).

We anticipate that we will still get enquiries and distribute bells on a fairly frequent basis, because of the bells more inclusive nature. The Milestone bell and plaque continue to show interest since they were first rolled out in Mar 2020.

We continued to sponsor 'our' special bead through Beads of Courage UK and Ireland for Children for children who are enrolled on their programme to add to their bead collection when they ring 'their' bell.

We continue to supply certificates to centres to give patients as they ring their bell to celebrate their end of treatment or milestones along their treatment path

Section E

Financial review

Brief statement of the charity's policy on reserves

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The number of donations increased versus the previous year, and this can be based on the fact that we received a one-off donation of £1000 from a dance troupe, and a further £500 from our local church. Both are significant donations to a charity like ours.

Our outgoings are minimal, and our costs continue to be attributable to bells, assembly and distribution. People still ask to sponsor a bell, and this gives us a small revenue stream. People have also foregone sending out Christmas cards and have instead, made a small donation to us.
