Achievements against objectives set	Para 1.41	<p>In terms of the NGO in Nepal which NN funds many outcomes have been achieved.</p> <p>In terms of achieving a fuller compliment of trustees we have not managed to rise above the minimum of three from Feb.2024</p> <p>Because of the low number of trustees numbers capacity has been limited, notwithstanding many other pressures and changes in the lives of all trustees in 2024.</p> <p>However, a full and complete Safeguarding Policy was finally adopted in early 2024.</p>
Performance of fundraising activities against objectives set	Para 1.41	<p>Less money was raised in Fundraising initiatives this year than had been hoped for and budgeted for.</p> <p>However, our base of regular donors has remained stable due in part to regular encouragements and the occasional newsletter.</p> <p>Because of this, we have been able to sustain a minimum level of monthly donations to the NGO in Nepal.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The fund balance of around £2.5K in the bank at the end of 2024 was of some concern, being not too far above the £1.5K reserve fund threshold. With regular loyal

		monthly donors and only a relatively small shortfall each month, the claiming back Gift Aid in 2025 should help ensure viability in the short to medium term. We are still exercised and challenged re. increasing our regular donor base and it is recognised that we shall probably need to obtain grants and / or other significant fundraising income or the Charity to be able to pursue and develop all its objectives.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	From the start trustees have agreed that three months' worth of regular outgoings should be held in reserve to give any NGO/s, that we are supporting, time to access alternative funding should Nurture Nepal need to cease operations.
Amount of reserves held	Para 1.22	This is currently held at £1500 as monthly outgoings are £500/m
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	As the monthly shortfall between income and outgoings is around £100, we currently have around 10 months left to run unless things change.

The charity's principal sources of funds (including any fundraising)	Para 1.47	The principal source of funding in 2024 was that of personal donations from individuals. One charitable venture at the end of 2024 raised £130. We are yet to organise a more sustainable fundraising plan. It is believed that launching a "Sponsor a Student" programme may encourage more donors to come on board and one trustee in particular is exploring commandeering a volunteer to help with this in 2025.
Investment policy and objectives including any social investment policy adopted	Para 1.46	N/A
A description of the principal risks facing the charity	Para 1.46	Continued shortage of money being donated for the charitable aims. It is thought the "Cost of living crisis" may impact this. Potentially limited trustee capacity – in terms of: time for the work involved in running the charity, including fundraising, health issues and the loss of trustees retiring at the end of trusteeship tenures. Most of 2024 has seen the minimum number of trustees of three so there is a considerable challenge to increase the number on the Board.

Reason for wanting to be a trustee of NN 2. CV 3. Details of referees. <p>Following this there is an interview by at least 2 current trustees. The charity's organisational structure and any wider network with which the charity works	Para 1.51	<p>The charity is managed by the board of trustees, which, for the first 2 months of 2024 comprised five trustees, soon became a board of three trustees (the minimum requirement) near the start of 2024, when one of the first trustees retired from the role and the other stepped down for a year due to other commitments but in the hope of returning in Feb. 2025, with job retirement pending.</p> <p>There is a Management Team – incorporating leaders / key personnel directly responsible for any NGO/s that NN is in partnership with.</p> <p>Meetings have taken place in 2024 much as before ie. around once a month - with half hour long meetings for 2 out of 3 and an hour long meeting once a quarter. Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The fund balance of around £3.5K in the bank at the end of 2023 was reasonable. Due to a fundraising push and the gaining of a few more regular donors at the end of 2023, going forwards, there is only a relatively small shortfall each month. Claiming back Gift Aid (in process) should help increase the funds and ensure viability well into 2026, although, clearly, more regular donors and grant / other fundraising income are necessary for the Charity to be able to pursue and develop all its objectives.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	From the start trustees have agreed that three months' worth of regular outgoings should be held in reserve to give any NGO/s, that we are supporting, time to access alternative funding should Nurture Nepal need to cease operations.

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Over the whole year – 2022 – NN has fulfilled its commitment to send regular sums of money contributing to LWH's delivery of its services to the beneficiaries.</p> <p>The hostel started the year with: 6 males (av. age of 18.33) and 19 females (av. age of 17.81).</p> <p>During 2022:</p> <p>Seven students left (Two M. Five F) 23 students came to LWH (Five M. 18 F)</p> <p>Of those who left four had gained some qualifications: Two women achieved A 'level equivalents and went on to start degrees while working and living elsewhere (clearly still an outcome for LWH); One woman achieved her A 'level equivalent and started a degree but then moved out to get married; One woman gained her Bachelor's degree and has started working.</p> <p>A relevant outcome for the students, who work very hard, is that they have had some recreational down time with NN's funds helping enable six such trips (some away from the city) to events/places such as a Flower festival, Botanical Gardens and a visit to the cinema.</p>

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole – continued.</p>		<p>As well as the A 'level equivalents and Bachelor's degrees outlined above, two students passed their motorbike tests.</p> <p>Conditions and provision at LWH have been improved in that an adjacent property was acquired (for rent) providing accommodation for a further eight females. Two of the 'girl's' rooms have been converted into nice common rooms with a seating area and hot /cold water dispensers.</p> <p>A wall between the dining room and the communal room has been knocked down creating a bigger space for eating together and socialising.</p> <p>NB. As 23 new students arrived at LWH in 2022, qualification outcomes for them cannot be expected until at least two years have elapsed from their arrival.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>The fund balance of around £4K in the bank at the end of 2022 was reasonable. However, if income had remained at the level that was current at the start of 2022, NN would have reached the reserve amount (see next paragraph) of £1.5K by the end of 2023.</p> <p>Thankfully the balance is currently significantly higher than this as we have taken action to increase our income, resulting in more funds than would have been the case. Trustees are continuing to pursue a number of avenues for increasing</p>
