Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We have constructed a wildflower research reserve at Hunkington Moat and to date have planted 80 plus wild flower species.</p> <p>Under the guidance of Historic England, we have part-dredged the medieval moated site to both restore the history and environment in preparation for a programme of aquatic wild flower species to be introduced in 2024.</p> <p>In the construction of the wild flower reserve, we are creating a site of protection cover for hedgehogs and grass snakes from the branches that have been collected/removed.</p> <p>With the aid of MoD sites, we are starting to collect rare, indigenous solitary bees and wasps and are now introducing them the Hunkington Manor Moat. This work is also being replicated with satellite wild flower meadows that have now been constructed at MoD Bicester, RAF Syerston and shortly at MoD Donnington.</p> <p>As a result of our bee breeding programme, we are continuing to embark on a nation-wide bee release programme using NHS hospitals as bee dispersal sites.</p> <p>We continue to work with the volunteers at RAF Shawbury, planting further new wild flower species. Through the county Lieutenancy office, this work is being followed by His Majesty.</p>

Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>(1) To promote the conservation, protection and improvement of the physical and natural environment, in particular but not exclusively, through the re-introduction of solitary bees and the establishment of wildflower meadows with a view to improving biodiversity.</p> <p>(2) To advance the education of the public in the conservation, protection and improvement of the physical and natural environment, in particular but not exclusively, by focusing on the role of solitary bees and wildflower meadows and their impact on ecosystems and promoting research and sharing and disseminating the useful results thereof for the benefit of the general public.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>We have established a wild flower research reserve at Hunkington Moat and to date have planted 50 plus wild flower species.</p> <p>Under the guidance of Historic England, we have part-dredged the medieval moated site to restore the history and to improve the environment in preparation for a programme of aquatic wild flower species to be introduced in 2024.</p> <p>We have worked with many public bodies to provide the opportunity for them to share the knowledge to the public about how to provide the best environment for pollinators in general.</p>

		We regularly update the charity's website with information on how the public can help protect and improve the environment in their gardens.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	All charity trustees are aware of the Charity Commission guidance on Public Benefit and have taken this into account when deciding what activities to carry out this year.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We have constructed a wildflower research reserve at Hunkington Moat and to date have planted 50 plus wild flower species.</p> <p>Under the guidance of Historic England, we have part-dredged the medieval moated site to both restore the history and environment in preparation for a programme of aquatic wild flower species to be introduced in 2024.</p> <p>In the construction of the wild flower reserve, we are creating a site of protection cover for hedgehogs and grass snakes from the branches that have been collected/removed.</p> <p>With the aid of MoD sites we are starting to collect rare, indigenous solitary bees and wasps and are now</p>

		<p>introducing them the Hunkington Manor Moat. This work is also being replicated with satellite wild flower meadows being constructed at MoD Bicester, RAF Syerston and shortly MoD Donnington and The Princess Royal Hospital in Telford.</p> <p>As a result of our bee breeding programme, we have now embarked on a nation-wide bee release programme using NHS hospitals as bee dispersal sites.</p>
