## About your charity's work:

Our vision is to help pregnant women, young women in precarious situations living in rural areas and orphans by providing them with a platform to empower them and encourage them to become creators of change in society.

Our mission is to help women discover their potential and accompany them in their personal and professional development by taking care of their health, motherhood by teaching them a trade through workshops of cooking, sewing, aesthetics, agriculture, family planning.

In D.R. Congo, We work with schools across the DR Congo to support disadvantaged girls in their daily needs to help them develop self-confidence and give them a better future.

We are also committed to providing assistance to orphanages by providing school supplies and school education support.

In U.K we organise gatherings of people of congolese communities and raise awareness through health promotion on risks of high Blood pressures, obesity, strokes, child abuse, domestic violence and encourage them to have healthcare contact and report to appropriate services.
