Organisational Structure

The Board of Trustees administers the organisation. The Board meets quarterly. The Artistic Director Gwyn Emberton, and Executive Producer Kate Perridge, have been appointed to manage the day to day operations of the charity on behalf of the Trustees, as freelancers. To facilitate effective operations, the Artistic Director and Executive Producer have delegated

authority, within terms of delegation approved by the trustees (Article 5), for operational matters including finance, employment, artistic performance and educational activity.

A range of freelance dance artists, teachers, producers, marketing consultants, creatives and technical staff contribute to the delivery of projects on a project basis which depends on the needs of specific projects. We have a regular team of a Producer and two Dance Officers who together work on the young company projects, productions and other ad-hoc events.

Wider Network

Jones the Dance is grateful to Arts Council of Wales for financially supporting the artistic programme throughout the year. There was also income from Gregynog and individual donations.

The charity received in-kind support from National Dance Company Wales and other organisations towards projects.

Related Parties

None of our trustees receive remuneration or other benefit from their work with the charity, in their capacity as Trustees. Any connection between a trustee or senior manager of the charity with a production company, contracted dancer, performer or contributor must be disclosed to the board of trustees in the same way as any other contractual relationship with a related party. There is an opportunity to raise this as a noted item at the start of every meeting of the Board of Trustees.

Trustees' travel, accommodation and subsistence can be claimed as long as it is associated activity to the charity.

Risk Management

The trustees have a risk management strategy, which comprises:

- An annual review of the principal risks and uncertainties that the charity faces;
- The establishment of policies, systems and procedures to mitigate those risks; and
- The implementation of procedures designed to minimise or manage any potential impact on the charity should those risks materialise.

This work has identified that financial sustainability is a financial risk for the charity. A key element in the management of financial risk is a regular review of available liquid funds to settle debts as they fall due, regular liaison with the bank, and active management of trade debtors and creditors balances to ensure sufficient working capital.

Attention has also been focussed on non-financial risks arising from fire, health and safety of artists, safeguarding and audience. These risks are managed by regular awareness training for staff working in these operational areas, with production risk assessments created by a freelance technical manager and approved by the Executive Producer.

Insurance

The organisation has annual insurance from Wrightsure (Performers Insurance) which covers Employers Liability, Public and Products Liability, and additional worldwide business travel insurance.

OBJECTIVES AND ACTIVITIES

Objects (from Articles of Association)

The promotion of the arts, and in particular, but not exclusively, the art of dance and drama for the public benefit including by (but not limited to):

- The creation, production and performance of dance and theatre productions and exhibitions.
- Providing seminars, workshops, and masterclasses to the public, including arts professionals.

Vision, Mission and Purpose

- **Purpose**

To rethink and transform who gets to make and experience contemporary dance in Wales.

- **Vision (Why)**

A world where contemporary dance is as much a part of the fabric of our lives as music or words - a universal language that connects us all through the experience and expression of stories that move us and help us make sense of the world we share.

- **Mission (What)**

We create contemporary dance experiences, rooted in community and collaboration.

We connect people of all ages and lived experiences through the visceral, emotive power of dance.

Values

- **Curiosity**

Dance gives voice to unspoken ideas; bringing the unheard and unseen stories into the light. We're curious about what's unknown and invite everyone to explore with us. Through the visceral, physicality of dance we unearth and make sense of the world around us.

- **Collaboration**

Whatever shape our work may take, collaboration is the thread that ties it together. We connect, we listen, we move. We partner with communities and experts to create work that is stronger, more relevant, more meaningful, together. We celebrate every voice that shapes and moves with us.

- **Creativity**

Dance is more than movement. It's a way of understanding the spaces we occupy, seeing the world and the change we could make. We use the human body to creatively explore bold questions and big ideas. Through dance we're free to imagine, to act, to create and transform.

- **Courage**

Dance is brave. It brings us back to our bodies. It takes courage to show up, take up space, to think, to feel and to move. It takes guts to embrace uncertainty and ask the hard questions. So, we take bold and tenacious leaps of faith. Sometimes we land, sometimes we fall, but always learning, always finding the strength in vulnerability.

- **Belonging**

We bring people together for shared experiences that connect us. We challenge and rethink the old norms of who gets to dance and where it happens. We build community and family, across landscapes, borders and countries. There's power to be found in belonging, and dance is a place where everyone can feel at home. Everyone belongs here, and dance belongs to everyone.

Strategic Aims

- To reimagine creative processes, methods and approaches for how contemporary dance productions, youth dance projects and international collaboration/touring projects are made. Through collaboration with artists, participants and communities we will build trust, ignite curiosity and create a feeling that "it is for me". We will support dance artists and young dancers who are under-served by contemporary dance structures to discover, develop and flourish.
- To produce more regular productions and projects to re-build audiences and participants following the pandemic and increase impact with d/Deaf and Disabled audiences, participants and dance artists.
- To develop our infrastructure and resources to increase capacity, achieving transformation of JtD and enabling growth and sustainability.

Volunteers

There were no volunteers during the year.

ACHIEVEMENT AND PERFORMANCE

Charitable Activities

Jones the Dance was proud to present Y Dewis which played 19 performances to 489 audience members from 18 April to 19 May. The tour was accompanied by short films made by young people from the Quiet Beats and Jones Bach projects.

The company embarked on a new iCoDaCo (International Contemporary Dance Collective) project that will span from 2024 through to 2027. The first phase is research based, bringing together three artists through a series of residency weeks. These were held in Montgomery, Cardiff and Llandudno. This is the third time that Jones the Dance (or previously Gwyn Emberton Dance) has participated in an iCoDaCo project. iCoDaCo brings together contemporary dance artists from Wales with the other collectives from Georgia, Hungary, Sweden, Spain, Czech Republic, Denmark, Latvia, Netherlands and Portugal.

Jones the Dance joins the project in collaboration with the partners which is supported by funding from Arts Council of Wales funding our creative activities and Wales Arts International funding our participation in the network

Quiet Beats was funded by Arts Council of Wales to offer 37 workshops which had 204 attendances

Jones Bach was also funded by arts council Wales to offer 26 workshops which had 341 attendances.

The charity also received two additional grants to support the business and strategic development of the organisation. One was a Business Development grant from Arts Council Wales and the other was a grant from Welsh Government to support Resilience and Jobs Protection. This enabled Jones the Dance to support the work of the core team, establish new robust financial operations, and engage in strategic planning as a Board of Trustees. It also enabled us to develop and implement a long-term and diverse fundraising strategy which will mean that the charity is less reliant on ACW funding in the future, diversifying income streams. The charity worked with a fundraising consultant and also worked on branding and audience development through dedicated sessions with a specialist consultant.

Public Benefit

JtD tours dance theatre productions which are presented to the public in an artistic form. The company creates employment for choreographers, producers, dancers, designers, technicians and other dance and creative professionals. The company offers training and workshop opportunities for school and college groups, dance professionals and audience members. There is a focus on developing and supporting dance and creative talent from Wales to make work and present work in a national and international context. The charity provides and develops youth dance initiatives with a commitment to providing opportunities for young people who usually face barriers to experiencing dance opportunities, such as young Deaf and Hard of Hearing or rurally isolated children, with professional dance companies and artists.

Internal and External Factors

The company is reliant on project funding principally from Arts Council of Wales to produce work, alongside fees and box office income generated from touring. Additional funding is also available from trusts and foundations, crowdfunding and individual donations. Following the decision of the UK to leave the EU, the company has sought alternative funding strategies to continue to participate in international projects.

Operational management of the company is delivered by the freelance Artistic Director and Executive Producer, appointed and overseen by the Trustees. Both roles are appointed on an annual basis to fulfil projects. All artists, teachers, creatives and administration engaged by Jones the Dance are done so on a freelance basis and are contracted project by project. Trustees' travel, accommodation and subsistence can be claimed as long as it is associated activity to the charity.

FINANCIAL REVIEW

Review of the Year

The charity received £163,941 from ACW

The charity received £3,663 from Gregynog

The charity received £80 from individual donations

The total income for the year was £220,550

The total expenditure for the year across all projects was £203,543

Reserves Policy

The organisation operates on a project by project basis and is not yet in a financial position to hold reserves. It is intended that this will change moving forward when additional funding can be sourced to allow the more consistent generation of artistic output and support core costs related to this.

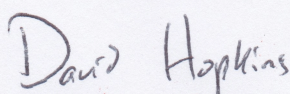

Principal Funding Sources

Funding was received from Arts Council of Wales. There were no qualifying productions in the year to be able to claim through HMRC's Creative Tax Relief. Any expenditure towards future productions undertaken through the year (iCoDaCo for example) will be able to be reclaimed in the next year.

FUTURE DEVELOPMENTS

The charity will continue to produce dance, touring in Wales, with plans dependent on funding to implement artists and artistic development programmes, youth dance initiatives and will continue to focus on international activities and opportunities. The charity will seek regular and core funding.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including its income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and apply them consistently;
- Observe the methods and principles in the Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and

The trustees are responsible for keeping proper accounting records that can disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

2. The accounts do not accord with those records; or
3. The accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a "true and fair view" which is not a matter considered as part of an independent examination; or

Jones the Dance Cyf
Notes to the Financial Statements
for the Year Ended 31st March 2025

1. Accounting policies

a. Basis of preparation of accounts

The financial statements are prepared under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice, Accounting and Reporting by Charities (SORP 2014) and applicable accounting standards. The charity is limited by guarantee incorporated in England and Wales, and consequently does not have share capital. Each of the trustees is liable to contribute an amount not exceeding £10 towards the assets of the charity in the event of liquidation. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. Jones the Dance Cyf meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes. The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity. The charity opted to early adopt Bulletin 1 published on 2nd February 2016 and have therefore not included a cash flow statement in these financial statements.

b. Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes. Any fund which, upon full performance, would require the retrieval by the authority concerned of any surplus is considered to be restricted for the purposes of identification within the accounts. Other funds, while they may have to be applied for a particular purpose, are considered to be designated and are therefore treated as unrestricted within the meaning of the regulations. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

c. Incoming resources

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably. Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period. All income from charitable activities is recognised once there is a legal or constructive entitlement to that income and is recognised in the year to which it relates. All other income represents tax credits receivable in respect of theatre tax relief and is recognised in the year to which it relates.

d. Resources expended

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably.

e. Tangible fixed assets and depreciation

Individual fixed assets costing £100 or more are initially recorded at cost. Depreciation is provided at rates calculated to write off the cost over their expected useful economic lives as follows:

Equipment – 25% reducing balance method

g. Taxation

The charity is exempt from corporation tax on its charitable activities.

The Artistic Director Gwyn Emberton, and Executive Producer Kate Perridge, have been appointed to manage the day to day operations of the charity on behalf of the Trustees, as freelancers. To facilitate effective operations, the Artistic Director and Executive Producer have delegated authority, within terms of delegation approved by the trustees (Article 5), for operational matters including finance, employment, artistic performance and educational activity.

Trustees' Report

Wider Network

Jones the Dance is grateful to Arts Council of Wales for financially support the artistic programme throughout the year. There was also some income from Swedish Arts Council and Arts Council England.

The charity received in-kind support from Theatr Clwyd, Dawns i Bawb, the Hafren and Chapter Arts.

Related Parties

None of our trustees receive remuneration or other benefit from their work with the charity, in their capacity as Trustees. Any connection between a trustee or senior manager of the charity with a production company, contracted dancer, performer or contributor must be disclosed to the board of trustees in the same way as any other contractual relationship with a related party. There is an opportunity to raise this as a noted item at the start of every meeting of the Board of Trustees.

Trustees' travel, accommodation and subsistence can be claimed as long as it is associated activity to the charity.

Risk Management

The trustees have a risk management strategy, which comprises:

- An annual review of the principal risks and uncertainties that the charity faces;
- the establishment of policies, systems and procedures to mitigate those risks; and
- the implementation of procedures designed to minimise or manage any potential impact on the charity should those risks materialise.

This work has identified that financial sustainability is a financial risk for the charity. A key element in the management of financial risk is a regular review of available liquid funds to settle debts as they fall due, regular liaison with the bank, and active management of trade debtors and creditors balances to ensure sufficient working capital.

Attention has also been focussed on non-financial risks arising from fire, health and safety of artists, safeguarding and audience. These risks are managed by regular awareness training for staff working in these operational areas, with production risk assessments created by a freelance technical manager and approved by the Executive Producer.

Insurance

The organisation has annual insurance from Wrightsure (Performers Insurance) which covers Employers Liability, Public and Products Liability, and additional worldwide business travel insurance.

Jones the Dance Cyf

Trustees' Report

Vision, Mission and Aims

Vision

- To transform who gets to make and experience contemporary dance.

Mission

- To break-down barriers and perceptions of who can dance, who can make it and who can enjoy it, how dance is made and where it happens, and why that matters. Dance has the power to be transformative, from a single moment to a lifetime, and creating those moments is key to making sure that everyone no matter their background has the opportunity to experience that.

Values

- Disruptive
- Courageous
- Fair

Strategic Aims

- To reimagine creative processes, methods and approaches for how contemporary dance productions, youth dance projects and international collaboration/touring projects are made. Through collaboration with artists, participants and communities we will build trust, ignite curiosity and create a feeling that "it is for me". We will support dance artists and young dancers who are under-served by contemporary dance structures to discover, develop and flourish.
- To produce more regular productions and projects to re-build audiences and participants following the pandemic and increase impact with d/Deaf and Disabled audiences, participants and dance artists.
- To develop our infrastructure and resources to increase capacity, achieving transformation of JtD and enabling growth and sustainability.

Significant Activities

Jones the Dance's principal activity over the period has been a continuation of the development of the immersive and interactive film / live production project called Y Dewis, which received a large grant from Arts Council of Wales and a grant from Swedish Arts Council, plus grants from Abderrahim Crickmay, and local giving

The charity also received two additional grants from Arts Council of Wales; the first was to enable continuation and development of its young company through the two projects Jones Bach and Quiet Beats. The second was to support business development for the charity to re-write the business plan and future strategies.

Y Dewis and the Young Company grants were both eligible for a grant of an additional 15% of costs to help with the cost of living crisis.

There was the final instalment of two grants from Wales Arts International (via ACW) for collaborative residencies in Italy and Sweden.

The charity received a small donation from an individual to support Quiet Beats and income from participants of Jones Bach

ACHIEVEMENT AND PERFORMANCE

Charitable Activities

Throughout the year the charity continued to work on Y Dewis, an interactive multilingual dance film that intersects with live performance and follows the stories of five characters through spoken word, sign language and dance. Rehearsals and filming commenced in April 2023, editing of the film continued through the year and the tour began early in the following year in April 2024. The company offered open rehearsals and artist talks with local communities in north Wales during the creation in June 2023.

The Charity received a large grant from ACW towards year-long activity for the Young Company projects Quiet Beats and Jones Bach. This is a significant development for the two projects, being able to develop and expand the offer through regular and consistent workshop opportunities. The grant enabled the project to continue past the end of this financial year through to September 24.

- Quiet Beats workshops were held monthly plus workshops through October and February half term.
- Jones Bach workshops were held in October and February Half Terms.

In January 2024, Gwyn Emberton and freelance Producer Kama Roberts attended the first in-person meeting for the new edition of iCoDaCo (International Contemporary Dance Collective) project in Porto. The charity received funds from ACW via Wales Arts International International Opportunities Fund to attend the meeting along with additional monthly digital meetings and working sessions.

Public Benefit

JtD tours dance theatre productions which are presented to the public in an artistic form. The company creates employment for choreographers, producers, dancers, designers, technicians and other dance and creative professionals. The company offers training and workshop opportunities for school and college groups, dance professionals and audience members. There is a focus on developing and supporting dance and creative talent from Wales to make work and present work in a national and international context. The charity provides and develops youth dance initiatives with a commitment to providing opportunities for young people who usually face barriers to experiencing dance opportunities with professional dance companies and artists.

Internal and External Factors

The company is reliant on project funding principally from Arts Council of Wales to produce work, alongside fees and box office income generated from touring. Additional funding is also available from trusts and foundations, crowdfunding and individual donations. Following the decision of the UK to leave the EU, the company has sought alternative funding strategies to continue to participate in international projects.

Operational management of the company is delivered by the freelance Artistic Director and Executive Producer, appointed and overseen by the Trustees. Both roles are appointed on an annual basis to fulfil projects. All artists, teachers, creatives and administration engaged by Jones the Dance are done so on a freelance basis and are contracted project by project. Trustees' travel, accommodation and subsistence can be claimed as long as it is associated activity to the charity.

Company law requires the trustees to prepare financial statements for each financial year. - select suitable accounting policies and apply them consistently;

- make judgements and estimates that are reasonable and prudent;

2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Jones the Dance Cyf meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Jones the Dance Cyf

Notes to the Financial Statements for the Year Ended 31 March 2024

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Charitable activities

All income from charitable activities is recognised once there is a legal or constructive entitlement to that income and is recognised in the year to which it relates.

Other income

All other income represents tax credits receivable in respect of theatre tax relief and is recognised in the year to which it relates.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees meetings and reimbursed expenses.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Jones the Dance Cyf

Notes to the Financial Statements for the Year Ended 31 March 2024

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Equipment	25% reducing balance method

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and bank deposits,

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Notes to the Financial Statements for the Year Ended 31 March 2024

Foreign exchange

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

The results of overseas operations are translated at the average rates of exchange during the period and their balance sheets at the rates ruling at the balance sheet date. Exchange differences arising on translation of the opening net assets and results of overseas operations are reported in other comprehensive income and accumulated in equity (attributed to non-controlling interests as appropriate).

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Trustees' Report

Organisational Structure

The Board of Trustees administers the organisation. The Board meets quarterly. The Artistic Director, Gwyn Emberton, and Executive Producer, Kate Perridge, have been appointed to manage the day to day operations of the charity on behalf of the Trustees, as freelancers. To facilitate effective operations, the Artistic Director and Executive Producer have delegated authority, within terms of delegation approved by the trustees (Article 5), for operational matters including finance, employment, artistic performance and educational activity. During the year, Kate Perridge took adoption leave for six months. The role of Executive Producer was held by Kama Roberts as an interim position.

A range of freelance dance artists, teachers, producers, marketing consultants, creatives and technical staff contribute to the delivery of projects on a project basis which depends on the needs of specific projects.

Wider Network

Arts Council of Wales and The Welsh Government have contributed funds to the charity throughout the year. There was some income from trusts and foundations, notably, Local Giving and Abderrahim Crickmay Charitable Settlement.

Related Parties

None of our trustees receive remuneration or other benefit from their work with the charity, in their capacity as Trustees. Any connection between a trustee or senior manager of the charity with a production company, contracted dancer, performer or contributor must be disclosed to the board of trustees in the same way as any other contractual relationship with a related party. There is an opportunity to raise this as a noted item at the start of every meeting of the Board of Trustees.

Risk Management

The trustees have a risk management strategy, which comprises:

An annual review of the principal risks and uncertainties that the charity faces;

The establishment of policies, systems and procedures to mitigate those risks; and

The implementation of procedures designed to minimise or manage any potential impact on the charity should those risks materialise.

A key element in the management of financial risk is a regular review of available liquid funds to settle debts as they fall due, regular liaison with the bank, and active management of trade debtors and creditors balances to ensure sufficient working capital.

Attention has also been focussed on non-financial risks arising from fire, health and safety of artists, safeguarding and audience. These risks are managed by regular awareness training for staff working in these operational areas, with production risk assessments created by a freelance technical manager and approved by the Executive Producer.

Insurance

The organisation has annual insurance from Wrightsure (Performers Insurance) which covers Employers' Liability, Public and Products Liability, and additional worldwide business travel insurance.

OBJECTIVES AND ACTIVITIES

Objects (from Articles of Association)

The promotion of the arts, and in particular, but not exclusively, the art of dance and drama for the public benefit including by (but not limited to):

The creation, production and performance of dance and theatre productions and exhibitions.

Providing seminars, workshops, and masterclasses to the public, including arts professionals.

Vision, Mission and Aims

Vision

To transform who gets to make and experience contemporary dance.

Mission

To break-down barriers and perceptions of who can dance, who can make it and who can enjoy it, how dance is made and where it happens, and why that matters. Dance has the power to be transformative, from a single moment to a lifetime, and creating those moments is key to making sure that everyone no matter their background has the opportunity to experience that.

Values

Disruptive

Courageous

Fair

Strategic Aims

To reimagine creative processes, methods and approaches for how contemporary dance productions, youth dance projects and international collaboration/touring projects are made. Through collaboration with artists, participants and communities we will build trust, ignite curiosity and create a feeling that "it is for me". We will support dance artists and young dancers who are under-served by contemporary dance structures to discover, develop and flourish.

To produce more regular productions and projects to re-build audiences and participants following the pandemic and increase impact with Deaf and Disabled audiences, participants and dance artists.

To develop our infrastructure and resources to increase capacity, achieving transformation of JtD and enabling growth and sustainability.

Significant Activities

Jones the Dance's principal activity over the period has been a continuation of the development of the immersive and interactive film / live production project, which received a large grant from Arts Council of Wales plus some smaller grants from trusts and foundations

The charity also received two additional grants from Arts Council of Wales; the first was to enable continuation and development of its youth company Jones Bach and Quiet Beats along with some business development for the charity to develop the fundraising plan and to hold an away day with the Board of Trustees. The second grant was for further business development.

Jones the Dance Cyf

Trustees' Report

There were two smaller grants from Wales Arts International (via ACW) for collaborative residencies in Italy and Sweden.

Volunteers

There were no volunteers during the year.

ACHIEVEMENT AND PERFORMANCE

Charitable Activities

In August 2022 the charity ran two weeks of workshops for Jones Bach in Newtown and Quiet Beats in Cardiff building on the development of the workshops from the previous year.

Quiet Beats was held at the Deaf Hub Centre in Cardiff. Two Deaf dance artists taught and led the workshops with support from BSL interpreters. It was attended by 7 young Deaf people.

Jones Bach was run in partnership with the Hafren in Newtown. This included workshops for young people in two age groups, 8 to 11 and 11 to 14. It was led by two dance artists and was attended by 19 young people.

In October 2022 Artistic Director, Gwyn Emberton, plus an additional dance artist led and facilitated contemporary dance classes, workshops and talks with Advanced Dance Training (ADT) & Iuvenis Danza, Verona in Italy, and Milano Contemporary Ballet and Artichoke Danza (Milan). The classes and workshops were attended by staff, dancers and pre-professional students from the three organisations. The project was initially due to take place prior to the pandemic but was delayed by two years. It was supported by the International Opportunities Fund from Wales Arts International via Arts Council of Wales.

In January 2023 JtD hosted two residencies in Sweden, in partnership with Skånes Dansteater and Milvus Artistic Research Centre (MARC). The project was also supported by Wales Arts International and Swedish regional funding body Region Skåne. Two Welsh artists (one dancer and one composer) were invited to participate in the residencies led by Gwyn Emberton, Artistic Director.

Throughout the year the charity continued to work on the Film Project (previously known as *You Chose What*). This will be an interactive multilingual dance film that intersects with live performance and follows the stories of five characters through spoken word and dance. A large grant was received from Arts Council of Wales in September 2022. Rehearsals and filming commenced in April 2023 and so much of this year saw a planning and research phase leading up to the commencement of filming the following year.

Public Benefit

JtD tours dance theatre productions which are presented to the public in an artistic form. The company creates employment for choreographers, producers, dancers, designers, technicians and other dance professionals. The company offers training and workshop opportunities for school and college groups, dance professionals and audience members. There is a focus on developing and supporting dance and creative talent from Wales to make work and present work in a national and international context. The charity provides and develops youth dance initiatives with a commitment to providing opportunities for young people who usually face barriers to experiencing dance opportunities with professional dance companies and artists.

Jones the Dance Cyf

Trustees' Report

Internal and External Factors

The company is reliant on project funding principally from Arts Council of Wales to produce work, alongside fees and box office income generated from touring. Additional funding is also available from trusts and foundations, crowdfunding and individual donations.

Operational management of the company is delivered by the freelance Artistic Director and Executive Producer, appointed and overseen by the Trustees. Both roles are appointed on an annual basis to fulfil projects with the Trustees acknowledging a significant amount of voluntary work provided to maintain the charity's ongoing functions. All artists, teachers, creatives and administration engaged by Jones the Dance are done so on a freelance basis and are contracted project by project. Trustees' travel, accommodation and subsistence can be claimed as long as it is associated activity to the charity.

FINANCIAL REVIEW

Review of the Year

The charity received £88,360 from ACW of which £12,180 was for the Youth Dance projects Quiet Beats and Jones Bach, £57,600 was for the development of the Immersive and Interactive Film project, £9,355 was for Residencies and £9,225 was for Business Development. £5,000 was received from ACE for the Shadow of a Quiet Society Project. The charity also received £3,014 primary purchase trading income.

The financial statements include a provision for the receipt of Theatre Tax Relief in respect of the Immersive and Interactive Film project in the sum of £22,783.

The total expenditure for the year across all projects was £93,827.

Reserves Policy

Having been project funded for the last nine years Jones the Dance has always been focused on delivery. We are looking to move to a more stable financial position which will enable longer term planning and greater value for money, increasing impact on participants and audiences. The development of unrestricted income streams will enable us to start to build reserves at 10% of annual income to ensure at least three months of funds are available to successfully and ethically wind down the company in case of need. The plan to build reserves will be through unrestricted income generation activity such as commercial bookings (e.g. fees for youth initiatives, workshops, Theatre Tax Relief, theatre guarantees and BO income), individual giving and pay per click activity.

Principal Funding Sources

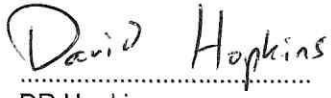

Funding was received from Arts Council of Wales and HMRC.

FUTURE DEVELOPMENTS

The charity will continue to produce dance, touring in Wales, with plans dependent on funding to implement artists and artistic development programmes, youth dance initiatives and will continue to focus on international activities and opportunities. The charity will seek regular and core funding.

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Jones the Dance Cyf for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

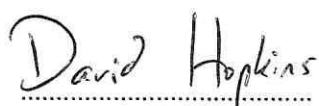

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including its income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and

They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of Jones the Dance Cyf as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Jones the Dance Cyf meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Income and endowments

Charitable activities

All income from charitable activities is recognised once there is a legal or constructive entitlement to that income and is recognised in the year to which it relates.

Other income

All other income represents tax credits receivable in respect of theatre tax relief and is recognised in the year to which it relates.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees meetings and reimbursed expenses.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Equipment	25% reducing balance method

Jones the Dance Cyf

Notes to the Financial Statements for the Year Ended 31 March 2023

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and bank deposits,

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Foreign exchange

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

The results of overseas operations are translated at the average rates of exchange during the period and their balance sheets at the rates ruling at the balance sheet date. Exchange differences arising on translation of the opening net assets and results of overseas operations are reported in other comprehensive income and accumulated in equity (attributed to non-controlling interests as appropriate).

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

6 Government grants

Business Development 1/Quiet Beats/Jones Bach

This project focused on developing and cementing our commitment to providing high quality dance experiences for young people who usually face barriers to accessing dance. This included delivering and improving on our two youth dance initiatives, Quiet Beats (our dance workshops for young Deaf people in South Wales) and Jones Bach (our summer school initiative for young people in rural mid-Wales), as well as carrying out wider business development work to identify alternative business and funding models to ensure sustainable programmes of work that will help secure a resilient and successful future for JtD, our youth dance initiatives, productions and international collaborations.

Business Development 2

The project supported us to carry out business development and planning for 2023 to 2027 through which we were able to consolidate where we have been, where we want to go and to develop plans on how we will get there. With the grant we were able to support bringing in a new freelance producer to help maintain ongoing responsibilities during this period so that our Executive Producer was able to take adoption leave.

Film Project

The development and creation of an interactive multilingual dance film that intersects with live performance, following the stories of five characters through spoken word and dance. The audiences choose what they see, shaping the live performance event into a unique experience.

Italy Residencies

A project to begin new international collaborations and for JtD to develop new partnerships in Italy, as well as creating an international artistic development opportunity for a Wales based dance artist.

Sweden Residencies

The development of our relationship as JtD with a Swedish producer, and significant dance institutions in the southern part of Sweden. The aim was to begin initial stages and exploration into a collaboration/production which was achieved through two conjoined residencies in this contemporary dance focused project.

Shadow of a Quiet Society

The charity was informed by Arts Council England that an amount of £5,000 was outstanding from the project completed in 2016. This was a touring dance theatre production supported by both ACW and ACE. JtD had completed all expenditure on the project in 2016 and there are no outstanding payments due relating to the project. The income therefore is being transferred to the general fund.

The amount of grants recognised in the financial statements was £93,360 (2022 - £108,251).
