Frontline Practitioners work with families implementing evidence based interventions. Through this service the charity has supported 6 families during this period.

The charity delivered Parent and Toddler Workshops. The session provided fun activities that supported the early development in babies and toddlers and provided parents and carers with a safe space to bring their child to meet with other parents and carers and to seek specialists advice from our colleagues.

The charity worked with the local authority to support the delivery of rapid COVID-19 tests to the community.

The charity delivered a free CPR course for the local community. 6 people were successfully trained in this course.
