

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 01/01/2023 Period start date To 31/12/2023 Period end date

Charity name: The PyFoundation

Charity registration number: 1196273

Objectives, Strategies and Activities

The Trustees present their report for the period ended 31 December 2023.

The PyFoundation is a family philanthropic charity based in Henley on Thames and the surrounding areas that is committed to sponsoring disadvantaged children into their IT education journey so that they may find new opportunities. Going forwards, it is hoped that these new learning opportunities will make a real difference to them and provide them with career aspirations that they might not otherwise have been able to consider.

Collaborating with local charities who have already established links with disadvantaged families and are right at the heart of the community, it is possible to identify children who have an interest in IT whilst at school and allow them to develop that interest virtually in a safe environment in their homes.

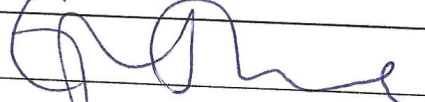

We have been growing the collaboration with local charities and schools and have been able to increase the number of primary school children enjoying their virtual IT journey. We have also been able to financially support some of these children attend summer and easter holiday camps. Our objective is very much to grow the network and to encourage more children to embark on this sponsored journey.

It is hoped that as the charity collaborates with more local community based organisations more children can benefit from the IT learning which builds confidence and greater career aspirations in their future.

Declarations

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees
