Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The main achievement was our direct involvement and leadership of the Llyngwyn carp rescue and rehoming. These very famous and historic carp were at risk due to pollution. We began this activity by rehoming 100 adult fish during the reporting period, moving them to a dedicated conservation pool, which gave us opportunity to document the activity for promotional and educational purposes and in so doing meeting our charity's objectives.
