**CHAIRMAN'S MESSAGE
FOR THE YEAR ENDED 31 MARCH 2025**

It is my privilege to present the 2024–2025 Annual Report, which reflects another year of dedicated service, progress, and resilience. BritSom remains steadfast in its mission to support the Somali Black, Minority, refugee, and migrant communities in Barnet.

Over the past year, the impact of the ongoing cost-of-living crisis has deepened. Many families continue to struggle to meet basic needs, with increased reliance on foodbanks and mounting pressures around housing insecurity. Eviction threats have become more frequent, and low-income households remain especially vulnerable to the rising costs of heating, food, and essential services.

On behalf of the Board of Trustees, I extend my sincere appreciation to our exceptional team of staff and volunteers. Their commitment, compassion, and perseverance have ensured that BritSom continues to be a lifeline for many. I also wish to thank our service users for their trust, patience, and strength throughout these ongoing challenges.

We are especially grateful to our funders and partners for their continued belief in our work and their vital support. As we look to the year ahead, we do so with determination, unity, and a shared hope for a more stable and equitable future.

The charity is a Public Benefit Entity as defined by FRS 102.

The accounts have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Incoming resources

1.5 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

CHAIRMAN'S MESSAGE *FOR THE YEAR ENDED 31 MARCH 2024*

It is my privilege to present the 2023-2024 Annual Report, which documents the remarkable progress and achievements over the past year. BritSom remains committed to supporting the Somali Black, Minority, refugee, and migrant communities in Barnet.

This year, we faced significant challenges due to the ongoing cost-of-living crisis, which has severely impacted our community. Many families struggle to put food on the table, relying increasingly on foodbanks, and the inability to meet rent payments has led to a rise in eviction threats. Vulnerable groups, especially families with low income, are particularly concerned about the rising costs of heating and their capacity to cover essential bills this winter.

On behalf of the board of trustees, I extend my deepest gratitude to our outstanding team of staff and volunteers at BritSom. Their dedication, enthusiasm, resilience, and good humor have been instrumental in maintaining BritSom as a vital community asset. I also want to thank our beneficiaries for their patience and understanding during these challenging times, especially with the ongoing disruptions caused by the cost-of-living crisis.

A heartfelt thank you to our funders and partners for their unwavering support. We look forward to continuing our positive impact in 2024-2025 with renewed hope and a strong sense of togetherness.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies

1.1 Basis of preparation

The accounts have been prepared in accordance with the Charities Act 2011 and “Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)” (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The accounts have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Incoming resources

Incoming resources are included in the SOFA when the charity can quantify the amount with reasonable accuracy.

1.3 Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

1.4 Fund accounting

Funds held by the charity are either:

- **Unrestricted funds** – these are funds which can be used in accordance with the charitable objects at the discretion of the Trustees. Designated funds are unrestricted funds earmarked by the trustees for particular purposes.
- **Restricted funds** – these are funds that can only be used for particular restricted purposes within the object of the charity. Restrictions also apply when specified by the donor or when funds are raised for particular purposes. Expenditure that meets these criteria is identified in the fund.

BRITSOM

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024 (CONTINUED)

1.5 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

CHAIRMAN'S MESSAGE *FOR THE YEAR ENDED 31 MARCH 2023*

I am honoured to introduce the 2022-2023 Annual Report that has monitored the progress and achievements that have taken place over the last 12 months. BritSom is a centre which caters to the needs of the Somali Black, Minority, refugee and migrant communities in Barnet.

COVID-19 undoubtedly dished out fear and gave every individual within the community concern for their own health and wellbeing, as well as that of family and friends. It brought a bout of grief and sorrow to those who lost loved ones, to COVID-19 and a bout of economic uncertainty for many. At present the cost-of-living crisis is the major issue affecting our users. A key problem is the inability of local people to feed their families relying on foodbanks, to pay their rent, which is leading to raised threats and numbers of evictions. Particularly vulnerable groups such as older people, are raising concerns about heating costs and are concerned about their ability to pay bills this winter.

On behalf of the board of trustees, I would like to thank our excellent team: staff and volunteers at BritSom. Without their hard work, enthusiasm, resilience and good humour, BritSom would not be the successful and essential community asset that it is today. My thanks also go out to our beneficiaries for showing patience, in this trying time, particularly with the disruptions in workplaces under Covid-19 restrictions and now the cost-of-living crisis.

A special thank you goes to our funders and partners for their continuous support. We are indeed looking forward to making a further positive impact in 2023-2024 with a sense of hope and togetherness.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

1. Accounting policies

1.1 Basis of preparation

The accounts have been prepared in accordance with the Charities Act 2011 and “Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)” (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The accounts have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Incoming resources

Incoming resources are included in the SOFA when the charity can quantify the amount with reasonable accuracy.

1.3 Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

1.4 Fund accounting

Funds held by the charity are either:

- **Unrestricted funds** – these are funds which can be used in accordance with the charitable objects at the discretion of the Trustees. Designated funds are unrestricted funds earmarked by the trustees for particular purposes.
- **Restricted funds** – these are funds that can only be used for particular restricted purposes within the object of the charity. Restrictions also apply when specified by the donor or when funds are raised for particular purposes. Expenditure that meets these criteria is identified in the fund.

1.5 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.
