Chairman's Message

بسم اللہ الرحمن الرحیم

Alhamdulillah, it is with deep gratitude to Allah (SWT) that I reflect on the past year — a year marked by adversity, resilience, and impactful change. As the world continued to face widespread hardship, from natural disasters to deepening poverty and growing health challenges, the work of Al-Wahab Foundation became ever more critical. With your continued support, we stood by communities across Pakistan, Bangladesh, Uganda, Morocco, Afghanistan and the UK, reaching those most in need with compassion and care.

This year has shown us the importance of staying agile and responsive. In the face of calamities, including earthquakes that displaced thousands, health crises threatening lives, and a rising cost of living that left families struggling, our teams were present, delivering life-saving aid and long-term solutions. Whether addressing food insecurity, water scarcity or preventable blindness, our efforts were focused not just on providing relief, but on restoring dignity and rebuilding futures.

Empowerment remained central to our mission. We worked to create opportunities for individuals to rise out of poverty, enabling men and women to earn a sustainable livelihood and regain their independence. From access to clean water and essential healthcare to economic support and seasonal aid during Ramadan and Qurbani, every initiative reflected our belief that no one should be left behind.

At Al-Wahab Foundation, we never lose sight of the human stories behind every effort. What we achieve is not measured solely in numbers, but in lives changed, in the return of dignity, in the restoration of hope, and in the renewed strength of individuals and families who now have a path forward.

None of this would be possible without our dedicated donors, volunteers and partners. Your consistent generosity and trust in our work have allowed us to respond with care and commitment, even in the most difficult circumstances. For that, I extend my heartfelt thanks to everyone who supported us in our mission of serving humanity.

As we look ahead, the road remains challenging, but with your continued support and the help of Allah Almighty, we remain devoted to serving humanity with sincerity and excellence. May Allah (SWT) accept our efforts and guide us always.

Mufti Abdul Wahab
Chairman Al-Wahab Foundation

Our mission

At AWF, our mission is to combat poverty and address its underlying causes by creating innovative, sustainable solutions that empower individuals and uplift communities. Guided by the principles of Islam, we strive to ensure that every person can live with dignity, economic justice, and social equality, which are core values essential to a just and compassionate society. Our ultimate goal is to alleviate human suffering and hardship by tackling the root causes of inequality and the unjust distribution of resources. Through continuous effort and strong commitment, we work toward a fairer, more inclusive world for all.

Our values

Compassion

Guided by faith, we embrace kindness and compassion for all, extending support to those facing challenges.

Equality

Islam promotes equality regardless of color, class, race, gender, age, disability, ethnicity, or religion, guiding our service.

Transparency

Guided by honesty and accountability, our policy ensures transparency by keeping our donors informed.

Integrity

We prioritize integrity, treating your donations with respect. Transparent processes ensure your aid reaches those in need.

Excellence

We strive for humanitarian excellence in crises, using donations for innovative, impactful, long-term solutions.

Partnership

Collaborating with local and global partners, we reach communities effectively, leveraging local insight for trustworthy aid distribution.

Key Challenges

Al-Wahab Foundation's Journey in 2023–2024

The past year was marked by profound hardship and human suffering. **Catastrophic earthquakes in Morocco and Afghanistan** left entire communities in ruins. At the same time, global inflation deepened poverty across regions, restricting access to essentials like food, healthcare, and education, especially among the world's most vulnerable.

In Pakistan, economic turmoil hit low-income families the hardest. Soaring living costs, rising unemployment, and collapsing social safety nets left millions, particularly women, children, and the elderly, struggling to survive.

Our Response: Compassion in Action

Amid this turbulence, Al-Wahab Foundation acted swiftly and strategically.

In disaster zones like Morocco and Afghanistan, we delivered life-saving emergency aid with speed, sensitivity, and sincerity.

In Pakistan, we strengthened and scaled up our development programmes including:

- **Rozgar and Women Empowerment** to support livelihood stability
- **Eye Care and Clean Water** initiatives to uphold health and dignity
- Community-led solutions that promote resilience and self-reliance

Every intervention reflected our unwavering commitment to dignity, transparency, and local leadership.

Beyond Relief: Tackling the Roots of Poverty

Our efforts went further than just **emergency relief.** We worked to amplify the voices of marginalised communities and drive advocacy aimed at addressing systemic inequalities. We believe meaningful change begins when we listen, understand, and stand together to challenge the causes of injustice, not just its symptoms.

The Road Ahead: Hope, Justice, and Collaboration

The world is changing fast, but for too many, it's not changing for the better. Unless bold, compassionate reforms are made to expand access to livelihoods, education, and healthcare, millions will remain trapped in cycles of poverty. This is a moral and collective challenge.

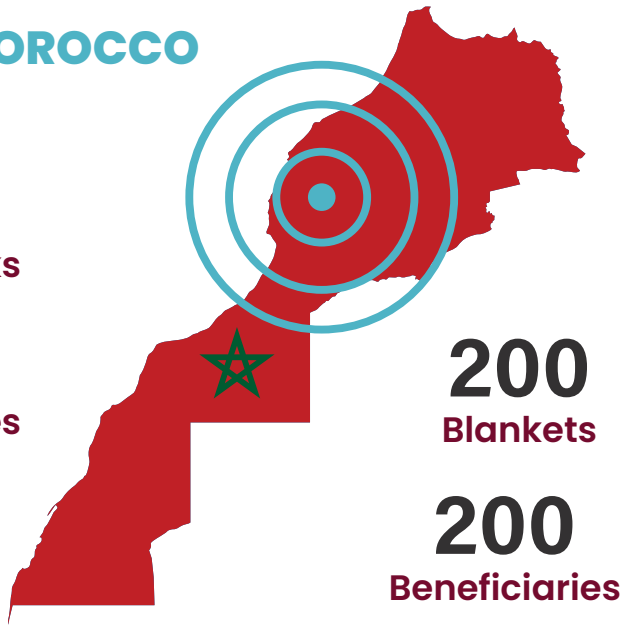
At Al-Wahab Foundation, we remain rooted in hope and action. Together with our partners, donors, and communities, we are striving to build a future defined not by crisis, but by compassion, opportunity, and justice for all.

Earthquake Emergency Response: Morocco & Afghanistan

Morocco

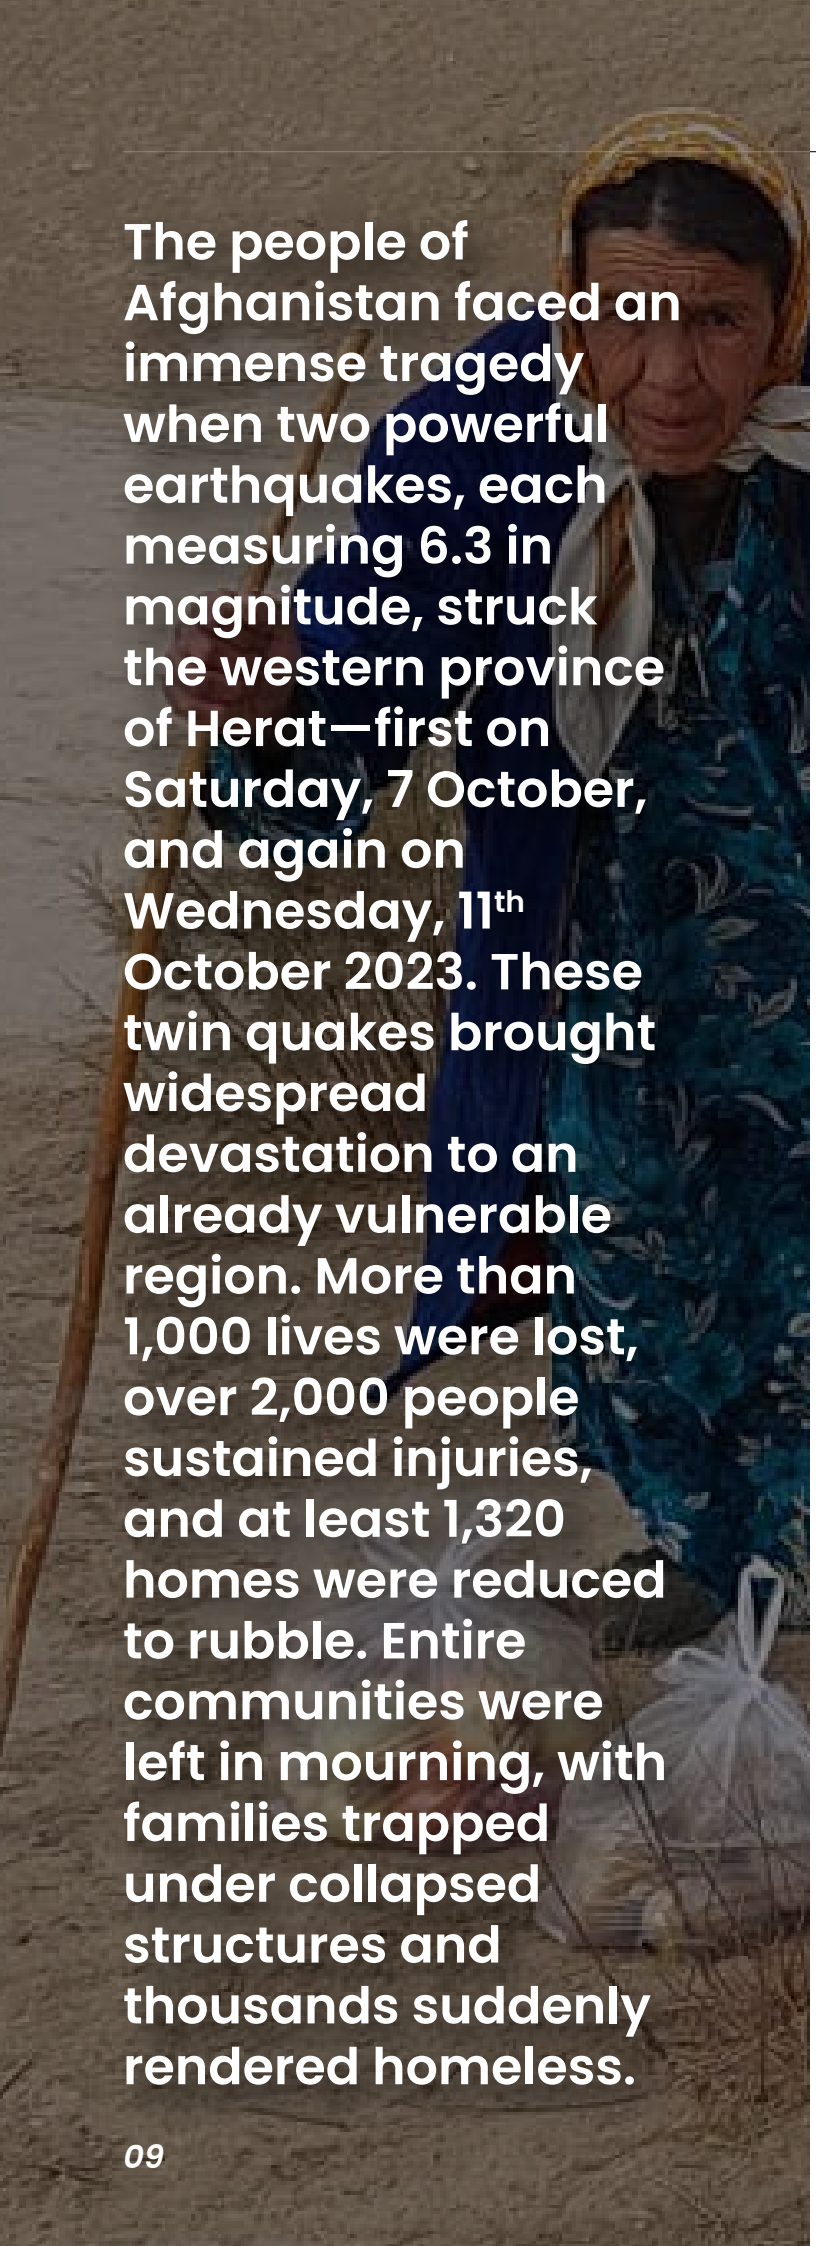
On **8th September 2023**, a devastating **6.8 magnitude earthquake** struck central Morocco, with its epicentre located in the High Atlas mountains. According to Al Jazeera, the tremor caused catastrophic destruction in several remote regions, particularly in mountain villages where homes built of mud and stone were flattened within seconds. Just 19 minutes later, a powerful **4.9 magnitude aftershock** struck, compounding the damage. Official sources confirmed nearly **3,000 deaths** and **over 5,600 injuries**, marking it as Morocco's deadliest earthquake in over six decades.

The disaster displaced approximately half a million people, many of whom were forced to live in temporary shelters under harsh and uncertain conditions. With infrastructure severely damaged and access to basic necessities disrupted, affected communities faced urgent needs for food, warmth, and medical support.



Subsequent to its immediate emergency relief response on **13th September 2023**, Al-Wahab Foundation launched its second relief operation in Morocco on **5th October 2023**. Chairman Mufti Abdul Wahab, accompanied by his team, travelled to the affected areas to personally assess the destruction and supervise the delivery of aid. Thanks to the generosity of our donors, AWF was able to distribute **200 comprehensive food packs**, each containing essential items such as flour, lentils, jam, milk, biscuits, sugar, diapers for infants, and other staples, benefiting more than **1,200 individuals**. Additionally, as the winter season was approaching, team AWF provided **200 warm blankets** to families struggling to cope with the cold nights in makeshift shelters.

Witnessing the immense suffering and resilience of the Moroccan people, Mufti Abdul Wahab expressed his heartfelt prayers and solidarity with the victims, reaffirming that AWF will continue to stand by those in need wherever and whenever calamity strikes.



The people of Afghanistan faced an immense tragedy when two powerful earthquakes, each measuring 6.3 in magnitude, struck the western province of Herat—first on Saturday, 7 October, and again on Wednesday, 11th October 2023. These twin quakes brought widespread devastation to an already vulnerable region. More than 1,000 lives were lost, over 2,000 people sustained injuries, and at least 1,320 homes were reduced to rubble. Entire communities were left in mourning, with families trapped under collapsed structures and thousands suddenly rendered homeless.

AFGHANISTAN

In the immediate aftermath, Al-Wahab Foundation launched emergency relief efforts to support the survivors. Under the direction of Chairman Mufti Abdul Wahab, our field team mobilised quickly to deliver aid in some of the hardest-hit areas. A total of **225 food packs,** each containing vital staples such as flour, oil, rice, lentils, sugar, and other essentials, were distributed, reaching **1,475 individuals** in urgent need of nourishment and support. In addition, we served **400 hot meals** and **1,000 pieces of bread** in partnership with **As-Subah Academy** to the calamity-stricken locals, making a significant impact in their time of need.

Amid scenes of profound loss and hardship, Mufti Abdul Wahab conveyed deep sympathy for the Afghan people and praised their strength in the face of adversity. Al-Wahab Foundation remains committed to standing by those affected, not only through immediate food assistance, but also by continuing to deliver vital support through the provision of winter kits, including blankets, warm clothing, and heating essentials, to help families survive the harsh conditions in the months that followed. Throughout the rest of 2023-2024 and beyond, we continued supporting those affected in the calamity-stricken areas of Afghanistan to help them recover from the earthquake devastation.

Water for Life

At Al-Wahab Foundation, we understand that access to clean water is fundamental to sustaining life, improving health, and ensuring overall well-being. That is why we are dedicated to implementing sustainable water projects that bring safe and reliable water sources to communities in need.

With your support this year, we have been able to make a life-changing impact. Through donating water wells and hand pumps, we have been able to help provide clean, safe water to vulnerable communities and protect them from preventable illnesses.

Pakistan's Water Crisis:

During the past few years, it has become evident that water scarcity remains a critical issue in Pakistan. Approximately 40% of the population has reliable access to safe drinking water, leaving millions vulnerable to the consequences of unclean and insufficient water sources.

At Al-Wahab Foundation, our highest priority is to ensure that marginalised and vulnerable communities have reliable access to clean drinking water—protecting health and preserving life.

Through our 'Water for Life' initiative, we have taken significant strides to meet the immediate needs of those affected by water scarcity while also addressing the root causes of water contamination. This includes the implementation of sustainable, well-maintained water pumps and the construction of water wells in key community locations.

Through our partnership, we initially worked to install **61 water wells** and **600 hand pumps** across various regions in Pakistan, bringing clean water to **15,250 people** through water wells and benefiting an additional **15,000 individuals** through hand pump installations. Out of the 61 water wells, **10** were installed in collaboration with **WMS Global**.

The water infrastructure has been established in some of the most impoverished areas of Pakistan, including: Khipro, Khai, Shah Sikanderbad, Achro Thar, Jamrao, Dera, Dilyar, Chotiyari-an, Gujri (Sanghar), Bhan, Dadu, Pipri, Khudabad, Allahabad, Monder (Dadu).

Our implementation process is underpinned by rigorous field assessments and community engagement, ensuring that installations are strategically placed in areas with the greatest need.

These water solutions are not only restoring health and dignity but also bringing long-term impact to families and entire villages across Pakistan.

Water Crisis in Uganda

2023-2024 Overview:

Uganda, like many parts of Africa, continues to face a severe water crisis, with a significant portion of its population lacking access to clean and safe drinking water. This ongoing scarcity not only threatens public health but also deepens the vulnerability of communities, particularly women and children, who are disproportionately affected by waterborne diseases.

In response to this urgent need, Al-Wahab Foundation's Water Project in Uganda is dedicated to providing sustainable and long-term water solutions to communities struggling with poverty and limited resources.

Your support plays a vital role in addressing Uganda's water crisis as we installed **1 water well** during 2023 to 2024. By donating to Al-Wahab Foundation's water initiatives, you contribute directly to transforming lives and building healthier communities. Together, we have been able to expand access to clean water and create a lasting impact.

Building Masjids, Strengthening Communities

In places where resources are scarce and daily life is a struggle, the presence of a Masjid brings more than just a space to pray, it brings hope, dignity, and unity. A Masjid becomes a centre for spiritual growth, education, and community life. It is where hearts turn to Allah (SWT), and where Islamic values are passed down through generations.

At Al-Wahab Foundation, we deeply understand the sacred importance of these spaces. That is why our Build a Masjid initiative focuses on constructing Masjids in the most neglected and rural areas, where communities often lack the means to build one themselves.

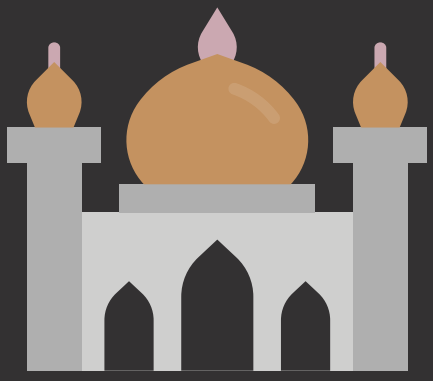
With careful planning, high-quality materials, and close collaboration with local communities, we ensure every Masjid is not just a building, but a lasting spiritual landmark that uplifts and unites the people it serves.

Masjid Projects in Pakistan

Between 2023 and 2024, Al-Wahab Foundation completed **23 Masjids in Pakistan**, providing spaces for worship, learning, and community gathering to more than **2,300 people.**

In collaboration with **WMS Global**, we constructed an additional **5 Masjids.** These included **three in Balochistan, one in Khyber Pakhtunkhwa, and one in Punjab,** collectively reaching a further **1000 individuals.** These communities, previously lacking dedicated prayer spaces, now benefit from vibrant and welcoming Masjids designed to serve their spiritual and social needs.

Our dedicated team in Pakistan continues to enhance the design and quality of every Masjid we build. Each structure is developed with attention to both functionality and aesthetics, and our donors have expressed great satisfaction with the beautiful and lasting impact of these sacred spaces.



28 Masjids in Pakistan
3,300 Beneficiaries

2 Masjid in Uganda
1,200 Beneficiaries

Masjid Projects in Uganda

Our commitment to serving underserved Muslim communities extends beyond borders. In Uganda, we successfully completed the construction of **two Masjids** during this period. These new places of worship now serve **1,200 worshippers** in rural regions where access to Islamic facilities is limited. The Masjids are more than just prayer spaces. They have become focal points for unity, learning, and spiritual upliftment, reinforcing our mission to strengthen faith and dignity wherever we work.

The Lasting Impact of Our Masjid Project

In **Pakistan and Uganda**, Al-Wahab Foundation built a total of **30 Masjids** between 2023 and 2024, collectively benefiting around **4,500 people**. These achievements were made possible by the generosity of our donors and the dedication of our teams on the ground.

As we look to the future, we remain committed to expanding this life-changing programme. With every Masjid we build, we are not simply creating structures. We are strengthening faith, reviving communities, and preserving Islamic heritage for generations to come.

Serving Hope: Food Packs and Cooked Meals for Those in Need

At Al-Wahab Foundation, we are deeply committed to addressing food insecurity and standing in solidarity with vulnerable communities through our Feed the Hungry initiative. Guided by compassion and purpose, we deliver essential food aid to families in crisis, offering not just sustenance, but renewed hope and dignity in the face of hardship.

With your continued support, we aim to ensure that no one is left behind in the fight against hunger.

Food Packs

In Pakistan and Uganda, food scarcity is more than a temporary issue. It continuously fuels the cycle of poverty for those who are desperately trying to escape such conditions.

Through its food packs distribution programme, Al-Wahab Foundation supports families in need by providing monthly food packs containing essential food staples. These packs include vital items such as rice, flour, sugar, lentils, and oil or ghee, helping to alleviate food insecurity and ensure families have access to basic nutritional needs.

Each food pack provided by AWF is carefully curated to sustain a family of six for an entire month, significantly reducing food insecurity and supporting overall well-being.

Between October 2023 and September 2024, our team distributed **1,425 carefully curated food packs**, each designed to sustain a family of six for an entire month, reaching **11,275 individuals** across **Pakistan, Uganda, Afghanistan, and Bangladesh.**

Thanks to the generosity of our donors, **500 packs** were delivered across various regions in **Pakistan**, including Dadu, benefiting **5,000 people.** With support from **HEWO**, an additional **100 packs** reached **600 beneficiaries** in Pakistan.

In **Uganda**, in partnership with the **Raising Hope Foundation, 250 packs** were distributed, including **200 during Muharram**, supporting **1,500 individuals.**

In **Afghanistan**, **325 packs** were distributed with **Human Relief Mission** and **100** more with **As-Subah Academy**, aiding **2,975 people.**

In **Bangladesh**, **150 packs** brought relief to **1,200 beneficiaries.**

These efforts reflect our unwavering commitment to fighting hunger and restoring dignity to vulnerable communities, with continued plans to expand this vital initiative.

425 Food Packs distributed in **Afghanistan**

150 Food Packs distributed in **Bangladesh**

Cooked Meals

Through our cooked food programme, donors have enabled Al-Wahab Foundation to serve freshly prepared meals to the most vulnerable.

In both Pakistan and Uganda, the situation has been further exacerbated by prolonged economic hardship. In these conditions, many families struggle to access even a single hot meal each day. To address this urgent need, our efforts have been geared towards focusing on remote and underserved communities, where access to essential food is severely limited. With the support of local communities, our team has been able to carefully assess and prioritise those in greatest need.

In partnership with **Raising Hope Foundation Uganda**, a total of **300 cooked meals** were distributed, benefitting **300 individuals.** Moreover, a total of **104 large pots of cooked food** were prepared and distributed across targeted regions in **Pakistan**. These include Burmi Colony, Surjani Town, Kalapul, Malir, Karnal Colony, Mangopeer, Gadap Town (Karachi) and Chitral (KPK). These included **22 pots of cooked meals** served during religious gatherings and Qur'an recitations, **32 pots of Qurbani meals on Eid ul-Adha, and 50 pots delivered during the month of Muharram.**

Furthermore, our team provided **2,400 cooked meals** and **1,000 breads** in collaboration with As-Subah Academy, facilitating **3,400 beneficiaries in Afghanistan.** Through this initiative, we have been able to provide nourishment to a total of **9,450 individuals** between October 2023 to September 2024. Your continued support is instrumental in transforming hunger into hope

9,450
BENEFICIARIES OF COOKED MEALS

Rozgar Project: Creating Sustainable Livelihoods

Launched in 2015, the Rozgar Project is one of Al-Wahab Foundation's flagship projects, designed to tackle poverty at its root by enabling long-term economic empowerment. In a country where nearly 24% of the population lives below the poverty line, millions of families face ongoing struggles due to limited infrastructure, high unemployment, and restricted access to resources, particularly in remote and underserved areas.

What distinguishes this programme, is the personal involvement of Chairman Mufti Abdul Wahab, who travels to Pakistan every year to oversee and participate in the direct distribution of rickshaws, motorbikes, and small business assets.

Between October 2023 and September 2024, the Rozgar Project successfully distributed **10 auto rickshaws** and **50 motorbikes** to deserving individuals across Hyderabad, Dadu, and Karachi. These essential vehicles are more than assets, they are lifelines that provide recipients with stable employment, reliable income, and a renewed sense of purpose. This phase of the project directly benefited an estimated **480 individuals**, including family members who now enjoy improved household stability and economic uplift.

In addition, through our Small Business Initiative, **9 individuals** in Karachi were provided with commercial carts to start or grow their own micro-enterprises. These modest businesses have proven to be powerful tools for economic mobility, with benefits extending to **90 people**, including dependents. Each cart represents a step toward independence, restoring dignity and fostering a culture of self-reliance.

The Rozgar Project continues to exemplify Al-Wahab Foundation's vision of poverty alleviation through sustainable solutions. By focusing on economic empowerment, we are not just meeting temporary needs, we are investing in futures, rebuilding livelihoods, and helping communities thrive from the ground up.

Empowering Women Through Sustainable Livelihood Opportunities

We believe that empowering women is fundamental to creating lasting social and economic transformation within certain communities. One of the cornerstones of this effort is our Women Empowerment Project. This project focuses on enabling women from disadvantaged backgrounds to become economically self-sufficient, by providing them with the tools and confidence needed to empower them to become agents of change within their households and beyond.

This project has concentrated on providing sewing machines to women from underprivileged backgrounds, enabling them to strengthen their tailoring skills and establish sustainable sources of income from the comfort and safety of their homes. In the 2023–2024 period, Al-Wahab Foundation successfully distributed **200 sewing machines** to women across suburban areas of Karachi, including Kalapul and Surjani Town. This effort has directly empowered these women to pursue independent livelihoods, positively impacting an estimated **1,800 beneficiaries** including family members and communities.

All applicants undergo a thorough selection and screening process to ensure that this support reaches those most in need. Many of the recipients live in areas where cultural and logistical barriers limit their ability to work outside the home. By offering them an opportunity to earn from within their households, the initiative breaks down these barriers while encouraging a sense of resilience and self-sufficiency.

Restoring Vision Through Eye Care Initiatives

The gift of sight is among the most transformative forms of aid we can offer. At Al-Wahab Foundation, we believe that no one should suffer from preventable blindness simply because they live in poverty.

In Pakistan, the most common causes of blindness—cataracts and refractive errors—are both treatable, yet they continue to impact thousands in low-income communities.

Through our Eye Care programme, we are committed to restoring sight and preventing further loss by providing access to essential treatments, consultations, and awareness on eye care. Our services cater to both children and the elderly, ensuring that individuals at all stages of life receive the eye protection care they need to reconnect with the world around them.

Cataract Surgeries:

Restoring Sight, Restoring Dignity

During this fiscal cycle, with the support of our donors, we successfully conducted **1,200 cataract surgeries.** These procedures have enabled **1,200 individuals** to regain not just their vision, but also their independence, confidence, and quality of life.

With the generosity of our donors, Al-Wahab Foundation has been able to deliver a dignified and seamless experience to patients receiving cataract surgeries. Through your contributions, we have ensured that all aspects of patient care are thoughtfully covered. This includes providing safe and reliable transportation to and from hospitals, allowing patients to access vital treatment without additional financial hardship.

On surgery days, patients are also provided with nutritious cooked meals to offer comfort and strength during their procedures. In addition, specialised surgical tools and hygiene kits have been supplied to ensure the highest standards of care and infection prevention. Team AWF also facilitates eye cataract surgery patients with free pick and drop service ensuring their safety and comfort.

Demonstrating our commitment to compassionate service, Chairman Mufti Abdul Wahab personally visited multiple locations to connect with and support those undergoing treatment. On 2nd November 2023, he visited Khalid Eye Hospital in Karachi to meet with patients preparing for cataract surgeries, offering words of comfort and encouragement. This was followed by a visit to Al-Baseer Hospital in Karachi on 25th April 2024, where he again spent time with beneficiaries and medical staff. Mufti Abdul Wahab also visited various eye camps in underserved areas such as Orangi Town, Landhi, and District Dadu, where he extended his personal support to those in need. These visits are a powerful reflection of AWF's hands-on approach, reinforcing our mission to restore sight and dignity to vulnerable individuals through meaningful, people-centred care.

Eye Camps

As part of our commitment to accessible healthcare and tackling visual impairment, Al-Wahab Foundation's Eye Camps provide free eye consultations and treatment to individuals who lack access to basic eye care services. These camps are staffed by experienced and qualified medical professionals who carry out thorough eye examinations, deliver accurate diagnoses, and prescribe essential medications and corrective eyewear—entirely free of charge.

Between October 2023 and September 2024, Al-Wahab Foundation organised **50 Eye Camps** in underserved areas including New Karachi, Surjani Town, Gadap Town, Orangi Town, Landhi, Gulshan e Maymar, Baldia Town, Korangi, (Karachi), Dadu (Sindh) Winder (Balochistan). Over this period, we were able to screen and treat **12,467 beneficiaries**, providing routine check-ups, dispensing medications, and issuing referrals for further hospital-based care where advanced treatment was required.

Due to the overwhelming response to our Eye Camps, Mufti Abdul Wahab made the decision to organise **50 Eye Camps** annually, aiming to reach and support as many people in need as possible. Chairman AWF Mufti Abdul Wahab personally visits the eye camps and meets the patients to check if everyone is being facilitated well. Our eye camps play a vital role in reducing the burden of preventable blindness and enhancing health outcomes among vulnerable communities. By restoring vision, they empower individuals to regain independence, improve their quality of life, and return to work, education, and daily activities with confidence and dignity.

The Spirit of Ramadan:

A Month of Mercy and Giving

Ramadan is a sacred month of spiritual reflection, compassion, and unity—values that lie at the heart of Al-Wahab Foundation's mission. Each year, we strive to embody the true spirit of this blessed month by delivering meaningful support to communities in need, helping them observe Ramadan with dignity, peace, and ease.

We recognise that fasting during Ramadan is a deeply spiritual act of devotion, reflection, and self-discipline. However, for many vulnerable individuals and families, the lack of access to essentials for Suhoor and Iftar can make this sacred time challenging. At AWF, we are dedicated to supporting those in need—ensuring no one is left behind during this blessed month.

Our annual Ramadan Project is a cornerstone of our humanitarian efforts. Through the generosity of our donors, we provide vital food assistance to those facing financial hardship across multiple regions. To further expand the reach and impact of this initiative, Al-Wahab Foundation has also partnered with trusted organisations on the ground—extending our collective ability to deliver relief where it's needed most.

Together, we continue to uphold the values of generosity, solidarity, and care—ensuring that the blessings of Ramadan are shared with all, especially those who need them most.

- Afghanistan

Ramadan Food Packs

Each Ramadan pack is thoughtfully curated to sustain a family of six for the entire month. It includes key food items such as flour, rice, lentils, sugar, tea, oil or ghee, pasta, cereal, dates, vermicelli, salt, and spices. Between the time period of October 2023 and September 2024, we distributed **1,273 Ramadan food packs in Pakistan**, directly supporting approximately **12,730 individuals**. In **Afghanistan** with the support of the **Human Relief Mission**, **100 food packs** benefited **700 people**, while in **Uganda**, a further **160 food packs** were distributed alongside the **Raising Hope Foundation** to serve around **1,600 individuals**. Through a valued partnership with WMS , we successfully distributed **200 Ramadan food packs** in **Rohingya**, supporting approximately **1,600 individuals.** In total, we provided **1,733 Food Packs** during the month of Ramadan in 2024 benefitting **16,630 individuals.**

Iftar Distributions:

Al-Wahab Foundation also organises Iftar distributions throughout Ramadan to support those who may be away from home, experiencing hardship, or unable to afford a meal to break their fast. In 2024, we provided **1,882 Iftar packs in Pakistan, 2,000 in Afghanistan, and 1,000 in Uganda,** ensuring that thousands could end their fast with dignity and nourishment. Each Iftar pack is carefully prepared to include items such as dates, fruits, biryani, water, juice, and fried delicacies like samosas and pakoras. Our Ramadan initiatives aim not only to provide nourishment but also to strengthen the sense of community during this sacred month. Thanks to the generosity of our supporters, a total of **4,882 Iftar packs** were distributed across three countries, an enduring reminder of the empathy, generosity, and unity that define Ramadan and drive our mission forward.

Spreading Smiles Through Eid Gift Distribution

Every child deserves to experience the joy and celebration of Eid, regardless of their circumstances. As part of our comprehensive Ramadan outreach, we extended our support beyond food assistance to include initiatives that uplift hearts and restore a sense of dignity during this sacred time.

In 2024, we distributed **75 Eid Gift Packs** to children from underprivileged families, enabling them to celebrate Eid with happiness and pride. Each thoughtfully prepared pack included items tailored to the children's needs: new clothes and shoes for boys, and dresses, bangles, and accessories for girls. These gifts allowed them to feel included, valued, and joyful alongside their peers, reinforcing a vital sense of belonging.

Supporting Communities Through Fidya, Fitrana, and Kaffarah

Through our **Fidya** programme, we distributed **429 meals** on behalf of individuals unable to fast due to illness or valid reasons—benefiting a total of **4,290 people**. Your generous contributions also made it possible for us to distribute **1,084 Fitrana** shares, allowing individuals and families in need to mark the end of Ramadan with dignity and fulfil this important obligation with ease.

In addition, our **Kaffarah** programme supported **340 beneficiaries**, helping those who were unable to complete their fasts due to extenuating circumstances. These efforts ensured that everyone, regardless of their situation, could participate in the spiritual and communal essence of Ramadan.
With your continued support, Al-Wahab Foundation remains committed to growing these life-changing programmes—bringing not only sustenance and support, but also hope, dignity, and belonging to countless lives across Pakistan and beyond. Together, we continue to embody the true spirit of Ramadan through empathy, generosity, and unity.

Qurbani

Bringing Blessings to Those in Need

Eid Al-Adha is a sacred occasion during which Muslims around the world commemorate the devotion of Prophet Ibrahim (AS) by performing the act of Qurbani—a reflection of obedience, faith, and compassion. Observed on the 10th, 11th, and 12th of Dhul Hijjah, this spiritual practice serves not only as a fulfilment of religious duty but also as a powerful means of reaching those most in need.

We are dedicated to ensuring that the blessings of Qurbani extend to impoverished and underserved communities. Through the generous support of our donors, we carefully source, transport, and distribute Qurbani meat as well as cooked food to those who may otherwise be unable to partake in the joy of Eid.

In Dhul Hijjah 2024, we successfully reached **31,832 beneficiaries, distributing meat from 191 lambs, 87 goats, 44 cows, and 17 camels.** Every sacrificial animal was meticulously selected to meet Shariah-compliant health and safety standards, ensuring the integrity of the Qurbani process here at AWF. Our team also made sure to supervise the sacrificial procedure to ensure that all actions were performed in strict accordance with Islamic principles.

31,832
BENEFICIARIES OF QURBANI

The meat was distributed across numerous regions in Pakistan, including Wangi Goth, Sohail Goth, Gulzarabad, Umer Goth, Kherabad, Surjani Town, Malir Town, Jhelum and other vulnerable communities. For many recipients, this was their only opportunity in the year to enjoy a nutritious meal during the blessed days of Eid. Our team distributed **32 pots of cooked food** to the most deserving, **benefiting 1,600** through the Qurbani Project 2024.

1,600
BENEFICIARIES
FROM 32
HOT MEALS

191	LAMBS
87	GOATS
44	COWS
17	CAMELS

We believe every Muslim should be able to celebrate Eid al-Adha with dignity. Through your continued generosity, our Qurbani Project transforms an act of faith into a shared moment of joy, unity, and compassion, touching the lives of thousands and reflecting the true spirit of Eid.

AWF's Winter Relief:

Bringing Warmth to Those in Need

As the winter approaches, its extreme conditions become a serious threat to many communities; especially those already facing economic hardship and social instability. Seasonal changes often deepen their struggles, making even basic survival a daily challenge.

In response, Al-Wahab Foundation's Winter Relief Project continues to embody our dedication to supporting vulnerable communities during the challenging cold months of the year.

During our Winter Appeal 2023-2024, Al-Wahab Foundation distributed Winter Kits which are made up of the following vital items across **Pakistan, Afghanistan, and the UK.** They are carefully assembled to include gloves, blankets, socks, shawls, warm clothing, sleeping bags, thermoses, and other essentials to provide much needed protection against the cold.

In **Pakistan**, daily life continues to be a struggle for those living below the poverty line. Worsening inflation and widespread unemployment have made even the most basic necessities unaffordable. As families strive to maintain stability amidst rising costs, winter only deepens their hardship. Through the provision of Winter Survival Kits, Al-Wahab Foundation has been able to distribute **700 kits** across Karachi and Dadu, benefiting approximately **4,200 individuals** during October 2023 - September 2024.

Even in developed nations like the United Kingdom, the rising cost of living is taking a severe toll. Many households are grappling with food insecurity and financial hardship. Our Winter Appeal was launched to ensure that no one is left behind during these challenging times. Thanks to your generous support and our partnership with **Hotspot Food**, we've provided **100 essential Winter Kits**, reaching **400 individuals and families in need.** These kits have offered vital relief during the severe winter months, particularly for those experiencing homelessness and living without shelter due to dire financial circumstances.

Winter Kits Distribution

Together, we have been able to deliver warmth and bring lasting change to those facing the harshest of winters. These efforts reflect our commitment to standing by those in need. In total, 900 winter kits were distributed, reaching and benefiting 5,300 individuals through our Winter Project.

In Afghanistan, years of conflict, economic collapse, and natural disasters have left the most vulnerable communities in desperate need of humanitarian aid. As winter approaches, many are left without shelter, warmth, or food. Thanks to your generous contributions to our Winter Appeal, we were able to deliver **100 life-saving Winter Survival Kits**, providing vital support to **700 individuals** facing intense weather conditions.

Zakat Distribution

From underserved communities in Pakistan to families struggling with hunger and poverty, Zakat donations to Al-Wahab Foundation have empowered over **13,000 beneficiaries** between 2023 and 2024 alone. These donations helped deliver critical eye care, distribute winter kits and food packs, and provide sustainable livelihoods through our Rozgar Project.

Zakat, one of the five pillars of Islam, is more than an act of giving, it is a powerful force for economic justice, compassion, and community transformation. At Al-Wahab Foundation, we uphold this responsibility with the utmost care and integrity, ensuring every donation is used in strict accordance with Islamic principles to uplift lives and restore dignity.

Fulfilling a Sacred Duty

Zakat is not merely a charitable option, it is a religious obligation and one of the fundamental tenets of Islam, ordained by Allah to ensure justice, equity, and care for the most vulnerable members of society. As Allah says in the Qur'an:

"Take from their wealth a charity by which you purify them and cause them increase..." (Surah At-Tawbah 9:103)

When managed with sincerity and precision, Zakat becomes a transformative tool for poverty alleviation, wealth redistribution, and spiritual purification.

Al-Wahab Foundation is honoured to help Muslims fulfil their duty of giving Zakat by channelling it towards providing essential food aid and winter support, enabling access to life-changing eye care facilities, and empowering families through sustainable livelihood opportunities.

Responsible and Transparent Zakat Distribution

Al-Wahab Foundation is committed to responsible and transparent Zakat distribution, ensuring every donation is handled with accountability and compassion. All Zakat funds are directed exclusively to eligible recipients in accordance with Shariah guidelines, allocated to projects that deliver meaningful humanitarian impact, and managed through transparent systems that uphold our 100% Zakat donation policy. Our Zakat-supported programmes include Eye Care initiatives offering free consultations, cataract surgeries, and treatments through Eye Care Camps; Food Security efforts through the distribution of Food Packs and Cooked Meals; Livelihood Support via the Rozgar Project, which equips individuals with tools to earn a dignified income; and Emergency Relief, including the provision of Winter Kits during periods of extreme hardship.

Sadaqah's Impact:

Uplifting Lives Through Charity

What is Sadaqah?

Sadaqah, the voluntary act of charity in Islam, reflects the sincerity, compassion, and generosity that lies at the heart of our faith. Unlike Zakat, which is a compulsory obligation, Sadaqah can be offered at any time, in any amount, and in countless forms. The role of Sadaqah in Islam is deeply rooted in prophetic tradition. The Prophet Muhammad (S.A.W) said, ***"Charity does not decrease wealth"*** (Sahih Muslim). It purifies one's wealth and soul, offering protection from calamity while reinforcing a sense of shared humanity. Sadaqah is not limited by income, status, or circumstance. It is accessible to all and beneficial to all. Every act of giving, no matter how small, is recognised and rewarded by Allah (SWT).

Monetary Sadaqah:
Meeting Urgent & Ongoing Needs

One of the most impactful forms of Sadaqah is monetary charity, which enables rapid response to crises while addressing sustained hardship in struggling communities. At Al-Wahab Foundation, your monetary Sadaqah has played a vital role in helping individuals and families facing poverty, illness, and instability. During this reporting period, our Sadaqah Fund directly benefited an estimated **9,800 people in need.**

Through these donations, we were able to deliver medical assistance to patients unable to afford treatment, support people with sustainable livelihood, and distribute food packs to families experiencing hunger. Additionally, your contributions helped provide clean water solutions in areas lacking safe access and supported the construction and renovation of Masjids, restoring both physical and spiritual infrastructure for communities in need. These efforts not only met urgent needs but also laid the groundwork for resilience, dignity, and long-term wellbeing.

Sadaqah Animal Sacrifice

An important part of our Sadaqah programme was the facilitation of Sadaqah through animal sacrifice. With the help of our valued donors, Al-Wahab Foundation sacrificed **9 goats** and distributed the meat to **432 individuals.** For many recipients, this was one of the few times in the year they were able to enjoy such nutrition. Beyond physical sustenance, this initiative symbolised inclusion, care, and the deep spiritual connection between donor and recipient.

Serving Humanity in the UK

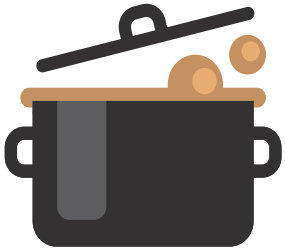
In the United Kingdom, the ongoing cost-of-living crisis and rising unemployment have placed immense strain on low-income households. For many individuals, affording daily necessities, particularly food, has become increasingly difficult. The ever-increasing food prices, coupled with economic instability, have left many feeling isolated and overwhelmed by circumstances beyond their control.

Through our Serving Humanity project, Al-Wahab Foundation has been able to quickly and calmly respond to these challenges by delivering support to those most affected. With the generous contributions of our supporters, we have been able to provide hot meals and winter survival kits to many families facing hardship in the UK.

With the support of the **Harrow Association of Somali Voluntary Organisations (HASVO)**, we distributed **50 food packs**, providing nourishment to **300 individuals** within the local community.

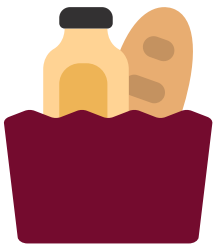
Moreover, we also distributed freshly prepared hot meals to help alleviate hunger within local communities in London. From 2023 to 2024, we delivered **400 hot cooked meals** on a weekly basis, feeding **400 individuals**, allowing us to make a difference to many during difficult times.

In addition, Al-Wahab Foundation also extended support to underprivileged communities through its Ramadan Food Pack Distribution.
In partnership with Hotspot Food, we successfully distributed **200 Ramadan food packs**, which included dates, cooking oil, rice, tinned chick peas, pasta sauce, pasta, baked beans and other essential items directly benefiting **800 individuals**. Each pack was carefully assembled to ensure that families received essential food supplies that would support them throughout the holy month across the UK.



4,190
Cooked Meals

100
Winter Survival Kits



250
Food Packs

In our ongoing commitment to food security, we also work closely with My Yard Charity, delivering hot meals. Between 2023 and 2024, this initiative resulted in the delivery of **3,790 cooked meals**, directly benefiting **3,790 individuals** in need. Beyond food provision, our outreach extended to those living through winter without shelter. In collaboration with Hotspot, we distributed **100 winter survival kits**, which resulted in approximately **400 beneficiaries**, offering warmth and comfort to those experiencing homelessness during the harsh winter months.

Serving Iftar Meals to NHS Heroes During the Month of Ramadan

In a spirit of unity and gratitude, Team Al-Wahab Foundation proudly partnered with **London Northwest University Healthcare NHS Trust (LNWH)** during Ramadan 2024 to honour NHS frontline staff through a series of Iftar programmes. This collaboration was initiated through a meaningful engagement with Imam Rizwan Rawat, who currently serves as the Head of Chaplaincy Services at LNWH, a landmark appointment as he is the first Imam to hold this esteemed position.

Al-Wahab Foundation, in partnership with LNWH, organised Iftar distributions at three major hospitals: Northwick Park Hospital, Central Middlesex Hospital, and Ealing Hospital NHS Trust. These events were more than just meal distributions, they were thoughtful acts of appreciation for the dedicated healthcare professionals who tirelessly serve their communities, often under immense pressure. Muslim and non-Muslim staff alike gathered to break their fast or share in the experience, embracing the shared values of compassion and care.

Adding to the significance of these gatherings, Mufti Abdul Wahab, Chairman of Al-Wahab Foundation, personally attended each of the Iftar events along with his dedicated team. His presence brought a heartfelt and personal touch, as he met with doctors, nurses, and support staff, distributed meals by hand, and offered words of encouragement

Across the three hospitals, a total of **460 freshly prepared halal meals** were served. Each meal was more than food—it was a gesture of solidarity and a moment of reflection during the sacred month of Ramadan.

This Ramadan initiative is part of Al-Wahab Foundation's broader 'Serving Humanity in the UK' programme, which also encompasses hunger relief, winter aid, and support for low-income and homeless individuals. Looking ahead, Al-Wahab Foundation intends to collaborate with Imam Rizwan Rawat to further expand its outreach, particularly in supporting NHS staff who continue to serve on the front lines with dedication and resilience.

Stories of hope

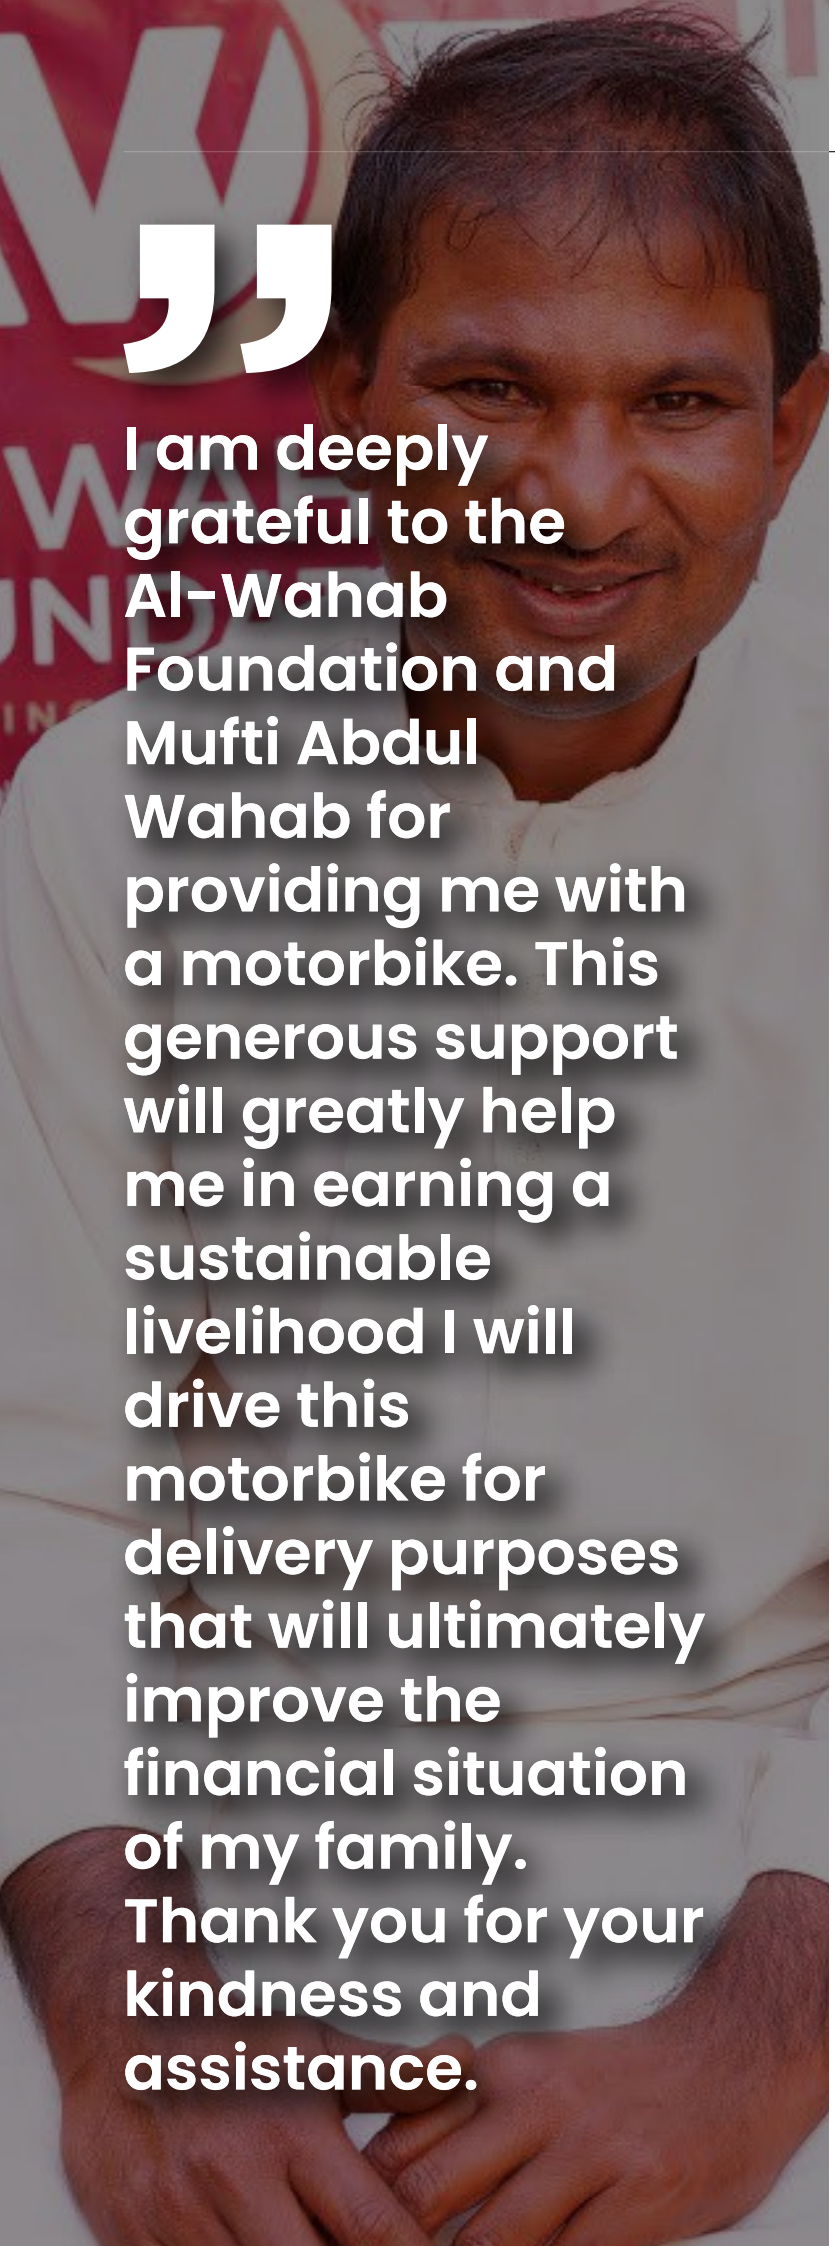
Your Support Restored Abdullah's Hope and Eyesight

My name is Abdullah and I am a resident of New Karachi. For over five years, I struggled with vision problems, but I couldn't afford to even get it examined. I heard about Al-Wahab Foundation's free eye camp in our area and went for a free check-up where I was diagnosed with eye cataract. AWF not only arranged for my free of cost eye surgery, they also provided transport, meals, and support throughout the process. Everything was handled with such care and respect. I'm deeply grateful to the Al-Wahab Foundation and Mufti Abdul Wahab. May Allah reward them for giving me the gift of sight.

Your Qurbani Brought Joy to My Family – Saleem

My name is Saleem. I live with my wife Zareena and our nine children in a remote part of Sindh. I work as a mercenary and am the only one earning. No matter how hard I try, it's tough to feed my family.

We often go without proper meals, and meat is something we simply can't afford. But on Eid Al-Adha, when we receive Qurbani meat from Al-Wahab Foundation, it's a blessing. We cook, store, and savour it over a few days, it brings real happiness to our home. I thank the Al-Wahab Foundation from the bottom of my heart. May Allah reward them for remembering families like mine.



I am deeply grateful to the Al-Wahab Foundation and Mufti Abdul Wahab for providing me with a motorbike. This generous support will greatly help me in earning a sustainable livelihood I will drive this motorbike for delivery purposes that will ultimately improve the financial situation of my family. Thank you for your kindness and assistance.

Support That Changed My Life – Saleem Kanwar

My name is Saleem Kanwar, and I am from Dadu. I am a labourer and the sole breadwinner for my family. I have two young children who are suffering from poor health, and it has been extremely difficult to make ends meet with my limited income.

My daily earnings are barely enough to cover basic necessities like food and medicine, let alone any unexpected expenses or medical treatments for my children.

Al-Wahab Foundation: Celebrating 10 Years of Service

In September 2024, Al-Wahab Foundation proudly marked ten years of dedicated humanitarian work with two milestone charity dinners held in London and Manchester. These events celebrated a decade of impactful service while bringing together long-standing supporters, donors, and members of the community who have journeyed with us over the years.

London Charity Dinner — September 6th, 2024

The charity dinner at the Royal Nawab was a truly special evening, bringing together our respectable supporters, notable guests, and dedicated trustees in a warm atmosphere of shared purpose. Chairman Mufti Abdul Wahab's heartfelt speech reflected on the Foundation's journey over the past decade, reminding everyone of the enduring commitment to serving those in need. Trustee Aftab Ahmed also spoke with deep sincerity, emphasising the power of collective compassion and the importance of continued support for our humanitarian projects.

Having everyone come together at one place created a genuine sense of transparency and trust, inspiring guests to engage even more deeply with the Al-Wahab Foundation's mission. Throughout the evening, moving documentaries revealed the real lives touched by our work across Pakistan, the UK, Uganda, and Afghanistan. These stories did more than inform—they touched hearts and strengthened the bond between our donors and the communities they support.

As a result, the event significantly advanced our fundraising efforts, providing hope and resources to sustain critical initiatives such as poverty alleviation, water well installations, masjid construction, and sight-restoring surgeries through our Eye Care Project. In bringing everyone together with honesty and compassion, the evening renewed our collective commitment to bringing dignity and lasting change to those who need it most.

Manchester Charity Dinner

September 27th, 2024

Building on the inspiring momentum from London, the Manchester charity dinner brought together a compassionate community eager to support AWF's vital work. Warmly hosted by Sohail Zarrar and Tehreem Noor, the evening created an atmosphere of heartfelt connection and shared commitment.

Chairman Mufti Abdul Wahab's keynote speech resonated deeply, reminding attendees of the Foundation's ongoing mission to bring tangible change to vulnerable communities worldwide. Through his words, the importance of collective effort and steadfast dedication was clearly conveyed.

Our documentaries provided a glimpse into AWF's impactful projects, ranging from water well & hand pumps installations and mosque constructions to sight-restoring Eye Camps and surgeries. These heartfelt stories quietly yet profoundly strengthened the trust between AWF and its supporters, moving donors to respond with sincere and generous support.

The connection developed between AWF and its audience translated into meaningful contributions that will directly support those in greatest need. This evening in Manchester was more than a gathering; it was a reaffirmation of shared values and a collective step forward in the journey to uplift lives.

Volunteers: The Foundation of Our Compassionate Work

As we reflect on the impact made from October 2023 to September 2024, we extend our heartfelt thanks to the dedicated volunteers who have been at the heart of Al-Wahab Foundation's mission.

From helping organising successful Charity Dinners to distributing Iftar packs, Winter Survival Kits, and essential aid, their tireless efforts have touched countless lives. Their compassion and commitment have brought hope to the most vulnerable and strengthened the spirit of unity within our communities.

Our volunteers don't just support our work, they reflect its true spirit. Thank you for being a vital part of this journey and for serving with such sincerity, not for recognition, but to truly make a difference.

Partnerships

Empowering AWF's Initiatives

At Al-Wahab Foundation, we believe that collaboration is a catalyst for meaningful and lasting change. Our partnerships go beyond simple cooperation, they serve as vital connections to communities in need, enabling us to extend our reach and strengthen our impact.

These relationships reflect our commitment to serving humanity through impactful, sustainable projects. By working hand in hand with our partners, we demonstrate the strength and beauty of collective action. Together, we are building stronger, more inclusive communities and paving the way for a brighter future for all.

Advancing Global Goals

AWF and the UN Sustainable Development Agenda:

At Al-Wahab Foundation, our work is closely aligned with the United Nations Sustainable Development Goals (SDGs), reflecting our commitment to global progress and social equity through faith-driven humanitarian action.

Together, these efforts illustrate how Al-Wahab Foundation is not only meeting urgent needs but also contributing to lasting, sustainable change in alignment with the UN's global development agenda.

Our initiatives actively contribute to ending poverty by providing comprehensive assistance in the form of food distribution, Zakat, Sadaqah, and livelihood programmes that uplift disadvantaged families and promote long-term self-reliance.

To combat hunger and malnutrition, we deliver essential sustenance through food packs, cooked meals, and Iftar distributions—particularly during periods of increased vulnerability such as Ramadan. These interventions ensure that no one is left behind in their ability to meet basic nutritional needs.

In support of good health and well-being, we organise free medical and eye care camps, including life-changing cataract surgeries for underserved patients. These programmes restore health, dignity, and independence to those most in need.

Our Women Empowerment Project promotes gender equality by equipping women with sewing machines and entrepreneurial training, enabling them to earn a dignified income within the boundaries of their social and cultural environments.

To ensure access to clean water and sanitation, AWF installs water hand pumps, wells, and infrastructure in remote regions, significantly improving public health and community resilience, while also promoting hygiene education and awareness.

Our Rozgar Project supports decent work and economic growth by distributing rickshaws and delivery motorbikes, enabling sustainable income generation, fostering economic inclusion, and empowering individuals to build stable livelihoods for their families.

We are committed to reducing inequalities by extending targeted support to marginalised communities. This includes the provision of mobility aids such as wheelchairs for differently-abled individuals, ensuring equitable access to resources and opportunities.

Finally, through the construction and restoration of mosques and community centres, we promote sustainable cities and communities, reinforcing social cohesion and supporting holistic development through access to faith-based education and safe communal spaces.

Reflecting on 2023–24

Thank You for Making a Difference

As we look back on the achievements of the 2023–2024 period, we extend our deepest gratitude for your continued support of Al-Wahab Foundation's humanitarian mission. Your generosity, compassion, and steadfast commitment have empowered us to reach thousands of individuals and families around the world with vital aid and hope.

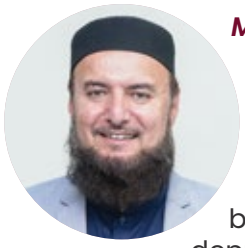
Thanks to your contributions, we were able to provide life-saving food assistance, clean water, essential healthcare, and winter relief to communities enduring some of the most difficult conditions. Your support has not only alleviated hardship but has also renewed hope where it was needed most.

You remain at the heart of every impact we make. Each donation—no matter the size—has been instrumental in driving our mission forward. Because of your belief in our work, we have expanded our reach and deepened our response to the growing needs of vulnerable populations. As we look to the future, we warmly invite you to continue this journey with us. With your continued partnership, we are determined to broaden our efforts and uplift even more communities facing hardship. Together, we can build a future rooted in compassion, dignity, and lasting change.

Report Of The Trustees For The Year Ending On September 30th, 2024

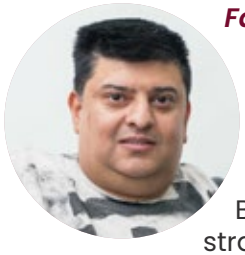
The Trustees of Al-Wahab Foundation present their annual report, together with the audited financial statements, for the year ended 30th September 2024. The financial statements have been prepared in accordance with the Accounting and Reporting by Charities: Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and in compliance with the Charities Act.

Board Of Trustees



Mufti Abdul Wahab, Chairman of Al-Wahab Foundation, has been actively involved in philanthropic work for over a decade. A respected Islamic scholar with a strong presence on both international platforms and social media, he has built a growing and engaged following. Throughout his journey, Mufti Abdul Wahab has remained deeply committed to effecting meaningful, positive change within society. In 2012, he established Al-Wahab Foundation with a clear vision: to help build a more just and equitable society where no one is left to endure hardship or deprivation. Guided by this mission, he continues to provide strategic oversight of the Foundation's operations and maintains a hands-on approach by regularly visiting project sites to ensure that aid is delivered efficiently, transparently, and in accordance with Al-Wahab Foundation's values. His dedication and leadership have played a pivotal role in driving tangible improvements in the lives of countless individuals and communities served by Al-Wahab Foundation.

Aftab Ahmed is a dedicated humanitarian and accomplished entrepreneur who has successfully built Euro Mobiles and Laptops into a thriving business through vision, perseverance, and strategic leadership. He now brings this same commitment and passion for service to Al-Wahab Foundation with the aim of creating meaningful and lasting change in the lives of those in need. With a strong aptitude for managing complex and sensitive matters, Aftab Ahmed is exceptionally well-suited to his role as a Trustee of the Foundation. He plays an active and hands-on role in all UK-based projects and is deeply committed to expanding the Foundation's welfare initiatives across the region. His drive to make a positive impact is both admirable and inspiring, and his contributions are anticipated to add significant value to the ongoing work of Al-Wahab Foundation.



Faisal Rao brings a wealth of expertise in accounting and financial management, which has been instrumental in ensuring the effective oversight and allocation of Al-Wahab Foundation's funds, both within the UK and internationally. A qualified accountant working with a major London-based organisation, Faisal combines his professional acumen with a deep commitment to social impact. Motivated by a desire to contribute to meaningful change, he joined Al-Wahab Foundation's Board of Trustees, where his financial insight plays a vital role in enabling timely and strategic funding of key projects. His contributions are not only essential to the charity's operational success but are also deeply valued by the entire organisation..

Structure, Governance & Management

Governing Document:

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Risk Management Policy:

A separate log is maintained to determine the risk factors that can affect the operations of Al-Wahab Foundation, formerly known as Ummah Charity International, and can produce significant hurdles in work. These factors usually come under discussion in trustee meetings and require necessary action. Mainly the risk that can be a potential threat is the financial position of the organisation. It applies both on internal and external levels. On internal, the level of reserves and on external, it is the economic calamity which can affect our donors and funders and can distress them from supporting good causes. Trustees are aware of these potential risks and have already discussed overcoming the threats (if they arise) with possible risks and have agreed to discuss them in every trustee meeting so that a quick response can be discoursed and delivered on time. It is also worth mentioning that despite the financial risks, areas like governance, competition, operations, fundraising, legal compliance, visibility, and information technology are well assessed and discussed in detail. The charity is controlled by its governing document, a deed of trust, and constitutes an incorporated charity.

Risk Of Governance:

Al-Wahab Foundation needs to ensure that proper governance structures and practices are adopted to reduce the risk of failure and can support the survival and success of the organisation. The board will regularly review the policies and procedures to ensure they meet the governance and operating standards.

Funding:

Al-Wahab Foundation does not have a fixed amount of income. In continuation of work, it will be absolutely dependent on the donations made by the public or other charity organisations. Projects are only initiated when the complete funds are available to cover the cost but an exceptional case where Al-Wahab Foundations has also set aside a portion of reserves to reduce the disruption in the event due to a temporary fall in donations.

Complaints Handling:

We have a complaints policy in place, and a complaint can be submitted to us either in person, by telephone, by email, or via our website contact form. Complaints will be dealt with per our policy. We strive to make Al-Wahab Foundation meet high standards and up to the expectations of our donors. All procedures and frameworks are reviewed regularly for improvement purposes.

I.T & Data Storage:

Al-Wahab Foundation is reliant upon electronically stored data. However, the damage to our computer systems will not disrupt any of our humanitarian operations. This is because copies of all our data have been made to keep the information, we have secure. Our fundraising teams utilise different approaches, which include the following: Individual donor giving, Challenges, Events, Online giving, Communities fundraising, Live TV appeals, Call centres, Direct mail, and Fundraising activities carried out by our staff or volunteers. We don't use third parties or agencies.

General Data Protection Regulation (GDPR):

Since 2017, we have provided training to staff members regarding the importance of GDPR. An action plan was implemented, and all donors were sent consent forms and emails. We have a data protection policy and privacy statements.

Our Objectives & Activities

Al-Wahab Foundation is a non-profit development organisation devoted to uplifting lives in impoverished and crisis-affected regions, without discrimination of any kind. Our mission is built around key pillars that aim to bring long-term, sustainable change:

- **Transforming Lives Through Rozgar Project:** We empower individuals through livelihood support by providing rickshaws, delivery motorbikes, and small businesses, enabling them to earn a dignified living and support their families.
- **Women Empowerment:** Recognising the pivotal role of women in society, we offer resources like sewing machines to help women become economically independent and socially empowered.
- **Feeding the Hungry:** To combat food insecurity and malnutrition, we regularly distribute food packs, cooked meals, and iftar provisions to families in need, especially during times of crisis and across Ramadan.
- **Water for Life Project:** Access to clean water is a basic human right. Our Water for Life Project installs water hand pumps and wells in underserved communities, significantly improving health and hygiene standards.
- **Providing Free Eye Care:** We offer life-changing support through our free Eye Camps, where cataract surgeries and eye treatments are provided to those who cannot afford them, restoring sight and dignity.
- **Emergency Relief:** In times of disaster and conflict, our teams are quick to respond with emergency aid, including food, shelter, hygiene kits, and medical care, ensuring vulnerable communities are not left behind.
- **Build a Masjid Project:** We help build new mosques in under-resourced areas, creating sacred spaces for prayer, community gathering, and Islamic learning for generations to come.
- **Serving Humanity in the UK Projects:** Our compassion begins at home. We support vulnerable individuals across the UK through hot meal distributions, winter aid (including warm clothing and hygiene kits), and assistance for the homeless and low-income families.

Through these wide-ranging initiatives, Al-Wahab Foundation remains committed to transforming lives with dignity, compassion, and excellence — one community at a time.

Expertise In Our Humanitarian Projects:

This includes our response to any natural disasters, including earthquakes, pandemics, flooding, and every such situation that requires efficiency and quick action. We also focus on building a better community as an important aspect of our objectives through our local projects and social bonding with a wide variety of people and organisations.

Empowering The Communities:

Development of integrated programmes especially sustainable livelihood projects which enable vulnerable communities to break out of the cycle of poverty, whether it is by setting up a small business or distributing rickshaws. We have a gender equality policy therefore the Women Empowerment project gives women an equal chance to make their journey towards a better future.

Trust Building & Work Efficiency:

Al-Wahab Foundation is based on transparency, neutrality, and sincerity with effective leadership and programme management. The importance of each project in Al-Wahab Foundation is inevitable and the work that we do is bringing vulnerable communities, who are entrapped by poverty, towards hope and stability. Our food projects, clean water provision, education, women empowerment, and emergency relief in natural disasters are serving the community on a large scale as per their needs.

Accountability

Al-Wahab Foundation is committed to maintaining and continually improving high standards of accountability, which is essential to the integrity and effectiveness of our charitable work. To support our mission and ensure maximum impact, we have robust systems in place that include stakeholder participation, structured feedback processes, complaints handling, and regular reporting. We take the responsibility of managing donations very seriously. When a contribution is made toward a specific cause or project, we ensure that the necessary resources and personnel are in place to deliver aid directly to the individuals and communities most in need. All charitable funds, including Zakat, Sadaqah, and other forms of giving, are carefully monitored and reviewed by our Founder and Chairman, Mufti Abdul Wahab, to ensure that every donation is used in strict accordance with its intended purpose. Upon completion of each project, detailed reports and updates are shared with donors to maintain transparency and build trust. Al-Wahab Foundation upholds open and accountable relationships with all stakeholders, including the public, donors, volunteers, staff, and relevant regulatory bodies in every country where we operate. We are also grateful to donors who have submitted a Gift Aid Declaration, as this significantly enhances the value of their support and helps us do even more for those in need.

Public Benefit

The Trustees confirm that they abide by the Charity Commission's general guidance on public benefit, complying with Section 4 of the Charities Act 2006 to have due regard to public benefit in pursuance of its objectives and activities. The initiatives taken by Al-Wahab Foundation left a deep impact and delivered a sense of well-being & happiness without compromising on people's self-respect. We have been playing an effective role in helping those who are in dire need. AWF has undertaken different projects over the years; some were meant to provide immediate relief, while others were meant to uplift the economic status of families. In either case, our efforts have proven fruitful and helped the beneficiaries in changing their lives and providing them with a chance to uplift their current situation. It is worth mentioning that whatever we have achieved so far is quite encouraging and a source of boosting our morale and spirit to continue the good work for the public's benefit and help.

Future Vision & Development

Plans for Al-Wahab Foundation

Chairman Mufti Abdul Wahab outlined his vision for the future direction of Al-Wahab Foundation, with a focus on enhancing current projects and expanding their reach to benefit more vulnerable communities. Al-Wahab Foundation plans to continue delivering its existing programmes with greater efficiency and impact, particularly in regions where the need remains critical.

A new initiative under consideration is the launch of a solar panel installation project to address energy poverty, especially in areas experiencing ongoing energy crises. This effort reflects Al-Wahab Foundation's commitment to sustainable and practical solutions for long-term benefit.
Ensuring transparency and maintaining donor trust remain top priorities, AWF will continue to provide regular feedback, monitor project outcomes, and uphold accountability at every stage of implementation.

Technology continues to play a pivotal role in the AWF's operations. The use of social media and digital platforms is being actively leveraged to share updates, promote campaigns, and reach wider audiences,both locally and internationally. There is a strong emphasis on improving digital engagement and making it easier for supporters, particularly overseas, to contribute and stay informed.

Domestically, Al-Wahab Foundation is expanding its partnerships with local charities and community organisations across the UK. Efforts include the distribution of food packs, hot meals, winter kits, and support for individuals with disabilities. As resources grow, the Foundation intends to scale these initiatives further.

Sustainability and responsible delivery are central to all future planning. Programmes will be designed to ensure lasting impact, avoiding one-off interventions. Internally, the organisation continues to strengthen its team through volunteer training and capacity building, fostering a culture of learning and collaboration.

Despite anticipated challenges, such as inflation, global conflict, and any circumstantial shifts, Al-Wahab Foundation remains committed to growth through strategic outreach and diversification of its donor base. Its overarching aim is to continue serving humanity with compassion, integrity, and long-term vision.

Partnership Policy And Principles

Al-Wahab Foundation recognises the value of collaboration in maximising impact and reaching vulnerable communities with dignity and care. Our partnerships are built on shared values, trust, and accountability. The following principles guide all our local and international partnerships:

- **Shared Value and Complementary Strengths:** Every partnership must add value. Each party brings unique strengths, be it knowledge, networks, or resources, which contribute to the success of our programmes. Roles and expectations are clearly defined to promote mutual trust and accountability.
- **Mutual Respect and Inclusivity:** We acknowledge and respect differences in backgrounds, beliefs, and working styles. Partnerships are grounded in shared humanitarian values and a joint commitment to dignity, gender equality, and inclusion.
- **Clear Roles and Understanding:** A successful partnership requires clarity on each organisation's role. We strive for transparency, regular communication, and shared goals to ensure both organisations contribute meaningfully and benefit equitably.
- **Accountability to Communities:** Our ultimate accountability lies with the communities we serve, especially those affected by poverty, disaster, or conflict. We also maintain transparency with other stakeholders, including donors, local authorities, and partner organisations.
- **Sustainable and Strategic Partnerships:** Al-Wahab Foundation is committed to building long-term, strategic partnerships. We prioritise partners who share our vision, are open to growth, and are responsive to changing needs and emerging challenges.

Partner Appraisal and Minimum Requirements

Before entering any formal collaboration, we ensure that:

- The partner is a good strategic fit for our mission and approach.
- The partner has the capacity to deliver, manage funds responsibly, and meet compliance standards.
- We share a common understanding of roles, responsibilities, and expected outcomes.

Agreements and Support

Once a partnership is approved:

- A Partnership Conversation is held to align on purpose, roles, and mutual expectations.
- A Memorandum of Understanding (MoU) is signed outlining the broad terms of collaboration.
- Al-Wahab Foundation offers capacity-building support where needed to help partners meet operational, financial, and compliance standards.

This approach ensures that our partnerships are rooted in trust, aligned with our mission, and focused on sustainable impact for the communities we serve.

Fundraising Activities

The trustees periodically review the charity's fundraising activities and sources of income to ensure compliance with best practices and to diversify funding streams. Over the reporting period, Al-Wahab Foundation continued to adopt innovative fundraising methods to increase awareness and generate support.

Notably, the use of television charity appeals proved highly effective in engaging wider audiences and increasing donations. In addition, the trustees encouraged the regular use and updating of online fundraising platforms, such as JustGiving, to reach more donors and promote transparency.

The charity is committed to maintaining high standards in fundraising, ensuring that all campaigns are ethical, transparent, and aligned with the values of Al-Wahab Foundation. Where third-party fundraising is involved, appropriate oversight and controls are implemented.

Financial Review

Income

All incoming resources are included in the Statement of Financial Activities (SOFA) when the charity is legally entitled to the income, the amount can be quantified with reasonable accuracy, and there is a certainty of receipt. Donations: This comprises all incoming resources from donations and gifts collected directly by the charity and income from fundraising events/ appeals during the year. Gift Aid tax recoverable under the Gift Aid Scheme is recognised where there is an entitlement, certainty of receipt, and the amount can be measured with sufficient reliability. Where a claim for repayment of income tax has been or will be made, such income is included in the debtors' amount if still not received by the year-end.

Reserves Policy

The beneficiaries of the Al-Wahab Foundation are communities from different backgrounds and cultures, the only thing common among them is "poverty and insufficient resources" most of them receive assistance and support from AWF on a regular basis as their economic conditions do not allow them to fulfil the requirements on their own. AWF's ongoing projects are a big hope for thousands of people, and any delay or obstacle in delivering the projects can awfully affect their lives. Therefore, trustees are in view that a minimum of twelve-month reserve would be necessary to run the programs smoothly and to ensure sustainability. The AWF runs learning, fundraising, capacity building and advocacy activities and programmes supporting communities and individuals. The AWF Reserves Policy is to maintain a sufficient level of reserves to enable normal operating activities to continue over a period of up to six months should a shortage in income occur and to take account of potential risks and emergencies that may arise from time to time. This policy will be reviewed at the Annual Trust meeting each year. The Chairman will present the Trustee Board with a draft document and supporting materials that enable them to make an informed decision about levels of Reserves and feeds into their approval of the strategy document and annual operating budget.

Review

During the year from 1st October 2023 to 30th September 2024, the charity raised **£996,988** in direct donations from the general public to carry out the programmes mentioned in the Statement of Financial Activities. Most of this was utilised in the year, and the remaining funds are in reserve for ongoing projects. The charity continues to work closely with a number of partner organisations in providing aid to the needy, and of the expenditure, **£461,664** was spent with these partner organisations. The income tax recoverable from Gift Aid is used for admin and marketing-related expenses.

Statement Of Trustee's Responsibility

The trustees are responsible for preparing the financial statements in accordance with the law applicable to charities in England and Wales — the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008, and the provisions of the trust deed.

- In preparing the financial statements, **the trustees are required to:**
- Select suitable accounting policies and apply them consistently.
- Observe the methods and principles of the Charity SORP (Statement of Recommended Practice).
- Make judgements and estimates that are reasonable and prudent.
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charity will continue its operations.

The Trustees are also Responsible for:

- Keeping proper accounting records that disclose the financial position of the charity with reasonable accuracy at any time.
- Ensuring that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008, and the trust deed.
- Safeguarding the charity's assets and taking reasonable steps for the prevention and detection of fraud and other irregularities.

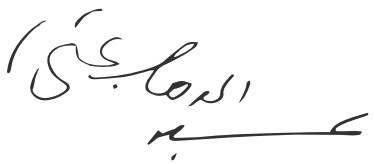
Strategic Report

Structure, Governance & Management

Governing Document:

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Report of the trustees, incorporating a strategic report, approved by order of the board of trustees, as the company directors, on 24/07/25 and signed on the board's behalf by:



Mr Abdul Wahab - Trustee

Independent Examiner's Report to the Trustees of
Alwahab Foundation

Independent examiner's report to the trustees of Alwahab Foundation ('the Company')
I report to the charity trustees on my examination of the accounts of the Company for the year ended 30th September 2024.

Responsibilities and basis of report
As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement
Since your charity's gross income exceeded £250,000 your examiner must be a member of a listed body. I can confirm that I am qualified to undertake the examination because I am a member of the Association of Chartered Certified Accountants, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th September 2024.

The members have not required the company to obtain an audit of its financial statements for the year ended 30th September 2024 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

The financial statements were approved by the Board of Trustees and authorised for issue on 24/07/25 and were signed on its behalf by:

Notes to the Financial Statements
FOR THE YEAR ENDED 30TH SEPTEMBER 2024

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets
Tangible fixed assets are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using either a straight line or reducing balance method, as indicated below.

Depreciation is provided on the following basis:
Fixtures & Fittings - 15% Straight Line
Computer Equipment - 20% Straight Line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies
Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

continued...

1. ACCOUNTING POLICIES - continued

Hire purchase and leasing commitments
Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits
The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

A message from the Chairman
Mufti Abdul Wahab

I trust that you are all in good health. ***Our recent change from Ummah Charity International to Al-Wahab Foundation was a creative decision to revitalise and strengthen our identity to leave a lasting impression.*** After much deliberation and thought, it was decided that we will change the name of our charity to improve our organisation further. I would like to emphasise that this rebrand has not changed the heart of our mission and with your support, we will continue to work towards our objectives.

Rest assured that you can rely on our commitment to serving humanity as we remain dedicated and resolute to the same causes you entrusted us with. ***By transitioning the name to Al-Wahab Foundation, we aim to establish a unique identity to supporters like you.***

Our endeavour to alleviate suffering and empower those who are marginalised through implementing sustainable development initiatives is guided by our vision of a world where every person has access to necessities; we strive to make a meaningful impact in the lives of those we serve. With the utmost gratitude to Allah (SWT), AWF is a transformative and flourishing organisation. We have made remarkable strides in assisting those who require aid. Our capacity to address crises has significantly improved in effectiveness with the initiative aimed at fostering long-lasting change.

The year 2023 has brought various challenges for people worldwide, with the cost-of-living crisis further exacerbating existing issues such as inflation and unemployment. ***Despite these adversities, Al-Wahab Foundation has continued its efforts to serve humanity. Through the work of our incredible team and the generous contributions of our supporters, AWF reached new heights throughout the year by transforming lives through Rozgar, Women Empowerment Projects, and feeding those in need.*** It is my honour to lead this organisation in presenting our annual report. With your continued support, AWF will continue in its objective to work towards a future liberated from poverty and affliction. We envision that AWF's growth will continue and hope to extend our reach to new regions across the globe.

JazakAllah Khair.

Mufti Abdul Wahab
Chairman Al-Wahab Foundation

Introducing Al-Wahab Foundation

Al-Wahab Foundation is a charitable organisation dedicated to serving humanity through various initiatives. Led by chairman Mufti Abdul Wahab, Al-Wahab Foundation is committed to assisting those in need, regardless of race, nationality and gender. The foundation operates to alleviate poverty, providing emergency relief during crises, supporting education and healthcare and promoting sustainable development in communities worldwide. Through partnerships and loyalty of donors, Al-Wahab Foundation strives to make a positive and lasting impact on the lives of individuals and communities facing adversities.

What we do?

Since 2014, the Al-Wahab Foundation *(previously Ummah Charity International)* has worked to deliver emergency and developmental aid in third-world countries to help combat poverty.

Our mission

At Al-Wahab Foundation our mission is to address the root causes of poverty by ensuring that every individual in our society can earn a stable livelihood to support their needs and that of their family. ***With your donations, we provide solutions that meet basic and immediate needs such as food, clean water, and healthcare, supporting people in crisis.***

Following Islamic values, we believe that serving humanity can not only make this world a better place to live for everyone but also can be a source of reaping multiple rewards in the world hereafter. Guided by this vision, we have curated the following **values** for Al-Wahab Foundation:

Our values

Compassion

Guided by faith, we embrace kindness and compassion for all, extending support to those facing challenges.

Equality

Islam promotes equality regardless of color, class, race, gender, age, disability, ethnicity, or religion, guiding our service.

Transparency

Guided by honesty and accountability, our policy ensures transparency by keeping our donors informed.

Integrity

We prioritize integrity, treating your donations with respect. Transparent processes ensure your aid reaches those in need.

Excellence

We strive for humanitarian excellence in crises, using donations for innovative, impactful, long-term solutions.

Partnership

Collaborating with local and global partners, we reach communities effectively, leveraging local insight for trustworthy aid distribution.

Partnerships that empower AWF's initiatives

At Al-Wahab Foundation, we believe in the power of collaboration to drive meaningful change. Our partnerships are not merely transactions; they are bridges that connect us to communities in need, allowing us to really make a positive difference in people's lives. These partnerships exemplify our commitment to making a lasting impact through our projects which are aimed at serving humanity. By working together, we hope to show members of the public the true beauty in community and that we can all work together to create a brighter, more inclusive future for all.

Hope for Southall Homeless

In Dec 2022, our collaboration with Hope for Southall Homeless proved beneficial in providing 50 winter kits, offering warmth and comfort during the coldest months of the year in the UK to those in need.

My Yard Charity

In April 2023, partnering with My Yard Charity, we focused on aiding those in need. From Oct 2022 to Sept 2023, we delivered 1,245 cooked meals, plus 50 essential bags in May 2023, addressing those facing hardships.

Bilal Masjid Youth Club

In Sept 2023, AWF joined hands with Bilal Masjid Youth Club to extend a helping hand to the community. Together, we provided 300 nutritious meals, demonstrating our dedication to supporting humanity.

London Community Kitchen

From Oct 2022 to May 2023, our collaboration with the London Community Kitchen served a total of 1,564 cooked meals, ensuring that no one in our community in the UK goes hungry including the homeless.

Help the Needy Charitable Trust

Help the Needy Charitable Trust is the implementing partner of Al-Wahab Foundation in Pakistan. The Trust has impacted over 800,000 lives since 2010 through various projects contributing towards community development and emergency relief aid.

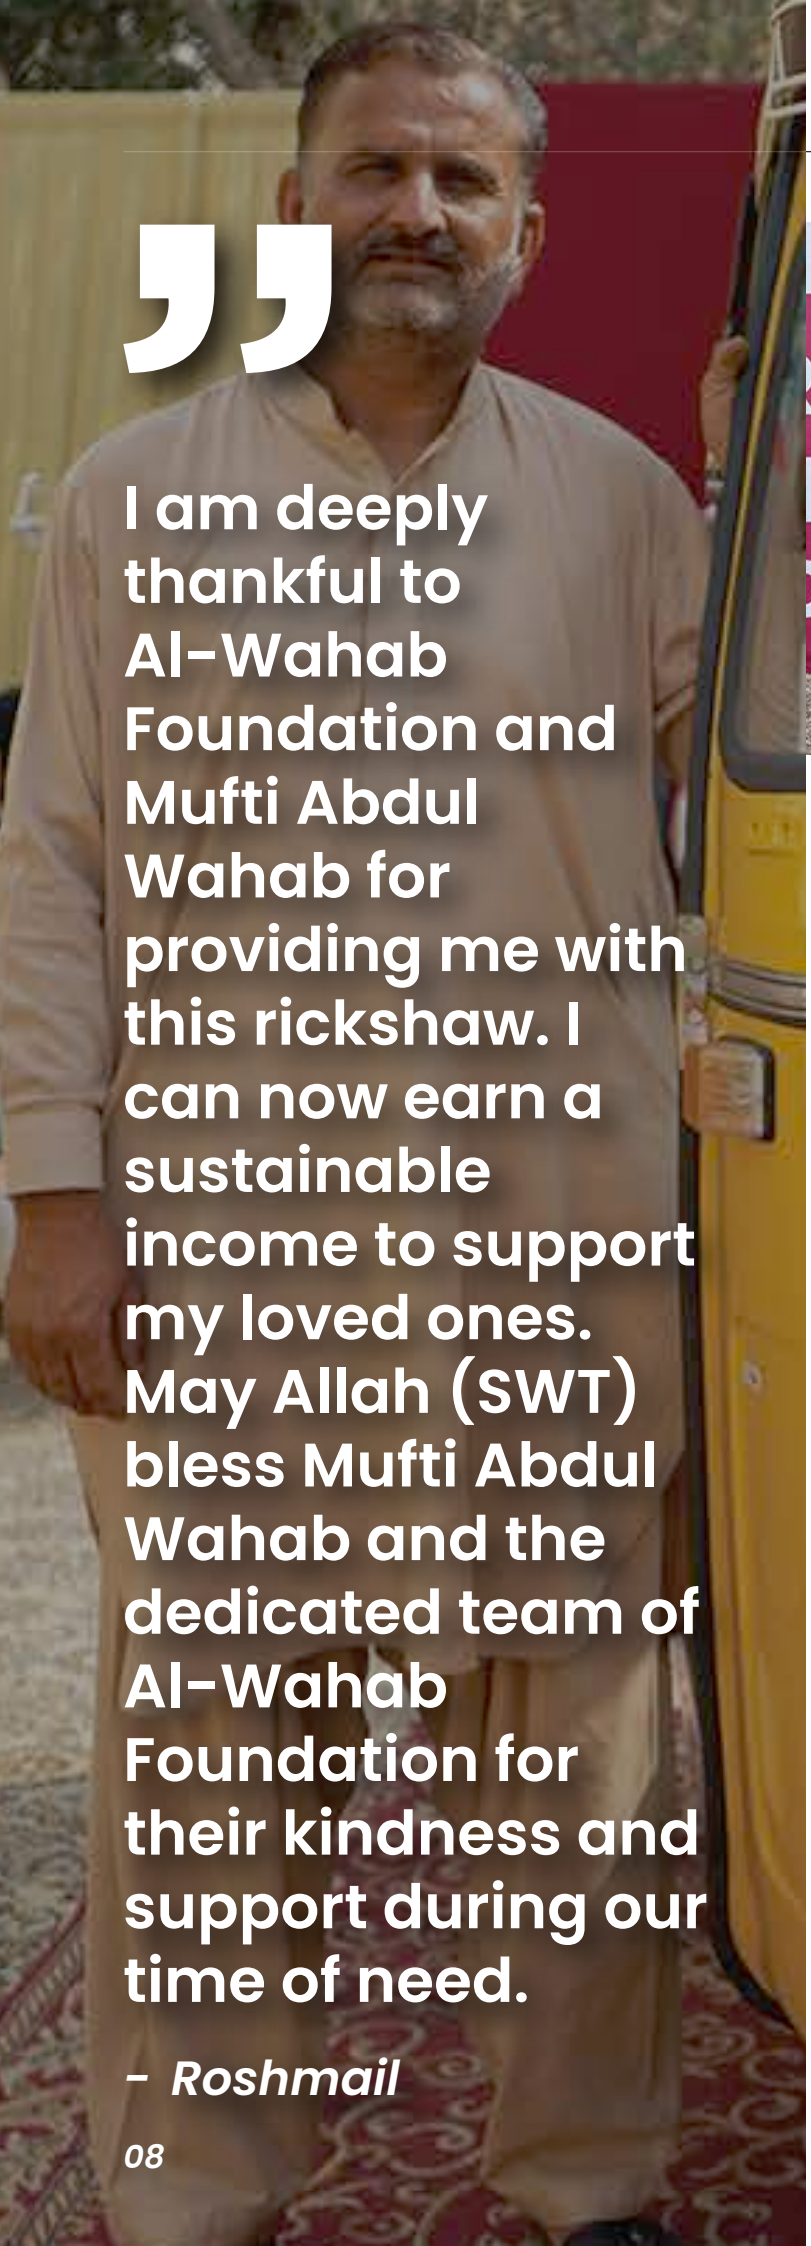
Stories of hope

Restoring Lives in Turkiye: Azra's Warm Gratitude

My name is Azra, and I reside in Hatay with my family. Our lives were turned upside down by the natural disasters that struck our city. We lost our home, our belongings, and our means of income. Providing for my children became an overwhelming challenge, as we struggled to find food, clean water, and other necessities. It was a time of immense uncertainty and fear for our future. We are deeply grateful to the Al-Wahab Foundation and Mufti Abdul Wahab for their understanding and support during this difficult time. The Emergency Relief Package they provided has been a true blessing for my family. It gave us access to essential food, clean water, and hygiene supplies that were hard to come by after the disaster. I am thankful to Almighty Allah that we still have got kind people like Mufti Abdul Wahab and the dedicated team of Al-Wahab Foundation to help suffering families in bringing ease to them.

Iftar Packs for Kaleem's Family: Ramadan 2023

I have been working as a laborer for many years now. The income in this field is uncertain, leading to instability for most workers' families. During Ramadan, when we aim to concentrate on fasting, our focus shifts to arranging meals for the kids due to the unpredictability of our earnings. These fluctuations are a part of our life. I want to express my gratitude to Mufti Abdul Wahab, Al-Wahab Foundation, and everyone who contributed to this noble cause. Your generosity has allowed us to have a peaceful Ramadan without concerns about iftar meals. Allah has been kind, and it is your benevolence that has enabled my family to observe fasts comfortably this Ramadan.



I am deeply thankful to Al-Wahab Foundation and Mufti Abdul Wahab for providing me with this rickshaw. I can now earn a sustainable income to support my loved ones. May Allah (SWT) bless Mufti Abdul Wahab and the dedicated team of Al-Wahab Foundation for their kindness and support during our time of need.

- Roshmail

Roshmail's Gratitude for Rickshaw

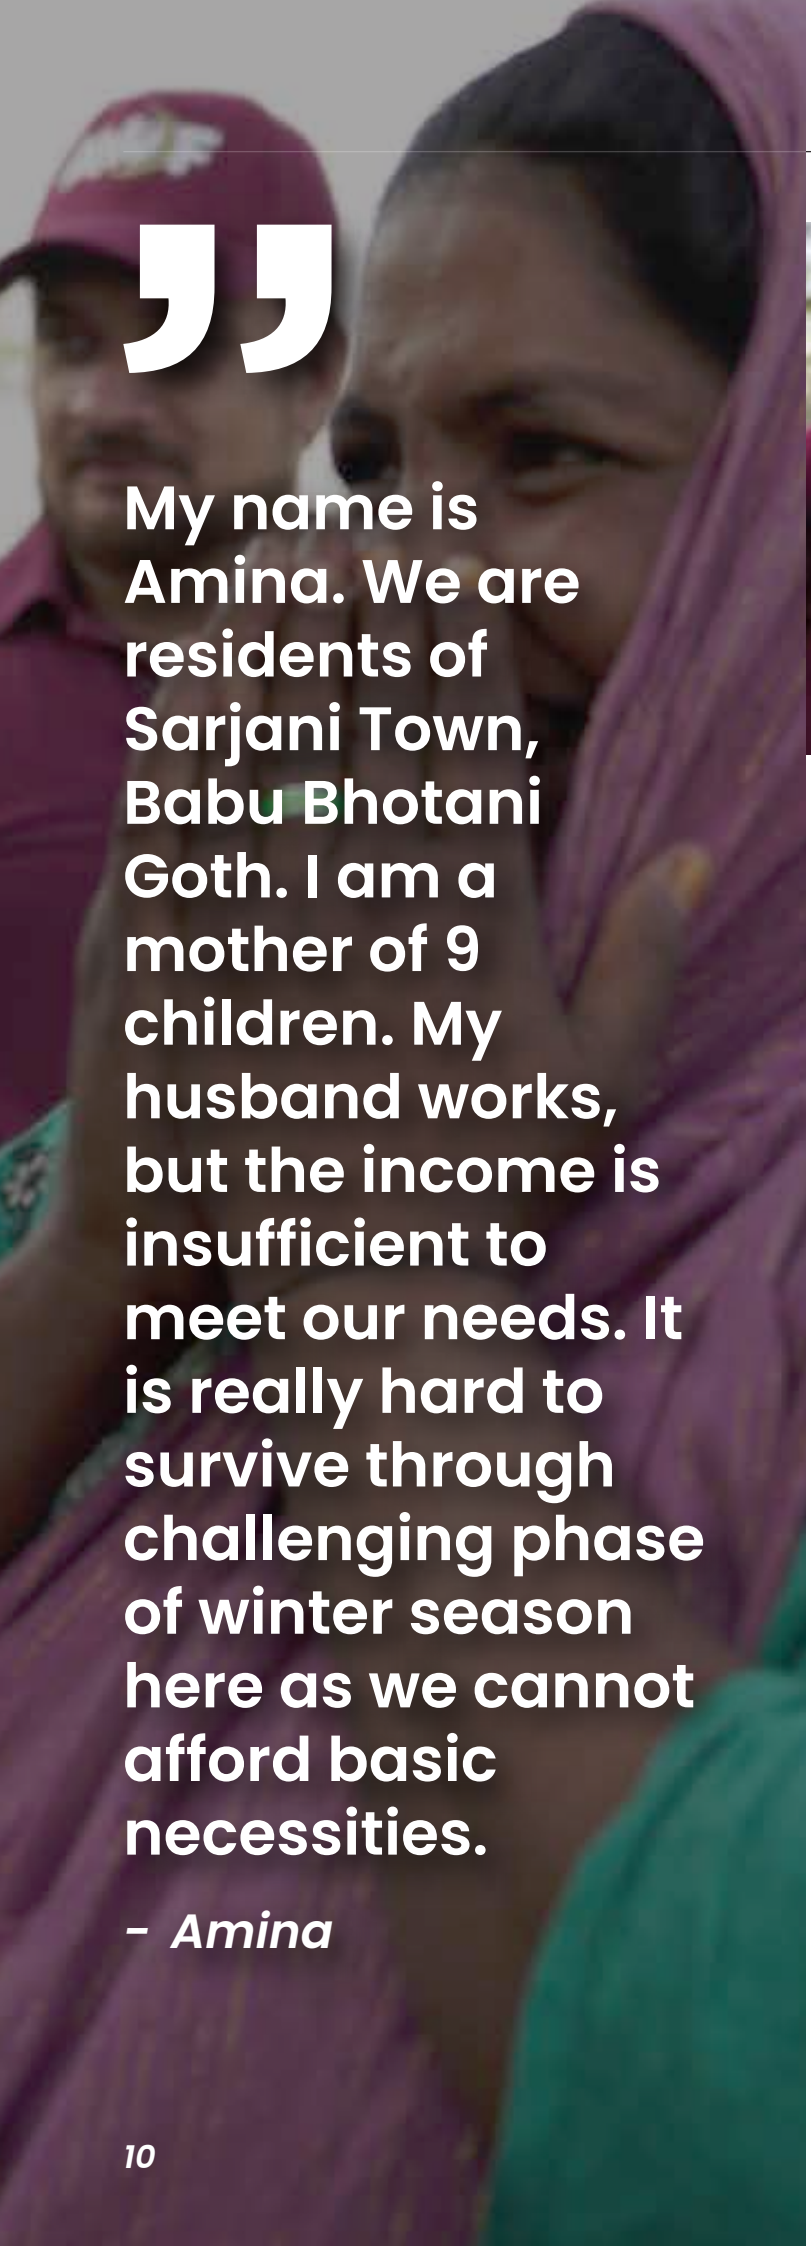
My name is Roshmail, and I reside in Sindh with my family. Our lives have been challenging due to the lack of stable employment. Providing for my children and meeting their needs has become a difficult task. I longed for a sustainable source of income to ensure a better life for my family, but the circumstances made it difficult to find opportunities.

Taza Khan's Warm Thanks to AWF For Eye Surgery

My name is Taza Khan. I live in Vehari Colony and we are 20 family members. I have been facing trouble with my eyesight for a long but couldn't afford to get it checked. Al-Wahab Foundation organised a free eye camp in our area. It was the best opportunity for me as we could hardly make ends meet for the family. So, I got myself checked after examination, the doctor referred me for eye cataract surgery. I am thankful to Al-Wahab Foundation and Mufti Abdul Wahab for serving us all with free of cost treatment. May Allah bless them.

Mehwish Ali Warmly Expresses Gratitude for AWF Eid Gift Pack

My name is Mehwish Ali. My father, being a butcher, is the sole provider for our family of 11 members. It's challenging for him to meet our family's needs. During Eid, my siblings and I always hope for new clothes to celebrate the occasion. I want to extend my thanks to Mufti Abdul Wahab and Al-Wahab Foundation for providing us with these Eid Gift Packs and making our Eid truly special.



My name is Amina. We are residents of Sarjani Town, Babu Bhotani Goth. I am a mother of 9 children. My husband works, but the income is insufficient to meet our needs. It is really hard to survive through challenging phase of winter season here as we cannot afford basic necessities.

- Amina

Amina Expresses Deep Gratitude for Winter Kit

I am thankful to Al-Wahab Foundation that their team visited our area and helped our people. Otherwise, there is no organization for poor people to visit our area and help us. I am deeply grateful to Mufti Abdul Wahab and Al-Wahab Foundation. May Allah give them a great reward. Ameen.

Emergency relief action: A year in review

In the face of adversity, the Al-Wahab Foundation stands as a beacon of hope, providing swift and effective emergency relief to those affected by disasters and conflicts worldwide. Our emergency relief efforts aim to alleviate immediate suffering, restore dignity and foster resilience amongst those affected.

Throughout the past year, Al-Wahab Foundation has been at the forefront of humanitarian response, delivering life-saving aid to vulnerable populations across the globe. Al-Wahab Foundation continues to make a tangible difference in the lives of countless individuals, offering vital assistance when needed most.

Earthquake appeals

In early **February 2023**, the world bore witness to utter devastation as a series of major earthquakes struck **Turkiye** near the border with Syria. Tragically, over **51,000 people** have lost their lives, trapped beneath collapsed buildings in what has been characterised as the worst natural disaster in decades.

With your support, we provided vital food packs and cooked meals to those who lost everything.

Your generosity has brought hope and sustenance to those grappling with such immense challenges. Your speedy response allowed us to deliver **366 food packs**, **1,000 cooked meals**, **200 Iftar meals**, and **cash vouchers** of **£1,250** to **4,596 beneficiaries** to help assist those affected by the crises in Turkey. These packs contained rice, cooking oil, bulgar rice, soup, sugar, pasta, tomato paste, salt, tea, flour etc.

On the 8th of September 2023, the magnitude 6.8 earthquake hit Morocco causing mass deaths in mountain villages that have collapsed in on themselves. A magnitude 4.9 aftershock hit 19 minutes later. According to official figures, the death toll stands at nearly 3,000 people and more than 5,600 reported injured.

– *Source: AlJazeera*

MOROCCO

480
Food Packs

2,880
Beneficiaries

The aftermath of the earthquake has resulted in a shocking 500,000 people being internally displaced, living in constant fear of devastation, particularly as the threat of landslides looms large in the aftermath of the earthquake. Your generous donations have helped AWF distribute **480 food packs** to **2,880 beneficiaries**, which have been instrumental in assisting those who require them. These packs consisted of Wheat, Oil, Milk, Honey, Juice, Sugar, Lentils, and more.

AWF

THANK YOU
AWF
AL-WAHAB FOUNDATION

Water for Life

At Al-Wahab Foundation, we recognise the critical importance of water in sustaining life and promoting health and well-being. Hence, we are committed to implementing projects that provide clean water to those communities in need. ***Access to clean water is not merely a matter of convenience; it is a matter of survival.*** Contaminated water sources and lack of access to water can spread diseases and lead to illness, particularly among the vulnerable, such as the elderly and children. By providing clean water, we hope to prevent waterborne diseases and improve overall quality of life.

Pakistan's Water Crisis:

In the aftermath of recent floods, access to clean water remains a pressing issue in many parts of Pakistan. With an increasing population and pervasive poverty, Pakistan faces a profound water crisis. **At Al-Wahab Foundation, our foremost priority is to ensure that marginalised communities have access to clean drinking water, safeguarding and preserving lives.** Through our 'Water for Life' project, we have addressed the immediate needs of communities lacking access to clean water and the underlying factors contributing to water contamination. This includes the implantation of sustainable and systematically maintained water pumps and the construction of vital water wells in both households and communities. **With your donations, we have been able to benefit around 9,250 people by building 37 water wells in Mirpur and District Ghotki. Additionally, we were able to supply 600 water pumps across various regions in Pakistan, like Kalhora, Deharki, and Khipro facilitating 15,000 beneficiaries.** The water wells have ensured that entire villages can access clean water whilst also ensuring that families on the outskirts can benefit from the convenience of hand pumps. Our implementation process is meticulously conducted, involving thorough research and community engagement to identify the most vulnerable people and appropriate installation locations.

Uganda Water Crisis:

Africa is grappling with a dire water crisis, which has resulted in vast parts of its population without access to clean and safe water. This scarcity has heightened the vulnerability of communities to waterborne diseases, particularly women and children. In response to this issue, particularly in poverty-stricken areas like Uganda, **the Al-Wahab Foundation has launched a water project dedicated to providing sustainable water to those who require it.** Your contributions to this new water project for Uganda have had a direct and profound impact on alleviating water crises and enhancing individuals' lives. We have been able to implement crucial water initiatives like installing water wells. **Overall, your donations have enabled the Al-Wahab Foundation to help 1,400 people by installing 2 water wells through this initiative.** This project has not only saved lives but also created opportunities for communities to thrive

Empowering Communities Through Masjid Construction

Masjid is at the heart of any Muslim community as it creates a sacred space where individuals can come together, pray, learn, and find solace. These instill Islamic values and foster a closer connection with the Almighty. In some rural areas, masjids often suffer severe damage from natural disasters such as earthquakes and floods. The idea of restoring these sacred spaces is sometimes an unattainable goal. Amidst the daily struggle for survival, finding the necessary funds and resources for building Masjids can be a daunting challenge, to say the least. Understanding this need, the **Al-Wahab Foundation aims to bridge the gap** by working in villages where Masjids have been completely demolished and reshaping the religious identities of individuals in these areas.

With the generous support of our donors and the dedication of our team at Al-Wahab Foundation, we have made significant strides towards the construction of Masjids.

Throughout the year, our efforts have been geared towards fundraising, planning, sourcing high-quality material, and executing the building of new Masjids. We have also worked to make the process as collaborative as possible by cooperating closely with local communities to identify suitable locations and ensure that the Masjid meets the needs and requirements of the people it will serve.

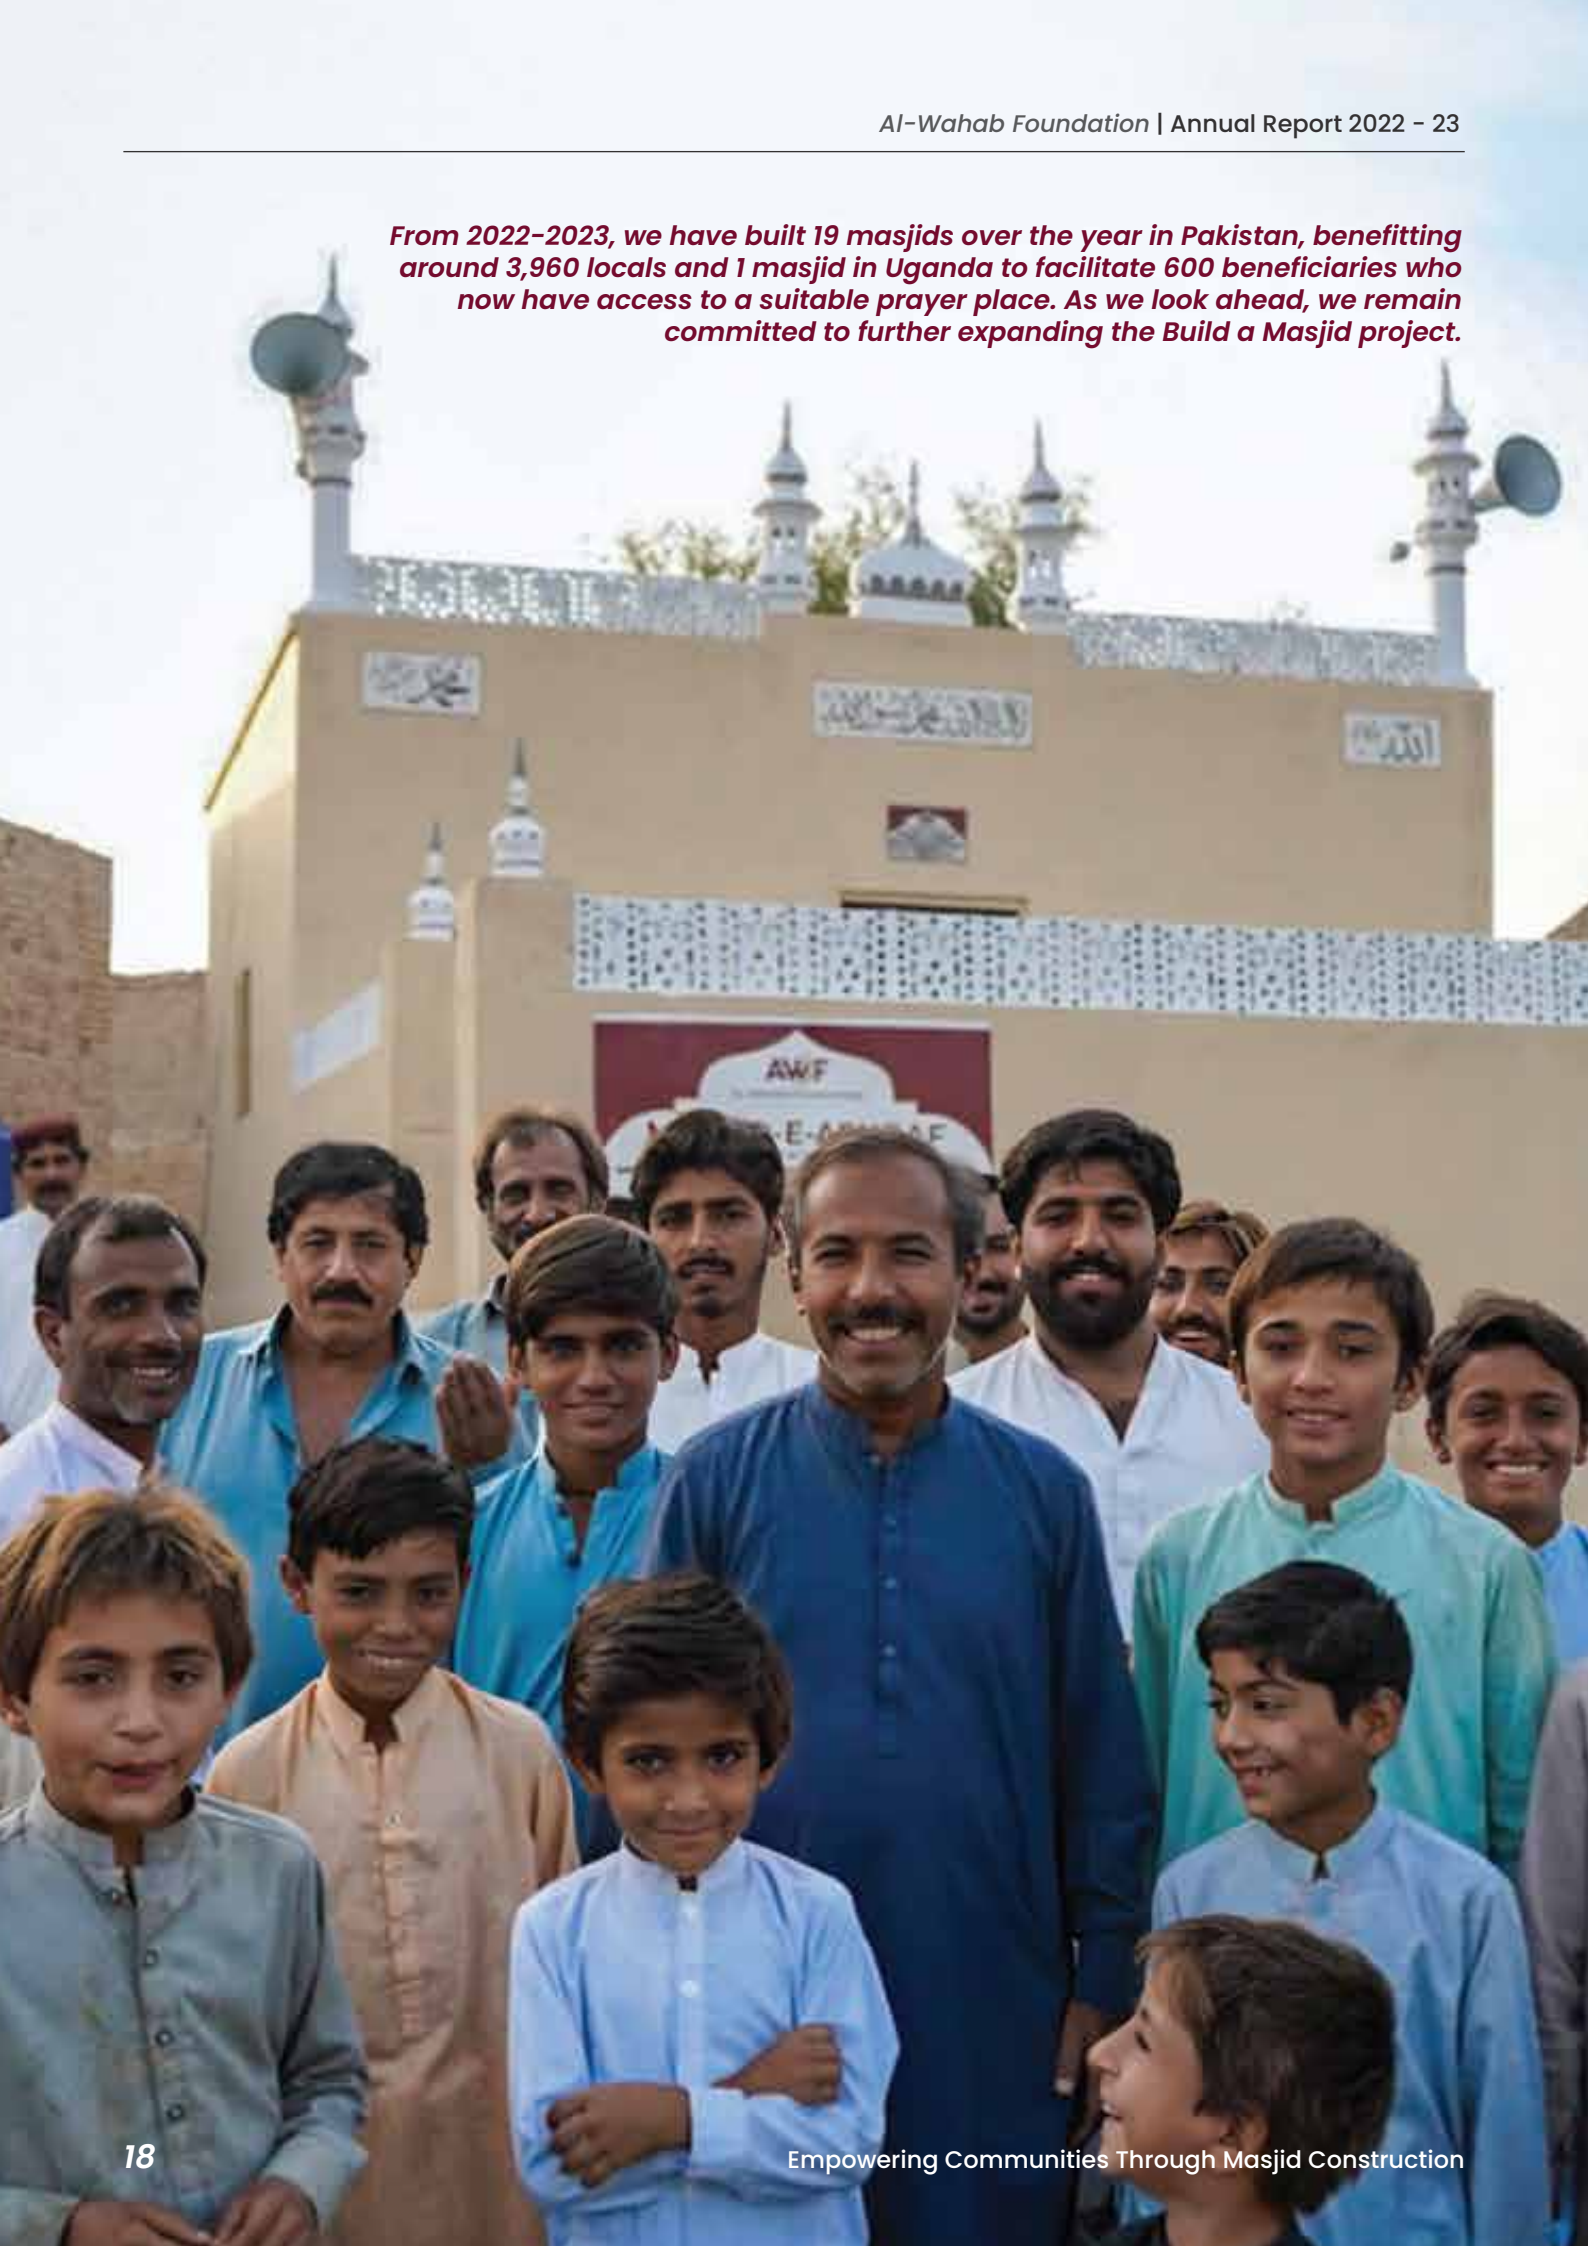
1 Masjid in Uganda
600 Beneficiaries

From 2022-2023, we have built 19 masjids over the year in Pakistan, benefitting around 3,960 locals and 1 masjid in Uganda to facilitate 600 beneficiaries who now have access to a suitable prayer place. As we look ahead, we remain committed to further expanding the Build a Masjid project.



Our Eye Care Initiatives - *Restoring Vision Renewing Hope!*

Few gifts are as transformative and life-changing as the restoration of sight. ***According to the 'Third National Survey of Blindness - 2019 to 2021', as reported by Dawn News, Visual impairment affects 9,028,073 people in Pakistan, disconnecting them from the world.*** The problem is further exacerbated when such areas have limited access to hospitals and eye clinics, making them particularly vulnerable to such issues.

We believe that no person should endure preventable blindness due to poverty. In Pakistan, this issue is particularly acute since cataracts and refracted errors are the primary causes of blindness, afflicting thousands within the impoverished communities. **Through our Eye Care programme, we strive to provide communities with essential access to treatment and education on preventing visual impairments and blindness.** We cater to children and older people, hoping to offer sight-saving medical care.

Eye Cataract Surgeries

With cataracts being the world's foremost cause of vision impairment, affecting billions of people all over the world, the absence of healthcare due to the inability to afford treatments often leads to untreated blindness. Our surgeries are conducted in those areas where the most vulnerable individuals can receive treatment and care.

For those requiring eye cataract surgery, the Al-Wahab Foundation offers free-of-cost operations, serving as an organisation committed to preventing blindness. Your support has made a massive difference since we have completed **200 eye cataract surgeries.** Alongside this, to ensure that those undergoing surgery have a stress-free journey, your donations to Al-Wahab Foundation cover essential expenses such as transportation, food, specialised surgical equipment, hygiene provisions and post-operative care, ensuring the restoration of eye health.

Your donations have been crucial in our global fight against preventative blindness. They offer hope to those struggling in poverty and transform lives through our eye appeal.

Eye Camps

Al-Wahab Foundation's eye camps offer free eye consultations and treatment to those in need. We use experienced and qualified doctors who examine patients, provide accurate diagnoses and prescribe necessary medications and glasses free of charge. By combining medical intervention with educational outreach, Al-Wahab Foundation aims to empower these communities to safeguard their vision and lead healthier lives by re-engaging with employment and daily activities. **From October 2022 to September 2023, the Al-Wahab Foundation treated 7,433 people at 28 Eye Camps set up in Surjani Town, Organi Town, and Karnal Colony.** In conducting these camps, we provided check-ups, prescribed medicines, and made referrals to hospitals where necessary if Cataract surgery was required.

Our Commitment to Maktab Support: Pathways to Knowledge

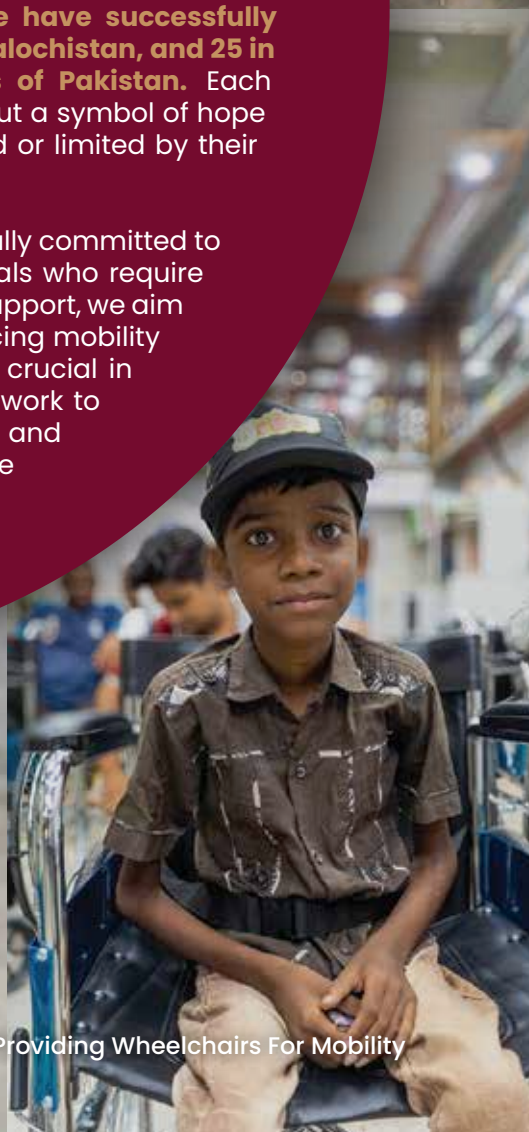
More than 280 million children worldwide are denied access to the most basic rights, namely Education. Typically, these children are forced into a life of manual labour and perpetuate a cycle of generational poverty. At the core of Al-Wahab Foundation's goals is finding accurate and sustainable solutions to poverty. One way in which we aim to do this is by facilitating access to Education for the disadvantaged who may lack Education due to financial constraints. The 'Support a Maktab' initiative offers Islamic Education to those children in need to provide them with the transformative learning and teaching they need to forge brighter futures. Our Maktabs offer a diverse curriculum encompassing secular and Islamic subjects, including English, Maths, Hadith, Hifz, and Tajweed. Under the guidance of qualified Qaris, these children can receive a holistic education that equips them with the knowledge and necessary skills to thrive academically and pursue aspirational employment opportunities in the future. ***As it currently stands, our Maktabs in Burmi Colony have 300 students.*** The initiative is firmly rooted in our Islamic values, recognising the purpose of Education as a means of social betterment. We must ensure that comprehensive Education is accessible to all. As a result, your donations have allowed us to play a part in breaking the chains of poverty and investing in the future of children by providing consistent and quality Education and also cooked meals on a regular basis. Our Maktabs have allowed children to be nurtured in a faith-led educational environment that stays with them as they grow.

Providing Wheelchairs For Mobility

Al-Wahab Foundation is dedicated to enhancing the quality of life for individuals who face mobility challenges. Our firm commitment to inclusivity, has inspired us to launch the Mobility through wheelchairs initiative. Our goal is simple yet reflective: to provide individuals with the means to move freely and independently, thus fostering their integration into society and the pursuit of their dreams.

Thanks to the generous contributions from supporters like you, we have been able to make a tangible impact on the ground. **To date, we have successfully distributed 50 wheelchairs in Bannu, KPK, 25 in Khuzdar, Balochistan, and 25 in Rajanpur, Punjab to those in need across the suburbs of Pakistan.** Each wheelchair represents not only a mode of transportation, but a symbol of hope and opportunity for those who may have felt marginalized or limited by their mobility issues.

However, we do not want our work to stop here. We are fully committed to expanding this initiative, reaching even more individuals who require assistance. By continuing to mobilize resources and support, we aim to make a lasting difference in the lives of those facing mobility challenges. Hence, your ongoing support will be crucial in driving our mission forward. Together, we can work to break down barriers, empower individuals, and build a world where everyone has the opportunity to thrive.



Delivering Food Packs and Cooked Meals -From Hunger to Hope

Food Packs

According to the National Nutrition Survey, 2018, as reported by the World Food Program, 36.9 percent of Pakistan's population grapples with food insecurity. The issue becomes particularly acute due to extreme poverty, unemployment, and rising inflation. Countless families face uncertainty about their next meal and depend on aid to survive. Hunger and poverty are closely intertwined. By tackling hunger issues, we hope that the Feed the Hungry project contributes to helping families break free from the cycle of deprivation. One food pack can support a family for an entire month, giving them essential supplies to prepare nourishing meals. **The food packs include Rice, Flour, Sugar, Lentils, and Powdered milk.** Al-Wahab Foundation's Feed the Hungry programme aims to assist communities across Pakistan by providing them with much-needed food assistance. **Donations to the programme have allowed us to help 11,200 people by providing families with 1,120 food packs in both Hakeem Baksh Village in Dadu and Karachi.**

12,700 Beneficiaries

1,120 Food Packs distributed in Pakistan	**300** Food Packs distributed in Uganda

The food packs include oil, rice, flour, sugar, lentils, powdered milk, and more.

Food insecurity in Uganda remains alarmingly high, with recent surveys indicating levels as high as 48 and 11 percent, according to the World Bank's August 2022 report. Recognizing the severity of this crisis, Al-Wahab Foundation is actively addressing the issue by providing food packs to those in need. **With the generous support of our esteemed donors, we distributed 300 food packs to 1,500 beneficiaries in Uganda in 2023.** We are committed to further enhancing our efforts to reach even more individuals in need in the near future.

Cooked Meals

As mentioned, food insecurity in areas like Pakistan and Uganda has worsened due to natural disasters and has impacted food supply chains. ***More than 3 million children are forced into the depths of chronic hunger.*** Amidst this crisis, families who are suffering from malnourishment find themselves unable to afford a simple hot meal. This project has allowed the Al-Wahab Foundation to provide cooked food to needy people, offering them vital nourishment. Our cooked meal initiative specifically targets the most vulnerable families in remote areas where accessing essential services is challenging. By providing ready-to-eat food to these individuals, we address their urgent need for sustenance. Our team works diligently to identify those areas facing greater risk, with a particular focus on orphans and widows. Your donations have allowed the Al-Wahab Foundation to ensure that those needing food receive regular nutritious meals. From October 2022 to September 2023, **we were able to provide 8,950 people through distribution of 167 pots in areas such as the Burmi Colony, Sultanabad, and Yaro Goth in Pakistan and 650 cooked meals as a source of nourishment to 750 beneficiaries in Uganda in 2023.** In addition, we provided clean drinking water benefitting 500 people.

8,950

BENEFICIARIES OF COOKED MEALS

By supporting this project, you have played an instrumental role in combating hunger and making a tangible difference in the lives of those who need it most.

Ramadan 2023
Nourishment for Pakistan, Uganda, and Turkey

Al-Wahab Foundation is dedicated to ensuring that the less fortunate can observe Ramadan like we do. We recognise the importance of Ramadan and the religious journey that comes with it. However, it is also important to remember those struggling may need more means to afford basic Suhoor and Iftar meals during this sacred month. Al-Wahab Foundation's Ramadan Project aims to tackle the burden facing many Muslims by using donations and Zakat to help fund the project.

Ramadan Food Packs

The food packs include all necessities, which should adequately serve a family of 6 for the entire month. From October 2022 to September 2023, we have distributed 720 food packs which have helped around 7,200 during Ramadan in Pakistan, 200 in Turkiye served 1,200 beneficiaries, and 200 in facilitated 1,000 people in Uganda. Our Ramadan food packs included Flour, Lentils, Sugar, Tea, Oil/Ghee, Rice, Pasta, Cereal, Dates, Vermicelli, Salt, Spices, and more.

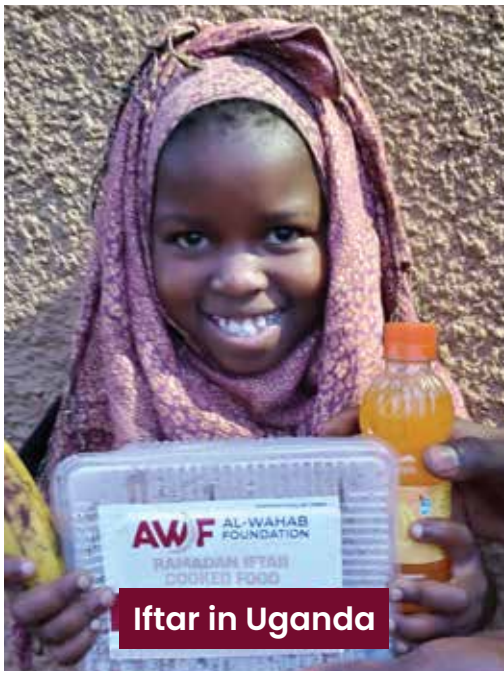
> Due to the cost of living and the destruction of houses from natural disasters, it becomes difficult for people to observe fasting with insufficient food on their plates, meaning many may omit this obligation. Your donations towards providing food packs during Ramadan have made a significant difference to those in need, making fasting much easier.

Iftar Distribution

Al-Wahab Foundation also organises daily Iftar gatherings throughout Ramadan to ensure that people away from their homes or struggling have a meal to break their fast. ***In Ramadan 2023, the Al-Wahab Foundation provided 1,515 Iftar Packs in Pakistan, 200 in Turkiye, and 200 in Uganda.*** Each Iftar Pack is assembled to include various items such as **dates, fruit, sandwiches, biryani, water, juice and also some fried treats like samosas and pakoras.** We are committed to ensuring that these packages are culturally fitting and suitable for various dietary requirements to meet the needs of those fasting.

Iftar in Turkiye

Iftar in Pakistan



Iftar in Uganda

Eid Gifts, Fidya & Fitrana

Al-Wahab Foundation has also arranged for Eid Gifts to be distributed to 192 children during Ramadan 2023. The purpose of this project is to bridge the gap between those in the same community and reduce a sense of deprivation. We strongly believe that all children, regardless of background, should be able to celebrate the holy day of Eid in harmony with those around them. The gift packs include dresses and bangles for girls and new clothes and shoes for the boys. ***Alongside these efforts, your donations have meant that we have disbursed 285 Fidya donations to 2,850 beneficiaries and 1,820 Fitrana donations, which have been extremely useful for certain communities during Ramadan.*** With your continued support and donations, the Al-Wahab Foundation has improved and expanded its Ramadan efforts. We will continue to strive to develop our initiatives and positively impact the lives of those in need.

Grand Eid Fair Gala 2023 - Horsenden Hill Activity Centre

The Grand Eid Fair Gala 2023 was held at Horsenden Hill Activity Centre in Greenford on the 23rd of April. This event was based on promoting the message of positivity and coming together for noble causes while encouraging greater involvement from donors in serving humanity. ***The Grand Eid Fair Gala provided a vibrant and inclusive space for individuals from diverse backgrounds to come together and celebrate Eid festivities in a meaningful way.*** With various activities and stalls around, the event offered something for everyone, ensuring an enjoyable experience for all attendees. This event provided a platform to showcase the impactful work of the Al-Wahab Foundation in various areas that help transform lives for those in need. The attendees had the opportunity to engage with AWF representatives and learn more about the projects AWF has been working on continuously for years to bring betterment to life. Chairman AWF, Mufti Abdul Wahab, along with his family, was present on the stall to meet everyone, demonstrating the commitment towards helping humanity. A dedicated team of AWF staff and volunteers responsibly carried out their assigned duties, contributing to the overall success of the event.

Volunteers Appreciation - Thanks for Being with Us Throughout!

As a part of our Annual Report for October 2022 to September 2023, ***we would like to take this opportunity to extend our deepest gratitude to the exceptional and hardworking individuals who have generously volunteered their time with us and provided their sincere efforts to support our various initiatives.*** Our volunteers have played a significant part in managing our Eid Fair Gala which happened to be a huge success. Their commitment to serving humanity has played a vital role in the successful implementation of our programs, from providing food packs and Iftar packs to the distribution of winter kits. In addition to this, they have consistently been available to assist in packaging the items for distribution to the beneficiaries. ***Through our volunteers dedication, compassion, and tireless efforts, they have served towards a positive change in uplifting countless lives and strengthening the community.***

Qurbani 2023: Delivering Meat to the Less Fortunate

During Eid Al-Adha, Muslims participate in the act of Qurbani, following the footsteps of Prophet Ibrahim (AS) as a demonstration of faith and obedience to Allah (SWT). The days of Qurbani, falling on the 10th, 11th and 12th of Dhul Hijjah, allow us to fulfil our Qurbani obligations and extend compassion to those in need. At Al-Wahab Foundation, we buy livestock and transport them to impoverished areas, ensuring that the most vulnerable receive the benefits of Qurbani. **Your donations to the Qurbani Project have allowed the Al-Wahab Foundation to reach 26,656 beneficiaries during this year. It includes meat from 178 Lambs, 14 Camels, 28 Cows, and 76 Goats.** Our team meticulously select the sacrificial animals to ensure they meet Shariah guidelines for health and sustainability. On the day of Eid Al-Adha, we also oversee the

sacrificial process to adhere to Islamic principles. The meat from these Qurbani animals was distributed to Pakistan's locations: Malir, Burma Colony, Malik Goth, Sultanabad and many more.

26,656
BENEFICIARIES OF QURBANI

Regardless of their financial circumstances, every Muslim deserves to experience Eid Al-Adha to its fullest. Your donations have enabled the Al-Wahab Foundation to provide families with meat to enjoy a hearty meal and celebrate without thinking about hunger during such auspicious times.

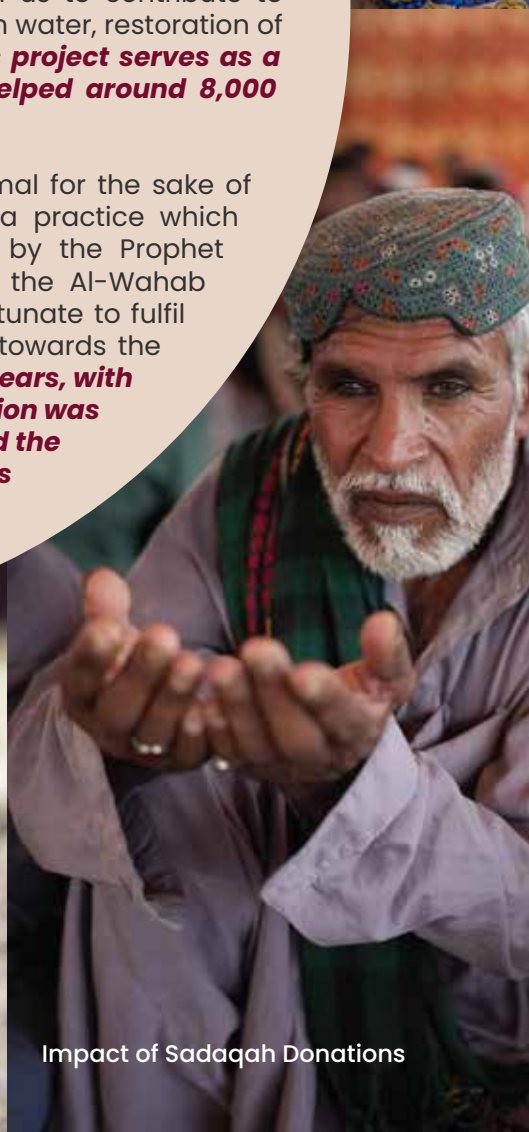
76	GOATS
28	COWS
14	CAMELS

Impact of Sadaqah Donations

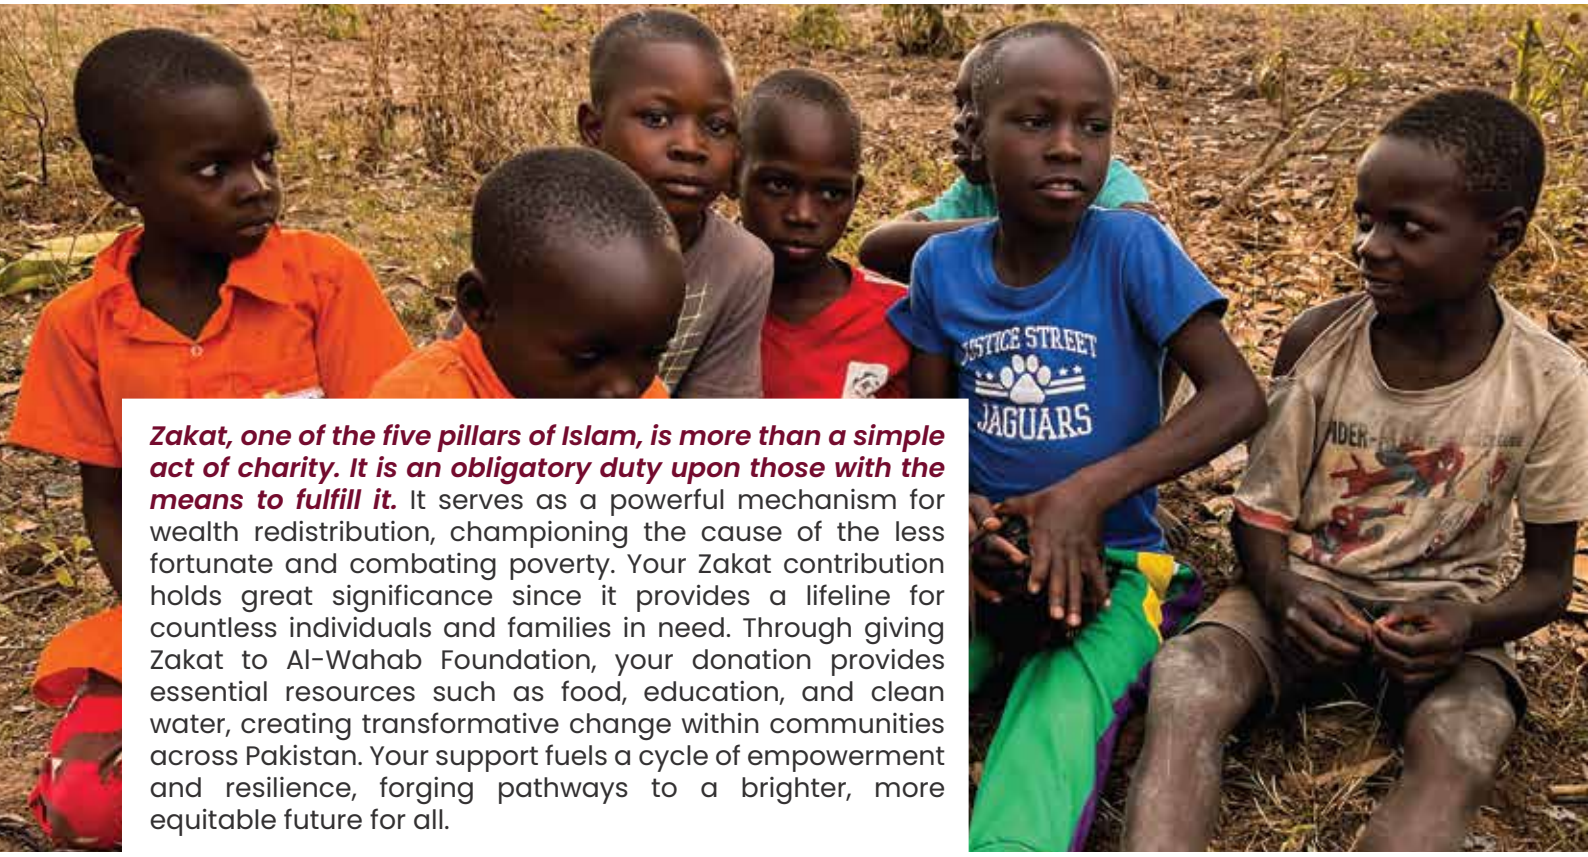
At Al-Wahab Foundation, we recognise the profound impact of Sadaqah—an act of voluntary charity that embodies the spirit of giving in Islam. Our commitment to promoting such initiatives stems from our core principles of compassion and generosity. Whilst not obligatory like Zakat, Sadaqah still holds huge significance as it provides a means for uplifting communities and creating sustainable change.

Monetary Sadaqah: We provide crucial assistance to families in need through urgent Sadaqah cash funds. Your donations have allowed us to contribute to medical aid, school fees, food packs, livelihood support, clean water, restoration of damaged masjids, and support for Maktab Education. ***This project serves as a lifeline for those in immediate need of relief and has helped around 8,000 beneficiaries.***

Animal Sadaqah Sacrifice: The act of sacrificing an animal for the sake of Allah (SWT) holds deep significance in Islam as it is a practice which symbolises obedience and gratitude, as exemplified by the Prophet (PBUH). Our Qurbani initiative, as mentioned above, the Al-Wahab Foundation, provided opportunities for those less fortunate to fulfil this sacred act of Sadaqah sacrifice by donating towards the purchase and sacrifice of an animal. ***In the past years, with the help of our donors, the Al-Wahab Foundation was able to facilitate the sacrifice of 7 goats and the meat from these sacrificial animals was distributed to 336 people.***



Zakat Contributions: Making a Difference



Zakat, one of the five pillars of Islam, is more than a simple act of charity. It is an obligatory duty upon those with the means to fulfill it. It serves as a powerful mechanism for wealth redistribution, championing the cause of the less fortunate and combating poverty. Your Zakat contribution holds great significance since it provides a lifeline for countless individuals and families in need. Through giving Zakat to Al-Wahab Foundation, your donation provides essential resources such as food, education, and clean water, creating transformative change within communities across Pakistan. Your support fuels a cycle of empowerment and resilience, forging pathways to a brighter, more equitable future for all.

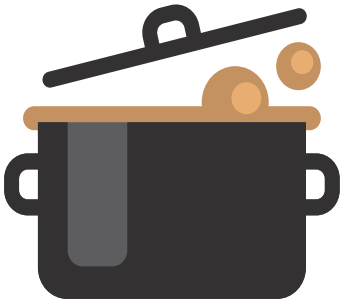
With the support from our kind donors, in 2022 we provided winter kits in Bangladesh reaching 2,100 beneficiaries to deal with winter harshness. These winter kits included all essentials like warm socks, winter caps, blankets, and clothes. This would not have been possible without your Zakat donations which made a lasting impact on those who needed it the most.

Serving Humanity in the UK

Many people in the UK grapple with daily hardships arising from a cost-of-living crisis and unemployment. Amid such challenges, individuals who are living below the poverty threshold are particularly affected. As food costs increase, it becomes much more difficult for people to afford the basic necessity of nourishment. It can often feel like the odds are stacked against you when factors outside your control leave you feeling isolated and hopeless.

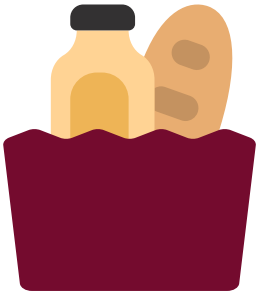
As a part of the Serving Humanity project, your contributions have meant that the Al-Wahab Foundation has been able to alleviate some of the burdens that have struck the UK by offering winter survival kits and hot meals to those in need. In collaboration with London Community Kitchen, we distributed cooked food to help alleviate hunger in the local community.

Additionally, the Al-Wahab Foundation is dedicated to addressing food waste and responding to food deprivation in the UK. Through our collaboration with My Yard Charity, we work tirelessly every Tuesday to deliver freshly prepared hot meals to My Yard Charity, where they are then distributed to families and individuals in need across the UK.



3,109
Cooked Meals

50
Winter Kits



50
Essential Bags

This partnership also supplies food and essential packages to those struggling to access an adequate food supply. Altogether, we were able to deliver a total of ***3,109 cooked meals*** and ***50 essential bags*** from 2022-2023. Apart from these regular projects, AWF distributed ***50 winter kits*** collaboratively with Hope for Southall Street Homeless to assist those who are compelled to live on the streets. Al-Wahab Foundation also delivered ***300 cooked food*** boxes through Bilal Masjid Youth Club.

Rozgar Project: Creating Opportunities

To address poverty and economic issues in marginalised communities, people must be provided the chance to secure employment and establish a steady source of income. Through the Rozgar Project, the Al-Wahab Foundation has tackled such issues by not only enhancing the essential skills of those seeking jobs but also providing them with access to financial support needed for success. Your donations have meant that we have been able to offer transportation to people that will help generate income for them and their families. ***During this year, the Al-Wahab Foundation had the pleasure of providing 24 Auto Rickshaws and 50 motorbikes to the most deserving individuals in Karachi.*** This sustainable improvement method benefited **592 people** in Tasier Town, Larkan, and many more areas.

Empowering Women to Transform Lives

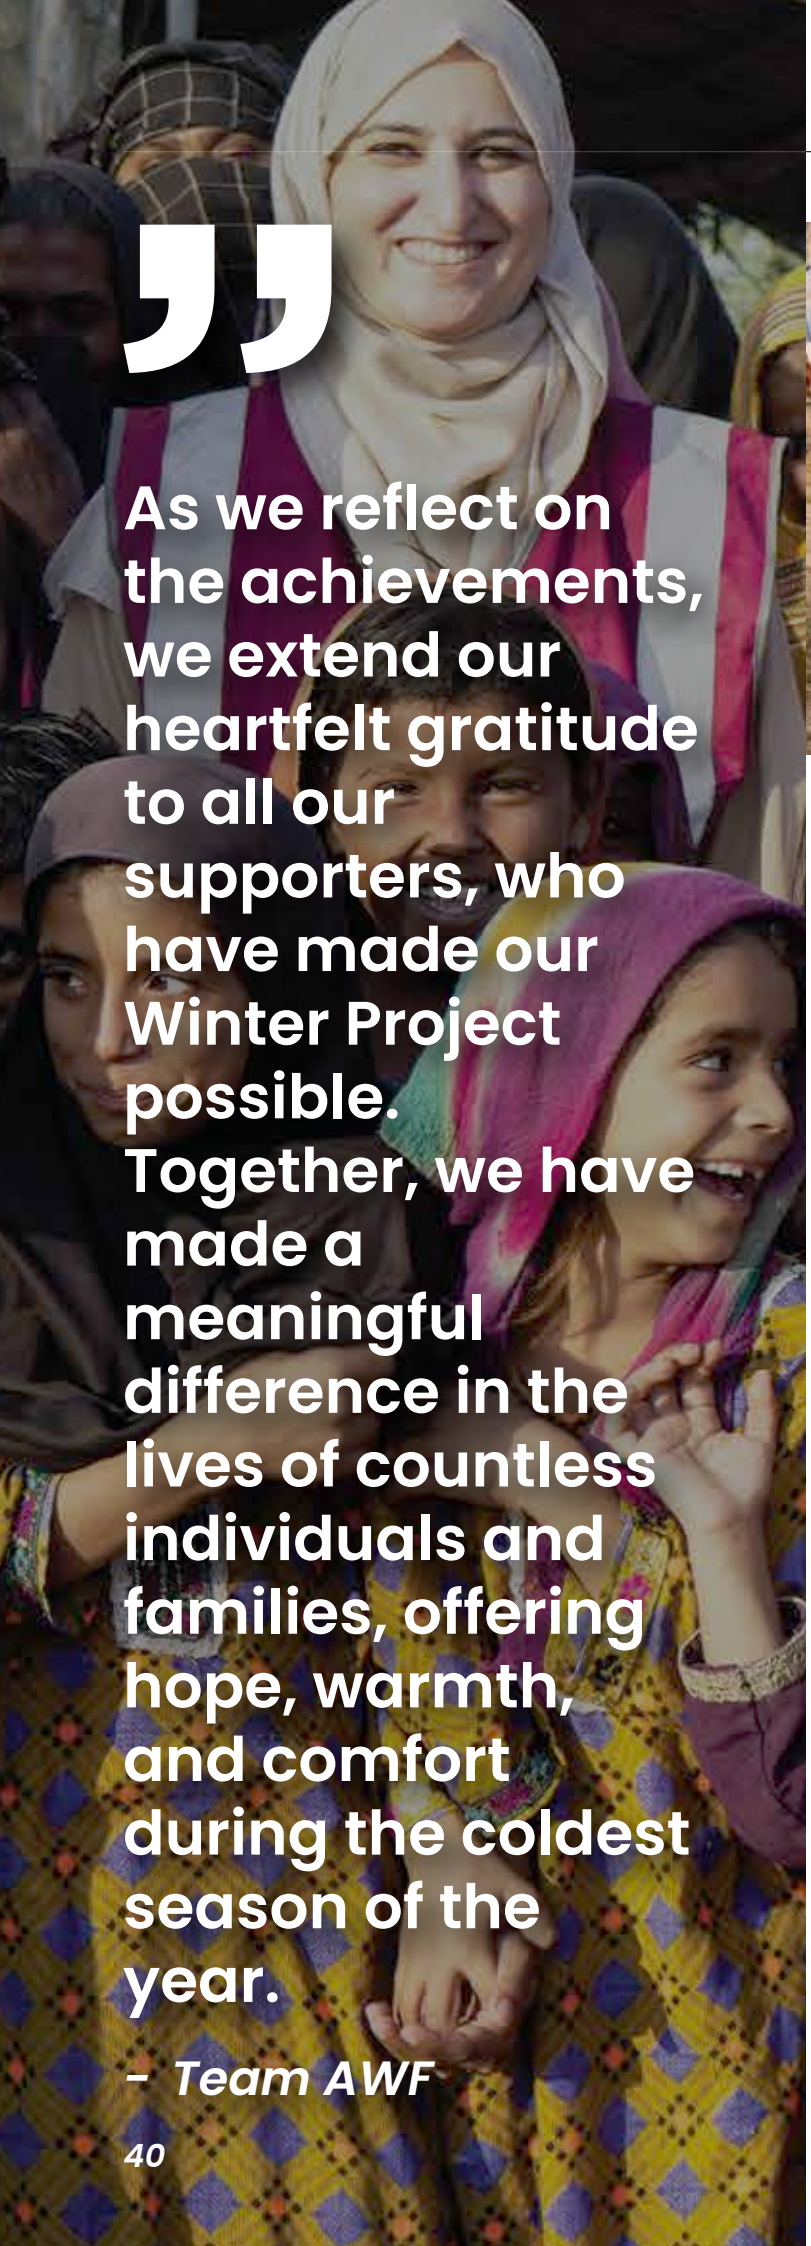
Al-Wahab Foundation has been dedicated to empowering women by distributing and providing them with sewing machines. Our Women Empowerment project allows women to sharpen their stitching skills while gaining confidence in their abilities and offering them an opportunity to attain a stable income for their families. Our team organized sewing machines distribution in the suburban areas of Karachi, including Kalapul, Surjani Town, and many more. ***This year, with your kind donations, we have been able to provide 225 women with sewing machines, empowering them to pursue independent livelihoods with an effort to transform lives for 1,800 beneficiaries.*** As with all our initiatives, we ensure that candidates who are selected for sewing machines undergo a thorough screening process and are the most deserving applicants. Living in underdeveloped areas means that these women face particular problems if they venture out of the confines of the home and try to earn a living. By empowering women to become valuable contributors to their households, we hope to lay the groundwork for a brighter future for women.

Winter Project: Providing Warmth & Comfort

The Winter Project of the Al-Wahab Foundation has remained resolute in its commitment to alleviating the hardships faced by vulnerable communities during the coldest months of the year. With a focus on providing essential support and resources, our efforts have yielded significant achievements, making a tangible impact on the lives of those in need.

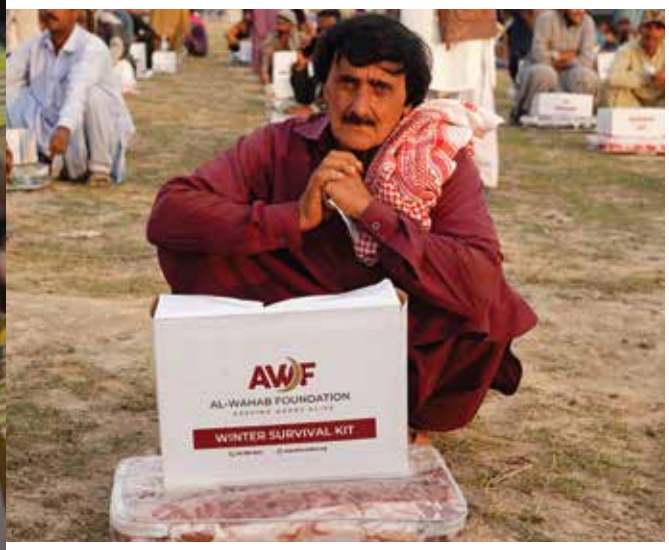
One of the key highlights of our Winter Project has been our response to natural disasters, particularly earthquakes, which have left communities devastated and struggling to cope with the aftermath. Through timely intervention and the generous support of donors like you, we have been able to provide 200 warm blankets to earthquake survivors in Morocco.

Winter Kits Distribution



As we reflect on the achievements, we extend our heartfelt gratitude to all our supporters, who have made our Winter Project possible. Together, we have made a meaningful difference in the lives of countless individuals and families, offering hope, warmth, and comfort during the coldest season of the year.

- Team AWF



Additionally, our Winter Project has extended its reach to underprivileged communities in the UK and Pakistan, where individuals and families face the harsh realities of winter without adequate resources. Through this initiative, we have helped mitigate the impact of the cold weather by distributing 440 kits in Pakistan serving 880 beneficiaries, and 50 winter kits in the UK, ensuring that no one is left to endure the winter months in hardship.

Creating Impact Through Sustainable Development Goals

Here's how the work of Al-Wahab Foundation can be aligned with the **Sustainable Development Goals (SDGs)** of the **United Nations:**

AWF provides various forms of assistance, including food distribution, Zakat, Sadaqah, and livelihood support, to alleviate poverty in communities.

AWF provides sustenance in different ways like food packs, cooked food, and iftar packs, to address hunger and malnutrition, particularly during financially tough times such as Ramadan.

AWF organizes medical and eye care camps, and facilitates deserving patients with free of cost eye cataract surgeries.

AWF's Maktab project empowers deserving students from underserved areas by offering both Islamic and general education, thereby securing a brighter future that would otherwise be financially out of reach for their families.

AWF promotes gender equality by empowering women to earn a respectable income without facing social pressures through sewing machine distributions under Women Empowerment project.

AWF installs water hand pumps, water wells, and supports water infrastructure projects to ensure access to clean water in communities.

AWF facilitates economic growth by providing livelihood support for sustainable income by distributing Rickshaws and delivery motorbikes under Rozgar Project.

AWF strives to reduce inequalities by offering aid and support to marginalized communities, ensuring equal access to resources and opportunities. Additionally, AWF enhances mobility for differently-abled individuals through the distribution of wheelchairs.

Through initiatives like mosque construction, AWF instills the development of sustainable and resilient communities while promoting Islamic education to enhance societal well-being.

Thank You for Creating a Huge Impact

Reflecting on the past year's achievements, we are profoundly grateful for your unwavering support of the Al-Wahab Foundation's humanitarian mission. **Your compassion and donations have enabled us to make a meaningful impact on the lives of many families and communities around the world.** Through your kindness, we have been able to deliver food, clean water, healthcare, and Education to those facing the most difficult circumstances.

We would like to take this opportunity to emphasise that your continued support and encouragement are the cornerstone of our success. Your support only further fuels our efforts to alleviate suffering and bring hope and light to those most affected. Each donation, regardless of its size, has made a huge difference in the lives of those we serve.

We humbly ask for your ongoing partnership and donations as we look ahead. With your generosity, we can further expand our humanitarian goals and endeavours. We want to work towards reaching more people in need and making an even more significant impact on the world. **Together, let us continue to uphold the values of compassion and empathy.** We are honoured to have you as a valued member of the Al-Wahab Foundation family. Thank you for being so supportive, and we look forward to continuing this journey of service together.

Report Of The Trustees & Independent Auditors For Financial Statements For The Year Ending On 30th September, 2023

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30th September 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)(effective 1 January 2019).

Board Of Trustees

Mufti Abdul Wahab, the Chairman of Ummah Charity International, has been engaged in philanthropic activities for well over a decade now. With a prominent presence as an Islamic religious scholar on both international platforms and social media, he has garnered an ever-expanding following. Throughout his journey, Mufti Abdul Wahab has consistently focused on bringing significant positive change to society. In 2012, he turned his vision into reality with the inauguration of Ummah Charity International (now Al-Wahab Foundation, driven by the goal of creating a more equitable, just society where no one is forced to live in unfavourable conditions. To achieve this vision, he closely monitors the charity's activities and, whenever possible, personally visits relief work sites to ensure the organization's processes are carried out smoothly and transparently. Mufti Abdul Wahab's dedication and hands-on approach have made a remarkable impact in realizing positive transformations within the communities AWF serves.

Aftab Ahmed, a devoted humanitarian and accomplished businessman, has demonstrated his drive and determination in building Euro Mobiles and Laptops into a successful enterprise. Now, he brings the same dedication and passion for serving humanity to Al-Wahab Foundation (formerly known as Ummah Charity International), aiming to create a lasting and positive impact on the world. With his expertise in handling highly sensitive matters, he is an ideal fit as a trustee of AWF, and we eagerly anticipate his valuable contributions. Aftab Ahmed plays an active role in all UK-based projects and is committed to expanding the welfare network in this region. His determination to make a difference is truly commendable and serves as an inspiration to us all.

Faisal Rao's capabilities in accounting have helped tremendously in managing the charity's funds for projects within and outside the UK. By profession, he works as an accountant for a large London-based organization, but his drive for social change motivated him to be a part of AWF's board of trustees. His experience and knowledge in monetary matters have allowed the charity to be able to allocate funds to relevant projects effectively and timely. His work with AWF is as deeply cherished as it is crucial.

Structure, Governance & Management

Governing Document:

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Risk Management Policy:

A separate log is maintained to determine the risk factors that can affect the operations of Al-Wahab Foundation, formerly known as Ummah Charity International, and can produce significant hurdles in work. These factors usually come under discussion in trustee meetings and require necessary action. Mainly the risk that can be a potential threat is the financial position of the organisation. It applies both on internal and external levels. On internal, the level of reserves and on external, it is the economic calamity which can affect our donors and funders and can distress them from supporting good causes. Trustees are aware of these potential risks and have already discussed overcoming the threats (if they arise) with possible risks and have agreed to discuss them in every trustee meeting so that a quick response can be discoursed and delivered on time. It is also worth mentioning that despite the financial risks, areas like governance, competition, operations, fundraising, legal compliance, visibility, and information technology are well assessed and discussed in detail. The charity is controlled by its governing document, a deed of trust, and constitutes an incorporated charity.

Risk Of Governance:

Al-Wahab Foundation, formerly known as Ummah Charity International needs to ensure that proper governance structures and practices are adopted to reduce the risk of failure and can support the survival and success of the organisation. The board will regularly review the policies and procedures to ensure they meet the governance and operating standards.

Funding:

Al-Wahab Foundation does not have a fixed amount of income. In continuation of work, it will be absolutely dependent on the donations made by the public or other charity organisations. Projects are only initiated when the complete funds are available to cover the cost but an exceptional case where Al-Wahab Foundations has also set aside a portion of reserves to reduce the disruption in the event due to a temporary fall in donations.

Complaints Handling:

We have a complaints policy in place, and a complaint can be submitted to us either in person, by telephone, by email, or via our website contact form. Complaints will be dealt with per our policy. We strive to make Al-Wahab Foundation meet high standards and up to the expectations of our donors. All procedures and frameworks are reviewed regularly for improvement purposes.

I.T & Data Storage:

Al-Wahab Foundation is reliant upon electronically stored data. However, the damage to our computer systems will not disrupt any of our humanitarian operations. This is because copies of all our data have been made to keep the information we have secure. Our fundraising teams utilise different approaches, which include the following: Individual donor giving, Challenges, Events, Online giving, Communities fundraising, Live TV appeals, Call centres, Direct mail, and Fundraising activities carried out by our staff or volunteers. We don't use third parties or agencies.

General Data Protection Regulation (GDPR):

Since 2022, we have provided training to staff members regarding the importance of GDPR. An action plan was implemented, and all donors were sent consent forms and emails. We have a data protection policy and privacy statements.

Our Objectives & Activities

Objectives:

Al-Wahab Foundation is a compassionate developmental organisation committed to improving the lives of those in impoverished nations, free from any form of discrimination. Our mission revolves around the following core pillars:

- **Transforming Lives Through Rozgar Project:** We aim to provide sustainable sources of income to those who are well-deserving. For this purpose, AWF distributes rickshaws and delivery motorbikes to transform lives.
- **Women Empowerment:** We are dedicated to empowering women, acknowledging their indispensable role in society, and equipping them with the essential resources and opportunities for flourishing.
- **Feeding the Hungry:** We are committed to addressing hunger and malnutrition by delivering essential food aid to individuals facing dire circumstances.
- **Providing Clean Drinking Water:** One of our foremost objectives is to prioritise the provision of clean and safe water sources, aimed at enhancing health and sanitation standards within marginalized communities.
- **Free Medical Eye Care Treatment:** We are providing free-of-cost treatment through Eye Camps and eye cataract surgeries for those who are well-deserving.
- **Education Through Maktab Support:** We have a steadfast belief in the transformative impact of education on individuals' lives. Our endeavors are centered on enabling both children and adults to access high-quality education.
- **Emergency Relief:** When calamity strikes, our response is immediate, extending emergency relief to affected communities, and offering aid and solidarity during their time of need across the globe.

Through these objectives, Al-Wahab Foundation strives to create positive and sustainable change, enhancing the lives of individuals and communities.

Expertise In Our Humanitarian Projects:

This includes our response to any natural disasters, including earthquakes, pandemics, flooding, and every such situation that requires efficiency and quick action. We also focus on building a better community as an important aspect of our objectives through our local projects and social bonding with a wide variety of People And Organisations.

Empowering The Communities:

Development of integrated programmes especially sustainable livelihood projects which enable vulnerable communities to break out of the cycle of poverty, whether it is by setting up a small business or distributing rickshaws. We have a gender equality policy therefore the Women Empowerment project gives women an equal chance to make their journey towards a better future.

Trust Building & Work Efficiency:

Al-Wahab Foundation is based on transparency, neutrality, and sincerity with effective leadership and programme management. The importance of each project in Al-Wahab Foundation is inevitable and the work that we do is bringing vulnerable communities, who are entrapped by poverty, towards hope and stability. Our food projects, clean water provision, education, women empowerment, and emergency relief in natural disasters are serving the community on a large scale as per their needs.

Current Development Programmes & Projects Set Up Are:

- Ensuring access to clean and hygienic drinking water in both rural and urban areas
- Empowering marginalized individuals through our Rozgar & Women Empowerment Project
- Organizing free eye care camps and facilitating cataract surgeries for those in need
- Combating hunger through our cooked meals and food packs projects
- Undertaking infrastructure projects, including the construction of masjids and homes for displaced communities
- Providing a brighter future through Maktab Project for children
- Engaging in seasonal initiatives such as Ramadan, Qurbani, and Winter Projects
- Responding to humanitarian needs, including our UK Projects to aid the homeless and serve through the London Community Kitchen
- Aiding natural disaster-stricken regions and providing swift humanitarian assistance during crises

Accountability

Al-Wahab Foundation is working continuously to develop and improve its accountability (a vital part of legitimacy) so that it fully supports our vision and mission and ensures that our work has the greatest impact. We have many policies and instruments in place for this, such as participation, feedback, complaints handling, and reporting. When someone donates towards a particular cause or project, we make sure that we have the team and resources to direct your donation towards the people and communities who need it the most. We take your donations very seriously and make sure that every penny is spent correctly, for that all donated funds are monitored and reviewed by Mufti Abdul Wahab (Founder & Chairman), who ensures that Zakat, Sadaqah, and other funds are spent correctly. After the completion, detailed feedback on the project is sent to our donors. Al-Wahab Foundation believes that if we work together, we can make a difference, and for that, we keep our work transparent among all stakeholders, which includes: the public, donors, volunteers, staff, and regulatory bodies in the countries we operate. A little note on Gift aid: Thanks to our donors who have signed a Gift Aid Declaration, as this is much appreciated.

Public Benefit

The Trustees confirm that they abide by the Charity Commission's general guidance on public benefit, complying with Section 4 of the Charities Act 2006 to have due regard to public benefit in pursuance of its objectives and activities. The initiatives taken by Al-Wahab Foundation left a deep impact and delivered a sense of well-being & happiness without compromising on people's self-respect. We have been playing an effective role in helping those who are in dire need. AWF has undertaken different projects over the years; some were meant to provide immediate relief, while others were meant to uplift the economic status of families. In either case, our efforts have proven fruitful and helped the beneficiaries in changing their lives and providing them with a chance to uplift their current situation. It is worth mentioning that whatever we have achieved so far is quite encouraging and a source of boosting our morale and spirit to continue the good work for the public's benefit and help.

Future Developments

Ummah Charity International is now Al-Wahab Foundation

Ummah Charity International has undergone a transformative rebranding and emerged as Al-Wahab Foundation, equipped with a fresh and tailored identity that authentically mirrors its values and aspirations. This evolution is geared towards amplifying its presence and influence in the realm of philanthropy. Despite the inherent challenges of rebranding, our transition has been seamless, sustained by an effective marketing campaign and proactive communication with our stakeholders and donors to mitigate any confusion. We have been communicating in a well-formulated manner to inform and engage all stakeholders about the change, emphasizing continuity of mission and commitment to the causes it serves. The transition has been conducted with transparency to keep the trust of our donors and partners intact during the process. Al-Wahab Foundation, with a new identity, is committed to extending assistance across the globe, when and where needed to ensure keeping hopes alive for everyone.

Following this major change for a promising future of our organisation, we are following a strong investment strategy that ensures the effective utilisation of funds to maximize its impact and support its charitable activities. With a focus on sustainable development, AWF plans to diversify its investments across various sectors, aligning them with its core objectives. A good amount has been spent on the rebranding advertisement keeping in view the possible instability to the economic streamline of the organisation. AWF has employed a practical risk management approach, ensuring a well-balanced and diversified investment portfolio. Additionally, we are regularly assessing and reviewing the investment performance while upholding its commitment to transparency and accountability. By addressing these challenges head-on, AWF aims to safeguard its financial stability and ensure sustainable funding for its charitable initiatives, enabling it to make an even greater impact in transforming lives and empowering communities.

In-House Transformation & New Developments

At AWF, we strive for continual improvement in all aspects of our charitable work, including internal transformations. As we have emerged as a new and bespoke identity this year from Ummah Charity International, this significant phase marks our dedication to aligning our name with our values and vision, reinforcing our commitment to making a positive impact. Throughout this rebranding process, we are focused on ensuring a seamless transition for our donors and partners.

In addition to our rebranding efforts, we have been working through Icharms, our new donor management system. Integrated with the accounting software Xero, Icharms has streamlined the donation process and enhanced transparency by automating donor data entry. This technological advancement will enable us to operate more efficiently, ensuring that every contribution is effectively utilised for the causes we serve.

Our team has started expanding its scope of work to serve as many people in need as possible across the globe. For this purpose, our staff has been enhanced to look into various activities carried out under charitable objectives. With these transformative steps, we are further strengthening our commitment to creating a better tomorrow for those in need. By continually evolving and embracing innovative solutions, we aim to optimize our impact and build a brighter future for the communities we support.

Expansion Of UK Projects

From the achievements of our Feed the Homeless and London Community Kitchen projects last year, Al-Wahab Foundation has collaborated with My Yard Charity to assist more vulnerable individuals in the UK by distributing food packs, and cooked meals. Through our Winter Survival Project, we have reached out to many more homeless in the UK and provided them with essentials to cover them up during the harsh winter season in the UK. Moreover, we intend to collaborate with like-minded organisations dedicated to alleviating food insecurity among the homeless population. Our vision is to expand our outreach encompassing multiple towns and cities across the UK within the next three years. The interest and impact these projects have generated from our supporters have encouraged us to value this programme in the coming years.

Based on the successes of our Feed the Homeless and London Community Kitchen initiatives last year, Al-Wahab Foundation has collaborated with My Yard Charity to extend aid to even more vulnerable individuals in the UK. Together, we are distributing food packs and hot meals to those in need. Through our Winter Survival Project, we have significantly expanded our reach to support numerous homeless individuals, providing essential supplies to help them endure the harsh winter conditions.

Furthermore, we are committed to collaborating with like-minded organisations devoted to addressing food insecurity among the homeless population. Our vision is to broaden our impact by extending our outreach to encompass multiple towns and cities across the UK within the next three years. The overwhelming interest and positive impact generated by these projects among our supporters have reinforced our commitment to prioritizing and expanding this program in the years to come.

Fundraising Activities

The organisation's fundraising activities and funding sources are reviewed occasionally by trustees to ensure all known sources of funds are approached for financial support. It was mentioned that the idea and experiment of doing charity appeals through television channels were really successful and helped the charity to reach more audiences for awareness as well as for financial gains. The trustee's emphasis on setting up and regularly updating the just-giving pages so more people can be engaged in good causes The law applicable to charities in England and Wales, the Charities Act 2011, Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period. In preparing those financial statements, the trustees are required to: select suitable accounting policies and then apply them consistently; observe the methods and principles in the Charity SORP; make judgements and estimates that are reasonable and prudent; prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business. The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Financial Review

Income

All incoming resources are included in the Statement of Financial Activities (SOFA) when the charity is legally entitled to the income, the amount can be quantified with reasonable accuracy, and there is a certainty of receipt. Donations: This comprises all incoming resources from donations and gifts collected directly by the charity and income from fundraising events/ appeals during the year. Gift Aid tax recoverable under the Gift Aid Scheme is recognised where there is an entitlement, certainty of receipt, and the amount can be measured with sufficient reliability. Where a claim for repayment of income tax has been or will be made, such income is included in the debtors' amount if still not received by the year-end.

Reserves Policy

The beneficiaries of the Al-Wahab Foundation are communities from different backgrounds and cultures, the only thing common among them is "poverty and insufficient resources" most of them receive assistance and support from AWF on a regular basis as their economic conditions do not allow them to fulfill the requirements on their own. AWF's ongoing projects are a big hope for thousands of people, and any delay or obstacle in delivering the projects can awfully affect their lives. Therefore, trustees are in view that a minimum of twelve-month reserve would be necessary to run the programs smoothly and to ensure sustainability. The AWF runs learning, fundraising, capacity building and advocacy activities and programmes supporting communities and individuals. The AWF Reserves Policy is to maintain a sufficient level of reserves to enable normal operating activities to continue over a period of up to six months should a shortage in income occur and to take account of potential risks and emergencies that may arise from time to time. This policy will be reviewed at the Annual Trust meeting each year. The Chairman will present the Trustee Board with a draft document and supporting materials that enable them to make an informed decision about levels of Reserves and feeds into their approval of the strategy document and annual operating budget.

Review

During the year, the charity raised £940,098 in direct donations from the general public to carry out the programmes mentioned in the Statement of Financial Activities. Most of this was utilised in the year, and the remaining funds are in reserve for ongoing projects. The charity continues to work closely with a number of partner organisations in providing aid to the needy, and of the expenditure, £475,004 was spent with these partner organisations. The income tax recoverable from Gift Aid is used for admin and marketing-related expenses.

Statement Of Trustee's Responsibility

The trustees (who are also the directors of Alwahab Foundation for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

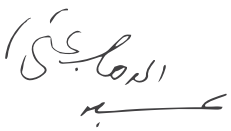
- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website.

Auditors

The auditors, Silver Arc Limited (Chartered Certified Accountants), will be proposed for re-appointment at the forthcoming Annual General Meeting.

Report of the trustees, incorporating a strategic report, approved by order of the board of trustees, as the company directors, on 29th July 2024 and signed on the board's behalf by:



Mufti Abdul Wahab
Chairman Al-Wahab Foundation

Report of the Independent Auditors

Opinion

We have audited the financial statements of Al Wahab Foundation (the 'charitable company') for the year ended 30th September 2023 which comprise the Statement of Financial Activities, the Statement of Financial Position, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 30th September 2023 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially

continued...

misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

continued...

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the charity through discussions with trustees and other management, and from our commercial knowledge and experience of the charity sector;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the charity, including the Companies Act 2006, Charity's legislation, taxation legislation and data protection, anti-bribery, employment and health and safety legislation;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the charity's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates set out in note 1 were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims; and
- reviewing correspondence with HMRC, relevant regulators including the Health and Safety Executive, and the charity's legal advisors.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the trustees and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

continued...

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements
For The Year Ended 30th September 2023

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets
Tangible fixed assets are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using either a straight line or reducing balance method, as indicated below.

Depreciation is provided on the following basis:
Fixtures & Fittings - 15% Straight Line
Computer Equipment - 20% Straight Line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies
Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

continued...

Hire purchase and leasing commitments
Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits
The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.
