The Charity's objects are for the benefit of the medical cases but not exclusively:

Structure, Governance and Management

The charity is constituted by a constitution. It is governed by the regulation set out in the Constitution and run by a voluntary Trustees.

The trustees are normally briefed by the Chair in order to familiarise themselves with the rules, regulations and responsibilities of the charity. The Trustees met 12 times during the year to review the activities of the charity including the approval of the annual report and accounts and to set out the fund-raising date for the charity.

Statement of Trustees' Responsibilities

Law applicable to charities in England & Wales requires the Trustees to prepare financial statement for each financial year, which gives a true and fair view of the charity's financial activities during the year and of its financial position at the end of the year.

The Trustees are responsible for keeping accounting records, which discloses with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the charity act 1993. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

However, the trustees are not in a position to discharge their duty in the absence of any financial transactions till to the date.

Reserve Policy

It is the policy of the charity that unrestricted funds, which have not been designated for a specific use, should be maintained at a level equivalent to at least 12 months expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. The UMA will actively work to achieve this level of reserves. In the absence of any financial dealings, there is no need of compliance required.

Risk Factors

The Trustees have assessed the major risks to which the charity is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

Independent Examiner

According to the provisions of the Charities Act 1993, the Trustees agree that an audit is not required for this financial year; however due to the provisions of the same act an Independent Examiner is required.

The Trustees agreed to appoint a qualified accountant to carry out the Independent Examination of the accounts if required in the future.

This statement is approved on the behalf of the trustees.
