**2024- 25**

**A year in the life of The Jordan Sinnott Foundation Trust**

## **Hello from Kelly and Maisie Jordan Sinnott**

### Foreword from Our Chair of Trustees

Our team at JSFT is truly exceptional, and together we are dedicated to honouring Jordan by creating the legacy he deserves. While losing him has left an unfillable space in our hearts, I find comfort in knowing that Jordan's charity is making a meaningful difference in the lives of others.

I am incredibly proud of what we've accomplished so far, and it simply wouldn't be possible without the unwavering support of our trustee's, patron, ambassadors and the JSFT community.

Together, we will continue to make a lasting impact in Jordan's name.

## THE JORDAN SINNOTT FOUNDATION TRUST REPORT OF THE TRUSTEES For the year ended 31 March 2023

In submitting their Annual Report together with the consolidated financial statements of The Jordan Sinnott Foundation Trust for the year ended 31 March 2025, the Trustees have ensured that all financial statements comply with the Charity Act 2011 and Accounting & Reporting by Charities: Statement of Recommended Practice applicable to charities preparing accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102, effective 1 January 2019).

### **Charitable Purpose & Public Benefit**

The Jordan Sinnott Foundation Trust was established following the tragic and untimely death of footballer Jordan Sinnott in January 2020.

It is a grant awarding organisation whose **objectives are:**

- The relief of those who are in need, particularly children and young people, by reason of sickness or disability, financial hardship or social and economic circumstances, including by the provision of grants to fund items such as sports equipment, club membership or training facilities for those who cannot afford them.
- To help young people, by means of sport and healthy recreation, to develop their capabilities and fulfil their potential as individuals and members of society.

The Charity Trustees are keen to support activities that advance the Objects in an effective way. However, they recognise that a limited amount of funds is available to distribute each year. The Charity Trustees' current funding priorities are:

- Individuals, in order to fund access to sport and to enable them to further their progress in sport where they cannot afford it
- Grass-root sports teams for young persons
- Projects that enable social inclusion for young persons in need through sport and health recreation

The Charity Trustees welcome proposals that support their funding priorities from, organisations individuals and other charities that further the Charity's Objects, although the Charity Trustees are particularly keen to support vulnerable and under privileged children and young adults.

The Charity Trustees will occasionally award grants that fall outside their priorities provided that they are satisfied that the grant will further the Objectives and is an appropriate use of the Charity's funds.

Reporting requirements and monitoring: The Charity Trustees will take steps to monitor the use of the grant and verify that the grant is used for the purposes that have been agreed. The arrangements for monitoring will vary according to the nature of the grant and its size, but the Charity Trustees will always seek to ensure that the arrangements are appropriate and proportional.

#### **JORD Principles**

**J**ustly - We will act justly and in accordance with our moral standard as set out in our Charitable Objectives.

**O**ppportunity - We want to provide the opportunity for individuals, clubs, groups, and team to harness the power of sport, play and physical activity.

**Remove** - In providing grant funding for vulnerable and under privileged children and young adults, we aim to remove the barrier to taking part in sport.

**Deserve** - We believe that every child and young adult deserves the right to fulfil their potential.

## **Financial Review**

The statement of financial activity is set out on page 14 and a summary of the financial results is given below.

In the financial year 1st April 2024- 31st March 2025, The Jordan Sinnott Foundation Trust raised an income of £24,978.48

Expenditure was £20,506.38

## **Activity and performance**

### **Income**

This charity raises funds from the public. It does not work with a professional fundraiser.

### **Expenditure**

We are mindful of the need to use our donated income and resources in the most efficient way, and we continue to review all our activity to ensure we meet the changing needs of those we support.

### **Grants**

Here are some of the organisations and individuals who have benefitted from a JSFT grant during the financial period 01/04/2024 – 31/03/2025

Acheinu Limited
Christopher Abel
Guisseley AFC Community

Lutterworth Town Junior AFC
Marshall Park FC
Newbiggin Juniors Football Club
Prestwich Marauders FC
South Essex Community Hub

### **Fundraising complaints**

We did not receive any complaints about our fundraising activities during the last year. We abide by the Fundraising Regulator's Code of Practice and their Fundraising Promise. We strive always to act ethically and responsibly, using best practice when communicating with our supporters, and we strictly adhere to General Data Protection Regulations (GDPR) processes in relation to data usage.

### **Responsibilities of the Board of Trustees**

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statement. In preparing this we have:

- observe the methods and principles in the Charity Statement of Recommended Practice (SORP)
- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards have been followed
- prepare the financial statements on the going concern basis

The Board is responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity.

The Board is also responsible for safeguarding the assets of the charity and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware

- there is no relevant audit information of which the company's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

### **Risk Management**

The Board of Trustees reviews detailed assessments of the risks to which the Charity may be exposed.

Comprehensive governance arrangements are in place to oversee risk management.

We have identified 3 key risks that we believe are critical to developing our plans for the year and to drive our more strategic planning.

Generating Income - That the income required to maintain our grant making services at the planned level is not secured.

Mitigating action:

- We will ensure that we have several income streams, not relying on a single source.
- We will appoint an Ambassador Group to help increase our public profile
- We will increase the activity on our social media platforms, increasing engagement within the community and maintain our public profile.
- We will actively steward our income streams to maintain engagement.
- We will abide by The Code of Fundraising Practice

Demand and meeting needs - That the demand for grants far exceeds services our planned levels, and we are unable to meet the needs of the communities we serve.

Mitigating action:

- We accept that this will be an ongoing risk to the JSFT and we will closely monitor our income and donations.
- We will continue to appeal for funding so that we are able to meet the needs of those applying for grant funding.
- Whilst each grant application is assessed on its own merit, there may be occasions when the full amount of funding required cannot be given in full or at all.

Reputation - That there is significant damage to the Jordan Sinnott Foundation Trusts' reputation and brand such that it negatively affects income or demand for grant making, or that significantly critical judgement is received from our regulators and/or commissioners.

Mitigating action:

- We have a robust Grant Awarding Policy, clearly setting out our priority for funding.
- There is a Grant Panel who assess each grant received weighting each application against a scoring rubric ensuring that all applications meet the charitable purpose and charitable objectives of The Jordan Sinnott Foundation Trust.
- We will demonstrate Financial Governance through a comprehensive audit trail from donation to grant awarding.
- We have ratified our Policies and Procedures to ensure compliance
