

Every Good Gift

## **ANNUAL REPORT OF ACTIVITIES**

### **VISION**

Our vision on behalf of our donor partners and ourselves is to promote and advance the educational, social and economic wellbeing of the deprived communities in Zambia which have been adversely affected by the covid19 pandemic by working hand in hand with existing social, religious and other economic organisations in Zambia.

### **MISSION STATEMENT**

Our mission is to empower vulnerable members of the Zambian community who have been adversely affected by the covid19 pandemic (especially orphaned children and under deprived children from poor families) to achieve their educational, social and economic goal in life . We also aim to work with our partners on programs that will help in the relief of poverty among the poor of all ages.

### **OBJECTIVES OF EVERY GOOD GIFT**

The object of Every Good Gift (EGG) is the prevention and relief of poverty caused by the corona virus pandemic in Zambia for the public benefit through the provision of essential items. The beneficiaries will be people disproportionately affected by the COVID-19 pandemic based on region, gender, income, access to education and healthcare or another disadvantage. EGG will provide the following but not limited too;

- (a) The provision of essential items
- (b) The installation of physical and technological infrastructure.

## **HOW WE MET OUR OBJECTIVES**

We collected 11,000 essential items from residents in Fulham, London, England ranging from clothes, home ware, baby essentials, medical equipment, technology, instruments to name a few. An intensive campaign "Send a smile to Zambia" was launched mid pandemic and the donations were collected, packed and shipped to Zambia. Fundraising efforts raised £2000 which went towards shipping costs and local people were made aware of Zambia and the wonderful things the country has to offer as well as its challenges.

The organisations first contribution was to funding school fees for two pupils and providing full uniform. Due to the rising Covid cases distribution of donations were slow until January when restrictions began to ease. We were fortunate enough to go into the Linda compound with the supervision of a Lusaka community welfare officer who had identified several children who were lived children led households. We were able to provide mil meal, cooking oil and washing powder. Some of the families had children as young as 14 caring for 3 other children the youngest being 2 years old. We helped approximately 5 families and several neighbours who were watching over the children. We returned to the compound to help approximately 40 beneficiaries who were underprivileged children, single parents, mothers with many children, elderly ladies and a blind elderly man. We were able to provide mattresses to those without sleeping facilities, and sleeping bags and blankets to those that were elderly and sick (sickle cell patient).

We also provided plates, clothes, cutlery, towels, mirrors, underwear, coats, gloves, socks, toothbrushes, toothpaste, tissue, toys and 10 bags of Maze meal amongst other items. We also visited a Baptist school in Chongwe where we provide clothes, shoes, school bags, coats, underwear, dresses etc to each child in the school. We also bought multiple bags of Kapenta, peanut butter, oil, sugar, soya pieces, tea bags and 10 bags of Maze meal. This provided school lunches for 205 children and 150 children received donations. We were also able to support a 2-year-old rape victim by using a doll donated to the organisation to understand what abuse had been carried out on the child. The founder interviewed the young girl asking the girl to show where she had been touched and hurt, sadly the perpetrator still has not been brought to justice we were able to provide transport to UTH and back and sought the support of local agencies to help the child.

The organisation also provided essential baby items to mothers and new-borns in the clinic located in N'gombe. The babies were all given nappies, and several items of clothes as well as blankets, coats and hats. Staff members were also given some snacks as a thank you for their contribution.

### IMPACT SNAPSHOT

272  
MEALS! Donated

Essential Items donated	Recipients	£ Donated	Partners
910	202	£666	4

## Outcomes

- Collected 11,000 items for donation in London, England
- Raised £2000
- School fees, uniforms and equipment for 3 students
- Provided school meals and general food for 272 people.
- Provide money for medical treatments 2 individuals.
- Provided basic living essentials such as beds, sheets, washing
- Baby essentials
- Provided clothes, shoes etc. to those in need.

## Impact

The relief of poverty to those in economic and social hardship. Supporting individuals that often fall through the cracks because of lack of education, mentorship, social position and lack of finances.

We were able to provide joy and hope be it temporary to our beneficiaries.
