

Annual Report
(Dec'21-Sep'22)

Report of the Trustees

Utrujj Foundation has been a registered charity for over 20 years, operating as a trust. During 2021, upon consulting with a specialist in the charity field, the trustees decided to set up a new charitable incorporated organisation (CIO) structure for Utrujj Foundation. This was deemed better for the long term structure and operations of the charity

For the period Dec'21 (when the new CIO structure was created) and Sept'22, the end of the first financial year, there was no activity or trading under this new CIO. All trading and activities have continued under the prior Utrujj Foundation

Signed on behalf of the trustees
