Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	In a positive balance of £867 at the end of the financial period. We held this balance after having a successful fundraiser which exceeded the targets required to meet the needs of the renovations and intended provisions. In view of potential uncertainty with intended future changes/expansion of the charity's scope, we have accepted a higher reserve to have greater potential for freedom and flexibility over our next actions.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Accounting for future budgets and future projects/spending plans that cannot be met from the income of a single year, and uncertainties we may face in the future, we acknowledge the need to hold some reserves to meet an unexpected call on funds or opportunities that may present themselves. We use the above process to identify why reserves might need to be held and to decide the amount of reserves needed to operate effectively, according to the financial and operational status of the charity.
