Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>This was the third year of the charity's existence.</p> <p>As per previous year, initial efforts were focused on finalising the opening of a bank account, which was completed in May-24.</p> <p>The two Trustee meetings focused on the development of the charity's giving strategy, continued efforts into opening of a bank account. The giving strategy discussions primarily focused on further development of the cause allocation framework. Calls were held and emails exchanged with the organisations we have previous and / or subsequently given to, Raise and SCL.</p> <p>Further discussions took place over email / Whatsapp, which included the decision to make a donation to Founders Pledge in light of the USAID funding cuts (payment made at the start of Apr-25 so in the following financial year).</p> <p>Raise operates a matching scheme for student donors to the Against Malaria Foundation. Donations to Raise from students are equally matched by donors (or sometimes doubled), offering the students the opportunity to know their giving is going even further. We agreed to further support Raise in the coming academic year (payment made in financial year 25-26).</p> <p>SCL researches protest strategy, seeking to determine the ultimate effectiveness of campaigns depending on tactics implemented by participants. It seeks to transmit these findings to relevant groups on various issues (eg climate). We decided to hold off on further funding at this stage, having provided funding in the prior year.</p> <p>Operations at the CIO continue to move slowly, despite finally opening the bank account. We continue to be constrained by the limited time availability of all trustees.</p>

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>This was the first year of the charity's existence. We held a couple of trustee meetings to discuss strategy, and calls with various Charitable Venture Capital businesses, with the aim of growing the capital available to the Charity whilst concurrently investing in start-up businesses developing products / services for the wellbeing of humanity. We made one such investment (Lionheart Ventures).</p> <p>Further substantive operations were held up during the year by our difficulty in opening a bank account, without which it is difficult for us to accept money or make grants and investments. Progress has been made on this issue at the start of 2023.</p>
