TRUSTEE'S REPORT FOR THE YEAR ENDED 31 AUGUST 2024

The Trustee present their annual report together with the financial statements of the Endowment Fund (the Fund) for the year 1 September 2023 to 31 August 2024. The Trustee confirms that the Annual Report and financial statements of the fund comply with the current statutory requirements, the requirements of the Fund's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

Objectives and activities

a. Objects and aims

The Fund's objects are as outlined in the Deed of Gift.

The primary purposes of the Fund are:

- (1) to provide grants, scholarships, bursaries or any other assistance, as the Trustees of the Company think fit to King Edward VI Sheldon Heath Academy (the Academy) pupils in financial need;
- (2) to support the provision of services and facilities at the Academy;
- (3) to support the educational achievement of Academy pupils through providing awards, prizes and other rewards;
- (4) to foster closer ties between the Academy and the community, including promoting education and social welfare in the community served by the Academy

The Trustee must agree to all withdrawals from the Fund at a Board meeting, after taking into account the views and recommendations of the Academy's senior management team.

The Trustee confirms that it has referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Fund's aims and objectives and in planning future activities and setting the grant making policy for the year. The Fund provides grants to assist eligible people to achieve the Fund's objects.

Achievements and performance

a. Main achievements of the Fund

The investment portfolio has had a disappointing performance and was down some 25% over the year. There were some large fluctuations in the financial markets during the year, particularly due to the war in Ukraine, and the fixed interest stocks in our portfolio were especially affected. Trustees recognise the importance of maintaining regular lines of communication with the investment advisers and will continue to monitor their performance.

The final instalment from the sponsors of £100,000 was received in 2021. Historically amounts received under the Deed of Gift have been recognised on a receipts basis, a policy that the company continues to adopt.

At the end of the current financial year the funds stand at £2,217,000 (2023: £2,151,000).

Expenditure in respect of grants paid to individual, or groups of, students of the Academy are in line with the objects of the fund.

Achievements and performance (continued)

b. Help for individuals

In pursuit of its charitable objectives, the company was able to award grants to individuals. Grant payments have been made, as far as possible, direct to the individual, or group, to whom the amount is due. This included assistance to the Academy's Music Club in the form of tuition fees and musical instruments. During the year the company was able to provide grants and further assistance totalling £50,019 (2023: £26,923). The total of these grants has been agreed by the Board during the current year. The grants are paid via a donation of funds to the Charitable Fund, who in turn pay out the grants to individuals from their bank account.

c. Fundraising

The Endowment Fund had no fundraising activities requiring disclosure under S162A of the Charities Act 2011.

d. Investment policy

The Trustee has agreed to adopt a medium risk strategy of its investment portfolio, and this will be reviewed with the Investment Advisers on a regular basis. Proposed income yields are of the order of 3%.

Financial review

a. Going concern

After making appropriate enquiries, the Trustee has a reasonable expectation that the Fund has adequate resources to continue in operational existence for the foreseeable future and that there are no material uncertainties. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

b. Reserves policy

The reserve levels of the Endowment Fund run in line with the investment portfolio valuation at the end of each year. The Trustees assess the valuation each quarter to ensure that investments are performing at an appropriate level.

c. Financial review

The Trustee considers that the assets are sufficient and adequate to fulfil the obligations of the charity, in the foreseeable future.

d. Principal risks and uncertainties

The Trustee has considered the risks to which the charity is exposed and has taken steps to mitigate those risks. The primary risk is the proper management of the quoted investments held by the charity's investment advisers, EFG Harris Allday, on behalf of the charity. The Trustee seeks to mitigate this risk by receiving regular reports detailing the investment portfolio. In addition, the Trustee communicates with a representative of the Advisers on a regular basis.
