OUR AIMS

The aims of the ALEXANDRA MURPHY HHT FOUNDATION are the relief of sickness and the advancement of health of HHT (Hereditary Haemorrhagic Telangiectasia) sufferers, more specially those who suffer from Pulmonary AVMs (arteriovenous malformations) in particular, but not exclusively by: a) Raising awareness of HHT and Pulmonary AVMs, the symptoms associated with it and treatment. b) Promoting research into the understanding, diagnosis, cause, and treatment of HHT and Pulmonary AVMs through treatments and grants related to research projects in order that the useful results of research are disseminated for public benefit. c) Providing support to patients and families suffering from HHT in any way the trustees think fit

ACHIEVEMENTS

During the financial period the trustees of ALEXANDRA MURPHY HHT FOUNDATION have, without any cost to the charity, maintained the website <https://alexandramurphyHHT.foundation> which through social media has been instrumental in raising awareness of HHT, its sufferers and its symptoms. This has resulted in achieving donations totalling £8,609, all of the donations have come from members of the public following their awareness of Hereditary Haemorrhagic Telangiectasia.

OUR FINANCES

The financial statements show net income for the year of £8,609, this is a result of income from donations totalling £8,609. Most of the donations are achieved through an annual Charity event, whereby we aim to raise the profile of HHT. A very successful event was held in October 22 and another event will take place in October 23. The only cost to the charity of the event is the refreshments, all other costs are covered by the trustees.
