Other		n/a

Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

Para 1.20

- **New national guidance on asthma management and diagnosis was published in 2024. All the resources were reviewed by the editing committee and updated to align with the guidance. New resources were also developed as translated as part of this including adapted asthma management plans for the different age groups and different management approaches. In total approximately 200 resources were updated.**
- **There are significant health inequalities in asthma, with those from the most deprived deciles of society having 4 times worse outcomes than those from the least deprived. Lack of access to easy to understand information can be a barrier to improved outcomes. We were approached several times to develop easy read versions of our most popular resources and completed work on this this year.**
- **The nationally accredited tier 3 online training module (6 hours worth of elearning freely available on NHS England's education for health website, was updated to align with national recommendations.**
- **We were repeatedly approached to support the adaptation of the nationally accredited tier 3 CYP asthma online module into a face to face format. The charity has supported the development of a national package of resources and the delivery of 5 pilot courses using this package nationwide. Following the successful pilot courses, resources were adapted according to received feedback and a final package was created. The infrastructure to support the delivery of these resources has been created on a new section of the website and the administration of the courses is done by volunteers on a weekly basis. There will have been 30 courses delivered by the end of the year with further roll out expected as cascade training evolves. The feedback has been outstanding for all courses with many delegates commenting this will directly change how they manage asthma**

		<p>in children and young people. These courses will be run by eligible health care professionals and must be not-for-profit courses.</p> <ul style="list-style-type: none"> ▪ We have maintained the use of the website at around 5K users per month this year and continue to promote it through national avenues. ▪ The creation of BeatAsthma promotional running tops helps to raise awareness of the charity and supports fundraising activities
--	--	---

Additional information (optional)

You may choose to include further statements where relevant about:

Achievements against objectives set	Para 1.41	The charity has continued to support up to date education of both families, young people and healthcare professionals as described above. The easyread resources will help reach a different cohort of patients and families.
Performance of fundraising activities against objectives set	Para 1.41	The donation from the Barbour foundation, together with fundraising activities of families will support these objective listed above
Investment performance against objectives	Para 1.41	n/a
Other		n/a

Financial review

Review of the charity's financial position at the end of the period	Para 1.21	Total funds at year end = £ 23447
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity does not have a policy on reserves
Amount of reserves held	Para 1.22	No reserves are held
Reasons for holding zero reserves	Para 1.22	There are no fluctuations in receipts and or payments to require reserves. Activities are only pad for when there are sufficient fuds in the account

Details of fund materially in deficit	Para 1.24	n/a
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	There are no concerns

Additional information (optional)

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	Adhoc fundraising

Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The charity has maintained and improved the resources on the website which has allowed children, young people and families to understand their asthma better and therefore manage it better with better outcomes. The development of new resource specific to young people has allowed this difficult to access group better suited information. The translation of resources into 6 different languages has allowed populations subject to health inequalities to have better access to information. These resources are being used nationwide.</p> <p>The website also support healthcare and non-healthcare professionals care for children with asthma by developing easy to use templates and easy to read up to date information.</p> <p>The completion of the education module will promote better care nationwide in paediatric</p>
