Sikh Doctors and Dentists Association UK Trustees' Annual Report

For the year ended 2024 - 2025

Charity name: Sikh Doctors and Dentists Association U.K.

Charity number: 1197410

Registered address: Stroud Practice, Bentley Health Centre, Churchill Road, Walsall, WS2 0BA

Trustees: Dr Maninder Singh Kalkat, Dr Sukhpal Singh Gill, Dr Harcharan Sahni

Principal contact: Dr Sukhpal Singh Gill

Structure, Governance and Management

The Sikh Doctors and Dentists Association UK ("SDDA UK") is a registered charity governed by its Constitution. The Association is directed by a Board of Trustees, all of whom are healthcare professionals who serve on a voluntary basis.

Trustees meet regularly to:

- Review charitable activities and public benefit
- Ensure compliance with Charity Commission guidance
- Oversee finances and risk management
- Ensure that all activities advance the charity's stated aims

Trustees receive no remuneration. Conflicts of interest are declared and managed in accordance with best governance practice.

Objectives

The charitable purposes of SDDA UK are:

1. **To advance the education of the public and members of the community** in the prevention, diagnosis and treatment of sickness and disease, and other medically related matters.
2. **To preserve and protect good health** among the public and members of the Sikh community.
3. **To advance religious education** in accordance with the teachings of the Sikh Gurus.

The Trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit and that all activities described in this report were undertaken to further these purposes.

Summary of Activities and Achievements

During the reporting period, SDDA UK delivered a programme of activities across **health education, community wellbeing, interfaith engagement, addiction recovery, and public health advocacy**.

These activities were designed to reach both the Sikh community and the wider public, with particular focus on reducing health inequalities, improving health literacy, and ensuring culturally sensitive healthcare engagement.

Detailed Review of Activities

A. Health Promotion and Disease Prevention

Cardiovascular Disease Education – 5 April

A public cardiovascular health education session was delivered by **Dr Dilsher Singh** at **Guru Nanak Gurdwara, Stratford Road**. The session focused on:

- Heart disease prevention
- Lifestyle risk factors
- Early diagnosis and screening

This directly advanced the charity's aims in disease prevention and health education.

Palliative Care Conference – 9 May

Dr D Singh represented SDDA UK at a national palliative care conference, contributing to **interfaith dialogue** with Hindu, Jewish, Muslim and Christian faith leaders.

The session addressed:

- End-of-life care
- Cultural sensitivity
- Ethical challenges in medicine

This promoted inclusive healthcare, improved professional awareness, and supported community cohesion.

B. Public Policy and Ethical Advocacy

BBC Input on Assisted Dying Bill – 14 May

Dr Gurpreet Khaira provided expert commentary on the BBC on behalf of Sikh healthcare professionals, offering insight into:

- Ethical challenges faced by doctors
- Sikh perspectives on assisted dying
- The need for robust parliamentary debate

This contributed to informed public discourse on a major health policy issue.

C. Religious and Community Engagement

Parliamentary Launch of the Gurdwara Handbook – 14 July

SDDA UK was represented by **Dr Narula and Dr Bindra** at the Parliamentary launch of the Sikh Gurdwara Handbook. This event:

- Brought together Sikh charities nationally
- Strengthened faith-based collaboration
- Promoted understanding of Sikh religious institutions

This directly supported the charity's objective to advance religious education.

D. Addiction Recovery and Mental Wellbeing

Support for Sikh Recovery Retreat Campaign – 5 January

SDDA UK supported a national campaign aimed at addressing **alcohol misuse within Sikh communities**.

This activity:

- Targeted a major public health issue
- Reduced stigma
- Promoted recovery and wellbeing

It directly contributed to preserving health and preventing disease.

E. Physical Health and Lifestyle Promotion

Cycling Expedition – 4 May

Led by **Dr Jastinder Singh, Mr Maninder Kalkat and Dr Dhodi**, this initiative promoted:

- Physical fitness
- Mental resilience
- Community bonding

This aligned with SDDA UK's preventative health and lifestyle medicine aims.

F. First Aid and Community Safety

Nagar Kirtan Medical Cover – Guru Nanak Gurdwara, Caldmore

SDDA UK provided trained medical volunteers to support the annual Sikh religious procession, delivering:

- First aid
- Emergency medical response

This protected the health and safety of thousands of members of the public and participants.

Use of Digital and Media Platforms

SDDA UK continues to use **broadcast and digital platforms** to amplify public health messages, including:

- National media (BBC)
- Social media (Facebook)
- Community and faith-based networks

This extends reach beyond physical events and supports health education at scale.

Impact and Outcomes

Across the year:

- Hundreds of people directly benefited from education, screening, first aid, and advice
- Thousands more were reached via media and community networks
- Increased awareness was seen in cardiovascular health, palliative care, addiction recovery, and ethical medical issues

Feedback showed improved confidence in:

- Managing long-term conditions
- Seeking help early
- Engaging with healthcare professionals in culturally appropriate settings

Financial Review

The charity is funded through:

- Voluntary contributions from members
- Donations and small grants from supporters

Expenditure was primarily directed towards:

- Community health events
- Medical equipment and first-aid provision
- Educational activities

Trustees ensure that funds are used prudently and in direct support of the charity's objectives.

Plans for the Future

SDDA UK will continue to focus on:

- Expanding health promotion across new Gurdwaras and community venues

- Developing a **Lifestyle Medicine Questionnaire** to personalise community interventions
- Increasing focus on **oral health** as part of systemic disease prevention
- Strengthening partnerships with other faith and community organisations

The Trustees are satisfied that SDDA UK continues to deliver **clear, measurable public benefit**, particularly for underserved and minority communities. The charity remains financially responsible, ethically grounded, and operationally effective.

The Association is well-positioned to expand its impact in the coming year, combining medical expertise, faith-based engagement, and community trust to improve health outcomes.

Accounts

Cardiovascular Community
engagement event
SDDA collaboration with
Nishkam

May 23

Overview

- Footfall at the healthcare centre was 489 people on the day
- 299 people underwent physical health checks (a combination of height, weight, blood pressure, blood sugar and heart rhythm screening tests)
- 28 people attended the eye care advisory service
- 26 people attended the living kidney donation talk
- 133 males (44%)
- Average age 56 years
- Ethnicity: 9 Afro-Caribbean (3%), 259 Asian (87%), 21 Caucasian (7%), 10 Ethnicity unknown (3%)

- 3 emergency ambulances called out

Medical Emergencies

- **3 Emergency Ambulances Called:**
 - - 1 for a case a Diabetic Ketoacidosis
 - - 1 for fast AF
 - - 1 for BP 190/119mmHg (not previously diagnosed with htn)
- **Medical Urgencies Requiring GP Intervention Within the Next Few Days**
 - - 4 cases of abnormal heart rhythm (3 new diagnoses AF, 1 tachycardia with ectopics requiring evaluation by GP).
 - - 4 people BP of >180/90mmHg
 - - 5 people had blood sugar >20mmol yet were not known to be diabetics.
 - - A hand-written note was given to all of these individuals, which they could then take to their GP's highlighting finding from the health checks and suggesting the need for urgent medical review.

BMI Data

- 99 people – no BMI documented
- 200 people had BMI documented. Of these 3 people were excluded from analysis because of suspected erroneous data entries (BMI of 9, 88 and 89)
- Of the remaining 197 people:
 - - 1 person was underweight
 - - 47 people = healthy weight
 - - 90 people = overweight
 - - 59 people = obese [45 people obesity class 1 (BMI ≥ 30 but < 35); 12 people obesity class 2 (BMI ≥ 35 but < 40); 2 people obesity class 3 (BMI ≥ 40)
- Median BMI 27
- Mean BMI 28

BP Data

- 279 BP checks but 3 excluded from analysis due to erroneous data entries
- 178 people with normal BP
- 72 people with SBP >140 and ≤159 mmHg
- 21 people with SBP >160 and ≤179 mmHg
- 5 people with SBP ≥180 mmHg

- 2 people with SBP <100mmHg

- Comments for people with BP >180mmHg
 - - 1 person HAS APPT BOOKED AT GP DAILY MONITORING SHEET PROVIDED
 - - 3 person new diagnosis suspected htn (186/90; 192/91; 194/99); advised to see GP urgently and given letter of advice from NHT volunteers
 - - 1 person sent to A&E (190/119)

- Average BP (data is for 276 people; 3 people excluded from analysis because of suspected erroneous data)
 - - Mean SBP 134 Mean DBP 80
 - - Median SBP 132 Median DBP 80
- Of those people with SBP ≥ 160mmHg
 - - 13 known hypertension (70m, 73f, 67m, 80f, 64f, 52f, 67f, 60m, 71f, 73f, 56f, 57m, 69m)
 - - 8 not known hypertension (68m, 44f, 50m, 68m, 70f, 68f, 80f, 52f, 69m)

- Of those people with a diastolic of ≥ 100mmHg and SBP <160mmHg
 - - 2 known hypertension (66f, 68m) (BMI 34, BMI 42)
 - - 1 not known hypertensive (37f, 46m, 60m) (no BMI, no BMI, BMI 29)

Blood Glucose Data

- 200 blood glucose checks
- 1 person excluded from analysis due to erroneous results (CBG 78)
- 6 people with CBG >20mmHg
- Nobody with hypoglycaemia (blood sugar <4)

Heart Rhythm Checks

- 38 people had heart rhythm checks
- 31 people had a normal sinus rhythm on KardiaKor monitoring
- 4 people had a tachycardia

- 3 cases of AF
- 1st person advised to see GP
- 2nd person 999 called
- 3rd person new diagnosis AF

- 1 – irregular pulse, suspect ectopics, advised to see GP
