

GoodHub Charity Annual Return

April 2024 - April 2025

Purpose

The object of the Charity 'GoodHub' is to offer free digital tools to small and medium sized charities and community organisations, to help enable them to thrive with their chosen missions.

Public benefit

The charity has been in the process of developing software aimed to help other charities with their social media. In this financial period no software has been publicly available, however development is ongoing, but dependant on intermittent resource. We are hoping to get a more consistent approach by looking specifically as to whether we can use AI to offer tools that will take less resource.

We have complied with our duty to have due regard to the commission's public benefit guidance when exercising any powers or duties to which the guidance is relevant

Financial period

The financial period of this report is April 2024 - April 2025

Income

The charity has had income of £0 in this period. We utilise a charity grant from Microsoft that are given as 'credits' for the development and deployment of software.
