Charity Trustees: Chair of Trustees, Ian Kilpatrick

Trustee, Laraine Atkins

Financial Reporting Period: 1st April 2024 to 31st March 2025

Charity Structure:

The charity is a charitable incorporated organisation.

Charity Objectives:

The objective of the charity is to aid the advancement of education of young people, including those in primary and secondary education, in the subjects of Science, Technology, Engineering and Mathematics, also known as STEM.

Our plan is to engage with schools and provide a dashboard of performance metrics. By involving pupils in investigative science, this will encourage them, including girls, economically disadvantaged and minorities, to continue in STEM subjects at KS3 and 4, and beyond.

Charity Activities:

Unfortunately, due to the current state of the education system regarding both a shortage of skilled STEM teachers in primary education, and lack of school funding, we have reluctantly had to minimise our charity activities. However

we have prepared a number of lessons in investigative science for teachers and pupils and they will be hosted on our website
Should the situation improve next year, we will look to restart broader activities.

Funding:

Currently our funding has been from our chairman, including provision of staffing resources

Spending:

Due to charity activities being minimised, the only direct spending costs have been for the hosting of our website.

Date:
