Summary of the objects of the charity set out in its governing document

Our core objective is to raise funds to donate to rural Cambodian primary schools. The wider objectives having raised sufficient funds is to relieve sickness and to advance education in rural Cambodian villages whilst promoting the education of children in years 1 to 6 (ages 4-11). This will be achieved through the establishment of schools, the hiring of local teachers, the provision of essential medical care, and the implementation of technology to connect Cambodian classrooms with schools in the UK.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Fund raising:

During the period, the charity continued its fundraising activities through corporate charitable donations only. Funds raised during the year were donated to support a rural Cambodian primary school, providing approximately 35 children with resources for a full year of education and access to essential basic medical care.

Each year our trustees review our objectives and activities to ensure they continue to reflect our aims. In carrying out this review the trustees have considered the Charity Commission's general guidance on public benefit. (Section 17(5) of the Charities Act and the Charities (Accounts and Reports) Regulations 2008.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;

Achievements and performance

Summary of the main achievements of the charity during the year

Fund raising:

The main accomplishment during the second period of the charity's formation was the successful fund raising and ability to raise charitable contributions through corporate fundraising. These funds were donated and were utilised to provide another full year's worth of education and essential basic medical care for approximately 35 children attending a rural Cambodian primary school. As a result of this, we, as a charity, effectively alleviated illness, promoted education in at least one rural Cambodian village for an entire year, and supported initiatives to recruit local teachers and create opportunities for local communities.

Section E Financial review

Brief statement of the charity's policy on reserves
