## Section C Objectives and activities

**Summary of the objects of the charity set out in its governing document**

Our core objective is to raise funds to donate to rural Cambodian primary schools. The wider objectives having raised sufficient funds is to relieve sickness and to advance education in rural Cambodian villages whilst promoting the education of children in years 1 to 6 (ages 4-11). This will be achieved through the establishment of schools, the hiring of local teachers, the provision of essential medical care, and the implementation of technology to connect Cambodian classrooms with schools in the UK.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

**Fund raising:**

During the second period of the charity's fund-raising activities, we managed to successfully raise funds through corporate charitable donations only. Funds raised were subsequently donated to provide one classroom of approximately 35 children in a local Cambodian primary school with resource for a full year's education and basic medical care.

Each year our trustees review our objectives and activities to ensure they continue to reflect our aims. In carrying out this review the trustees have considered the Charity Commission's general guidance on public benefit. (Section 17(5) of the Charities Act and the Charities (Accounts and Reports) Regulations 2008.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Section D****Achievements and performance****Summary of the main achievements of the charity during the year****Fund raising:**

The main accomplishment during the second period of the charity's formation was the successful fund raising and ability to raise charitable contributions through corporate fundraising. These funds were donated and were utilised to provide another full year's worth of education and essential basic medical care for approximately 35 children attending a rural Cambodian primary school. As a result of this, we, as a charity, effectively alleviated illness, promoted education in at least one rural Cambodian village for an entire year, and supported initiatives to recruit local teachers and create opportunities for local communities.

**Section E****Financial review****Brief statement of the charity's policy on reserves**

The iRock Trust does not adopt a specific reserves policy yet it maintains an immaterial surplus of reserves at the period end. This surplus is a result of the charity's successful fundraising efforts, enabling the provision of a full year's worth of education and medical care to approximately 35 children in a rural Cambodian village primary school. The reserves retained at the period end will be subsequently donated along with any accrued bank interest once the minimum donation threshold is met to support an entire class of approximately 35 children for a full year of both education and medical care.

**Details of any funds materially in deficit****Further financial review details (Optional information)**

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

**Section F****Other optional information****Section G****Declaration**
