### ABMRC ACCOUNTS

TOTAL DONATIONS = £2,054

TOTAL EXPENSES = £1,389.83

### TRUSTEES ANNUAL REPORT

For the year under review, the trustees are deeply grateful for the support and partnership we have received from different people which has enabled us to fully kickstart the work. Our mission is to equip pastors and Bible teachers in Africa through training programmes and books distribution. We indeed looked forward to opened doors in being able to reach our target audience in Africa. And we were able to see this happen in Nigeria.

We were able to host training sessions in different cities in Nigeria where we had a good turnout of pastors and church leaders. We visited Lagos and Abuja but hosted more training sessions Lagos. We witnessed God's transformative work through our training programmes and book ministry. We not only held face-to -face training sessions, but we also had virtual sessions, all of which helped to reach a bigger audience. We were able to distribute books to attendees in our face-to-face programmes. We have received incredible testimonies of lives changed and leaders empowered through the work of ABMRC.

We have also started an online Bible academy, a platform where any interested Bible teacher or Pastor could sign up and be part of the learning community. Currently, we have over 100 students registered on the platform.

The Lord is opening more doors, and we aim to press in to introduce our vision and encourage more pastors and Church leaders to participate in our training programs.
