Background

Beartown Rickshaw originally started as Active Travel Congleton CIC and converted to a charity following a special resolution on 26th January 2022.

Aim and purposes

Beartown Rickshaw (BTR) aims to improve the mental health and wellbeing of local residents who, for whatever reason, are experience limited mobility, by taking them on a short (approximately 1 hour) ride on a rickshaw to a local beauty spot such as Congleton Park or Astbury Mere so that they may feel the air on their face and the wind in their hair.

Objectives and Activities

In addition to our main objective we are also building a team of volunteers who feel good about helping those who are less fortunate.

Achievements and Performance

We carried approximately 180 people in our first 8 months of operation and travelled about 900 miles within Congleton.

We have regular arrangements with the following care homes and day care centres:

- Clayton Manor Care Home
- The Laurels Care Home
- Greengables Care Home
- Bradwell Court Care Home
- Carter House Day care centre for adults with learning difficulties
- Crossroads Day care centre for adults with learning difficulties
- Heather Brae residence for adults with learning difficulties.

Whilst it is difficult to measure the mental health benefits that we provide we continue to receive fabulous feedback from care home wellbeing coordinators and clients on how much they enjoy their rides on the rickshaw. One example was a lady who, unprompted by us, put the following on a Facebook post

"It was absolutely amazing. Mum has very limited mobility. The footplate comes down. She was helped every step of the way. We were zipped into lovely snuggly sleeping bags and then we were off with the wind rushing through our hair. I can't praise it enough. Would definitely recommend. It was great to see mum so excited and happy. We both had a thoroughly good time. Thank you 😊"

Public Benefit

The trustees have regard for the guidance issued by the Charity Commission and can confirm that all our rides are free and for the public benefit.

Rickshaw performance.

In general, the rickshaw has performed well given the number of rides that it does each week. We have unfortunately, suffered from power management issues with the rickshaw. These issues are actively being dealt with by our technical team of 6 in conjunction with the dealer, Get Cycling in York, and the manufacturer, Van Raam, who have a representative in the UK.

Contribution made by volunteers.

Whilst the trustees set the policy, liaise with care homes and grant funding bodies the vast majority of our interaction with our clients and general public is made by our group of volunteers and the charity could not function without them.

Our volunteers do several jobs. Most of them are rickshaw pilots that we train before we allow them to take customers, other jobs include:

- Outriders
- Administrators
- Graphic artists
- Social media contributors
- Bookkeeping
- Chatty chums

Financial Review

Total receipts were £15,683 and our total expenditure was £13,406 of which £11,067 was used for the purchase of the rickshaw.

The charity's principal source of funds has been:

National Lottery	£6,667
Congleton Inclosure Trust	£5,000
Congleton Town Trust	£1,500
Congleton 4 Congleton	£500
Margaret Williamson fund	£720

The main risk facing the charity is loss of key personnel. This has been addressed by sharing passwords and workload among trustees.

Structure, Governance, and management

The method of appointment of trustees is set out in the charity's governing document. The trustees meet approximately every 6 weeks with an attendance level of at least 80%. The trustees have arranged for 3 volunteer get together events either at the Congleton Tennis Club or at Astbury Mere. These meetings help our volunteers to form closer relationships with each other and gives a valuable opportunity for trustees to update volunteers and for volunteers to feedback to trustees with ideas for improvement.

Notes to the Accounts
for the year ended 31 August 2022

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Rickshaw	25% reducing balance
----------	----------------------

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Grants received

Grants received to purchase the rickshaw are being spread over 4 years to approximate to the expected useful life of the rickshaw.
