

This year Afrique Integre (AI) lost two of his trustees who resigned in November 2023 therefore we have only two trustees that operate the charity.

AI also opened his first business account with co-operative bank in december 2023.

In December 23nd 2023 we also completed a project in the Ivory Coast to donate gifts and presents to children's hospitals ( pouponnière and PMI de Yopougon in Abidjan).

We are planning another project to donate school kits to children in September 2024.

We are also planning to open an after school or Saturday class for children in our local community (Church Road community centre) to help children in need.

We also had 5 more volunteers joining us in the Ivory Coast.
