Our aim is to ensure everyone who comes is supported to grow in their Christian faith and we have been making progress in that direction. We have been able to support some of our members through difficult times, we provided financial and food support to some families that welcomed new babies and they were happy to have received such gifts donation from the ministry.
Performance of fundraising activities against objectives set	Para 1.41	Our primary focus is not on raising money but to ensure people grow. In the formative years of the ministry, there was no fundraising but this year, some members and volunteers including the trustees made voluntary contributions and donations to help the charity actualise some of its goals and we are proud we made some progress in supporting members that welcomed new babies to their families.
Investment performance against objectives	Para 1.41	Currently, the charity is not in a good financial position to make some investments into businesses or bonds in order to raise money. Hopefully when the charity grows bigger, we would consider making investments that would generate future funds for the charity.

The charity's principal sources of funds (including any fundraising)	Para 1.47	The charity's principal sources of funding is individual free will donations, tithes and offerings.
Investment policy and objectives including any social investment policy adopted	Para 1.46	Currently, we have not been able to make any investments into businesses to raise funds. This is an option we would consider in due time .

A description of the principal risks facing the charity	Para 1.46	The principal risk facing the charity is financial stability, the lack of financial support and free will donations is the major risk as we will not be able to support members financially should they require any kind of financial assistance in difficult times. Also, we will not be able to acquire our own physical facilities. Currently, we contributed £500 and much of the donations came from us the pioneers/founders of the charity. We bear much of the financial burden and the risk is that if people are not able to support us financially, we would be unable to get our own property and also support a large number of people in the community who come to us for help in times of crises.
Other		We are Christian church, we gather together to worship our Lord Jesus Christ, touching people's lives and studying the Word of God and follow the supernatural divine direction of God Almighty.
