Achievements and Performance

	SORP reference	

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.

Para 1.20

We continue to work with tour guides on the island of Sal to stop donations being given out on tours. There is still a culture of tours going to the same areas and giving out tourist donations, this encourages begging and children skipping school to receive the donations 'poverty tourism' We continue to encourage tour guides to educate tourists on the poverty faced in Cape Verde and to encourage tourists to give donations to charities such as ourselves for the above reasons and to ensure they go to those in most need. We have started working in the ex-pat community as well, they often own bars and restaurants and have a lot of interaction with both locals and tourists. Last year we were encouraged to see less begging on tours, this year it seems to have moved into the tourist city of Santa Maria. We will continue our work to educate tourists not to give.

We supported several sports teams and associations in Sao Vicente, Sao Nicolau and Santo Antao with new football team shirts, used previous season team kits, used boots, new quality footballs. The associations we worked with provide support on a variety of projects within their communities including social inclusion, crime prevention, drug/alcohol misuse, sexual education and support for ex-gang members.

We also supported a volley ball team in Sal with kit and balls and provided a ladies start up football team with kit, boots and balls.

We organised 6 charity fun days, where we invited tourists and local children to enjoy fun games, football, basketball, gymnastics and music. Some of the events also enjoyed a hot meal together, at each event we gave out donations of clothing and essential toiletry supplies. These proved popular and encouraged social inclusion.

In Cape Verde, children have access to free and compulsory education for 8 years however, equipment is not free. We started a project last year to provide students with the essential school supplies to enable them to fully participate in education. pens, pencils, notepads etc. This year we are pleased to report we provided a further 304 students in Sao Vicente, Santo Antao and Sao Nicolau.

		<p>We provided those in need clothing and personal care packages. This was supported by 3420 kg of donations received from tourists using free charity luggage via tui.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>As tourism started to open up post covid we worked hard to end poverty tourism. We worked with tour guides on the island of Sal to stop donations being given out on tours. There was a culture of tours going to the same areas and giving out tourist donations, this encouraged begging and children skipping school to receive the donations. We encouraged tour guides to educate tourists on the poverty faced in Cape Verde and to encourage tourists to give donations to charities such as ourselves for the above reasons and to ensure they go to those in most need. This has worked well and we are seeing a lot less begging in the shanty towns and children attendance of school is higher.</p> <p>We supported several sports teams and associations in Sal and Sao Vicente with new football team shirts, used previous season team kits, used boots, new quality footballs, hoops and basketballs. The associations we worked with provide support on a variety of projects within their communities including social inclusion,</p>

		<p>crime prevention, drug/alcohol misuse, sexual education and support for ex-gang members.</p> <p>We also had 10 charity fun days, where we invited tourists and local children to enjoy fun games football, basketball and a hot meal together. These proved popular and encouraged social inclusion, the local children are starting to learn not to be fearful of not speaking the language of all nationalities. We are working on a program that will help the local youth be more confident when they enter the work place.</p> <p>In Cape Verde, children have access to free and compulsory education for 8 years however, equipment is not free. We started a project to provide students with the essential school supplies to enable them to fully participate in education. pens, pencils, notepads etc.</p> <p>We provided those in need food parcels, clothing and personal care packages. This was supported by 1500 kg of donations received from tourists using free charity luggage via tui and a shipment of clothing sent from the UK by ourselves.</p>
