Programmes and Activities

Our programmes and activities are formed by extensive research, based on the most current Public Health information, facts, and data. We have reached at least 700 black Africans from over 80 homes mostly in Harrow. We also have beneficiaries from Barnet, Hillingdon, and Brent.

Our projects have benefitted the public with many positive outcomes for both our youth and vulnerable adults. We have achieved this through, targeted outreach, home visits, phone calls, focus group meetings, zoom presentations, webinars, cultural and meal events, health walks, and social hubs.

All our programmes are delivered and facilitated by Black African health professionals including doctors, GPs, and nurses, ably supported by trained, experienced and skilled staff and volunteers.

We have achieved a lot this year, but the most outstanding is the Weekly HYCA Social Hub which brings families especially those who are lonely and socially excluded together to enjoy traditional games and hot meals. They also make new friends and receive advice and information on financial help and health education.

The highlight of our youth programme is the BBC Children in Need Youth Social Action project to improve the Cedars Open Park. This is a youth empowerment project which has boosted the young people's confidence and enabled them to work closely with the Local Authority.

Aims and Objectives:

1. We plan, organise, and deliver evidence-based health and well-being initiatives, activities and programmes for the Black African community who are in need, by reason of their age, ill-health, disability, financial hardship or social circumstances. We work in collaboration with the Local Authorities, Public Health, Community groups and local agencies to provide advice, information, guidance and access to:
 - a) good health services;
 - b) training, apprenticeship and employment;
 - c) legal aid;
 - d) transport services to and from recreational and public services;
 - e) financial aid and grants due to isolation and shielding;
 - f) to information technology at home to enable them to access the internet.
2. We act as a resource for ethnic minority young people up to age of 30 by providing advice and assistance and organise programmes of physical, educational and other activities as a means of:
 - (a) advancing in life and helping young people by developing their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals;
 - (b) advancing education;
 - (c) relieving unemployment;
 - (d) providing recreational and leisure time activity in the activity in the interests of social welfare for people living in the area of benefit who have need by reason of their youth, age infirmity or disability, poverty or social and economic circumstances with a view to improving the conditions of life of such persons.

Summary of activities (All our programmes and activities provide public benefit)

- We have recently completed NHS Cancer Screening campaign and presented our finding to NHS Northwest London
- Through Harrow Giving fund, we have delivered vaccine hesitancy and uptake project, reaching out to at least 100 black African residents.
- We are currently undertaking a project to address health inequalities amongst the black and minority community in Harrow.
- We are providing weekly warm Hub for over 80 residents. They are accessing hot meals, engaged in cultural activities and receive appropriate healthcare education on full vaccinations, medication collection and management. They also receive presentation from council officers on financial help available to them.
- Through our NHS Winter engagements activities and programmes, we have reached at least 200 residents face to face, over 500 on Social Media platforms and shared with them information of Winter wellness, vaccinations and getting help when in need.

- Beneficiaries are eating well using affordable nutritious ingredients.
- Most of beneficiaries have achieved their personal goals of at least 30 minutes daily walk 4/5 times a week. Some have improved their BMI, gained self-confidence, and are socialising and getting out more.
- They have stopped mixing traditional drugs with prescribed medication to avoid drug interaction.
- They have good understanding of early signs of stroke and heart attack and preventative action needed.
- We have successfully completed health checks for our beneficiaries and offered blood sugar and blood pressure monitoring machines; they are now able to monitor blood glucose and blood pressure levels at home.
- More beneficiaries are now able to use online link, PATCHS to book GP appointments, repeat prescriptions and other GP services. (Though some still have difficulties)

Delivering Quality Services:

We have well trained skilful, knowledgeable, experienced and dedicated presenters, tutors, staff and volunteers. WE also have the capacity, capabilities, local knowledge, good community reach and collaborative working relationships with local agencies and organisations to ensure we deliver quality service.

Financial Review:

The trustees decided to plough back the reserves of the charity to enable the organisation provide more activities to the community and the public in general.

HORIZON YOUTH AND COMMUNITY ACTION

INDEPENDENT EXAMINER'S REPORT

To the trustees and members of Horizon Youth and Community Action with Charity number 1198119.

I report on the accounts for the year ended 31 March 2023, which are set out on 2 to 7.

The charity's trustees are responsible for the preparation of the accounts.

The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- a. Examine the accounts under section 145 of the Charities Act,**
- b. To follow the procedures laid down in general directions given by the Charity Commission (under section 145 (5) (b) of the Charities Act, and**
- c. To state whether particular matters have come to my attention.**

Basis of independent examiner's statement

My examination was carried out in accordance with general Directions given by Charity Commission. An examination includes a review of the accounting records kept by the charity and comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from trustees concerning any such matters. The procedures undertaken do not provide all evidence that would be required in an audit, and no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent Examiner's Statement

In connection with my examination, no material matters have come to attention which gives me cause to believe that in;

- 1. accounting records were not in accordance with section 130 of the Charities Act for**
- 2. the accounts do not accord with accounting records.**

HORIZON YOUTH AND COMMUNITY ACTION

INDEPENDENT EXAMINERS REPORT (Cont.)

I have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.
