Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

For the public benefit, the relief of youth, age, ill-health, disability, financial hardship or other disadvantage in the Berkhamsted and Tring area of the UK for the parents and guardians affected by financial hardship before Christmas, by providing free Christmas presents for their children.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Toy Hub provides relief to parents and guardians affected by hardship (for the reasons mentioned above) by providing free ready-to-wrap Christmas presents for their children.

Toy Hub relies on donations of new and like new toys/gifts (suitable for 0 – 18 year olds) from members of the public. We set up donation points where these can be dropped off. We then check, sort and clean every donation received thus ensuring they are of suitable quality. Once all donations have been checked and donation points close we then begin to pack these donations into bags for every child. We aim to provide, (dependant on donations received), a bag of gifts that meets each child's individual interests. The bags are double checked and are then ready to deliver to the parent/carer who we are providing support to. We aim to have all bags delivered around the first week of December.

The charity uses financial donations to purchase additional items where we are lacking in donations. Financial donations are also used to purchase wrapping paper, chocolates, sellotape and essential toiletries. When cleaned and checked, a bag of toys/gifts is made up for each child and these are distributed to families hit by financial hardship in time for Christmas.

Additional details of objectives and activities (Optional information)

Our volunteers assist in collecting donations from drop-off points. The cleaning, fixing, sorting and quality checking of all donations received. They also assist with the packing of bags. We also have a volunteer who helps us with some of our SM posting.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

For Toy Hub's first year we received applications for support for 474 children living locally. This number was far greater than we had expected.

Thanks to a huge amount of physical donations we received from the public and the financial donations that we also received, we managed to provide bags of gifts for all 474 children. Each bag included 1 x brand new gift, 2 x like new gifts, chocolate coins, a roll of wrapping paper and Sellotape, a book, puzzle or board game, stocking fillers, a soft toy and a toothbrush and toothpaste. The list slightly varied for children aged 11 and over, toys are not as appropriate for this age group.

Once we had finished providing support to our parents/carers, we were fortunate enough to still have some donations of like-new toys/gifts left over. We donated these to other local charities and organisations, who we knew would benefit.

Section E Financial review
