Trustees Annual Report & Statement of Financial Activity

for the period 1 January 2022 to 31 December 2022

1. Introduction

1.1 Charitable Objects

To provide support to those in our community during their time of need. The group will be run as a not for profit organization and will help others without judgement.

1.2 Overview (Executive Summary)

We are a community charity who provide support across South Essex. We are a non-judgemental, non-discriminatory group who rely solely on donations, with support primarily in the form of food parcels. The group has a varied network of supporters, ranging in nature from private to corporate. A network of General Practitioners and Social workers also interact with the group, helping us to identify and become alerted to those in need of our help on a regular basis.

Our future plans are to expand our existing operations, aiming to support as many families as possible who would otherwise not have the means to access the goods that we provide: namely food, drink and household items. We have seen so many positive outcomes and changes to lives of the individuals and families that we have/ continue to support, and however small, every donation makes a difference.

2. Activities & Achievements

2.1 Outputs & Outcomes

A little bit about our charity: what it is that we do, how we started and our journey, but before that I would just like to thank each and everyone that supports us; as we say all the time at Bobby's big heart, if we all do a little, together we have a lot.

BBH started five years ago Christmas 2017. The idea was born from Yolanda's son, Bobby's desire to share his toys with poor children at Christmas. Bobby couldn't understand why Santa didn't bring presents to children who were poor, and asked me if he could give some of his toys to those children who would wake up to nothing on Christmas morning.

It had always been Yolanda's dream to start a charity, so she set up BBH to help struggling families at Christmas time. It took the best part of 18 months to build peoples trust, and we started to diversify into food parcels so that we could provide support all year round. Alongside the admin team, we work to support families not only with food parcels or seasonal gifts, but also through provision of mental health and domestic violence related support, as well as being in contact with social workers and other practitioners in the mental health and well-being field whom we draw upon as needed. We have provided over 7000 food parcels in the last 4 years alone, and it hasn't always been easy! From heartbreaking stories to non stop deliveries, the entire admin team wouldn't change a second of it, running this charity and seeing it grow the way it has, is a dream come true.

We help, on average, 85 families per week, and rely on donations from local businesses, schools and residents to keep our food bank functional. We couldn't do it without the generosity of so many of our supporters, namely:

- Canvey Morrisons and LIDL
- Benfleet ALDI

- Butcher and Edmonds
- The Westcliff Freemasons
- Neil Taylor at Hammers work and support
- The Wickford Toby Carvery

And that is just to name a few! The support we have receive all year round is truly astonishing, and is a credit to the ability of humankind to unite in times of need. Last year we helped 486 families by providing Christmas presents, and are on target to help even more this year.

The money raised through donations, grants and fundraising will go towards furthering the objectives of the group, enabling us to continue to provide food parcels in the year ahead to those in need of a helping hand to get back on their feet.

April 2022 saw us achieve Charity status as a Charitable Incorporated Organisation (CIO) opening further opportunities for support from the commercial sector.

2.3 How the Public Have Benefitted

We have provided over 7000 food parcels in the last 4 years alone benefitting an average of 85 families every week.

2.4 Looking Ahead

A further community fund raising event is planned for December 2023 supported by Monico Leisure and the Gray family to generate both awareness and donation opportunities. This event was very well received in 2022 and the 2023 event is hoped to be bigger and better.

Access to sustainable commercial sector support and regular donations is key to supporting the groups long term vision with talks of recession and the cost of living crisis impacting more families.

Bobbys Big Heart have seen demand for our support grow throughout the last 4 years annually and this demand is expected to continue. The group will continue for as long as the service is required and we are able to source support and or funding

3.5 Principal Sources of Funding

A scheduled program of events is in place with 2 x annual fundraising events. In addition to these fundraisers annual applications to Essex CC and our support partners will be made for grants as they become available. Regular paypal donations are received from our supporters whilst smaller in value they make up regular support.

3.7 Description of the Principal Risks Facing the Charity
