Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>DOGO is a charitable organisation established to convert donations into free, transparent, and life-saving healthcare for individuals in underserved and low-income regions, particularly within developing countries. Its primary purpose is to bridge the gap between those who wish to give and those who urgently need access to medical care, using advanced technology to ensure every contribution is impactful and accountable.</p> <p>Key objectives include: providing free medical treatment to individuals who are unable to afford it, facilitated through a secure mobile application; ensuring complete transparency by linking every donation to a specific patient case via a unique ID system; establishing sustainable innovation in charitable giving through purpose-driven advertising products that fund healthcare services; and supporting public health systems by sharing critical healthcare data and trends with governments and NGOs.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The DOGO mobile application allows donors to make contributions that are converted directly into medical aid. Each donation is linked to a specific patient case using a unique identifier, enabling donors to see exactly how their support has been used. This reinforces accountability while preserving patient dignity and confidentiality.</p> <p>Currently active in several Nigerian and Ugandan cities, DOGO works with local partner medical centres and healthcare workers to turn these payments into critical healthcare for those most in need.</p> <p>During the period, DOGO introduced a new "Stand Sponsorship" model, allowing supporters to sponsor a DOGO stand under their own name or in honour of a loved one, creating a lasting legacy of giving. The charity continued to work in partnership with the Summer Rural Health Initiative and other local organisations to expand access to healthcare in remote communities.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>Over the past year, DOGO has had a landmark period of growth and innovation. The charity successfully launched operations in Uganda, marking its first expansion beyond Nigeria and demonstrating readiness to scale into additional countries. This expansion was supported by a strengthened network of local scouts and partner medical centres, enabling the charity to identify and reach a greater number of individuals in urgent medical need across underserved communities.</p> <p>DOGO introduced its Stand Sponsorship model, giving donors the opportunity to sponsor a dedicated DOGO stand and create a lasting legacy in their own name or in honour of a loved one. This innovation has opened a new avenue for sustainable fundraising while deepening donor engagement.</p> <p>The charity's technology platform evolved significantly, with the integration of multiple AI features that have automated key workflows including case verification, fund distribution, and coordination with partner medical centres. These advancements have improved the efficiency and scalability of operations considerably.</p> <p>DOGO continued working closely with partners including the Summer Rural Health Initiative to deliver healthcare in rural and hard-to-reach areas. The wider societal impact includes direct health benefits to beneficiaries, strengthening of local healthcare systems, and the promotion of digital transparency in charitable giving.</p>

DOGO

England & Wales - Charity number 1198719

Accounts

Trustees' annual report (including Directors' report) for the period

From: 24/03/03 Period start date

23/04/04

To: Period end date

Charity name: DOGO

Charity registration number: 1198719

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>DOGO is a charitable organisation established to convert donations into free, transparent, and life-saving healthcare for individuals in underserved and low-income regions, particularly within developing countries. Its primary purpose is to bridge the gap between those who wish to give and those who urgently need access to medical care, using advanced technology to ensure every contribution is impactful and accountable.</p> <p>Key Objectives:</p> <ul style="list-style-type: none">• To provide free medical treatment to individuals who are unable to afford it, facilitated through a secure, user-friendly mobile application.• To ensure complete transparency by linking every donation to a specific patient case via a unique ID system, allowing donors to see the precise impact of their contributions.• To establish sustainable innovation in charitable giving through the development of purpose-driven advertising products that fund healthcare services.• To support public health systems by sharing critical healthcare data and trends with governments and NGOs for more effective planning and response.
Summary of the main activities in relation to those	Para 1.17 and 1.19	The DOGO mobile application allows donors to make contributions that are converted directly into medical aid. Each donation is

<p>purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>		<p>linked to a specific patient case using a unique identifier, enabling donors to see exactly how their support has been used. This reinforces accountability while preserving patient dignity and confidentiality.</p> <p>Currently active in several Nigerian and Ugandan cities, we then turn these payments in to critical healthcare for those most in need.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>Over the past year, DOGO has made significant strides in advancing its mission to provide free, transparent healthcare to those most in need. One of the key achievements has been the expansion of our local scout network, enabling the charity to identify and reach a greater number of individuals in urgent medical need across underserved communities.</p> <p>DOGO has also seen a marked increase in the number of patients treated, reflecting both the scalability of its operations and the growing efficiency of its processes. Continuous refinement of internal systems has allowed for faster case verification, streamlined fund distribution, and improved coordination with partner medical centres.</p> <p>Additionally, the charity has achieved notable success in growing its user base, bringing more donors onto the platform to support life-saving care. Each new user represents a potential lifeline for someone without access to healthcare, and this increase in participation reflects rising trust in DOGO's transparent, tech-driven approach.</p>

		<p>The wider societal impact includes not only the direct health benefits to beneficiaries but also the strengthening of local healthcare systems, the promotion of digital transparency in charitable giving, and the fostering of community-based solutions to global health inequities.</p>

DOGO

England & Wales - Charity number 1198719

Accounts

Trustees' Annual Report for the period

From **25/04/223** Period start date To
Period end date **23/03/2023**

Charity name: **DOGO**

Charity registration number: **1198719**

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	DOGO, is dedicated to providing free healthcare to individuals in urgent need who lack the means to pay. By making a donation to support us, you can contribute to running costs, technological advancements, and the expansion of DOGO's reach to new areas.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Our technology and stands turn donations into free healthcare in some of the world's most remote regions. We've managed to deliver over 2000 free healthcare treatments

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>In our first year, we developed our technology, which consists of 3 state of the art, connected platforms and opened 6 DOGO stands in 5 cities.</p> <p>We were able to treat over 1000 people, providing free healthcare to critical cases.</p> <p>We also acquired a strong donor base of monthly donors that covered the costs of treatments.</p>
