

Submit Trustees Annual Report and Account

We are Africa Against Stroke and our purpose is to preserve and protect the health of patients and their families affected by strokes across Africa by providing and assisting in the provision of facilities, support services and equipment not normally provided by the statutory authorities.

This year, our main way of collecting funds was through charity collection buckets left at the till of shops. In total, we collected a sum of £180 with a net spend of £30.

Next year we aim to double the amount of shops where we leave our buckets which will in theory double the amount of funds gathered
