

Action on Womb Cancer

Trustees' Annual Report and Financial Statements

For the year ended 30th June 2025

Reference and Administrative Information

Charity name: Action on Womb Cancer

Charity number: 1234567

Registered office: Leeds, West Yorkshire, United Kingdom

Website: www.actiononwombcancer.org

Trustees

- Mr Richard Hutson (Chair)
- Dr Nicolas Orsi
- Dr Michele Cummings
- Dr Katie Allen
- Ms Helen Shephers

Structure, Governance and Management

Action on Womb Cancer is a registered charitable organisation established to improve outcomes for individuals affected by womb cancer through research, education, advocacy, and patient support.

The charity is governed by a Board of Trustees who meet quarterly and are responsible for strategic oversight, governance, financial stewardship, and ensuring that the charity fulfils its charitable objectives and public benefit obligations.

Objectives and Activities

The charity's objectives are:

- to advance research into womb cancer;
- to improve public and professional awareness of symptoms and diagnosis;
- to support patients and families affected by womb cancer;
- and to promote equitable access to treatment and supportive care.

During the year, the charity undertook activities including:

- funding pilot research projects;
- supporting patient engagement initiatives;
- delivering educational events and awareness campaigns;
- collaborating with academic and clinical partners;

- and providing online information resources for patients and carers.

The trustees confirm that they have complied with their duty under the Charities Act to have due regard to the Charity Commission's guidance on public benefit.

Achievements and Performance

During 2025–2026, Action on Womb Cancer continued to expand its impact across research, education, and patient advocacy.

The charity supported early-stage research projects focused on improving diagnosis and treatment of endometrial cancer, including projects exploring digital pathology, artificial intelligence, biomarker discovery, and tumour immune microenvironment profiling.

In collaboration with academic and NHS partners, the charity contributed to awareness activities highlighting the importance of abnormal vaginal bleeding as a potential symptom of womb cancer and encouraged earlier presentation and diagnosis.

The charity also delivered a series of patient information webinars addressing:

- treatment pathways;
- survivorship;
- psychological wellbeing;
- and management of treatment-related side effects.

A new online patient resource hub was launched during the year, providing accessible educational material for patients, carers, and healthcare professionals.

The trustees are particularly proud of the charity's increasing engagement with underserved and socially disadvantaged communities, with efforts focused on reducing barriers to cancer awareness and access to support.

Financial Review

Total income for the year was £1,120.15 derived primarily from charitable donations.

Total expenditure during the year was £3,663.20, including:

- research grants;
- and administrative expenses.

At year end, the charity held total reserves of £10,569.62. The trustees consider the financial position of the charity to be stable and appropriate for its current operational activities. Donations from fundraising walk will feature in next year's statement.

Risk Management

The trustees have considered the major risks facing the charity and implemented systems to mitigate these risks where possible.

Key risks identified include:

- reliance on voluntary fundraising income;
- increasing operational costs;
- cyber and data security risks;
- and sustainability of staffing and volunteer capacity.

The charity continues to review its governance, financial controls, and data protection procedures regularly.

Plans for Future Periods

In the coming year, Action on Womb Cancer aims to:

- expand research funding opportunities;
- strengthen partnerships with academic and NHS organisations;
- increase public awareness campaigns focused on early diagnosis;
- develop additional patient support resources;
- expand fundraising activities;
- and enhance engagement with underserved communities.

The charity also plans to establish a national patient advisory network to ensure that lived experience remains central to its future priorities and activities.

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and financial statements in accordance with applicable law and regulations. The trustees are satisfied that the charity has adequate resources to continue in operational existence for the foreseeable future and continue to adopt the going concern basis in preparing the financial statements.

Signed on behalf of the Board of Trustees

A handwritten signature in black ink, appearing to read 'Dr Nicolas Orsi', with a large, sweeping loop at the end.

Dr Nicolas Orsi
Trustee, Action on Womb Cancer
