During the year, the charity received donations from the trustees and other donors. Consequently the charity was able to help vulnerable families with the provision of support for widows, disabled and sick beneficiaries. The charity also supported poor families with food and financial grants. The charity again increased its work in the provision of infrastructure projects to help local communities and in this regard four water wells were constructed in the needy areas. Financial review

As per last year, the charity intends to expend the funds it receives in the same year with the unrestricted funds the charity holds are to ensure that it has sufficient reserves to cover the costs of managing and administering the charity for the following year. At the end of each financial year the trustees will review the level of funds with the view of transferring any excess to most needed in terms of aid and infrastructure projects.

The overall objective of the charity is to receive sufficient income and capital growth to enable it to carry out its purposes consistently year by year. The only source of funds is donations from public. These donations were received in their entirety for the charitable projects the charity promotes through its website, hence help to achieve 'its objective of helping those in need.

The trustees have successfully applied to HMRC to be recognised as a charity, and this will help the charity to claim the gift aid which the trustees intend to use for primarily on charitable projects with some allocated to fund the administration of the charity.

Charity Assets

The assets of the charity consist of cash in hand and in the bank.

Risk Management

The current account funds are held with a leading bank to minimise disruption to activities and reduce risk. All investment decisions are made to achieve a reasonable return from acceptable sources whilst minimising the risk.

The trustees regularly review the risks and satisfy themselves that adequate systems and procedures are in place to manage the risks identified. Where appropriate, risks are covered by insurance.

The charity has developed a process to carry out due diligence checks on partners it works with and will expand this to donors as well.

The trustees are committed to the charity's journey of reconnecting and nurturing new relationships with its donors and as part of this continues to embed risk management into its day-to-day behaviour and culture.
