- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Trustees have undertaken Safeguarding training, and we regularly update or Risk register.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The relief of individuals with attention deficit hyperactivity disorder (ADHD) and associated conditions and their families, carers, or supporters by:

- Increasing awareness and understanding of attention deficit hyperactivity disorder (ADHD) and associated conditions;
- The provision of indoor and outdoor activities, and;
- The provision of support, information and advocating for individuals (and their families, carers, or supporters) with attention deficit hyperactivity disorder (ADHD) and associated conditions.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

- Supported individuals to obtain assessment of ADHD. This has included giving advice on necessary evidence to meet the threshold for assessment and advice around using the Right to Choose pathway.
- Supported newly diagnosed individuals to understand their diagnosis, what this means for them and what support they may need in light of this. This has been done in a variety of ways – both face to face, over the phone, via video calls, in groups and on an individual basis, depending on the needs of the individual.
- Raised awareness of ADHD and the charity’s work in the local community.
- Facilitated one monthly face to face support group in each Local Authority across West Yorkshire (5 in all) with an average of 6 attendees per session, attendees include adults with (suspected) ADHD and parents/carers of children with (suspected) ADHD.
- Facilitated weekly sensory play sessions for neurodivergent children. We have an average of 34 attendees each week – these include children with (suspected) ADHD, their parents and siblings.
- Ran fortnightly ‘Me Time’ sessions. These are fully funded sessions for parents/carers to enable them to have a bit of much needed respite from their caring responsibilities. Events have included chocolate making, meditation and afternoon tea. We have an average of 10 parents/carers attend each event. We ask them to score their stress levels at the beginning of the session and again at the end – the average score reduces from 7.25 to 2.75.
- Run regular parenting courses aimed specifically at parents/carers of neurodivergent children and young people. We run a mixture of 8-10 week courses, and one-day ‘mini’ courses. These courses not only give parents more skills to manage their children’s challenging behaviour, but also helps them connect with other parents and build a support network for after the course has finished.

We ask attendees to rate various aspects of their family life at the beginning and end of the 8-10 week course. The table below shows the averaged results from a recent course:

	First session
Personal stress level	6.8
Families stress level	7.2
Your relationship with your young person	6.2

Your level of coping with your young person	4.9	7.1
<ul style="list-style-type: none"> • Supported members with applications for Disability Living Allowance and Personal Independence Payment. We support in groups and on an individual basis. We support with the initial application, but also appealing and supporting at tribunal where necessary. • Worked with local schools and other agencies to improve support and understanding for local children and young people. This includes a range of activities – attending coffee mornings to talk to parents, delivering training for staff and parents, and attending meetings to support parents and suggest strategies that may be helpful to the child. • Supported parents and young people with Education Health and Care Plan appeals, including representation at tribunal where necessary. <p>The trustees have had regard to the guidance issued by the Charity Commission on public benefit.</p>

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the period ended 31/08/2023.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
