MR TONY ANDRADE

Chairman of the Board of Trustees

WELCOME TO ISHA

ISHA – The Hip Preservation Society is an international organisation which is focused on hip preservation surgery to enhance patient care and outcomes, through delivery of training, education, support of research, sharing of knowledge and best practice, fostering global collaboration and provision of patient and professional information to improve hip care.

ISHA is a Charitable Incorporated Organisation (CIO – ASSOCIATION) registered in England and Wales on 01 June 2022.

VISION AND MISSION

VISION

ISHA's vision is a world with equitable access to quality treatment and the best achievable patient outcomes through improved access to appropriate treatment, early intervention, prevention and education, with the goal of us living in a world where hip joint replacement is only an occurrence of old age.

MISSION

To create "healthy hips" by bringing hip preservation, prevention and treatment to all the people regardless of age, social status, gender or economic situation.

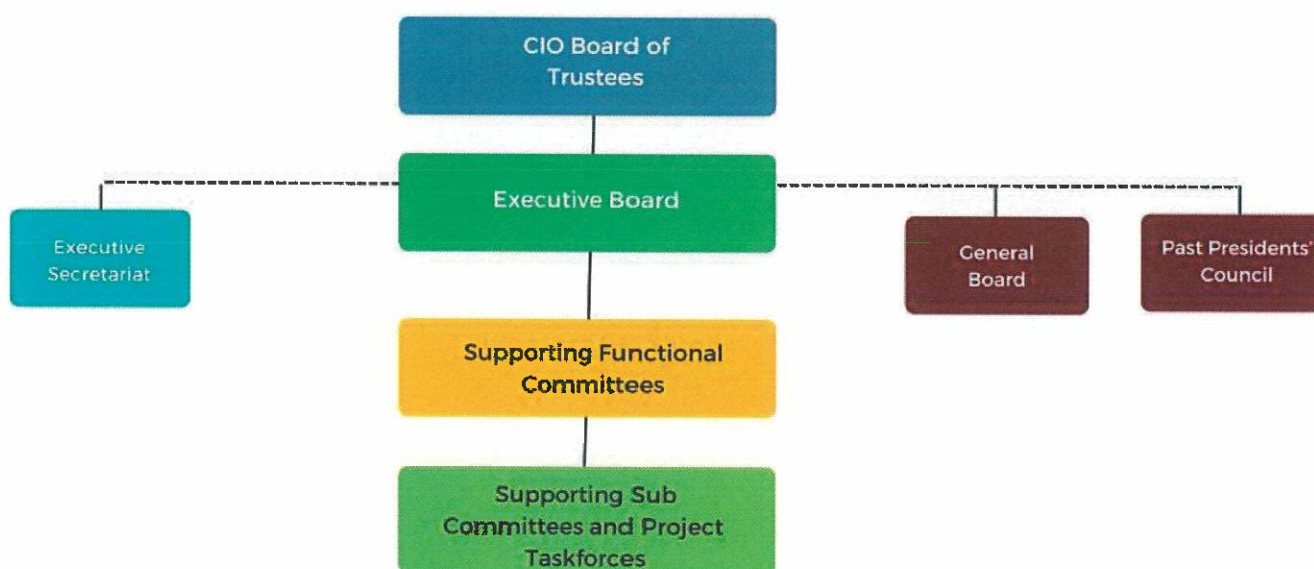

PURPOSE

- Support improved quality of training and education to hip preservation professionals
- Provide greater access to learning and training of healthcare professionals with an interest in hip preservation
- Promote research
- Advance hip disease awareness
- Improve patient understanding and impact of undiagnosed hip injury and disease
- Create an understanding and facilitate patient access to early intervention, diagnosis and treatment

STRUCTURE AND GOVERNANCE

FOR THE YEAR ENDED 31 MAY 2023

The CIO Trustees have implemented the following structure which best enables the various focus areas of the Society's undertakings to be delivered and is structured to support future growth and development.

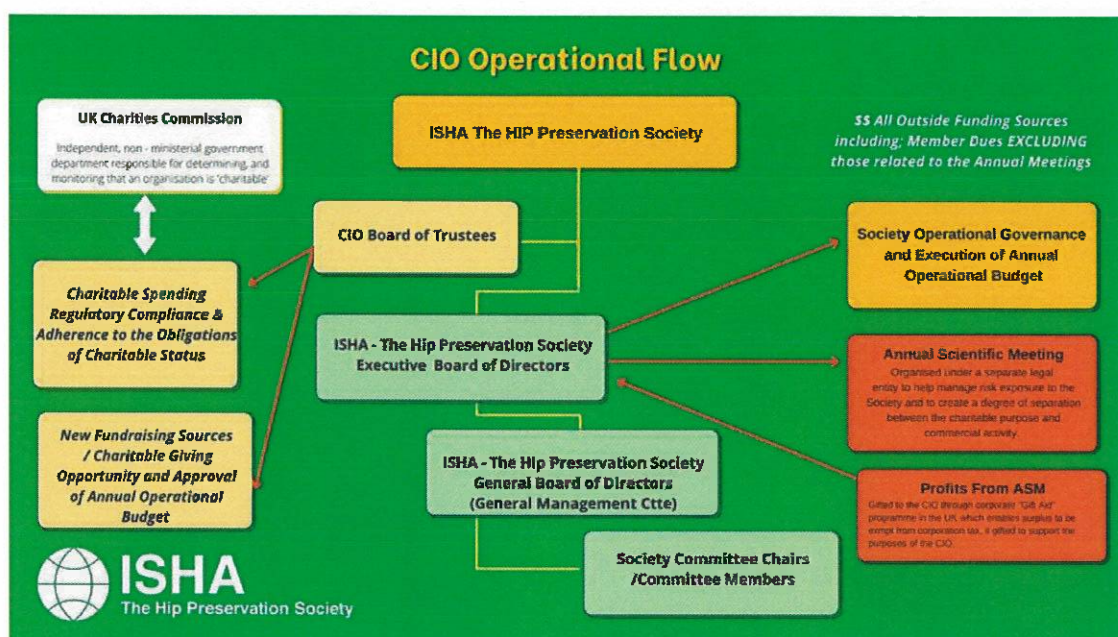

The following workflow outlines the roles, relationships and responsibilities allocated to the senior leadership groups

STRUCTURE AND GOVERNANCE

FOR THE YEAR ENDED 31 MAY 2023

The CIO Trustees have implemented the following workflows within its governance structure

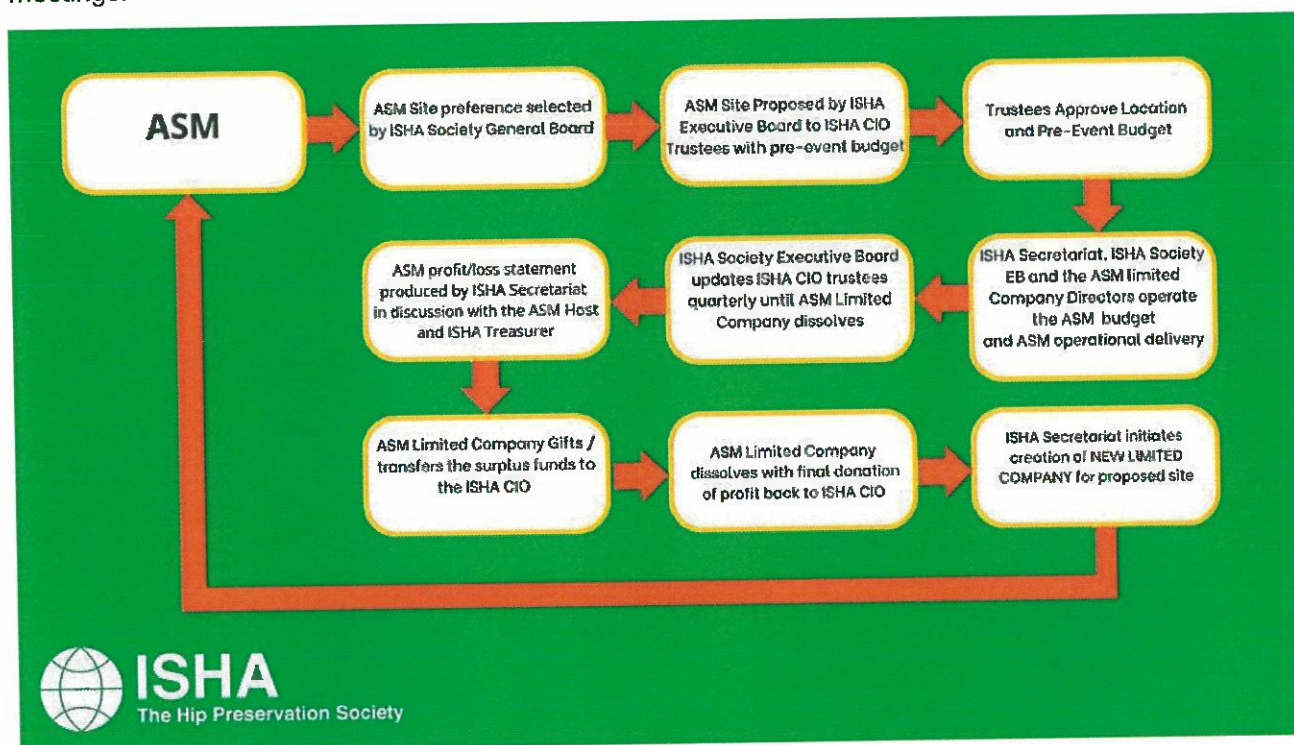

As part of the risk management strategy, the CIO have created separate limited company entities which are solely owned by the CIO, through which to manage and run the annual scientific meeting

STRUCTURE AND GOVERNANCE

FOR THE YEAR ENDED 31 MAY 2023

As the selection process of the destination for hosting the Society's flagship educational event has a significant impact on the impact, strategic management and the fiscal position of the society, the CIO trustees have developed the following workflow for decision making, and management of each of these meetings.

EXECUTIVE SUMMARY

Mr Tony Andrade

Chair of the Board of Trustees

The Trustees of the Charity are the elected Officers and members of the Board of "ISHA - The Hip Preservation Society" (ISHA).

The Trustees are assisted by invited advisors, who are neither trustees of the charity nor directors of the company, in the main appointed in a volunteer capacity from the membership to form area focused advisory committees.

The Charity is supported by a secretariat of 4 part/full-time contractors and freelance consultants. The Association was founded in 2008, became an unincorporated membership society in 2013 and became a charitable incorporated organisation (CIO) in 2022.

The work of the Society is carried out by ten standing committees that report to the Executive Board who meet 12 times per year, on 4 occasions meetings are held jointly with the General Board and Committee leads. The Trustee Board meets 4 times a year, 3 times virtually and once in person.

ISHA is the leading international membership society that promotes, educates, supports innovation and expands hip preservation surgery globally.

In pursuance of its charitable objectives, and in order to achieve the overall aims and goals of its mission statement, the Society's main activity is the dissemination of information as it relates to hip preservation surgery. In 2022/23, this has included:

- Planning and executing of the Annual Scientific Meeting in Glasgow, October 2022
- Creation of new membership category eligible for professionals from low and lower middle income countries
- Creation of new research grants
- Creation of new regional travelling grants to facilitate increased practical skills training

EXECUTIVE SUMMARY

CONTINUED

- Development of a new online video partnership to improve accessibility of online education
- Continued development of the virtual education programme
- Local bursaries to support attendance at the 2023 Annual Meeting
- Survey of Africa region to better understand the challenges and needs in the Africa region
- Development of an Africa Regional Forum to align with the Annual Scientific Meeting
- New Society partnerships and development of educational collaborative activity
- Extension of the Society website to include information in support of patient understanding
- Development of multi-lingual patient literature to better explain hip preservation conditions

The year 2022 - 2023, saw the Society transition to a CIO. Due to administrative set up of the CIO such as establishing new bank accounts in the CIO's name, activities of the Society were undertaken via ISHA Hip Preservation Limited and as ISHA - The Hip Preservation Society (CIO) during this reporting period.

This executive summary was approved by the Trustees on Thursday 22 August 2024, and was signed for and on behalf of the board by

Antonio Jose Martin Dias Andrade
Chair of Trustees

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

The Trustees present their report and the audited financial statements for the year ended 31 May 2023.

Legal and administrative information set out on pages 1 and 2 forms part of this report. The financial statements comply with current statutory requirements, the memorandum and articles of association, the requirements of a directors' report as required under company law, and the Statement of Recommended Practice - Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives and activities

Purposes and aims

The Trustees review the aims, objectives and activities of the charity each year. This report looks at what the charity has achieved and the outcomes of its work in the reporting period. The trustees report the success of each key activity and the benefits the charity has brought to those groups of people that it is set up to help. The review also helps the trustees ensure the charity's aims, objectives and activities remained focused on its stated purposes.

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning its future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that have been set.

Charitable Objectives

The charitable objectives for which the Charity is established are as follows:

- The advancement of health, by the promotion of the study and practice of hip surgery, treatment of hip disorders and rehabilitation post-hip injury, including development of new techniques and advancement of skills.
- The advancement of the education of professionals dealing with the surgical and non-surgical treatment of hip injury and disorders, through the support of training and research and the sharing of the results of such research principally amongst hip, orthopaedic, trauma and sports surgeons and other allied medical professionals.

In line with its charitable objectives, ISHA has developed a congruent mission statement as stated on page 4 of this report.

Charitable Activities

In line with its charity objectives, to achieve the aims of the mission statement, the society's key activities are:

- To support training and skills development
- The creation of quality education
- Enhance the accessibility to content and dissemination of information in relation to hip preservation surgery to those who can benefit anywhere in the world
- Supporting further research in hip preservation surgery

All of these activities are undertaken with the ultimate goal of improving patient diagnosis, treatment and outcomes.

ISHA

The Hip Preservation Society

TRUSTEES ANNUAL REPORT

(CONTINUED)

FOR THE YEAR ENDED 31 MAY 2023

Membership

The membership of the Society comprises hip surgeons, trainee hip surgeons, physiotherapists, rehabilitation specialists, researchers, sports medicine physicians, and those in aiming to develop a career in hip surgery.

The phased introduction of a "Friends of ISHA" will enable further enhancement of membership in underdeveloped territories.

The membership is enhanced by partnerships with sponsors, medical institutions and related organizations.

The members receive access to ISHA online assets including the Vumedi video channel, online live surgeries, virtual education programmes as well as regular newsletters and other information covering hip preservation practice.

Members transitioned as members of ISHA Hip Preservation Limited to ISHA - The Hip Preservation Society during the reporting period.

Partnerships

The Society partners with; Arthroscopy Association of North American (AANA), American Orthopedic Society for Sports Medicine (AOSSM), European Society of Sports Traumatology, Knee Surgery and Arthroscopy (ESSKA), South African Society for Hip Arthroscopy (SASHA), Brazilian Hip Society (SBQ), Latin American Society for Arthroscopy, Joint Reconstruction and Sports Trauma (SLARD), Turkish Society for Hip Preservation Surgery (TSHPS).

Publications

The Society produces in collaboration with Oxford University Press (OUP), the Journal of Hip Preservation Surgery, an open access, peer-reviewed international journal focused on the growing area of hip preservation surgery within orthopaedics. The Journal publishes original articles related to the preservation of the hip joint, including arthroscopic surgery and hip osteotomy, as well as orthobiological techniques as applied to the hip joint. JHPS publishes a combination of clinical and laboratory research grouped into quarterly online issues. The Journal will consider any original papers which expand the area of hip preservation surgery.

JHPS deposits all articles in [PubMed Central \(PMC\)](#). Surgeons, physicians and researchers can find your work through [PubMed](#), ensuring access by the widest possible audience.

JHPS editorial committee comprises 50 internationally recognised key opinion leaders, lead by Editor-in-Chief Prof. Richard Field. Those involved across the globe who are conducting research related to Hip Preservation Surgery are able to contribute articles and papers for review for inclusion in the journal. ISHA members have the opportunity to contribute articles and papers at a reduced publication rate. The articles archive is available online.

Through partnership the Society itself subscribes to The Journal of Arthroscopy and Related Surgery, published by the Arthroscopy Association of North American (AANA) in collaboration with Elsevier Publishing. Through the partnership with American Orthopedic Society for Sports Medicine (AOSSM), the Society benefits from access to this society's open access publication. All of these educational resources are made available to the Society membership.

TRUSTEES ANNUAL REPORT

(CONTINUED)

FOR THE YEAR ENDED 31 MAY 2023

Annual Scientific Meeting

ISHA holds an annual scientific meeting. This is held on the basis of an open location pitch available to society members and rotations on a three-year cycle to Europe, North America and "the Rest of the World", to ensure that the meeting is regularly accessible to both membership and the global hip preservation community. The location is decided upon by the ISHA General Board, 4 years prior to hosting. The selection is based on a review criteria taking into consideration; accessibility, suitability of facilities, safety, impact and legacy to further the societies vision and goals, fiscal considerations. The meeting is run to aggregate and present the latest in new hip preservation related medical information and research to its members. The meeting includes; lectures, discussion forums, live surgeries, course accredited programmes and presentation of the latest products related to hip preservation surgery. The ASM is a critical aspect in continued educational development and enhancement of the hip preservation field.

A Host Chair and a Scientific Programme Chair oversee each meeting, supported by a Scientific Programme Committee, the Education Committee and Executive Board. Proposed papers from members are submitted for consideration in advance based on the programme and themes developed by the Scientific Programme Chair and Scientific Programme Committee and approved by the Executive Committee. Accepted submissions, the best research papers and invited speakers make up the programme for the ASM.

ISHA seeks CPD accreditation for the Annual Scientific Meeting Programme from differing organisations dependant on where the meeting is being held, but in the main from either the European Union of Medical Specialists' (UEMS) European Accreditation Council for Continuing Medical Education (EACCME®), or the American Medical Association (AMA). This enables attendees who attend to collect credits as part of their requirements for continued professional development.

Virtual Education

The Society has a full virtual education programme in hip preservation. Each year this comprises webinars and live surgery broadcasts created by ISHA and some activities in partnership with other related societies such as AANA, AOSSM and ISAKOS. This is designed to support further education to those at all levels of hip preservation training, with programmes created to address differing identified learning objectives and areas of surgical and treatment interests.

Grants and Bursaries

ISHA to year 31 May 2023 has provided grants / awards / bursaries of GBP£23,565 via ISHA Hip Preservation Ltd, as well as 30 complimentary places for the Annual Scientific Meeting via ISHA ASM 2023 Ltd, in October has been budgeted. This is design to support the access to training of surgeons at different stages of the professional development.

ISHA

The Hip Preservation Society

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

CONTINUED

Indicators, Milestones & Benchmarks

The Trustees monitor a range of measures by which to try to determine the success of the Charity in meeting its objectives. These measures include:

- Level of membership as a percentage of total relevant doctors and the trend over time (increasing or decreasing)
- Attendance at the Annual Scientific Meetings
- Commercial revenue derived from Annual Scientific Meetings
- Survey feedback from delegates attending the Scientific Meetings, the uptake on new initiatives to encourage attendance, and feedback on individual sessions, papers, and lectures at the Scientific Meetings
- Support and feedback from commercial partners, through regular contact boards and Advisory Committee
- Member surveys
- Circulation and readership of JHPS
- Levels of submission of papers for the Scientific Meetings and for publication in JHPS
- Requests for publications including abstracts and papers
- Uptake in registration and consumption for online virtual education
- Levels of and patterns in viewership for ISHA content on Vumedi channel
- Requests for further information from online assets
- Number of visits to the Society's website and feedback from visitors
- Number of physiotherapists attending physiotherapy day at ASM

Public Benefit

The Trustees have taken The Charity Commission's general guidance on public benefit (contained within their guidance publication "Charities and Public Benefit") into consideration in preparing their statements on public benefit contained within this trustees' annual report.

Benefits & Beneficiaries

In accordance with its charitable objectives, the Society strives to improve patient care and to improve the quality of medical and surgical practices for the benefit of patients within the specialty of hip preservation surgery. The Charity's ultimate beneficiaries are therefore patients, and benefits to patients are provided through continuing dissemination of information in relation to the specialty by the Society.

Trustees' Assessment of Public Benefit

The main charitable aims of the Society are to provide education and research for the ultimate betterment of patients. This is achieved by the Society's organisation of annual Scientific Meetings and also the provision of virtual educational courses on various subjects related to hip preservation. Charitable funds are used to support research in the specialty.

The Society also offers additional educational resources to the wider medical sphere through its open source assets including Vumedi.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Grant Making Policy

The Education and Research Committees exist to further the education, training and research agenda of ISHA. In doing so, the committees review applications for the Association's range of existing bursaries, prizes, grants and fellowships, and develop new awards as a need becomes apparent. The range of ISHA bursaries are advertised on the Society's website, on social media and via relevant stakeholder groups. Applications can be made by completion of an online application. The relevant Committee review applications against a review matrix and based on this makes recommendations to the Executive Board on the awarding of grants, awards and bursaries.

Relationships with Connected Parties

A key component of ISHA's purpose is the investment in research in furtherance of knowledge and application in hip preservation surgery. As such it works with a range of commercial partners in areas of mutual interest. This includes the development of sponsored events - both at the ASM and online - that showcase new technologies and techniques that drive improvements in the sector. Discussions are also taking place to plan for further in person practical skills programmes such as collaborative cadaver workshops and surgical visitation / mission programmes.

Our partners contribute both financially to the Society, assist in the provision of equipment and facilitate additional content in support of our education programmes. Currently, the Society hold Diamond partnerships with; Arthrex, Smith + Nephew and Stryker, and also have a platinum partnership with Conmed.

Representation on Other Bodies

In pursuing its charitable objectives, the Society has representation on other external organisations and receives updates from them. In particular, ISHA was represented by the following individuals:

American Association of Orthopaedic Surgeons
Arthroscopy Association of North America
American Orthopaedic Society for Sports Medicine

Société Internationale de Chirurgie Orthopédique et de Traumatologie

European Society for Sports Traumatology, Knee Surgery and Arthroscopy

Latin American Society of Arthroscopy (SLARD)
Brazilian Hip Society (SBQ)
British Orthopaedic Association
British Hip Society

European Hip Society
International Society of Arthroscopy Knee Surgery
and Orthopaedic Sports Medicine
HipSTR (Hip Surgical Treatment Registry)
Non-Arthroplasty Hip Registry (NAHR)
Danish Hip Arthroscopy Registry (DHAR)

TRUSTEES ANNUAL REPORT

(CONTINUED)

FOR THE YEAR ENDED 31 MAY 2023

Achievements and Performance

The charity's main activities and whom it tries to help are described below. All its charitable activities focus on raising awareness of the breadth of hip preservation surgery and promoting innovation in teaching, learning and research, ultimately with an aim to improving patient outcomes and safety and are undertaken to further ISHA's charitable purposes for the public benefit.

In our first year as a CIO, one of the main achievements has been to clearly define the CIO's vision, mission and purpose and develop assets to communicate this. The trustees have created a governance structure to optimise the delivery of the CIO's identified goals and priorities.

The leadership of the CIO has actively sought out and secured the services of a very experienced and broad demographic to form the CIO board of trustees, who bring a broad breadth of skills and expertise from across the ISHA membership and outwith the organisation to form a robust leadership to lead ISHA into the future.

Activities & Events

2022 - 2023, was the first year of ISHA's status as a Charity having transitioned from an unincorporated association in Switzerland. It has therefore been a year of development and defining of its purpose, vision and mission. It has also seen a continued improvement in the range and frequency of events post pandemic and the ability of our international membership come together and to be able to meet again in person.

We ran, as ever, the annual scientific meeting in Glasgow in October 2022. This will be followed later in 2023 by the first meeting in Africa, at Cape Town, South Africa, which will be held in October 2023, and will see a number of intentional impact and legacy initiatives being launched and defined as part of the planning activity.

Sustainability, is also a priority for the operational planning of the ISHA 2023 with focus on waste reduction and sustainable procurement.

We have taken advantage of our development of online programmes, developed during the pandemic, to offer a full virtual education programme coupled with a range of live surgeries and related events.

ISHA has further supported a number of events in collaboration with partner societies including SLARD, SBQ and AOSSM.

Our communication with members and the wider international hip preservation community has been further extended and developed through the twice yearly publishing of the ISHA newsletter and the post conference ISHA 2022 ASM report publication as a supplement in JHPS.

A critical element of the strategy was to move from the closed access academy to an open source platform. This is in line with trends being experienced across industries for building access for both member and targeted memberships around the world. Despite it launching only recently, we are already seeing massive incremental growth in video consumption on the ISHA Vumedi channel with strong non-member consumption of content. We expect this to convert to increments in paid membership volumes. This is also in line with our charity obligations.

TRUSTEES ANNUAL REPORT

(CONTINUED)

FOR THE YEAR ENDED 31 MAY 2023

Membership

The membership of ISHA Hip Preservation Ltd at 31 May 2023, these members will transfer to ISHA - The Hip Preservation Society in year 2023 - 2024.

Member numbers per category are as follows:

Membership Category as at 31st May	2023	2022	2021
Ordinary Member	565	483	461
Associate Member	65	74	65
Affiliate Member	66	53	47
Emeritus Member	3	5	4
Honorary Member	4	4	4
Pending Member	0	5	14
Friend of ISHA	3	0	0
Total	706	624	595

Membership Trends

2021 - 2022 saw a membership increase of approximately 5%, which is likely reflective of the restrictive activities and engagement achieved during the pandemic. 2022 - 2023 has seen a membership increase of over 13% in the membership year and we hope to increase this figure in the membership year 2023 - 2024 based on the increased activities being undertaken by the Society.

Scientific Meetings

The Annual Scientific Meeting was held in Glasgow, United Kingdom in October 2022. The event was attended by 320 consultant physicians, 64 trainees, 55 physiotherapist and was supported by 83 commercial representatives.

A total of 991 items were prepared (including invited presentations, free papers, eposters and rapid fire presentations) with the majority presented at the meeting. We also conducted 7 Lunchtime Workshops and 2 re-live surgeries in conjunction with our corporate partners.

TRUSTEES ANNUAL REPORT

(CONTINUED)

FOR THE YEAR ENDED 31 MAY 2023

Content Library / ISHA Academy

ISHA undertook a complete transformation in our content academy publishing at the beginning of 2023. In line with best practice, we severed our agreements with our proprietary academy web provider. Since the pandemic, best practice is to move to an open access strategy.

We moved all of our existing ISHA video content to open source platform, Vumedi. This has facilitated a much stronger ability to discover our content and places us as a leader in hip preservation content on the platform. We went 'live' with content in June 2023. So far, our total views have exceeded 8,000 in month one. This by far supersedes consumption on the closed access academy platform. We anticipate this channel as becoming a powerful membership recruitment funnel. The strategy is also in line with our charity guidelines as impart best knowledge to the widest pertinent audience.

We plan to continue with this strategy into next year.

Communications

We continued to deliver high quality news and information through our ISHA member newsletters twice yearly which comprises of committee update reports, activity reports, and interesting articles relating to hip preservation surgery. In 2023 we also launched the Newsletters in html "flick magazine" format as well as PDF, to improve the searchability and reader experience.

March 2023 saw a relaunch of the Society website with the aim of improving and updating the appearance as well as to make content easier to navigate and to act as a linkage and access portal "signposting" to the Society's other platforms such as VuMedi, Vimeo, Flickr and Social Media Channels. One of the major developments within the website was the extension of the Patient Information area, which provides clearer and more extensive educational and informative information assets for patients.

Communications are supported by branded social media postings using the platforms Twitter, LinkedIn, Facebook and Instagram which continue to see significantly increased engagement.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

CONTINUED

Public Benefit

During the year 2022/23 the following activities were undertaken directly for public benefit:

- Redesign of the patient areas of the ISHA website
- Creation of 13 Patient Information Factsheets
- Defining of ISHA Mission, Vision and Purpose

Beneficiaries of our Services

The primary beneficiaries in 2022-2023 have been hip preservation surgeons globally, including trainees and research students, as well as those interested in a career in hip preservation surgery and related disciplines. This has been achieved by; access to JHPS, stepped Society membership, access to our libraries and live surgery events.

During the year 2022-2023 the Trustees gathered the following evidence that demonstrates to their satisfaction that ISHA continues to benefit the public through its activities targeted to achieve its charitable objectives:

541 members and non-members attending the Annual Scientific Meeting

The number of attendees at the Virtual Educational Programme in Hip Preservation Surgery, again as above;

Recipients of the Clinical Excellence and Basic Research Awards, GBP£1,895 awarded

Three Travelling Fellowships Supported (1 carried over from 2020/2021, GBP£28,415 awarded

3 PT Awards, GBP£910 awarded

Recipients of the Best Oral Standard, Oral Short, Video, EPoster, and Rapid Fire Awards

Looking forward to 2023 - 2024, ISHA plans to launch the first ISHA Young Investigator and Basic Research Grants as well as introduce 8 regional travel bursaries. Funding research and bursaries is a key priority for ISHA as the Society continues to grow.

For New Research

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Plans for the Future Strategic Aims

1. Support for Hip Preservation Education:

The Society will continue to create quality education post graduate educational courses, and the production of targeted material in specialist areas for surgical specialties and patient groups. Other than in person meetings, our aim is to make as much of this content open access and utilise AI to make content available to be consumed in many languages.

2. Adolescent Screening Programme

The Society continues to engage with members and institutional based initiatives to ensure the provision of a hip preservation workforce of the highest standard. It will work to support members in maintaining the highest standard of practice, with guidance for registration and re-validation when required. The development of its committee-based structure will assist in this objective, with a consistent channel for expert communications to membership, partners and other stakeholders. We recognize that this sector is fast growing and that innovation and knowledge evolution is critical to optimal patient outcomes, and developing new methods of training and appropriate training media.

3. Developing Market Visitation Programmes

It is recognised that one of the main identified barriers to the accessibility to hip preservation surgery in certain parts of the world is the lack of surgical skills training in the subspecialty within the orthopaedic profession. Whilst training is part of ISHA's strategy, it is recognised that this takes time and in the meantime there are patients who need treatment if longer term more invasive surgery is to be avoided. ISHA plans to support visitation programmes to areas where there is an identified need and there is local appetite and keenness to collaborate. This will involve a 3 way partnership between the local orthopaedic surgical community, industry partners and expert volunteers within ISHA who are willing to support programmes within the region to perform surgery on patients whilst training local surgeons.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Impact of Activities & Events

The Trustees will principally assess the success of the above activities and events by evaluating the number of delegates attending the meetings and courses, the number of papers submitted, the number of surgeons being trained, the number of patients being treated (where appropriate), and the feedback from meeting and course surveys.

As of 30 June 2023 there were 706 members of the Association. This represented an increase of 13.18%. We expect to achieve annual growth in membership of between 10 -15%. With the launch of our developmental market strategies we would expect to see continued growth in new market memberships in addition to continue to strengthen major markets in North America, Europe and South America.

Structure, Governance and Management

The organisation is a charitable company limited by guarantee, and registered as a charity on 1 June 2022.

The society was established under a memorandum of association that established the objects and powers of the charitable company and is governed under its articles of association.

All trustees give their time voluntarily and receive no benefits from the charity.

Any expenses reclaimed from the charity are set out in note 8 to the accounts.

Status and History

ISHA – The Hip Preservation Society is an international organisation which is focused on hip preservation surgery to enhance patient care and outcomes, through delivery of training, education, support of research, sharing of knowledge and best practice, fostering global collaboration and provision of patient and professional information to improve hip care.

ISHA – The Hip Preservation Society has been the creation of many individuals, each united by a common interest in the expanding arena of hip preservation. At its outset, hip arthroscopy attracted the surgical and scientific innovator, the clinician with an eye for the unusual idea. Instrumentation was often handmade and company support was lacking.

The Society (originally the International Society for Hip Arthroscopy) was officially formed in Paris (France) in May 2008 with a focus on hip arthroscopic surgery, and its Founding Members represent but a few of the many individuals around the world who are interested in this evolving area of hip surgery.

In 2013, ISHA became an unincorporated Membership Society in Switzerland, at which time also saw the establishment of a “Fondation de la société internationale pour l’arthroscopie de la hanche”, a separate foundation to promote education and training in hip arthroscopy.

ISHA is a Charitable Incorporated Organisation (CIO – ASSOCIATION) registered in England and Wales on 01 June 2022. It is governed by the rules as detailed in its constitution as a CIO, published on 5 August 2021, amended as 8 August 2022.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Organisational Structure

The overall strategic direction of the Charity is determined by the Trustees, who are assisted and advised by members of the Executive Board of the Society. The Committees of the Society are used to focus discussion on issues pertaining to their particular roles and titles, and these Committees then report and submit recommendations to the Board.

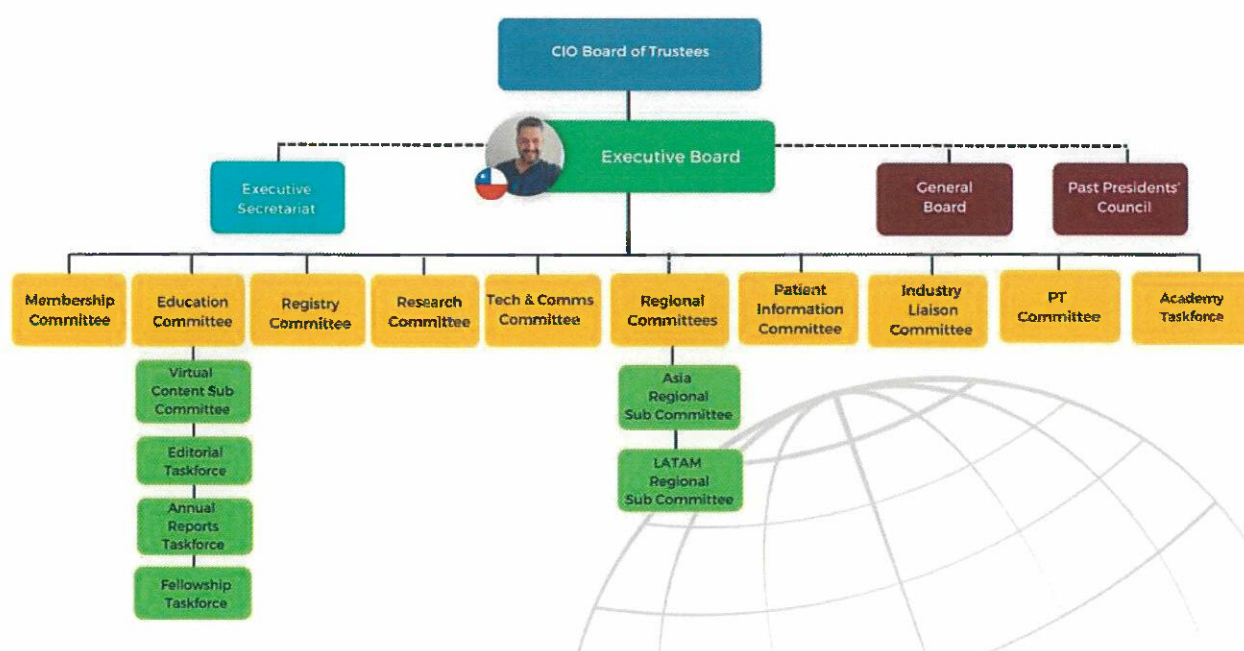

The Board of Trustees comprises the Chair, standing members of the ISHA Executive Board plus external elected advisors.

The day-to-day management of the Association has been delegated by the Trustees to a team of staff, that are based in the Society's Secretariat offices, and who are led by the Executive Director.

The Executive Director and team of support staff are contracted personnel rather than employed staff based appointed based on a competitive tender process and subsequently contracted through a management services agreement.

Committees

The Society operates the following Committees.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Organisational Structure

The following other members have also served on the Committees during the year under review:

Membership

Filiep Bataillie – Belgium (Chair)
Soshi Uchida – Japan (Vice Chair)

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Appointment and Election

(a) Every charity trustee must be a natural person. The charity trustees must be members of the CIO, except that an Office Holder who becomes an Emeritus member may finish his or her five-year term of Office as set out in paragraph 12 (4).

(b) No one may be appointed as a charity trustee:

- if he or she is under the age of 18 years; or
- if he or she would automatically cease to hold office under the provisions of clause 15(1)(g).

(c) No one is entitled to act as a charity trustee whether on appointment or on any re-appointment until he or she has expressly acknowledged, in whatever way the charity trustees decide, his or her acceptance of the office of charity trustee.

(1) Number of charity trustees

(a) There must be a minimum of at least four charity trustees and a maximum of sixteen trustees. If the number falls below this minimum, the remaining trustee or trustees may act only to call a meeting of the charity trustees, or appoint a new charity trustee.

(b) The first charity trustees are set out below and shall hold office until the first annual general meeting of the charity. After the first annual general meeting, the charity trustees shall consist of the Office Holders and up to 9 Additional Trustees who are not Office Holders. The members shall by majority decision fill any vacancy in the number of the Additional Trustees, and any vacancies not filled at the annual general meeting may be filled as provided in sub-clause (2) of this clause;

(2) The Office Holders shall be the:

- i. President
- ii. Immediate Past President
- iii. 2nd Past President
- iv. President-Elect
- v. Vice President
- vi. Secretary
- vii. Treasurer

(3) First charity trustees

The first charity trustees of the CIO are:

Mr Antonio J M D. Andrade (Chair)
Professor Richard E. Field
Dr John Joseph Christoforetti
Dr Nicolas Bonin

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Appointment of charity trustees

Additional Trustees

(1) At every annual general meeting of the members of the CIO, the members shall by majority decision fill any vacancy in the number of the additional trustees, and any vacancies not filled at the annual general meeting may be filled as provided in sub-clause (2) of this clause;

(2) The members in general meeting or the charity trustees at any time may decide to appoint a new Additional Trustee, whether in place of an Additional Trustee who has retired or been removed in accordance with clause 15 (Retirement and removal of charity trustees), or who has become an Office Holder, or as an additional charity trustee, provided that the limit specified in clause 12(3) on the number of charity trustees would not as a result be exceeded;

(3) A person so appointed by the members of the CIO as an Additional Trustee shall hold office for a term of three years. A person so appointed by the charity trustees shall retire at the conclusion of the annual general meeting after three years have been served, and shall be eligible for re-appointment by the members if they decide to appoint him or he for second three year term.

(4) Office Holders

i. Before every annual general meeting of the members of the CIO, the charity trustees shall elect one of the Additional Trustees to be Vice-President, such election to take effect at the beginning of the annual general meeting in that year. That person shall serve 5 years as an Office Holder, and shall progress through offices as follows:

ii. At the first AGM (the first anniversary) following his/her election, s/he shall cease to be Vice-President and shall become President Elect;

iii. At the second AGM (the second anniversary) following his/her election, s/he shall cease to be President Elect and shall become President;

iv. At the third AGM (the third anniversary) following his/her election, s/he shall cease to be President and shall become Immediate Past President;

v. At the fourth AGM (the fourth anniversary) following his/her election, s/he shall cease to be Immediate Past President and shall become 2nd Past President and shall hold office as 2nd Past President until the fifth AGM following his/her election, when s/he shall cease to be a charity trustee.

(5) When there is a vacancy in the Office of treasurer or secretary the charity trustees may appoint a person to hold office until the next annual general meeting of members, and the members shall at the annual general meeting elect a person to hold that Office for a term of three years, expiring at the third annual general meeting after their election. A person who has served one three-year term is eligible for reappointment for one further term of three years as set out in clause 16.

TRUSTEES ANNUAL REPORT

FOR THE YEAR ENDED 31 MAY 2023

Retirement and Removal of Charity Trustees

(1) A charity trustee ceases to hold office if he or she:

(a) retires by notifying the CIO in writing (but only if enough charity trustees will remain in office when the notice of resignation takes effect to form a quorum for meetings);

(b) is absent without the permission of the charity trustees from all their meetings held within a period of six months and the trustees resolve that his or her office be vacated;

(c) dies;

(d) in the written opinion, given to the company, of a registered medical practitioner treating that person, has become physically or mentally incapable of acting as a trustee and may remain so for more than three months;

(e) is removed by the unanimous vote of all the other charity trustees;

(f) is removed by the members of the CIO in accordance with sub-clause (2) of this clause; or

(g) is disqualified from acting as a charity trustee by virtue of section 178-180 of the Charities Act 2011 (or any statutory re-enactment or modification of that provision).

(2) A charity trustee shall be removed from office if a resolution to remove that trustee is proposed at a general meeting of the members called for that purpose and properly convened in accordance with clause 11, and the resolution is passed by a two-thirds majority of votes cast at the meeting.

(3) A resolution of the members or the charity trustees to remove a charity trustee in accordance with this clause shall not take effect unless the individual concerned has been given at least 14 clear days' notice in writing that the resolution is to be proposed, specifying the circumstances alleged to justify removal from office, and has been given a reasonable opportunity of making oral and/or written representations to those who will be invited to vote on the resolution.

Reappointment of Charity Trustees

Any person who retires as a charity trustee at the end of their term of office as an Office Holder or Additional Trustee appointed by the members or by giving notice to the CIO is eligible for reappointment.

A charity trustee who has served for two consecutive terms may not be reappointed for a third consecutive term but may be reappointed after an interval of at least three years.

FINANCIAL PROCEDURES AND GOVERNANCE MATTERS FOR THE YEAR ENDED 31 MAY 2023

Principal Risks and Uncertainties

Risk and Corporate Governance Matters

The Trustees believe that ISHA does not need to expose itself to a high level of risk in order to achieve its present aims and goals. It has implemented a structure within the Society with the aim of mitigating and ring fencing any activities which may incur more significant financial exposure such as the organisation of the Annual Scientific Meetings. Therefore, a policy is followed to ensure that only risks that are, or can be mitigated to, medium risk level are accepted by the Trustees and the Society. This overall assessment of risk may change at a later date depending upon initiatives being considered at the time.

The Treasurer, Executive Board and Executive Director undertake the initial annual risk review, and then present the results for scrutiny. Any significant changes in the Society's risk profile will be highlighted to the membership at the Annual General Meeting. Risks are reviewed annually.

The main areas of risk that have been identified are adverse publicity, loss of commercial partners, fiscal failure of the Annual Meeting, and loss of key staff.

The ISHA Executive Board in the first instance have the responsibility for addressing any adverse publicity issues and work with the Comms and Reports committees to prepare any external communications.

A strategy has been developed where the senior leadership of the Society regularly engage with our corporate partners through regular virtual calls, in person meet ups at international events and scheduled meetings during our annual scientific meetings to maintain contact and open communications.

The Annual Scientific Meetings have been structured into separate limited companies which are wholly owned by the charity. This enables the fiscal arrangements for each meeting to be ring fenced away from the society and also provides a tax efficient mechanism for any profits to be passed to the charity via corporate Gift Aid donations.

The structure of the Executive Board allows for a 6 year rotation to ensure that the intellectual knowledge is maintained within the governance structure and facilitates continuity along with long terms planning. A long term rolling contract has been entered into with the Executive Director which requires a 6 month notice period by either party.

Professional Indemnity Insurance

The Charity has taken out an indemnity insurance policy that provides professional indemnity cover for the Trustees of the Charity. The cover provided by the policy is GBP£1 million for any one claim.

The cost of this insurance policy to the Charity for the year was GBP£1,034.44.

FINANCIAL PROCEDURES AND GOVERNANCE MATTERS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2023

Reserves Policy and Going Concern

The Trustees continue to determine a suitable target for the level of 'free reserves', and have set this at two years of operational costs is in the region of some GBP£120,000 per annum for core operational expenditure. This is currently under review and will be updated with next steps in the 2024 annual report.

The areas of emphasis will continue to be education and research including the provision of information to the public. Education continues to be supported nationally and locally, and the medical student education programme is being enhanced.

In the light of this aim, it is highly likely that a proportion of existing 'free reserves' will be held on a long-term basis to generate interest earning income stream in perpetuity, with the balance of 'free reserves' being spent in a systematic and controlled manner on appropriate projects as proposed by the Committee leads and approved by the Board of Trustees.

Investments Policy

The Trustees have wide ranging powers to invest the funds of the Society as they see fit. As this is the first year of the Charity, the trustees will be reviewing current surplus funds, budgeting for operational and grant funding budgets for the coming year and look to any short-term surplus cash funds are still to be held in interest-bearing deposit accounts.

Longer term Investment options will be considered in years 2023 - 2024 and 2024 - 2025.

Fundraising

ISHA does not currently undertake any specific fundraising activities and funds itself via collection of membership fees, corporate sponsorship support and gift aid donations from any surplus generated by the Annual Scientific Meeting. In year 2024 - 2025, specific fundraising strategies will be developed to support specific strategic initiatives and projects.

Financial Review

The Charity's Statement of Financial Activities is shown on page 34. The total income for the year was GBP£502,582 and total expenditure was GBP£23,895 resulting in a net profit of GBP£478,687. Unrestricted reserves totalled GBP£478,687 at the end of the year. There were no restricted reserves, income or expenditure during the period.

STATEMENT OF RESPONSIBILITIES OF THE TRUSTEES

The trustees (who are also directors of ISHA The Hip Preservation Society (ISHA) for the purposes of company law) are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom generally Accepted Accounting Practice).

FOR THE PERIOD ENDED 31 MAY 2023

Trustees' responsibilities in relation to the accounts

The Charities Act 2011 requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that year.

In preparing these accounts, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT OF RESPONSIBILITIES OF THE TRUSTEES CONTINUED

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable company's auditor is unaware
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Independent Examiner

TC Group was appointed as the charitable company's accountant and Independent Examiner during the year and has expressed its willingness to continue in that capacity.

The Trustees annual report has been prepared in accordance with the special provisions applicable to companies subject to the small companies' regime.

Approved by the Board on 18 September 2024.

On behalf of the Board of trustees

Antonio Jose Martin Dias Andrade
Chair of Trustees

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF ISHA - THE HIP PRESERVATION SOCIETY

I report to the charity trustees on my examination of the accounts of the charity for the period ended 31 May 2023.

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

Since the charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Association of Chartered Certified Accountants, which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in accordance with section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting.

ISHA

The Hip Preservation Society

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF ISHA - THE HIP PRESERVATION SOCIETY CONTINUED

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

TC Group

Mark Cummins FCCA FCIE

NOTES TO THE ACCOUNTS FOR THE PERIOD ENDED 31 MAY 2023

1 Legal status of charitable company

ISHA - The Hip Preservation Society is a charitable incorporated organisation registered in England and Wales.

2 Accounting policies

2.1 Basis of preparation

The accounts have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) – (Charities SORP (FRS 102)).

ISHA - The Hip Preservation Society meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note.

The financial statements are prepared in sterling, which is the functional currency of the charitable company. Monetary amounts in these financial statements are rounded to the nearest pound.

2.2 Going concern

After making appropriate enquiries, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future.

2.3 Income

All incoming resources are included in the Statement of Financial Activities when the charity is legally entitled to the income, it is probable the income will be received and the amount can be quantified with reasonable accuracy.

Donations and other forms of voluntary income are recognised as income when receivable, except insofar as they are incapable of financial measurement.

2.4 Expenditure and basis of apportioning costs

Expenditure is accounted for on an accruals basis with the irrecoverable element of VAT included with the item to which it relates and has been classified under headings that aggregate all costs related to the category.

Governance costs (included within Support costs) comprises all costs associated with constitutional and statutory requirements with which the charity must comply.

2.5 Fund Accounting

Unrestricted general funds – these are funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

NOTES TO THE ACCOUNTS (CONTINUED) FOR THE PERIOD ENDED 31 MAY 2023

2 Accounting Policies (continued)

2.6 Debtors

Trade and other debtors are recognised at the settlement amount due after any discounts offered.

2.7 Judgements and key sources of estimation uncertainty

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised.

The trustees do not consider that there are any critical estimates or areas of judgement that need to be brought to the attention of the readers of the financial statements.

3 Income from donations

478,687

7 Intercompany transactions

During the period the charity received a GBP£398,201 donation from ISHA Hip Preservation Limited and a £104,381 donation from ISHA Annual Scientific Meeting 2022 Limited.

8 Trustees

No trustees received any remuneration directly from the charity or were reimbursed any expenses during the period ended 31 May 2023.

9 Taxation

As a charity, ISHA - The Hip Preservation Society is exempt from tax on income and gains to the extent that these are applied to its charitable objects.

10 Ultimate controlling party

The charity was under the control of the Trustees during the period under review.

"If it weren't for this initiative by ISHA, many of these patient would not be receiving treatment and they would not be looking forward to an improved quality of life"
