KUJUWA INITIATIVE REPORT OF THE BOARD OF TRUSTEES FOR THE YEAR ENDED 31 March 2025

The Board of Trustees ('The Board') submit their Annual report and the financial statements of the Kujuwa Initiative for the year ended 31 March 2025.

Company Information

The organisation is a Charitable Incorporated Organisation (CIO -Foundation) registered in England and Wales

Purposes and Aims

The Kujuwa Initiative tackles misconceptions, builds knowledge, self-esteem, understanding and support around sexual reproductive health, rights and menstrual hygiene management in Kenya.

How our work delivers our aims

The Kujuwa Initiative's approach is to raise funds to support programmes run by carefully selected third party charities aligned with its mission.

How our work delivers public benefit

The Kujuwa Initiative donates washable sanitary pads, and educates girls and boys, teachers and families in Kenya about sexual reproductive health, rights and menstrual hygiene management.

The Kujuwa Initiative commits to working with trusted registered charitable organisations to support socially or economically disadvantaged young people in Kenya.

Our Achievements

During the period 2024-25 the charity made its first grant donations totalling £17,325. This included a donation of £11,015 to the SOKO Community Trust, Kenya (SCT) to deliver our 2024 Kujuwa Initiative programme and a further donation of £6,310 in March 2025 to support Phase 1 of our 2025-2026 programme.

2024 Kujuwa Initiative Programme

The 2024 Kujuwa Initiative Programme addressed topics including menstrual health management and sexual reproductive health through Peer Workshop Training, Peer-to-peer Sessions and Teen Forums.

(1) Peer Workshop Training and Peer-to-Peer Sessions (August 2024)

Target achieved - reaching 40 peer educators and 400 students

- **Participants:** 40 girls from 8 schools in Mtepeni Ward, Kilifi South, selected for their leadership potential.
- **Content Covered:** Menstrual health management, puberty education, bodily changes, and sexually transmitted infections (symptoms and treatment).
- **Outreach:** With the support of SCT staff, we trained peer educators and conducted sessions in their communities, reaching an additional 400 girls.

(2) Teen Forums (December 2024)

Target exceeded - reaching 1028 teens

- **Participants:** 605 girls and 423 boys engaged in interactive discussions.

- **Content Covered:** The forum provided a safe space for teenagers to express themselves, share their experiences, and learn about topics like sexual and reproductive health, decision-making, and preventing gender-based violence.

Outcomes and Impact

Improved Knowledge and Skills

Pre-test scores from the peer workshop increased from 44.11% to 73.61% after training, demonstrating a significant improvement in understanding menstrual health management (MHM) and life skills.

Positive Behavioural Changes

Participants reported better communication with parents, improved emotional management, and responsible decision-making in studies and relationships.

Leadership Growth

Peer educators displayed improved confidence and communication, effectively delivering sessions in their communities and facilitating discussions on menstrual health management and sexual and reproductive health and rights topics.

Enhanced Educational Continuity

Transition and retention rates for girls improved significantly, with 99% advancing to junior secondary school without dropouts.

Enhanced Engagement and Critical Thinking

Teenagers found the activities engaging and relatable, simplifying complex topics like decision-making into practical and actionable lessons. The sessions fostered critical thinking, helping participants navigate peer pressure effectively, especially during high-risk periods such as the festive season.

Testimonials

"These lessons taught me about respecting myself, and I feel empowered to help others understand their rights."

"May God bless you. I can now help and teach others about topics like menstruation and more."

"I learned that decisions have consequences, and it's important to think carefully before choosing."

"I didn't realize how much influence others have on my decisions until now."

"This activity made me think about taking risks more carefully."

Plans for 2025-26

The Kujawa Initiative 2024 Programme delivered by SCT achieved significant success, highlighted by the effectiveness of its peer-to-peer model which fostered safe learning environments, encouraged open discussions, and actively reduced stigma.

A key learning from this period was the crucial role of refresher sessions in ensuring the sustained retention of knowledge, demonstrating that prolonged engagement necessitates reinforcement of previously taught concepts.

These valuable successes and lessons learned from 2024 have been directly incorporated into the strategic development of a further programme for 2025. In a demonstration of continued commitment, the Trustees approved £6,310 in grant funding to SCT for Phase 1 of the 2025 Kujawa

programme in March 2025. Trustees intend to make a second grant for Phase 2 later in the year, subject to sufficient funds.

Financial Review

Kujuwa Initiative is a very small charity. Trustees are focussed on fundraising and enhancing governance procedures to ensure our grant programmes can be securely delivered. Both 2024-25 grant payments were delivered via our Charities Aid Foundation bank account, which has a secure and robust process of due diligence related to overseas payments.

Additional income was generated via the sale of t-shirts via Teemill. The Teemill fundraising model allows charities to raise money by selling custom-printed apparel, primarily t-shirts, online without risking charity funds on upfront costs. Teemill handles the production, printing, and shipping of the products, while the charity focuses on promoting their cause and selling the merchandise through their own online store. Profits from sales are then shared between the organisation and Teemill, with a significant portion going to the charity to support their work.

Reserves

To ensure the organisation is prepared for any unexpected legal, financial or administrative costs, Trustees have agreed to maintain a reserve of £1,000 in 2025-26. The reserves figure will be assessed on an annual basis. The balance of remaining funds will be distributed via a grant programme to deliver the organisation's charitable mission.

Plans for fundraising in 2025-26

Fundraising: This financial year trustees plan to launch two designer T-shirt collaborations with the aim of continuing to raise a minimum of £3,000 per year.

Kujuwa Initiative continues to be a charity partner with Surbiton High School and hopes that funds in the region of £3,000 will be raised.

Trustees aim to continue growing social media engagement in order to leverage local and international partnerships and collaborations.
