Impacts of our work

Number of young people reached 1176

Number of parents/families supported 109

Number of young people successfully mentored 46

Trained 88 young people on digital skills

Delivered 33 hrs of employability support

Took 100 young people to Oxford and Cambridge University

Organised and delivered 52 hrs of dance sessions

Supported 27 young people into position of leadership including the Hull's Young Mayor

Delivered 208 hrs of coding/digital skills trainings

Won a national award- IntoFilm Awards 2024 Time For Action Winners!

Provided work placement for 5 young people

Executed 2 projects to improve young people's mental health and well being

Held 11 engagement meetings to foster community cohesion

Supported 7 young people to gain admission into the University & 3 into apprenticeship positions

We received several awards and recognitions including the invitation to attend His Majesty the King's Royal Garden party.

Feedback

Youth Aspire Connect has genuinely changed my life. As a young Black person who hasn't even lived in the UK for four years, finding a space where I feel seen, heard, and completely safe has been rare and that's exactly what this campaign gave me. It became the first place where I didn't have to minimise my experiences or second-guess my feelings. Instead, I found a community of young people who understood the realities we face, who supported me, and who pushed me to grow in confidence and leadership – Young person

'As a young girl being involved in the digital skills training has helped me to build up several digital and life skills which I now use in my everyday life. I can now design flyers for my local church and do video editing, which has improved my grades in school– Young person

“The group, for me, isn't just a place where I come and discuss issues, but what it is to me, the way in which it affects me in my day-to-day life. It's where I can talk to people about my experiences and how I have been victimised by racism - but also how I'm not the only one who goes through it, but how it needs to stop and how it needs to change” - Young person

“I've seen such a positive change in my children since joining the Coding Class and the AntiRacism team. The coding sessions have boosted their confidence, problem-solving skills, and creativity, while the Anti-Racism programme has helped them develop empathy, respect, and a strong sense of justice. I'm so grateful for the opportunities and the supportive environment, my children look forward to every session and is growing both academically and personally” – Parents

“Youth Aspire Connect has been a safe haven, a space where I've learned to use my voice with pride, where I've felt protected, valued, and empowered. It has helped me heal from things I didn't know I was carrying and has inspired me to keep pushing for a future where every young person, especially those from marginalised backgrounds feels respected and uplifted. This campaign hasn't just shaped my work; it's shaped me”- Young person

“This group gives me a sense of belonging in the family-like community. It also gives me a wide range of opportunities and networking from all the trips we take. I think it's important because it stands as a voice for people who do not have the confidence to express themselves” - Young person

“The experience has been really empowering - it has helped to address a lot of my issues regarding mental health and being able to talk about it; and it has also helped me address a lot of my non mental health related issues” – young person

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Introduction

Youth Aspire Connect (YAC) is an award-winning, youth-led charity dedicated to empowering young people from disadvantaged and underrepresented backgrounds to reach their full potential. We believe that every young person, regardless of their circumstances, deserves the opportunity to learn, lead, and thrive.

Established in 2017, YAC was founded in response to the growing challenges faced by young people in the region - including a high number of those not in Education, Employment or Training (NEET), increasing health inequalities, and the urgent need to promote social inclusion and community cohesion. What began as a small grassroots initiative has evolved into a respected and dynamic organisation that is shaping the lives of hundreds of young people and their families each year.

At the heart of YAC's mission is a commitment to equipping and empowering young people with the tools they need to succeed. Through our diverse range of programmes, we provide life and employability skills, mentorship, creative arts and coding classes, and leadership development opportunities. These initiatives not only enhance confidence and self-esteem but also nurture transferable skills that open doors to further education, training, and employment. Our approach is holistic and inclusive — addressing both personal and professional growth. We recognise that true empowerment comes from developing the whole individual: their mindset, their skills, their values, and their sense of belonging. As such, YAC fosters environments where young people feel seen, supported, and valued; where their voices are amplified; and where they are encouraged to take ownership of their growth and aspirations.

Over the years, YAC has established strong partnerships with parents, schools, local authorities, community organisations, and businesses. These collaborations have been instrumental in extending our reach and ensuring that our work aligns with the real needs of our communities. We take pride in being a trusted grassroots organisation, one that remains deeply connected to the lived experiences of the young people we serve. Our work is guided by key values — integrity, inclusion, creativity, collaboration, and impact — which shape everything we do. Whether through our performing arts programmes that build confidence and teamwork, our digital literacy and coding classes that prepare young people for future careers, or our mentoring initiatives that foster leadership and resilience, YAC continues to create pathways for success and transformation.

In the 2024–2025 reporting year, we have continued to grow in both reach and impact. Through our dedicated team, volunteers, and community partners, YAC has provided opportunities for learning, personal growth, and wellbeing. Our programmes have supported the social, emotional, and educational development of children and young people, while also strengthening family engagement and community connections.

As we reflect on this year's achievements, we remain steadfast in our vision: to see every young person inspired, empowered, and equipped to become a positive force within their community and the wider world. Together with our supporters, we are building a generation of confident, creative, and capable young leaders who are ready to make a difference.

Report of the Trustees
for the Year Ended 31 March 2025**

Key Achievements / Highlights

Throughout the year, YAC continued to deliver a range of impactful activities designed to engage young people in meaningful learning and development opportunities:

OUR 6 CORE AREAS

Below is an overview of our achievements and impacts for the period of April 2024 to March 2025, in line with our six core focus areas.

Raising aspirations & widening participation

Trips and Exposure Visits

As part of our commitment to broadening young people’s horizons and raising aspirations, we organised two major educational and recreational trips during the year to inspire participants to dream bigger, explore opportunities beyond their immediate environment, and connect learning to real-world experiences.

In April 2024, we visited Mansfield College, University of Oxford. On the 31st of July 2024, we also organised another trip to King’s College, University of Cambridge where young participants had the opportunity to tour the campus, engage with university students and staff, and gain valuable insights into university life and pathways to higher education

Across both trips, over 100 young people participated. These experiences not only expanded their academic and career aspirations but also helped build their confidence, teamwork, and social connections. For many, it was their first time visiting such prestigious institutions, and the feedback received highlighted the transformative impact of these exposure visits on their motivation and sense of possibility.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Trip to Mansfield College Oxford University March 2024

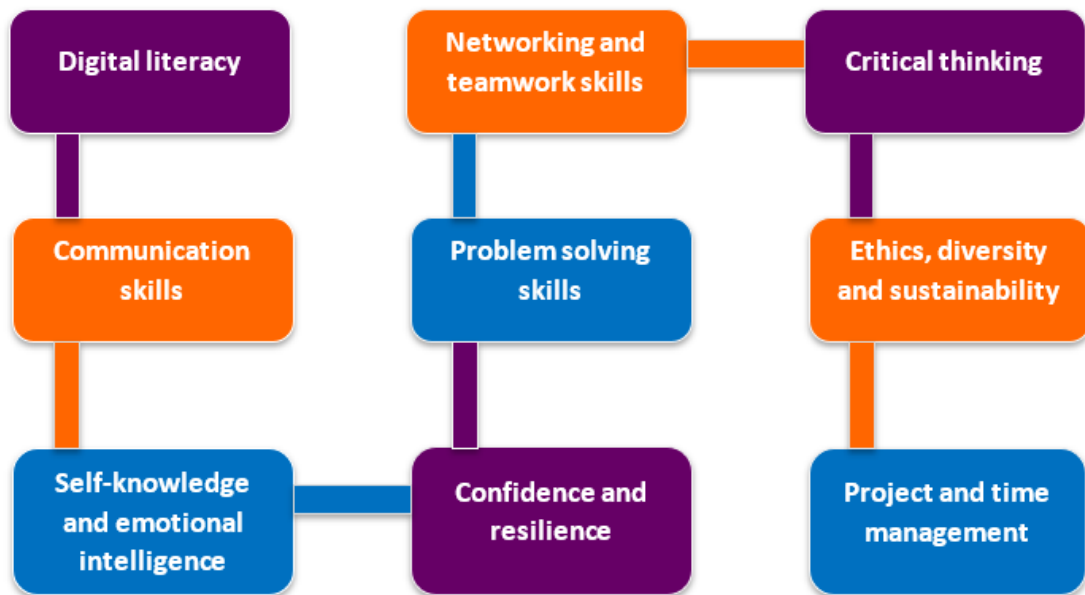

Trip to Kings College, Cambridge University July 2024

Employability & Life Skill Development

We delivered range of life skills training for young people aged 11-16 years and employment support for school leavers aged 17-25 years to equip them for the future workforce.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Coding & Digital Skills Programme

Our Digital Skills training Programme designed to empower disadvantaged and underrepresented youths aged 10-18 years in digital technology in Hull and East Riding has grown from two classes to four distinct proficiency levels (including a specialised Capstone Project class).

The classes were delivered on a weekly basis every Saturday. The sessions consistently attracted an average of 70 young people per week, demonstrating high levels of interest and sustained participation. So far, we have trained over 100 young people on a range of digital skills including coding. The published report by the UK government (Department for Digital, Culture, Media and Sport) evidence that the project had a strong impact in improving digital capability, problem-solving

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

abilities, creativity, confidence, and access to technology-led opportunities for these communities.

Learner Success Stories:

“As a young girl being involved in the digital skills training has helped me to build up several digital and life skills which I now use in my everyday life. I can now design flyers for my local church and do video editing, which has improved my grades in school” – Young person

“My daughter was able to create a simple game that was playable just because she attends the coding classes” – Parent

The programme also contributes to long-term aspirations in STEM (Science, Technology, Engineering, and Mathematics) and digital careers. By equipping young people with foundational coding skills, logical thinking, and hands-on experience with programming languages, participants gain an early advantage in understanding potential career pathways in technology and related fields. Many learners report increased motivation to explore further studies and professional opportunities in digital and technical disciplines.

Employability Support

As part of Youth Aspire Connect’s commitment to preparing young people for future success, we, provided direct employability support and work experience opportunity to young people throughout the year. These include job search, CV review, interview preparation, work experience opportunity. This opportunity helped young people build confidence, develop essential skills, and access meaningful career pathways.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Deborah from Newland School for Girls Hull on a work placement at YAC

These placements significantly boosted their confidence, broadened their understanding of workplace expectations, and inspired ambition for their futures. We hosted students from St. Mary’s College and Newland School for Girls, offering structured and supportive placements. These experiences equipped students with improved communication skills, teamwork, problem-solving abilities, and clearer insight into future career aspirations.

Through the employability initiatives, Youth Aspire Connect has continued to empower young people with the tools, skills, and confidence they need to thrive. These efforts ensure that every young person we work with feels supported, capable, and ready to pursue the opportunities ahead of them — building a stronger foundation for long-term success.

Sewing and Creative Skills Workshops

In partnership with Bora Shabaa, Youth Aspire Connect supports its young people to take part in series of Sewing and Creative Skills Workshops aimed at equipping young people, particularly young girls, with practical skills that enhance employability, creativity, and career prospects. We extend our gratitude to Severine Kipili and the entire team at Bora Shabaa for providing this valuable opportunity.

The workshops offered hands-on learning experiences, enabling participants to develop practical sewing skills such as fabric cutting, stitching, and design techniques. Through these activities, learners were able to explore their creativity while gaining essential

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

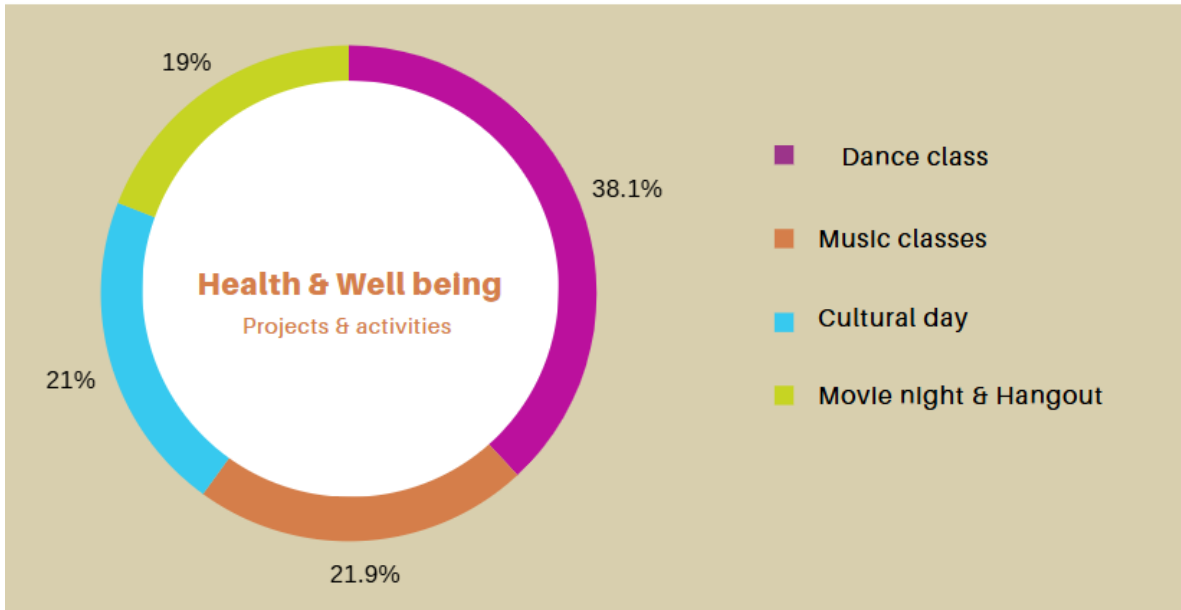

problem-solving, focus, and patience, all of which are transferable skills for both personal and professional development.

Beyond technical skills, the workshops provided a supportive environment where young people could build confidence, express themselves creatively, and collaborate with peers, fostering teamwork and resilience. These sessions reflect Youth Aspire Connect’s commitment to empowering young people with meaningful life skills that can open doors to future opportunities in creative industries, fashion, and other professional pathways.

for the Year Ended 31 March 2025**

Health & Well Being.

YAC Dance class called Zionites Dance Group

The Zionites Dance Group is a dynamic performing arts initiative consisting of young dancers aged 11–14 years. The group continues to thrive, fostering teamwork, creativity, discipline, and confidence among participants through regular rehearsals and structured training.

Over the year, the senior dancers performed at community events and church programmes, proudly showcasing their cultural expression, artistic talent, and stage presence. Their dedication culminated in a successful end-of-year showcase in December 2024, celebrating their progress and achievements.

On 20th September 2024, we introduced the Junior Dance Group for children aged 7–10 years, opening recruitment for younger girls interested in dance. The junior group currently consists of 12 young dancers, creating a two-tier structure with both the senior and junior Zionites groups, providing clear progression pathways and mentoring opportunities.

In February 2025, the senior group participated in the Voice Youth Festival at the Hull New Theatre, further showcasing their creativity and performance skills. Their consistent excellence and community engagement led to an invitation to perform at the Alhambra Theatre in Bradford that would take place later in the year, demonstrating increasing recognition of their talent and commitment.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Here are what the young girls said...

“The dance session was really good, and amazing, it has helped me to build confidence in my dancing skills, make new friends and work in a team and I wish it continues” (13-year-old girl).

“The dance has been an amazing experience for me. It was a part of my life that didn’t exist until these sessions. Dance has always been an envy for me, and YAC dance sessions made it possible for me to learn in a judgment-free environment. I want it to continue” (15-year-old girl).

Both senior and junior dancers continue to develop confidence, pride, and resilience, while also enhancing the visibility of Youth Aspire Connect, strengthening local partnerships, and inspiring other young people to explore performing arts.

for the Year Ended 31 March 2025**

Highlights from one of Our Junior Dance sessions

YAC Cultural Day – Celebrating Heritage and Community

We successfully hosted a Cultural Day event at Pearson Park, Hull, bringing together young people from diverse backgrounds to celebrate their heritage, learn from one another, and reconnect as a community. This event was organised as a direct response to the Hull riots, with the aim of fostering healing, unity, and positive engagement among children, young people, and families.

Despite the unrest and violence that occurred in Hull on 3rd August, children and young people attended the event with joy and pride, dressed in their beautiful traditional attires. It was a heartwarming display of culture and resilience. The event offered a safe and enabling environment, allowing young people—especially those from Black and Minority Ethnic (BME) backgrounds—to re-engage socially and begin regaining a sense of normalcy after the recent disturbances.

This Cultural Day marked the first public event we delivered following the riots, making it a significant moment for community reassurance. It was a truly wonderful day filled with culture, connection, and celebration—highlighting the strength, resilience, and richness of our diverse community. Events like this reflect Youth Aspire Connect’s ongoing commitment to bringing communities together and creating spaces where young people feel seen, valued, and empowered.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Movie Night - fostering a sense of belonging and togetherness

As part of our ongoing commitment to supporting the mental health, emotional well-being, and social development of young people, we organised a Movie Night on 1st November 2025. We had 89 young people in attendance.

The event aimed to create a safe, inclusive, and relaxed environment where young people could unwind, connect with peers, and take a healthy break from academic and personal pressures. By fostering a sense of belonging and togetherness, the Movie Night contributed to improving participants' emotional resilience, social confidence, and overall well-being.

Such activities form an essential part of our Health and Well-being Programme, which promotes balance between personal growth and mental wellness.

A cross section of our young people during the movie night.

**Youth Aspire Connect

for the Year Ended 31 March 2025**

Christmas Party for Young People

On Saturday, 21st December 2024, we hosted a Christmas party for our young people, providing an opportunity to celebrate the festive season together in a fun and inclusive environment. The event brought together participants from across Hull and East Riding for a day filled with festivities, games, music, and creative activities, fostering a sense of community and celebration.

The party offered young people a chance to socialise, relax, and enjoy the holiday spirit. The event created memorable experiences and strengthen relationships, promote well-being, and build a sense of belonging within our community. The Christmas party was a joyful conclusion to a year of learning, growth, and achievement, leaving participants with happy memories and renewed energy for the year ahead.

A cross section of our young people during the party.

Mentorship

Youth Aspire Connect supports young people through both formal and informal peer mentorship. During our Formal Peer Mentorship, young people are paired with trained peer mentors or senior young leaders who help them set personal or academic goals. We are currently mentoring over 63 young people.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

Leadership & Social Action

Youth Leadership and Advocacy

Over the past year, Youth Aspire Connect has continued to provide leadership opportunities for young people, equipping them with essential skills for the future.

Over 23 young people from YAC are representing Hull and the East Riding region in different capacities at the national and international settings. Some of them have advanced into formal leadership and advocacy roles beyond the organisation. For example,

- Emperor-David Ikechukwu is a Member of UK Youth Parliament (MYPs)
- Precious Machinga Member of UK Youth Parliament (MYPs)
- Williams Ogiemwonyi who is also a member of Hull Youth Council and Generation Hull and a member of the National Association of Performing Arts (NAPA), where he continues to build creative and leadership skills.
- Michelle Adebajo - serving actively on the Hull Youth Council, contributing to local youth policy discussions.
- Deborah Arikibe - Youth representatives within the United Nations Association Youth Platform (UNAYP UK) currently serving as Advocacy Managers and UN Youth Ambassadors, representing UK youth perspectives in global forums.

Through these platforms, our young leaders have collectively contributed to policy consultations, community-based advocacy campaigns, and multiple international dialogues focusing on mental health, education, social inclusion, and sustainable development.

Youth Aspire Connect Mentee Elected Hull's New Young Mayor

Eunice Jogunosinmi, aged 14, from Youth Aspire Connect was elected as the Hull's New Young Mayor.

Eunice Jogunosinmi, Hull's New Young Mayor.

Cllr Linda Tock, Portfolio Holder for Children's Services and Young People at Hull City Council, praised the high standard of all candidates:

"Each year, I am astounded at the passion and knowledge that our young people have for our city. All six candidates put forward tremendous manifestos, and I have no doubt it was a tough decision for those voting."

We congratulated Eunice and her deputy Isabel on their achievements and look forward to supporting them in their roles to achieve their ambitions for the city.

Anti-Racism In-School Campaign

Our anti-racism campaign work took another shape following the 2024 summer riot which had a devastating impact on the mental health and well-being of our young people, which some of them are still grappling with unfortunately. Below were some of the things our young people said.

"The events that have occurred made me feel sad and disappointed but more than anything, I feel very unsafe in the city I have called home for 10 years. I saw violence and chaos and genuinely thought to myself that this is not a city I would raise my child in, I began to think of it as a place that would be temporary because who wants to stay where they are not welcome? Who wants to be scared to leave their home"? ~AB

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2025**

“For me as a young person, Hull on August 3, 2024, was a really disturbing event. I was deeply depressed after learning that, despite initial reports suggesting a peaceful protest, the situation quickly deteriorated and led to violence and looting. In this day and age, I am afraid to reside in the city as a young person because I feel unsafe there. Currently, I suspect everyone, therefore I move with the utmost awareness and security. I am unable to go site seeing or simply take a leisurely stroll through the city because the fallout of the incident has significantly affected my current plans”. ~Daniella

“I am not feeling safe because we are not allowed to move freely like before, and if we want to get something in town or anywhere the riot has occurred, we can't because we either get chased, beating or killed or even though we have to suffer any of that we can't have peace of mind to walk or drive freely”. ~Anas

Since the riots, we have seen increase in our services and external stakeholders’ engagement including schools. Some of our young people were interviewed by the BBC about their experiences of the riots and what can be done to prevent similar event repeating itself.

Young People from YAC interview by the BBC about the Hull Riots

Research & Evidence Generation.

Apart from inspiring, empowering and mentoring young people, we carry out applied health research to solve practical problems in the community we serve. During the year, we were involved in two research projects:

The NORM Wellbeing Ideas Fund Project

Our NORM wellbeing Ideas Fund project was extended for another one year to enable us to consolidate the giant strides we have recorded during the first phase of the project including the development of our “The Chatter Box”:

Family Conversation Starters is a toolkit co-designed with young people and parents/community leaders to destigmatise and normalise mental health discussions within families. Launched in November 2024 and piloted among 40 BME families. The feedback

The Chatter box: Family Conversation Starters

from parents showed the tool is effective in breaking down barriers to parent-child conversation

British Science Association Ideas Fund Showcase

Also, on the 5th of March 2025, we attended the Ideas Fund Showcase hosted by the British Science Association and funded by the Wellcome Trust at the Canham Turner Building, University of Hull. The event brought together over 150 people from various community organisations, researchers, and project partners were in attendance. A great platform for us to share our work and network with other organisations, exchange insights, and explore potential collaborations.

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2025

YAC Team at the British Science Association Ideas Fund Showcase event

Online Parenting Course

As part of our Ideas Fund project, we delivered a 4-day online culturally appropriate parenting course aimed at improving parent-child relationships and normalising mental health conversations among young people from African, Caribbean, and mixed heritage backgrounds. The course was developed in response to concerns raised by parents about their struggle and complexities of raising children in a multicultural society. The 4-day course, developed by Dr. Amina Adan, provided parents with practical knowledge, skills to navigate these challenges. About 40 parents registered for the course.

Parenting Course - Online
Starting on the 14th of September 2024

Topics

Day 1:	Day 2:	Day 3:	Day 4:
14/09/2024 Understanding the Challenges of Bicultural/Multicultural Parenting	21/09/24 Becoming Conscious Parents	28/09/2024 The Importance of Communication in Effective Parenting	05/10/2024 Empowering & Building Resilience in Children

Programme details

Impact of Racism on Young People mental health and Wellbeing

We were commissioned by the Humber and North Yorkshire Health care partnership to develop a thought-provoking animated film for training Healthcare professionals on the impact of racism on the mental health of young people of colour. Through the Ideas Fund (IF) project, we were commissioned by the Humber and North Yorkshire Health and Care partnership to produce this animation

See Me Too Film Launch – 19th February 2025

On 19th February 2025, Youth Aspire Connect successfully launched the *See Me Too* film at The Milner York. The purpose of this powerful film is to challenge professionals working with children and young people—including educators, social workers, and youth practitioners—to deliver more inclusive and equitable care. The project amplifies the voices and lived experiences of young people from diverse backgrounds, highlighting the importance of representation, belonging, and fairness within systems that support children’s development. This event was well graced by senior health professionals across Northeast England including Andrew Nichols-Clarke, the Quality Improvement Lead at NHS England. Over 300 young people and Health professionals attended the event.

for the Year Ended 31 March 2025**

Collaboration and Community Engagement.

Breaking Barriers – 18th March 2025

On 18th March 2025, Youth Aspire Connect facilitated the Breaking Barriers event, creating a platform for open conversations between young people and Humberside Police. The session aimed to foster understanding, build trust, and provide young people with the opportunity to voice their concerns, share experiences, and ask questions about safety, policing, and community issues.

During the event, participants engaged in honest and constructive dialogue, discussing challenges they face in their communities, concerns about safety, and ways in which law enforcement can better support young people. The Humberside Police team actively listened, responded thoughtfully, and committed to taking young people's perspectives into account when shaping community initiatives.

Feedback from attendees highlighted the importance of open, respectful dialogue in breaking down barriers, rebuilding trust, and promoting collaboration between young people and local authorities.

Big Malarkey Festival 2024 – 22nd & 23rd June

On 22nd and 23rd June 2024, Youth Aspire Connect was delighted to be invited to the Big Malarkey Festival by Claire Thompson from the Hull Libraries team. Our young people had an amazing time sharing their experiences and work at Youth Aspire Connect, engaging and connecting with the wider local community.

A highlight of our participation was showcasing our recently released film, *Just Ignore It*, which has been widely discussed and highly sought after. The film sparked meaningful conversations with festival attendees, demonstrating the creativity, voice, and impact of our young people.

The event provided a fantastic platform for young people to showcase their creativity, leadership, and community involvement, while also learning from other organisations and festival activities. We are immensely grateful to everyone who supported the organisation and delivery of such a brilliant event, which fostered collaboration, inspiration, and fun for all involved.

Navigating Identity and Peer Pressure Workshop

In partnership with **Borasheba** and **Oasis Hub Hull**, we hosted an insightful Navigating Identity and Peer Pressure workshop for our young people. The session provided a safe and supportive space for participants to explore their sense of self, understand the pressures they may face from peers, and develop strategies to make confident and positive choices.

We hosted an engaging Arts and Crafts session facilitated by Ruth Drake and Lyn Hubbard from Creative Voice, Hull City Council. The session provided our young people with a creative space to explore their artistic talents, express themselves, and work collaboratively on a variety of craft activities.

The session not only offered a fun and stimulating experience but also contributed to building confidence, enhancing fine motor skills, and encouraging self-expression among participants. Feedback from the young people highlighted how much they enjoyed the session and how it inspired them to explore their creativity further.

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2025

Arts and Crafts session facilitated Ruth Drake and Lyn Hubbard from Hull City Council.

International Women's Day

Our young people proudly took part in an International Women's Day event organised by Bora Shabaa. The day provided an opportunity to celebrate women's achievements, raise awareness of gender equality, and engage in meaningful discussions and activities

Youth Engagement Meeting with Humberside Police

Following the recent riot on 3rd August 2024 in Hull, young people across the city—including members of the Hull Youth Parliament, Hull Youth Council, Hull Young People's Voice, and Generation Hull—expressed feelings of confusion, trauma, and concern about their safety. In response, the Youth Aspire Connect team arranged a meeting later in August 2024 with the Humberside Police to provide a safe platform for young people of colour to voice their fears, ask questions, and seek reassurance.

During the session, participants shared how the recent events have affected them, their ongoing concerns about returning to school, and their perspectives on what authorities should do to ensure their safety. The Humberside Police team, led by Caroline Andrews and Mark Lovell, engaged professionally with the young people, actively listened to their concerns, provided thoughtful responses, and committed to raising key issues with relevant authorities to enable decisive action.

Community Clean-Up and Fundraising Activity.

On Friday, 29th August 2024, our young people took to the streets for a community litter-picking activity as part of an initiative to promote environmental responsibility and raise funds to support the continuation of their dance classes. This inspiring effort was led by our young girls who wanted to take action and contribute towards paying their dance instructor and hiring a venue so they could resume their Friday dance sessions. These classes had previously been paused due to the end of funding, which had also limited their opportunities to engage in group recreational activities.

The litter-picking event not only helped raise awareness about the importance of keeping our community clean but also showcased the young people's resilience, teamwork, and determination to sustain something they love. Through this initiative, the girls demonstrated a strong sense of ownership, responsibility, and leadership, turning a challenge into an opportunity to give back to their community while working towards restoring their dance sessions—a vital space for self-expression, social bonding, and emotional well-being

Community Clean up and Fundraising activity

Humber All Nations Alliance 2024 Fashion Show – October 19, 2024

On October 19, 2024, our young people had an amazing time at the Humber All Nations Alliance 2024 fashion show. They were full of excitement and pride as they celebrated their cultural heritage, showcasing the beauty and diversity of their backgrounds. The event offered them a wonderful opportunity to express themselves creatively, connect with their roots, and be inspired by other young people embracing their identities. It was truly a memorable day of culture, fashion, and community spirit.

Humberside Police Lifestyle 2024 Awards – November

In November 2024, our young girls proudly took their Afrobeats dance to Hull City Hall, performing at the Humberside Police Lifestyle 2024 Awards. The Lifestyle programme is

a youth engagement initiative run by Humberside Police, where young people aged 10–18 years form teams and spend their summer holidays completing projects that benefit their local communities. Their performance at the awards not only showcased their skills and dedication but also highlighted the importance of youth-led initiatives in building confidence, teamwork, and a sense of civic responsibility.

Hull and East Riding Children and Young People’s Health and Wellbeing Event

On 19th November 2024, our young people enthusiastically attended the Hull and East Riding Children and Young People’s Health and Wellbeing Event in York. The event provided a valuable opportunity for young people to engage directly in shaping the future of mental health services, ensuring that their perspectives, experiences, and needs are central to service design and delivery.

Our young people were particularly motivated by the chance to voice their opinions, collaborate with peers, and influence decision-makers. The event exemplified the importance of youth-led input in shaping effective, inclusive, and responsive mental health services.

Awards and recognition

IntoFilmAwards 2024 Time For Action Winners!

Our young people aged (11–18) in Youth Aspire Connect who won the Time For Action category (sponsored by Swatch). Presented by actor Kingsley Ben-Adir, the Time For Action category invited young people to create a film that raises awareness of issues important to them and explores the changes they would like to make in the world—whether big or small, personal or society-wide.

Upon collecting their award, one young representative from Youth Aspire Connect delivered a remarkable speech on stage:

"We are here not just as ourselves today, but as advocates against racism. We believe that if racism was a question, our voices would be the answer."

Peter Snelling from My Pockets shared:

"The young people are part of an anti-racist campaign group. They wanted to make something that gave a positive message, empowered people to challenge racism, and bring people together. We want teachers, schools, pupils, and students to watch the film and make it part of conversations about racism."

Just Ignore It has already made a significant impact:

- Featured as the lead story on BBC Look North
- Incorporated into Hull University Teacher Training programs
- Showcased at Black History Month events across the UK

In addition to their brilliant short film, the group has also written an Anti-Racism Policy for schools, which they hope will be adopted across Hull, Yorkshire, and beyond, helping to make lasting change in educational settings.

Deborah Arikibe – One of Our Youth Ambassadors received “The Time to Volunteer Award

She is also a Youth representative within the United Nations Association Youth Platform (UNAYP UK) currently serving as Advocacy Managers and UN Youth Ambassadors, representing UK youth perspectives in global forums.

Structure, Governance, and Management

YAC is overseen by a Board of Trustees responsible for strategic oversight and accountability. The operational team, supported by volunteers and tutors, manages daily activities. We maintain robust safeguarding, health and safety, and equality policies to ensure a safe and inclusive environment.

- Staff: 4
- Tutors/trainer: 3
- Occasional workers: 3
- Dance instructor: 1
- Volunteers: 25

All staff and volunteers adhere to YAC’s safeguarding policy and undergo necessary background checks and training

Public Benefit Statement

All Youth Aspire Connect (YAC) activities are designed to provide public benefit by promoting access to learning and development opportunities for young people, regardless of background, race, or financial circumstances. YAC exists to advance education, foster social inclusion, and enhance the overall wellbeing of young people—particularly those from underrepresented or disadvantaged backgrounds—across Hull and beyond.

Through our six core areas, we ensure that every programme delivers meaningful and measurable public benefit. All activities are designed in line with the Charity Commission’s guidance, aiming to remove barriers, expand opportunities, and create environments where young people can thrive, contribute, and become positive agents of change within their communities.

Looking Ahead (April 2025 – March 2026)

In the coming year, Youth Aspire Connect is committed to building on the successes of the past year and expanding the reach and impact of its programmes. Our key priorities for the coming year include:

- **Expanding Digital Skills Training:** Our target is to train 100 young people in digital skills. We are steadily progressing towards this goal, with an increasing number of participants already enrolled and benefiting from the programme.
- **Expanding our Leadership & Mentorship Programme:** This initiative will equip young people with essential life and career skills, fostering confidence, responsibility, and personal growth.
- **Introducing the Family Conversation Toolkit – *Chatterbox*:** Designed to strengthen communication within families and normalise conversations around mental health and well-being.
- **Enhancing Parental Engagement:** Through structured quarterly meetings, interactive workshops, and regular feedback systems, we aim to build stronger parent–child and parent–organisation relationships.
- **Deepening Partnerships:** We will continue to collaborate closely with educational institutions, local authorities, and community organisations to amplify our collective impact.
- **Improving Monitoring and Evaluation:** Continuous refinement of our data collection and evaluation processes will help us better measure outcomes and demonstrate tangible impact.
- **Developing Strategic Funding Partnerships:** We will focus on building sustainable funding relationships to ensure long-term growth and lasting community impact.

TRUSTEES' REPORT

PRINCIPAL ACTIVITIES

The principal activity of the charity in the year ended 31/03/25 under review was:-

The advancement of life of young people through the provision of educational opportunities, employment support, and career mentorship. We champion the study of STEM subjects (science, technology, engineering, and mathematics) to inspire the next generation of young people. Alongside this, we pursue any charitable initiatives that advance education, as permitted under the laws of England and Wales, ensuring every young person has the tools, confidence, and guidance to build a successful future.

To advance the provision of educational, employment and career support for young people from disadvantaged backgrounds. We achieve this by supporting young people to aspire to achieve their aspirations by providing employability and digital skills training to build their confidence and interpersonal skills to help them transition to paid employment. We run weekly 1-2-1 or group career and mentorship sessions to offer advice, and guidance to young people especially those who are at highest risk of becoming involved with serious violence. We make yearly trips to the University of Oxford and University of Cambridge to inspire young people to strive for excellence whereby reducing absence or exclusion from schools and anti-social behaviour.

We empower and train young people to become leaders and engage in social actions. We are the leading an award-winning anti-racism in school campaign to address the barriers that limit young people of colour from achieving their career aspirations. We organise regular activities (e.g., residential trips, multi-sports, arts, and crafts, including dance & music classes) to keep young people engaged and safe from becoming involved in violence.

We run health and well-being sessions to help young people develop skills to support and boost their Mental Health and Well-being.

STRUCTURE GOVERNANCE AND MANAGEMENT

The charity is a charitable incorporated organisation (CIO)

INDEPENDENT EXAMINER'S STATEMENT

FOR THE YEAR ENDED 31/03/2025

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF YOUTH ASPIRE CONNECT

I report on the accounts of the company for the year ended 31/03/2025 .

RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND EXAMINER

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed. The charity's gross income exceeded £25,000 and I am qualified to undertake the examination being a member of ICAEW..

Having satisfied myself that the charity is not subject to an audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

BASIS OF INDEPENDENT EXAMINERS STATEMENT

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

INDEPENDENT EXAMINERS STATEMENT

In connection with my examination, no matter has come to my attention:

(1) which gives me reasonable cause to believe that in any material respect the requirements:

- to keep accounting records in accordance with section 386 of the Companies Act 2006; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities
- have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached

**ACCOUNTANTS' REPORT TO THE BOARD OF DIRECTORS ON THE UNAUDITED ACCOUNTS
OF YOUTH ASPIRE CONNECT, FOR THE YEAR ENDED 31/03/2025**

In order to assist you to fulfill your duties under the Companies Act 2006, we have prepared for your approval the accounts of YOUTH ASPIRE CONNECT for the year ended 31/03/2025 as set out on pages - to (1) from the company's accounting records and from information and explanations you have given us.

As a practising member of the ICAEW, we are subject to its ethical and other professional requirements which are detailed on their website.

This report is made solely to the Board of Directors of YOUTH ASPIRE CONNECT, as a body, in accordance with the terms of our engagement letter dated . Our work has been undertaken solely to prepare for your approval the accounts of YOUTH ASPIRE CONNECT and state those matters that we have agreed to state to the Board of Directors of YOUTH ASPIRE CONNECT, as a body, in this report, in accordance with the requirements of the ICAEW as detailed on their website. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than YOUTH ASPIRE CONNECT and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that YOUTH ASPIRE CONNECT has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profitability of YOUTH ASPIRE CONNECT. You consider that YOUTH ASPIRE CONNECT is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of YOUTH ASPIRE CONNECT. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

**NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31/03/2025**

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention.

The accounts have been prepared in accordance with FRS102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice, Accounting and Reporting by Charities.

1b. Change In Accounting Policy

In preparing the financial statements for the current year, the company has adopted the following Financial Reporting Standards:

-Financial Reporting Standard for Smaller Entities (effective January 2015).

The adoption of new accounting standards has not resulted in any adjustments to the results of the company in either this year or the previous year.

1c. Incoming Resources

All incoming resources are included on the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

1d. Resources Expended

Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

1e. Allocation And Apportionment Of Costs

All costs relate to the single activity of the charitable company and are recognised accordingly.

1f. Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Designated funds are funds set aside by the trustees out of unrestricted general funds for the specific future purposes or projects.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

Introduction

Youth Aspire Connect is a dynamic youth-led non-profit organisation founded in 2017 to support young people aged 10-16 and school leavers aged 17-25 living in Humber and East Yorkshire to build successful careers especially those at high risk of becoming involved in violence and crime. Our core mission is to equip and empower young people with knowledge and skills to transcend the limits of society and excel in life.

We are a trusted grassroots organisation in Hull that provides employability support, mentoring and addresses wider determinants of health such as structural racism among young people of colour. Our work is categorised into six main areas: (i) raising aspirations and widening participation (ii) employability and life skills development (iii) mentoring (iv) leadership and social actions (v) mental health and wellbeing (vi) Research and Knowledge Exchange.

We support young people to aspire to achieve their aspirations by providing employability and digital skills training to build their confidence and interpersonal skills to help them transition to paid employment. We run weekly 1-2-1 or group career and mentorship sessions to offer advice, guidance, and support young people set goals, and exploring career options. We empower young people to become leaders, set goals, and engage in social actions to address the barriers that limit their career prospects. We run health and wellbeing sessions to help young people develop skills to support and boost their Mental Health and Wellbeing.

Our work in relation to the local/community context

Kingston-Upon-Hull otherwise known as Hull is a city that dates back to the late 12th century. Deprivation is a major issue for Hull, as evidenced by the fact that it is the fourth most deprived local authority in England out of 317 local authorities and that over half of all Hull Lower layer Super Output Areas (LSOAs) are in the lowest 20% of the country's LSOAs (the fifth most deprived local authority overall). The primary issues facing Hull are prolonged unemployment, a lack of economic activity, and the various obstacles that those who are not in the workforce must overcome to enter the industry.

Among the other difficulties are:

- low skill levels

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

- a high number of people not in education or training
- Population retention of young people in Hull.

In 2021, Hull's mental health and life satisfaction rates were only 37%, which was lower than the average in Yorkshire and the Humber (41%) and England (42%). Hull's three-month average of NEET percentage during the 2021/22 local authority target period (December-February) was 5.2%, 2.3% higher than the regional average of 2.9%, and 2.6% higher than the England average of 2.6% (The Hull Joint Health and Wellbeing Strategy (2022)).

The digital skills gap in Hull was almost twice as high in 2020 as it was throughout the UK, where 8% of people had never used the internet or had not had access to it for the previous three months (14%) (ONS Internet Users, 2020).

Keeping young people interested and retaining them: Hull's population is increasing and is primarily made up of younger people. Ten percent more people in Hull were under the age of fifteen than in Yorkshire and the Humber or the country as a whole (ONS UK Census, 2011; 2021).

What we have achieved in the last one year:

In the last year, we have delivered activities cutting across our 6 main areas of work:

1. Raising aspirations and widening participation
2. Employability and life skills development
3. Mentoring
4. Leadership and social actions
5. Mental health and well-being
6. Research and Knowledge Exchange.

Raising aspirations and widening participation

We have supported young people to aspire to achieve their aspirations by creating opportunities, providing support, and fostering an environment where they can envision and work towards a successful future.

In the last year, we have taken 100 young people aged 11-17 years especially those from disadvantaged backgrounds across Hull and East Yorkshire to the University of Oxford and University of Cambridge to broaden their horizons and inspire them to aim higher in their academic and career pursuits. The trip offered young people a great opportunity to network, and meet role models who demonstrate that success at a prestigious university is attainable. These trips have been transformative, instilling a sense of possibility and ambition in the lives of young people we support.

We organised youth conferences and career fairs to help young people learn about different professions, meet professionals, and explore career options.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

Include quotes:

"I learnt a lot about what I need to improve in my university application and how to plan to get into top Universities and the requirements for medicine"

"Today was very fun and enjoyable. It has prepared and motivated me to do better in my education".

"It was a fantastic day. It made me want to work harder".

"I learnt new things and it has made me to understand that life is a choice but you have to make the right one"

"I feel very happy. I went out of the house for the first time "

"It was inspiring. Made me want to dream big, be more ambitious, and work harder. It has given me a motivation boost and made me understand that nothing is 'too' out of reach".

Oxford University trips:

With these visits, the young people are now certain that these universities are places where they can flourish and belong, and their visitation encouraged them to pursue excellence. Throughout these excursions, they saw historical landmarks, engaged with academics and current students, and learnt how to get into these esteemed universities.

Highlight from Cambridge University Trip- 2nd August 2023.

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2024

Highlight from Oxford University Trip- 27th March 2024

Employability and life skills development

The number of young people not in education, employment, or training (NEETs) in Hull is higher than the England average. In 2020, 14% of people in Hull had never used the internet or had no internet access in the last 3 months, almost double the UK rate of 8% (ONS Internet Users, 2020). To address some of these challenges, we have delivered and continue to deliver a local digital inclusion training programme for young people aged 11-16 years and employability skills training for school leavers aged 17-25 years to equip them for the future workforce.

We have trained 65 young people in the last one year. The training runs every Saturday from 1-5 pm and covers basic skills such as using email/social media; internet safety, Microsoft Office suite (e.g. Word processing, PPT, Excel) and advanced skills such as Coding (Python), Content creation, Data analysis (e.g. MS Power BI, Excel, SQL).

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

Our target is to equip and train 100 young people (50 boys and 50 girls) in Hull and East Yorkshire on employability/digital skills- both basic and advanced by 2025 to transform the digital economy in the region.

Some of our activities in this category include the **Digital Inclusion Training Programme and the Bridge Project:**

Digital Skills Training (Coding Class): we run two classes every Saturday with 30 students per class.

The Bridge Project:

The Bridge Project is a partnership of eight Hull-based voluntary organisations that come together to provide 'holistic support services' to people from ethnic minorities to enhance their skills and employability opportunities. The Bridge Project is funded by the UK Government via the UKSPF and managed by the Hull City Council Levelling Up Team.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

Through the Bridge Project, we have brought young people from disadvantaged communities closer to Science and Technology. Our young people were being introduced to different Engineering equipment including 3-D printing at the Engineering Department University of Hull. It was an amazing experience for them.

An evaluation report put together by the Engineering Department University of Hull shows that the “Bridge project” is having a huge impact in shaping the mindset of young people around studying

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2024

engineering in the future. Most of the young people of colour understand what kind of courses they would study in the university and where it could lead them. More than half of the students are now interested in Science, Technology, Engineering, and Maths (STEM) subjects. A high proportion of the students showed interest in learning engineering skills.

“As a young girl being involved in the “Bridge project”, it has helped me to build up several digitals and life skills which I now use in my everyday life. I can now design flyers for my local churches and do video editing which has improved my grades in school” (beneficiary).

Mentoring

Through our career and mentorship sessions, we have offered advice, guidance, and supported young people to explore career options and navigate career challenges. Our mentors expose young people to various career options, helping them understand different professions and the pathways to reach them.

Leadership and social actions

In the last year, we have supported a group of vibrant youths who are leading a national Anti-Racism In-school campaign to address a systematic issue that threatens their career prospects and mental well-being. Together the young people have developed:

- (i) an Anti-Racism in-School Policy,
- (ii) an Anti-Racism flyer
- (iii) An Anti-Racism film called “Just Ignore It” which was launched in Guildhall Hull in October 2023. The vision of the campaign team is to build an inclusive society where every child regardless of their race can thrive and reach their full potential. The video has had c.5,000 views on YouTube and received coverage on BBC News and BBC Radio Humberside. 20 equality, diversity, and inclusion

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2024

organisations are implementing the policy in their organisations across the UK, local schools including the Thrive Trust are adopting the anti-racism policy, and Tapestry Education and the Leeds Beckett Centre for Race Education and Decoloniality are using the campaign to influence practice.

Highlight of the Anti-Racism Campaign film launch October 2023

Also, we have supported a group of young people to join the Hull Youth Parliament and Hull Youth Council to help them lend their voices in shaping and making decisions that affect young people in Hull. Some of our young people are also in NAPA, UNA Youth Platform, UN as UNICEF Youth ambassador, and Generation Hull.

Mental health and well-being

Also, in the last year, we have organised regular activities such as residential trips, multi-sports, arts, and crafts, and dance & music classes to keep young people engaged, and safe from becoming involved in violence.

We organised multi-sports sessions to help children and young people connect with their peers from different families and communities which has an impact on their self-esteem while reducing social isolation and building cultural integration.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

Some of our activities in this category include Dance Techniques Training and the Music Project.

Dance Techniques Training:

These dance techniques and training has offers them great opportunity to learn new skills, makes new moves, make new friends, build self-confidence while improving their mental health and wellbeing & building community cohesion!

Highlight of the Dance sessions

“The dance session was really good, and amazing, it has helped me to build confidence in my dancing skills, make new friends and work in a team and I wish it continues” (Favour, 13-year-old girl).

“The dance has been an amazing experience for me. It was a part of my life that didn't exist until these sessions. Dance has always been an envy for me, and YAC dance sessions made it possible for me to learn in a judgemental-free environment” (Eunice, 15-year-old girl).

Music Project:

Youth Aspire Connect in partnership with My Pockets launched a free music project to help young people in Hull learn to play musical instruments, write songs, make videos, and perform thereby improving their mental health and well-being.

Youth Aspire Connect Report of the Trustees for the Year Ended 31 March 2024

There were one-to-one sessions and group sessions which helped them understand how the sounds of the instrument work. The music and instrument sessions have introduced the young people to a range of genres including blues, Jazz, and popular styles. They have developed a sound technique and have adapted how instruments sound. This experience gain has enabled young people to take their playing of instruments with music to a high level.

Highlight of the Music Project:

Research and Knowledge Exchange:

We carried out applied health research to solve practical problems in the community we serve. We received a generous grant from the British Science Association (BSA) in 2023 to examine the barriers to Normalising Mental Health and wellbeing conversations among young people from Black, and Minoritised Ethnic (BME) communities and co-create a toolkit to support and empower parents and religious/community leaders in initiating conversations with young people and their families on mental health and wellbeing issues. YAC worked with 2 researchers from the University of Hull and the University of Hertfordshire. This project is part of the 26 community projects funded by grants from The Ideas Fund to enable community groups to work with researchers to develop and try out ideas that address problems related to mental well-being in their communities. Normalising mental health conversation among the BME community is the central focus of the NORM WELL-BEING PROJECT. The project will give our young people the opportunity to develop

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

valuable skills and build their self-confidence and our one-year funding came to an end in January 2024

What we achieved through the NORM Wellbeing Project phase 1

1. Developed a young people research advisory group made up of 16 young people which will be integrated within the Engagement Hub at the University as part of the Ideas Fund (IF) infrastructure work happening at the University of Hull.
2. Carried out a range of knowledge exchange activities across Hull and East Yorkshire, including knowledge sharing at the Northeast and Yorkshire Children and Young People's Mental Health Development Forum, and Children's Services Improvement Board in Hull.
3. Organised several community engagements activities that promote young people's mental well-being involving religious and community leaders in Hull facilitated by the researchers with input from the community group.
4. Conducted 13 interviews (7 parents, 4 community leaders, 2 religious' leaders) to understand the barriers parents face having conversations around young people's mental health and wellbeing, which guided our decision-making surrounding resources needed by the community.
5. Conducted 2 Focus Group Discussions (FGDs) with 18 young people aged 11-18 years to effectively establish an understanding of a range of mental health issues affecting young people in the Hull BME community.
6. Launched two online surveys for parents and young people to assess the mental health burden among young people from the BAME community.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

7. Co-developed a mental health and wellbeing resource booklet to be distributed to 500 BME parents in Hull informed by the co-creation workshop.
8. Our researchers were involved in the British Science Association (BSA) 'In Conversation' series to share their perspective of what it's like collaborating with community-led projects to produce research into mental health & well-being.
9. Shared our project ideas via the Pechakucha approach at the showcase event hosted at the University of Hull.
10. Currently drafting 4 articles/research papers as a way of disseminating our learning to the wider academic community- sharing what works and doesn't work when engaging with the BME community.

Co-creation workshop participants.

Feedback from young people and parents about their involvement in our research project:

“As a young individual, being involved in the NORM Wellbeing Project has helped me to build up several skills which one of them includes communication skills. These skills have been developed over time when we have our meetings, and this has helped to build up my ability to pass across my ideas, thoughts, and actions effectively and efficiently”. This aim really drove out the passion in me as I saw this as a very good opportunity to show empathy, provide support and lend my voice to young people who have been affected in one way or another”.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

“This project really gave me the platform to explore this passion of mine. The Co-creation activities were fun, interactive, and brainstorming as I had to identify several barriers as well as provide potential solutions to such barriers surrounding the Mental Health Discussion. This aspect of the project helped to develop my problem-solving skills and my critical thinking”.

“The experience has been really empowering - it has helped to address a lot of my issues regarding mental health and being able to talk about it; and it has also helped me address a lot of my non mental health related issues”.

“My experience working on this project has been fun and educational. I have learnt the importance of the process behind research, consent, ethical reviews, planning and writing questionnaires and conducting group interviews. I have also been able to connect with other professionals and engage and mentor young people who are new to research projects”.

“I have generated knowledge from the researchers. They share knowledge from physical and learnt experience and skills for solutions to improve young people mental wellbeing”.

“I have learnt how to meet different people’s views on mental health, meeting other people and learning their views about mental health”.

“I have learnt how to help young people and their parents be more comfortable talking about mental health”.

“Understanding anxiety and anti-social behaviour, research and what it takes [to conduct it], and the [importance of the] confidentiality of information”.

“What I have learned is that the adults involved in the project have worked hard to understanding young people and have constructed several ideas to help them”.

“The lesson learnt is that my knowledge about mental health has grown. I am grateful and passionate to be in this group”.

“The researchers and the community group involved me in the research process. This has helped me to understand research. This research has helped me to gain a better understanding of the various issues and help formulate tools that might help in normalising conversation around feelings and emotions”.

Feedback from the community group.

“This is our first time of working together with the University researchers. This partnership has really worked, as the community has developed a deeper insight and understanding of how to effectively engage and share power in a project to achieve set goals”.

**Youth Aspire Connect
Report of the Trustees
for the Year Ended 31 March 2024**

“Working with the researchers and young people has helped us to identified culturally sensitive ways/ interventions to put in places to support mental health and wellbeing among Black ethnic minorities families.”

“This collaborative work with the researchers has helped us to create a safe environment for both parents and young people to share their experiences and insights in non-judgemental settings”.

“We generated knowledge from the researchers. Members share knowledge from physical and learnt experiences and skills, for solutions to improve young people mental wellbeing”.

“This collaborative work created an opportunity for Black ethnic minorities parents to gain insights into the strategies to support the educational aspirations of their children”.

YOUTH ASPIRE CONNECT

FOR THE YEAR ENDED 31/03/2024 TRUSTEES' REPORT

PRINCIPAL ACTIVITIES

The principal activity of the charity in the year ended 31/03/24 under review was:-

The advancement of life of young people through the provision of educational and employment support and career mentorship, the promotion of the study of stem subjects (science, technology, engineering and mathematics), and the furtherance of any other charitable activities (according to the law of England and Wales) for the advancement of education as the trustees deem fit.

To advance the provision of educational, employment and career support for young people from disadvantage backgrounds. We achieve this by supporting young people to aspire to achieve their aspirations by providing employability and digital skills training to build their confidence and interpersonal skills to help them transition to paid employment. We run weekly 1-2-1 or group career and mentorship sessions to offer advice, guidance, and support young people who are at highest risk of becoming involved with serious violence (due to racism, unfair treatment in schools, systemic issues) set goals, solve problems, explore career options and make yearly trips to the University of Oxford and University of Cambridge to inspire them to strive for excellence whereby reducing absence or exclusion from schools and anti-social behaviour.

We empower young people to become leaders, set goals and engage in social actions (e.g., anti-racism in school campaign) to address the barriers that limit their career prospects. We organise regular activities (e.g., residential trips, multi-sports, arts, and crafts including dance & music classes) to keep young people engaged, and safe from becoming involved in violence.

We run health and wellbeing sessions to help young people develop skills to support and boost their Mental Health and Wellbeing. Our work is informed by evidence showing that attainment scores of Black students is lower than their White counterparts.

STRUCTURE GOVERNANCE AND MANAGEMENT

The charity is an unincorporated association

ACHIEVEMENTS AND PERFORMANCE

In the last year, we have delivered activities cutting across our 6 main areas of work:

1. Raising aspirations and widening participation
2. Employability and life skills development
3. Mentoring
4. Leadership and social actions
5. Mental health and well-being
6. Research and Knowledge Exchange.

YOUTH ASPIRE CONNECT

FOR THE YEAR ENDED 31/03/2024 TRUSTEES' REPORT

Raising aspirations and widening participation

We have supported young people to aspire to achieve their aspirations by creating opportunities, providing support, and fostering an environment where they can envision and work towards a successful future.

In the last year, we have taken 100 young people aged 11-17 years especially those from disadvantaged backgrounds across Hull and East Yorkshire to the University of Oxford and University of Cambridge to broaden their horizons and inspire them to aim higher in their academic and career pursuits. The trip offered young people a great opportunity to network, and meet role models who demonstrate that success at a prestigious university is attainable. These trips have been transformative, instilling a sense of possibility and ambition in the lives of young people we support.

We organised youth conferences and career fairs to help young people learn about different professions, meet professionals, and explore career options.

Include quotes:

"I learnt a lot about what I need to improve in my university application and how to plan to get into top Universities and the requirements for medicine" "Today was very fun and enjoyable. It has prepared and motivated me to do better in my education".

"It was a fantastic day. It made me want to work harder". "I learnt new things and it has made me to understand that life is a choice but you have to make the right one" "I feel very happy. I went out of the house for the first time "

"It was inspiring. Made me want to dream big, be more ambitious, and work harder. It has given me a motivation boost and made me understand that nothing is 'too' out of reach".

**NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31/03/2024**

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention.

The accounts have been prepared in accordance with FRS102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice, Accounting and Reporting by Charities.

1b. Change In Accounting Policy

In preparing the financial statements for the current year, the company has adopted the following Financial Reporting Standards:

-Financial Reporting Standard for Smaller Entities (effective January 2015).

The adoption of new accounting standards has not resulted in any adjustments to the results of the company in either this year or the previous year.

1c. Incoming Resources

All incoming resources are included on the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

1d. Resources Expended

Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

1e. Allocation And Apportionment Of Costs

All costs relate to the single activity of the charitable company and are recognised accordingly.

1f. Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Designated funds are funds set aside by the trustees out of unrestricted general funds for the specific future purposes or projects.

INDEPENDENT EXAMINER'S STATEMENT

FOR THE YEAR ENDED 31/03/2024

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF YOUTH ASPIRE CONNECT

I report on the accounts of the company for the year ended 31/03/2024 .

RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND EXAMINER

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed. The charity's gross income exceeded £25,000 and I am qualified to undertake the examination being a member of ICAEW..

Having satisfied myself that the charity is not subject to an audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

BASIS OF INDEPENDENT EXAMINERS STATEMENT

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

INDEPENDENT EXAMINERS STATEMENT

In connection with my examination, no matter has come to my attention:

(1) which gives me reasonable cause to believe that in any material respect the requirements:

- to keep accounting records in accordance with section 386 of the Companies Act 2006; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities
- have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached

TRUSTEES' REPORT

PRINCIPAL ACTIVITIES OBJECTIVES

The advancement of life of young people through the provision of educational and employment support and career mentorship, the promotion of the study of stem subjects (science, technology, engineering and mathematics), and the furtherance of any other charitable activities (according to the law of England and Wales) for the advancement of education as the trustees deem fit.

SUMMARY OF MAIN ACTIVITIES IN RETATION TO THE OBJECTIVES

To advance the provision of educational, employment and career support for young people from disadvantage backgrounds. We achieve this by providing employability/skills development training, weekly career mentorship sessions and creating social action opportunities to empower young people to become leaders and address barriers that limit their career prospects.

ACHIEVEMENTS PERFORMANCE

During the last one year, we have experienced huge number of young people accessing our services. We have over 300 young people in our network and majority of whom have directly benefitted from our educational, career, employment and leadership and mentorship support programmes.

We delivered range of indoor and outdoor programmes to inspire and empower young people to enhance their academic and career prospects while improving their mental health and wellbeing.

Aspire to Achieve scheme:

This project is designed to raise the aspiration of young people and to connect them to life-changing opportunities. We took 50 young people aged 11-16 years from low-income families to Oxford University in June 2022. The purpose of the trip was to grow their aspirations and connect them with other students from indigent families who are studying at the University of Oxford.

Anti-Racism in-school campaign

We are partnering with the Voice and Influence team at Hull City Council to support the former Young Mayor and other young people from Hull to educate the public and train teachers to recognise, challenge and deal with racism in classroom. The team have produced a flyer, train teachers and developed anti-racism in-school policy. The campaign team have met with the Lord Mayor and the leader of the Hull city council, which led to extra funding of the campaign to produce a film to influence wider audience which will be launched in October 2023.

Mental health and wellbeing:

We are collaborating with researchers from the University of Hull and the University of Hertfordshire to co-create interventions to normalise mental health conversations among BME communities. We have 11 young people from YAC who are part of the team. The project will help uncover the barriers to normalising mental health conversation and interventions will be developed to address it.

Youth mentorship

We ran a weekly youth career mentorship sessions to advise and support young people on career choices and university degree/apprenticeship options. We ran drop-in sessions and provided support with CV writing, personal statements, and cover letters. These services helped many of them to gain employment and admission into Higher Education.

FOR THE 349 DAY PERIOD ENDED 31/03/2023

TRUSTEES' REPORT

STEM Pro: We supported young people from underrepresented communities into STEM (Science, Technology, Engineering, and Mathematics). We took them to events such as the Hull Science Festival to help them develop passion for STEM.

Health and wellbeing:

We organised series of outdoor events such as Park in the Picnic, multi-sports sessions to help young people connect with their peers from different families and communities which increases their self-esteem, reduce social isolation, build cultural integration, and can reduce stress and anxiety whereby improving their overall health and wellbeing. Over 250 young people and parents attended the event.

YAC Creative Arts

Arts and Crafts session: We partnered with the Art Council Hull City Council to deliver Arts and Crafts session with young people aged 10-16 years. Over 50 young people and parents attended the sessions.

STRUCTURE GOVERNANCE AND MANAGEMENT

The charity is an unincorporated organisation (CIO)

FINANCIAL REVIEW

We were able to attract grants from Hull community start grants,
Lottery community fund,
Two Ridings Community fund,
Oxford University,
British Science Association, and
Hull activity grant.

We truly thank all the contributors and funders for this massive support to help us deliver on our mandate.

**ACCOUNTANTS' REPORT TO THE BOARD OF TRUSTEES ON THE UNAUDITED ACCOUNTS
OF YOUTH ASPIRE CONNECT , FOR THE 349 DAY PERIOD ENDED 31/03/2023**

We have prepared for your approval the accounts of YOUTH ASPIRE CONNECT for the 349 day period ended 31/03/2023 as set out on pages 8 to 13 from the company's accounting records and from information and explanations you have given us.

As a practising member of the ICAEW , we are subject to its ethical and other professional requirements which are detailed on their website.

This report is made solely to the Board of Trustees of YOUTH ASPIRE CONNECT , as a body, in accordance with the terms of our engagement. Our work has been undertaken solely to prepare for your approval the accounts of YOUTH ASPIRE CONNECT and state those matters that we have agreed to state to the Board of Trustees of YOUTH ASPIRE CONNECT , as a body, in this report, in accordance with the requirements of the ICAEW as detailed on their website. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than YOUTH ASPIRE CONNECT and its Board of Trustees as a body for our work or for this report.

It is your duty to ensure that YOUTH ASPIRE CONNECT has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profitability of YOUTH ASPIRE CONNECT . You consider that YOUTH ASPIRE CONNECT is exempt from the statutory audit requirement for the 349 day period .

We have not been instructed to carry out an audit or a review of the accounts of YOUTH ASPIRE CONNECT . For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

**NOTES TO THE ACCOUNTS
FOR THE 349 DAY PERIOD ENDED 31/03/2023**

1. ACCOUNTING POLICIES

1g. Basis Of Accounting

The accounts have been prepared under the historical cost convention.

The accounts have been prepared in accordance with FRS102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice, Accounting and Reporting by Charities.

1b. Change In Accounting Policy

In preparing the financial statements for the current year, the company has adopted the following Financial Reporting Standards:

-Financial Reporting Standard for Smaller Entities (effective January 2015).

The adoption of new accounting standards has not resulted in any adjustments to the results of the company in either this year or the previous year.

1c. Incoming Resources

All incoming resources are included on the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

1d. Resources Expended

Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

1e. Allocation And Apportionment Of Costs

All costs relate to the single activity of the charitable company and are recognised accordingly.

1f. Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Designated funds are funds set aside by the trustees out of unrestricted general funds for the specific future purposes or projects.

1g. Basis Of Accounting

The accounts have been prepared under the historical cost convention.

The accounts have been prepared in accordance with FRS102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice, Accounting and Reporting by Charities .
