Income	£9,270
Expenditure	£5,720
Balance Carried Forward	£3,550

Sources of Income

- Donations from mosques
- Donations from individuals

Expenditure

- Support to beneficiaries
- Running costs
- Community projects

How We Raised Money

Funds were raised through the generous support of local mosques and individual donors. These contributions came from community collections, personal donations, and ongoing support from well-wishers committed to helping those in need.

Distribution of Aid

The money raised has been used to provide direct assistance to beneficiaries in the form of food packages and cash donations. These efforts have helped families meet their essential needs during difficult times.

Thanks to Our Donors

We extend our sincere gratitude to all our supporters. Your generosity has enabled us to deliver meaningful assistance to families and communities, and your kindness remains the foundation of our success.

Looking Ahead

In 2024, we aim to expand fundraising, reach more beneficiaries, and maintain full transparency in our operations.

Statement from the Trustees

This report is presented collectively by the trustees of the charity. We remain fully committed to our mission and pledge to ensure that all funds are managed responsibly and used for the benefit of those most in need.

Signed on behalf of the Trustees

AL-NASR WELAFRE FOUNDATION ANNUAL TRUSTEE REPORT

As a recently registered charity we didn't have any fundraising events for the period ending December 2022. We organised GoFundMe page to raise money for the earthquake effected people in KHOST and Paktika that took place in June 2022.

Our target was to raise £20,000 for the affected people and then the chairperson of our charity would travel and hand deliver the aid bought with the money to Afghanistan.

We are still raising money for that purpose. We are currently on about £7500; the report only includes £1500 because the other £6500 was raised after December 2022.

Our goal is once we reach our target, we will buy essential lifesaving products for the affected people of Khost and Paktika.

Moreover, we have also met and discussed our plans and goal for future and how we would achieve them.

In conclusion, we believe we would be a great success in helping the most needy in England and overseas in future.
