ANNUAL REPORT

Objectives

The advancement of education of young people between the ages of 2 and 16 in particular by:

- a. Delivering an educational programme based on the national curriculum in England which prepares young people for national qualifications and provides them with a range of educational opportunities within which they can fully realise their individual potential.
- b. Establishing an Islamic ethos among its young people based upon principles in Islaam so as to develop a moral character within them, with the aim they become productive future members of society.

Charity Structure and Legal Status

The BLET CIO (Beacon Lights Educational Trust CIO) was registered with the Charity Commission on 04 July 2022 as Charitable Incorporated Organisation (Foundation). The BLET's objectives and powers are set out in its Constitution.

All expenditure and activities must be agreed with the Chairman and, if required, approved within committee meetings.

Principal Activities

Our vision is to nurture and nourish our pupils so that they contribute to society.

We hold the firm belief that instilling strong Islamic morals and teachings at an early age in our children will develop them into the productive future members of society that our vision statement aspires.

We want our children to hold a clear distinction between right and wrong.

Every aspect of our curriculum has been given meticulous attention with the view to provide the best outcomes for our children.

The founding members are individuals from various social and ethnic backgrounds, primarily based in the borough of Calderdale. In recognition of the social problems within our community, we supplement the efforts of parents and educators to support our children's educational success.

We are currently renovating new premises to accommodate more pupils to serve an ever demanding and challenging catchment area and aim to be operating from the new premises in term 2024.
