<p>To advance the education of pupils of Queen Elizabeth High School including by providing and assisting in the provision of facilities, equipment and other items (not required to be provided by the local education authority) for education at the school.</p>
---

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

In planning our next project we kept in mind the Charity Commission's guidance. Our current project is to raise funds for a new multi purpose sensory play area for our Specialist Inclusion Centre called Canolfan Elfed.

The previous area was demolished due to health and safety concerns and was not fit for purpose. The new project benefits pupils wellbeing at the school with the development of the new sensory play area.

Once the project is delivered it will develop self-confidence and social skills, along with supporting life skills. The trustees understand the importance of creating an inclusive and engaging environment that enhances the educational experience of the students.

We are now at a stage that during the next financial year we will have started works on the project as we will be in a position to build the facility.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

We are grateful to the school community and the pupils of Canolfan Elfed for sharing what they desire to support their wellbeing. Our sensory area plan has been built around pupils' specification and requirements.

By designing and working with potential providers this has developed confidence in pupils' abilities and to work in a team environment. It has been a privileged experience and one the trustees are extremely proud of.

**Summary of the main achievements of the charity during the year**

We have raised an additional £8591 funds this year through donations, sponsorship, raffles and from the school show.

In addition, we are likely to secure additional money from further fund-raising activities along with an application for further fund through a Global Rotary grant. We are currently in the process of submitting this application. If we are successful, this will secure the remaining monies required to complete phase 1 of the project which will be in the region of £70,000.

Our Just Giving Page continues to provide some funds, and we have worked closely with a local company 'Cofio Lounge' who have supported us in being their Charity of the Year.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

At this time, we have no reserves, it is not the intention for the trust to hold reserves as we will be applying for funds, raising money for specific projects.

**Details of any funds materially in deficit**

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

This is our first year of establishing the CIO and as such we are in the process of setting up the organisation with planning of future projects (details below).

The main purpose of the organisation is to support the Wellbeing of our pupils.

Three experienced trustees have been appointed to support us in the process along with support from staff at the school. All trustees give their time voluntarily and received no remuneration or other benefits.

The trust has adopted the policies of the school in the form of safeguarding, health and safety, financial management and complaints.

Bids are submitted for trustees to consider funding requests from various departments of the school.

## Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance the education of the pupils of Queen Elizabeth High School including by providing and assisting in the provision of facilities, equipment and other items (not required to be provided by the local education authority) for education at the school

**Summary of the main achievements of the charity during the year**

Over the period we have raised £6471 towards the development of the new sensory outside area for disadvantaged pupils. The income so far, has been generated from sponsored activities and also donations from companies and individuals.

We have engaged the local Rotary Club to help us secure additional funding from other Rotary Clubs both local and international.

We set up a Just Giving Page and there has been interest with external members of the public supporting us with small donations.

We registered the charity for Gift Aid

We hope to be in a position next financial year to start with the actual delivery of the outside sensory area

**Summary of the main achievements of the charity during the year**

During the period we have been developing the 'vision' of the sensory play area with pupil participation and contractors.

Pupils have undertaken design projects and prepared literature and a video showing what the area looks like at this time and what it will look like in the future.

The plans were submitted to the trustees for sign off

Our plans were shared with the Local Education Authority due to the build taking place on their land.

We started to engage with potential funders and reviewed potential grants to source to help realise our goal.

It is anticipated the project will take 3 years to deliver at an overall cost of approx. £275,000.
