Name of chief executive or names of senior staff members (Optional information)

--

Description of the charity’s trusts

Type of governing document (eg. trust deed, constitution)	CIO Association model as detailed in our Governing Document dated as amended by a resolution on 4th March 2023 to allow fundraising.
How the charity is constituted (eg. trust, association, company)	Charitable Incorporated Organisation

Trustee selection methods
(eg. appointed by, elected by)

Elected by members

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

We are led by a Board of Trustees consisting of a Chair, a Treasurer and one other trustee. Trustees are elected by our members at each AGM. We provide training for our trustees on request.

The biggest risk we are under is financial - we can only do what we can raise funds to do.

We are grateful to a number of anonymous supporters who have made us loans at zero interest rates and for an unlimited time. It is our aim to pay those loads off as soon as possible, consistent with growing the charity.

Summary of the objects of the charity set out in its governing document

The protection and preservation of the environment for the public benefit by:
a) the promotion of repair and re-use to the people of the London Borough of Haringey
b) advancing the education of the public about all aspects of repair & re-use.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The trustees have regard to Section 17(5) of the Charities Act and the guidance on public benefit issued by the Charity Commission as enabled by the Charities (Accounts and Reports) Regulations 2008 when exercising powers or duties to which the guidance is relevant.

We conduct "Community Repair" projects that meet our charitable aims:

- Two Repair Cafés each month in two different community centres.
- Repair Sessions where repairers get together away from the general public to fix things
- Educational sessions where we help people learn basic repair skills and upcycling, notably in the local Primary School
- The collection and provision to the people of Haringey information about what needs repair, including pollution monitoring
- The distribution of new and refurbished household items that will last to those in most need, usually at no cost to recipients and reasonable costs otherwise.
- The provision of social events to help communities repair themselves and widen exposure to reuse and repair, notably our Social Cinema

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Trustees would like to express their appreciation and admiration of our repairers for their generous and effective performance in repair and reuse, helping save the planet by reducing waste and saving people money.

Without members of the public who step forward we cannot do what we do - you are essential to the mission and more than deserve the praise and gratitude we express here.

Some of the contributions you make may seem minor to you but each is part of the delivery mechanism we all participate in, so it cannot be repeated enough how much we depend on and value what you do for us and for the Haringey community of friends and neighbours who we all help on their repair and reuse journey.

Summary of the main achievements of the charity during the year

We are established as the place to go locally to get help fixing your household stuff.
We have a superb team of repairers who are brilliant at helping people fix things. Our Facebook Group documents the highlights and we have a library of photographs.
Thanks to our volunteers, the logistics of our events run as smoothly as they can - local people who may not have repair skills are nonetheless getting involved in our organisation, to everyone's benefit
In the beginning we had to do quite a lot of advertising to attract the attention of local people and ask them to bring their stuff in. Nowadays we get a consistent stream of items booked in.
We are beginning to see 'organic' praise from people we've helped.

Brief statement of the charity's policy on reserves

We aim to retain 15% of our income as reserves.

Details of any funds materially in deficit

We owe anonymous supporters who have loaned us money at zero interest rates. They have loaned it for an unlimited period and have relinquished the power to demand repayment. Repayments will be made at the discretion of the Trustees, as soon as safely possible.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Our principal sources of funds are from grants and will include donations
All our money except our reserve fund goes to the delivery of our aims.
We have received funding in the past from Haringey Council's Community Carbon Fund to get us started, from Cinema for All for our "community repair" Social Cinema and, this year, from the North London Waste Authority to finance the hiring of a Repair Café community development manager.
